94 Very Fancy Bred Heifers NVB

66 Ranch Ltd. • Kelsey Campbell • 403.362.0672

Welcome

Welcome to our 3rd Annual Fall Bull & Female Sale. We would like to thank you, our past customers, once again for your interest in our livestock. And welcome all of you new to our program, for taking the time to evaluate our stock.

This fall on offer we are bringing 50 bulls from our April/May calving program. Once again, we held back from our past spring sale a few complete sire groups to continue to have a top set of bulls for the fall sale. And will continue to keep our bull calves born from May 10th and on to be held for our spring sale as 2 year olds.

The females that we have selected to bring to the sale consist of 60 bred purebred heifers and 90-95 fancy bred 66 Ranch commercial heifers. All commercial heifers are NVB and the purebreds carry our traditional 66 freeze brand. Bulls were exposed to all the commercial heifers July 10th. A large portion of the purebred heifers were A.I.ed starting July 8th. The purebred heifers are all registered but will be selling as commercials. These heifers are being offered for sale strictly as a way for us to manage our purebred numbers. For any of you not familiar with our female program, we expect our heifers to work for us and you, like our cows are expected to. That meaning, we calve our heifers out in the open just like our cows, unassisted.

Whether you purchase any livestock at our sale, or just come to view our cattle for the first time. We would really appreciate it if you can take the time to join us after the sale for a little "country hospitality" and a great evening of socializing.

Thanks

Kelsey, Malissa, Brett and Carter

CAN'T MAKE IT ON SALE DAY?

Our sale will now be broadcast online @

DVAuction
www.dvauction.com

We are pleased to announce that we will have the services of DV Auction. This will allow you to bid on the bulls and heifers via the internet. Of course, we would rather you attend the sale and our hospitality afterwards, but we well know today's world just keeps getting busier and busier! But, if for some reason you cannot attend, this gives you the opportunity to bid on the bulls and heifers at the live auction. Please remember to pre-register at www.dvauction.com 24 hrs. prior to the sale.

We also have available with this service a live video of every animal in the sale. To view these videos go to our website at www.66ranchltd.com and just click on 'view catalog'. Videos are also available at www.dvauction.com. We encourage you if possible to view the cattle at the ranch prior to the sale.

Please contact Kelsey @ 403-362-0672 or Malissa @ 403-501-9358 with any questions or issues with registering for the sale.

NEWELL VETERINARY CLINIC

The bulls offered for sale by 66 Ranch have all passed a breeding soundness examination and are classified as satisfactory potential breeders. They have also been vaccinated with Fusogard to prevent footrot.

The heifers have all been examined to confirm pregnancy.

In my opinion the Angus seed stock offered for sale are in excellent health and in ideal body condition.

I consider this offering to be very good replacement stock for the commercial or purebred herd.

*Sincerely,
Tim J. Keogan DVM*

A "Rito" son we used by A.I. The unique thing about "Registry" is his low birth weight for a Rito bred calf. The female side, once again, is extremely attractive to us. The dam to Registry was 15 years of age at his birth. A highly proven female in the S A V herd. "He sires cattle that are extremely complete."

Plain and simple, 17Z has it all. Performance, ease of flesh, leg structure, super foot, free moving, maternal. We feel we have lucked out and finally raised one that can compete with any A.I sire. His heifer calves are extremely feminine and by far the top end of the pen. Very moderate birth weights of 88lbs avg. on the bull calves and 77lbs avg. on the heifer calves. We find it much easier to have confidence in A.I.'ing to a bull that you know exactly what his sire is and as well his dam. Because they both came from our program. Expect to see more 17Z calves in the future!

First thing that comes to mind with 326X is “Easy Fleshing.” He maintains body condition 12 months of the year. Depth of heel is phenomenal. And for being a proven heifer bull, his performance is outstanding. 326X’s docility is absolutely ridiculous.

We've seen Resource at Genex Stud in Billings. A very moderate bull, extra rib x2, and super heel under this bull. We saw them collecting "Resource" and the collection team at Genex said you do not have to worry about Libido; Resource is very easy to collect. We are really looking forward to more progeny off of Resource at the ranch, females are as long as freight trains!

An A.I sire we are still really excited about. We are really impressed with the thick, deep females he has sired. Real Angus looking cattle. Udders are near perfect. The bull calves sired by Thunder definitely have that "extra rib." Super long, deep sided cattle. He sure puts the hip on his calves and yet maintains that calving ease we are all looking for. Appears to be that all around perfect bull!
