ANNUAL *Bull Sale*

Fourth Annual Bull Sale

MCLEOD LIVESTOCK & KAY-R CHAROLAIS

On behalf of McLeod Livestock and Kay-R Charolais, we would like to welcome you to our 4th Annual Bull Sale.

More than ever it is evident that when it comes to selling your calves in the fall that POUNDS PAY! Its not the price per lbs that matters, its the size of the cheque that counts! We hope that you were able to capitalize on the "Charolais Advantage" that saw many producers take home market topping returns for their Char-cross calves in 2016. This fall finally emphasized that heavyweight calves are in demand and that buyers were willing to pay premiums for these high performing calves.

This sale offering is filled with breed

leading genetics focused on calving ease, disposition and maternal cow power. Our cowherds have been carefully selected, bred, culled and refined to provide the Charolais bulls that we have in this sale.

Please accept our personal invitation to the sale and be sure to come early and be our guests for lunch and refreshments. Even if your bull pen is full and you don't need one this year, take the day off and come for some coffee and baileys and some Charolais hospitality.

See you on sale day..

*Rod, April, Colby & Megan McLeod
Kasey, Arlana, Kord & Peri Phillips*

CML ENVY 626D, 2016 Farmfair Bull Calf Champion & 2016 Alberta Select Reserve Bull Calf Champion

When selecting your next herdsire, he should meet a long list of strict criteria: superior Feet (✓), Large Testicles (✓), Moderate Birth Weight (✓), High Performance (✓), Quiet Disposition (✓), Early Maturity (✓), and Superior Structure and Phenotype (✓). But when building a superior cowherd, the most important part of selecting a herdsire is buying a bull that has as many top producing females stacked in his pedigree and this is where CML Envy 626D separates himself from other herdsire prospects. When you analyze his pedigree there are no weak links as you will find some of the most notable and consistent producing females found in the Charolais breed.

PZC TR Desirae 012 – The first daughter of CML Diablo 2X!

It was indeed an honor to have Desirae and her 2015 heifer calf sired by CML Distinction 318A selected as the RBC Supreme Champion Female of the 2015 Agribition Show. This daughter of CML Diablo 2X is just beginning to show the Charolais breed what she is capable of producing. Her first calf sired by Gerrard Pastor 35Z is a standout in our 2 year old heifer pen. CML Desirae 558C, the 2015 heifer calf sired by CML Distinction 318A that was at her side this past fall was admired by cattlemen from all different breeds.

When people see CML Stubby 666D the most common used word is TANK. This bull is a TANK. He is very moderate framed but you cannot put any more thickness, depth and guts in a bull than you will find in CML Stubby 666D. When you finish admiring Stubby for his tremendous thickness, easy fleshing ability and quiet disposition, and you look at his pedigree, you will find that his dam is the two time Agribition Champion and 2015 RBC Agribition Supreme Champion Female PZC TR Desirae 012. His sire is CML Gunslinger 410D who was the \$30,000 son of Gerrard Pastor out of the legendary Target PLD Ginny 40P who sold to Wells Charolais, SD, in our 2015 sale.

CML GUNSLINGER 410B

2015 FARMFAIR ALL BREEDS PEN SHOW, SUPREME CHAMPION PEN OF BULLS
3 full brothers sired by Pastor out of CML Wilma 35

2014 MEDICINE HAT PEN SHOW, RESERVE CHAMPION PEN OF BULLS
All sons of Pastor

The first offspring from Pastor were the highlight bulls in our 2015 and 2016 bull sales. We would like to thank the breeders that selected his offspring for their breeding programs. We are very excited to see what you think of the third calf crop sired by Pastor, the high selling Charolais bull in Canada in 2013. When we first saw Pastor as a yearling, we were impressed with his performance, tremendous hair coat and his highly productive mother. We purchased him to give us more performance in our program and he has definitely done that! The Pastor calves have more hair than any other sire we have used. The consistency in his calves is impressive as you will see when you go through the pens on sale day. We feel that Pastor has passed the final test of being a great breeding bull as you will see the results in this sale of the first of his daughters have produced some of the feature lots in this years sale. They have beautiful udders and lots of milk and will make up the foundation of our herd heading forward.

117D's sire Patent has become a new favorite in our heifer pen. The Patent calves are born small and have a ton of vigour at birth and don't sacrifice anything at weaning time. In fact the Patent's were among the heaviest calves weaned. The dam of Impulse was picked by many who toured cow herd as one of our top females. She's long bodied, deep ribbed and has a perfect udder. All these qualities make Impulse a true herdbull prospect with a long future ahead of him.

Citation's sire Mainstreet was our high selling bull in the first sale to Effertz Key ranch in North Dakota. We retained a part of the bull and couldn't be happier with his calves. He sires small birth weights and huge weaning weights. The Dam of Citation is a heavy milking and big ribbed brood cow. Citation and his mother were a favorite to many at the open house and tour this past summer.

LOT 38

Heifer safe. He's named Double Dose for a reason. 813D is sired by Patent our high selling from the second sale. Patent sold to three American breeders and been shown successfully capturing Reserve Champion bull at Fort Worth. Double Dose's dam is a hard working big middled Real Estate daughter. Real Estate was used in our heifer pen for many years. His pedigree is loaded with maternal power. Patent has been giving us low birth weights and lots of vigour in his calves. If you're in the market for a heifer bull be sure to find this guy on sale day. You wont be disappointed.
