

Angus *for the future*

**BULL &
FEMALE
SALE**

WEDNESDAY, MARCH 17, 2010

LAKEDELL AGRICULTURAL GROUNDS, WESTEROSE, ALBERTA

DJH

This is the 2nd Annual Angus for the Future Bull and Female Sale. This sale contains a very powerful group of young herd sires, sired by top A.I. sires, featuring performance, maternal and calving ease sires, as well as Canadian outcross genetics and time proven bloodlines.

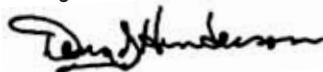

The consignors, K-Deen, Zaniabar Angus, Ger-Ris Angus, Bayshore Angus, GMC Angus and Harold and Lil Smithinsky are presenting an outstanding group of young Angus herd sires and females.

Chris and Gerry Monea have a great set of two year old females coming with their first calf. There are two good purebred heifers from Harold and Lil Smithinsky as well, and a dozen commercial Angus heifers from Bill Abbott sired by his top herd bulls.

Come on March 17th, wear a little green for St Patrick's day, enjoy the hospitality and be prepared to appraise an excellent set of Angus For The Future.

If any of the consignors, the sale staff, Linda or I can be of assistance in anyway concerning this great set of Angus seedstock give us a call.

Yours truly,
Douglas J. Henderson & Assoc. Ltd.

Doug Henderson

TERMS & CONDITIONS

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

ALL CATTLE ARE SOLD: Subject to such tests as required for export under regulations of the Health of Animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

BREEDING GUARANTEE: All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

HOLDING AND SHIPMENTS: Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint export shipping arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

MAIL BIDS: May be entrusted in complete confidence to any of the Sale Staff listed or to Douglas J. Henderson & Associates Ltd.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on sale day, also from the sale management at any time.

TERMS OF SALE: Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

EVERY ANIMAL sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

ALL PERSONS who attend the Sale do so at their own risk, and the Owners, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

SELLING ½ INTEREST & ½ POSSESSION

49W is developing into a very showy and complete bull. His sire, Figure 8 Tom Boy 509R was the bull sensation at Agribition.

49W's dam is sired by Riverbend Powerline, the Agribition Supreme Champion. KDF Tom Boy is a paternal brother to the \$20,000 bull sold at LLB last fall. Just a terrific bull.

EPDs: BW: +2.1 29% WW: +50 22% YW: +88 15% Milk: +20 9% TM: +45 YG: +38 15%

A high performance, low birth wt youngster who got his start in life through the blood lines of two great sires & grand sires, with an equally strong maternal side. Wild Fire has not only proven his ability as a predictable profitable breeder, but can also hold his own against the competition in the show ring, as he was the 2007 Reserve National Champion Bull. It has been said that he may be the best Traveler 004 son on the market today.

Now look at Sure Fires dam's sire HF Kodiak 5R & the predictability and profitability he has shown. Kodiak is well known for the type of progeny he produces, and overall breeders acceptance of him and his progeny. With this powerful pedigree GMC Sure Fire 10W should have no problem meeting the commitments his name suggests.

EPDs: BW: +1.6 29% WW: +49 22% YW: +92 15% Milk: +26 8% TM: +51 YG: +43 15%

A paternal brother to 10W. 12W also has a low birth wt with very respectable performance, a wide top, great deep hip, good depth & length of body and a sweet disposition. 12W has a little smaller frame, but phenotypically he is flawless. To add to his predictability in the type of progeny he will produce, he has an extra shot of 004 in his pedigree. His dam JL Lady has grown into a beautiful 3 yr old and her second calf is due early in Feb 2010. She had an extra abundance of milk as a first calver with a perfectly formed udder, with good teat placement & size. 12W definitely has all the markings of a great herd sire.

Here's an excellent heifer bull whose calves are vigorous, up and sucking in no time. He is an own son of 02D who is a granddaughter to Happyvale Jumbo 1B, \$250,000 Paradise, Wampum. Nancy had a big impact on our herd as well as others. Progeny have sold all across Canada. Bill Best of P.E.I. purchased an 02D embryo daughter at the Masterpiece Sale, Bayshore Nancy 002N. Congratulation to Bill on how well he did this fall showing 002N. 02U was the last flush, I did on 02D who is now gone but not forgotten. Take notice of her daughter and granddaughter 03M and 103R on bottom side of my bulls pedigree.

780-352-2717

Welcome to our 2nd production sale with our fellow contributors. This is our 14th year raising Black Angus and we have truly enjoyed them.

Our foundation females are from two of the pioneer herds in Alberta, Sunmound and Ronan. They are primarily Canadian genetics. Our entire group of bred heifers are here to sell and we know they will work for you.

Come join us for lunch and take home an "Angus for the Future".

LOT 59 - GER-RIS RANGER 28U

TWO-YEAR-OLD BULLS

These three long yearling virgin bulls come to you ready to work. They are DNA and semen tested. Their grandsire, KDF Ranger 33P was purchased for his moderate birth weight and muscling ability. His genetics run true! We used him on our heifers with no assistance to any of them and all the Ranger calves muscled and ranked in the top ten of the group of twenty-four bulls kept over.

GER-RIS FEMALES

This group of bred heifers we are offering for sale this year is the most even in structure and muscling we have had. They were all exposed to Ger-Ris Wildcat 27U from July 2 to Oct 15, 2009. He is a Sky Traveler and Get-A-Long Good Yield cross. His dam, Brimar Birdie 188H goes back to Adelphi Jimbo 52A and the Ronan Birdie 27Y cow. We have high hopes for him as his sire. Come-By 4R Wildcat 16R left us with an excellent set of calves. The heifers were exposed to a Ronan R Rancher son for about 10 days, June 10 until he swam the river and had to be replaced. This is our entire group of bred heifers, there are none at home, you are getting our best!
