

4th Annual

Fall

BULL SALE

1 PM FRIDAY

DECEMBER 8

Southern Alberta Livestock Exchange **2017**
Fort Macleod, Alberta

56 Long Yearling Purebred Black Angus Bulls

70 Purebred Black Angus Bred Heifers
Selling as Commercials

130 Very Fancy Bred Heifers NVB

66 Ranch Ltd. • Kelsey Campbell • 403.362.0672

Welcome

Welcome to our 4th Annual Fall Bull & Female Sale. We would like to Thank You, our past customers, for showing interest in our livestock and our program. And as well, any of you new to our program, thanks for taking the time to come and evaluate our livestock.

This fall on offer we will have 50 bulls from our April/May calving program. We held back 4 or 5 complete sire groups from our spring bull sale to be able to bring a strong set of bulls to this sale. Once again, we use May 10th as a cut off for any bulls born after that are saved for our 2 year old program, which are offered at our Spring Sale.

The females that we have selected for this sale consist of 70 bred Purebred heifers selling as commercials. As well as 130 fancy 66 Ranch bred commercial heifers. The Purebred heifers were A.I.'ed or exposed to a walking bull on July 10th. The only reason we offer these heifers to you is strictly a way for us to manage our female Purebred numbers. The commercial heifers were exposed to walking bulls July 10th. These heifers all originate from our 66 Ranch commercial herd. The commercial heifers are all NVB. And the Purebred heifers will carry our traditional 66 freeze brand. All these heifers on offer, just like the ones we have at home, are expected to be turned out just like a cow and calve on their own, unassisted.

Whether you need to purchase any bulls or females for replacements for your herd, or you are just interested in viewing our cattle for the first time. We would really appreciate it if you could join us after the sale for an evening of socializing and a little "country hospitality!"

Thanks

Kelsey, Malissa, Brett and Carter

4th Annual

Fall

BULL SALE

FRIDAY, DECEMBER 8, 2017

**1 pm at Southern Alberta Livestock Exchange
Fort Macleod, Alberta**

Offering

56 Long Yearling Purebred Black Angus Bulls

ACCOMMODATIONS:

Red Coat Inn, Fort Macleod - 403-553-4434

Days Inn, 100 3rd Ave. South, Lethbridge - 403-327-6000

VIEWING: Bulls will be available for viewing at Southern Alberta Live-stock Exchange, on Thursday December 7.

PURCHASES RISK: Each animal becomes the risk of the purchaser as soon as sold. Insurance will be available sale day with Canadian Farm Insurance (Kolton Kasur).

BREEDER'S GUARANTEE: All the bulls will be semen tested and physically examined by our local vet and sold with a breeders guarantee. **EVERY BULL at the sale will be sold with a 100% satisfaction guarantee.**

SIGHT UNSEEN: In the event you are unable to attend the sale or use the online option, bids can be given to sale staff or owners with satisfaction guaranteed.

**COMING TWO YEAR OLD BULLS AND FEMALES
ARE TO GO RIGHT AFTER THE SALE!!!**

CAN'T MAKE IT ON SALE DAY?

Our sale will now be broadcast online @

DVAuction
www.dvauction.com

We are pleased to announce that we will have the services of DVAuction. This will allow you to bid on the bulls and heifers via the internet. Of course, we would rather you attend the sale and our hospitality afterwards, but we well know today's world just keeps getting busier and busier! But, if for some reason you cannot attend, this gives you the opportunity to bid on the bulls and heifers at the live auction. Please remember to pre-register at www.dvauction.com 24 hrs. prior to the sale.

We also have available with this service is a live video of every animal in the sale. To view these videos go to our website www.66ranchltd.com and just click on view catalogue. Videos are also available at www.dvauction.com. We encourage you if possible to view the cattle at the ranch prior to the sale.

Please contact Kelsey @ 403-362-0672, Malissa @ 403-501-9358 or Sarah @ 306-681-5340 with any questions or issues with registering for the sale.

PERFORMANCE DATA

AOD: Age of Dam

BW: Actual Birth Weight

205D: Weaning weight in lbs. adjusted to 205 days

365D: Yearling weight in lbs. adjusted to 365 days

EPD EXPLANATION

BW: Birth weight, a prediction of a sire's ability to transmit birth weight to his progeny

WW: Weaning weight, predictor of a sire's ability to transmit weaning growth to his progeny

YW: Yearling weight, predictor of a sire's ability to transmit yearling growth to his progeny

MILK: A predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters

The 2017 Angus Average EPDs are as follows and are the numbers to compare the bulls in the catalogue to:

Average Black Angus EPDs for all calves born in 2016

EPDs	BW	WW	YW	MILK	TM	CE	MCE
	+2.3	+43	+76	+20	+42	+3.1	+6.9

PLEASE NOTE:

- No bulls have been sold prior to the sale
- Bulls are sold in catalogue order
- Heifers sold at the end of the sale
- Updated weights & scrotal measurements will be available Sale Day
- 66 Ranch reserves the right to draw 250 straws of semen at our expense and at your convenience on any bull selling in the sale. For in-herd use only.

BOW VALLEY LIVESTOCK HEALTH

The sale bulls offered by 66 Ranch have all successfully passed a bull breeding soundness evaluation and are classified Satisfactory Potential Breeders. These bulls have met the standards set by the Society of Theriogenology and the Western Canadian Association of Bovine Practitioners for physical soundness, scrotal circumference, and semen quality.

These bulls are not only in ideal body condition but optimal health and would contribute positively into many commercial or purebred breeding programs.

Maternal, Maternal, Maternal! 46P was raised by Cole Creek Angus in Billings Montana. We toured their cow herd again this year and possibly one of the best herds we have been in. Not a bad foot or udder to be found. We seen a large number of 46P sired cows that were 13 years old at the time, that being the reason we sourced 46P semen to use in our herd. Along with the super strong maternal side, 46P has sired some dandy bull calves. Real easy fleshing, deep sided cattle.

We've seen Resource at Genex Stud in Billings. A very moderate bull, extra rib x2, and super heel under this bull. We saw them collecting "Resource" and the collection team at Genex said you do not have to worry about Libido; Resource is very easy to collect. We are really looking forward to more progeny off of Resource at the ranch. Females calving last spring were all super uddered.

Moderate birth, with explosive growth. Thunderbolt dam is a broody, super feminine dam, with perfect feet and udder design. Super docile offspring as well.

BULL MANAGEMENT

We do not believe in pushing
our long yearling bulls.

They are all carefully grown into herd sires.

An A.I. heifer bull we used from Cole Creek bloodlines. Extreme docility with a very moderate birth weight and has excellent performance. We ourselves are very pleased with the growth of these cattle after they were weaned. Competing very well with all the other performance sires. Once again, going back to Cedar Ridge these cattle are displaying that natural ease of flesh. The real “cow mans” kind of cattle!

A walking bull we purchased from Cole Creek Angus in 2015. Goes back on the sire side to some older genetics, Juanada 7 of PJM. On our tour of Cole creek Angus, Malissa and I were absolutely amazed by the quality of females sired by this Juanada bull. Absolutely impeccable udders on those females. The bull calves sired by 1394B at last spring's Bull Sale were very well received. One of the strongest sire groups from start to finish. And WOW! Do the females look great, very deep sided cattle.

Plain and simple, 17Z has it all. Performance, ease of flesh, leg structure, super foot, free moving, maternal. We feel we have lucked out and finally raised one that can compete with any A.I sire. His heifer calves are extremely feminine and by far the top end of the pen. Very moderate birth weights of 86lbs avg. on the bull calves and 77lbs avg. on the heifer calves. We find it much easier to have confidence in A.I.'ing to a bull that you know exactly what his sire is and as well his dam. Because they both came from our program.

A new A.I. sire we are really excited about. The bull was recommended to us from our good friends at Universal Semen Sales in Great Falls. From a couple past references they gave us on bulls, explaining how we would absolutely love the females, we sure have! They had told us that the True Grit female side is absolutely outstanding, so we were sold quickly on giving him a try. A low birth weight sire with tremendous growth. After A.I.'ing 30+ heifers to True Grit we have confidence he can be used safely on heifers. Looking like another all around kind of bull.

A new A.I. sire we found that we are really impressed with. Excellent set of calves, long bodied, great top and really good hind quarters. The heifer calves are really what we are looking for, easy keeping, and moderate frame, with extra volume. Super looking dam that produced Courage 25L.

A walking bull we purchased from Stuart Cattle Station, spring of 2014. 82A is as deep as you will find but yet the calving ease that all ranchers are looking for. 82A may be one of the most docile bulls we have found. The female side of things is even more exciting. We went to Stuart Ranch before purchasing 82A and seen both the dam and grand dam. The grand dam was 12 at that time and after seeing both of them we were determined to own the bull! We calved out our first set of heifers last spring and very impressive udders. Oh yah, did I mention how docile he and his progeny are? Unbelievable!

An A.I sire we are still really excited about. We are really impressed with the thick, deep females he has sired. Real Angus looking cattle. Udders are near perfect. The bull calves sired by Thunder definitely have that "extra rib." Super long, deep sided cattle. He sure puts the hip on his calves and yet maintains that calving ease we are all looking for. Appears to be that all around perfect bull!
