Welcome from Atlasta!

It is my sincere pleasure to welcome you to the 6th Annual Atlasta Bull Sale and Seriously Black Select Female Sale.

The past year has certainly given us a high level of optimism and even more promise in the future with the cow-calf market. The need for the proper genetics is more important now than ever before in our industry.

Our goal at Atlasta is to provide you, the customer, with quality livestock that will thrive and breed in all types of country and weather. Our bulls must give you top end performance, be easy fleshing, have good feet and scrotal and superior carcass numbers. Our cows must be easy keeping and functional, have good feet and udders and bring in respectable weaning weight calves. Good dispositions are a must in both. If any of these qualities are not met or up to snuff, the animal is culled. My objective is to provide you, the customer with a product and service that I would want myself.

This years offering includes 70 yearling bulls born between early January and the 3rd week in February and 12 coming 2-year-old bulls. We have also selected 26 of the very best bred heifers to be sold in 13 pairs – you choose one, the other stays in our herd. Two of the best from every herd sire is represented.

We are very proud to have Jack and Barb Hart, Brookmore Farms provide eight outstanding bred heifers.

To all our past and present customers and both the commercial and purebred breeders, I hope this selection of cattle will fulfill your needs. You're welcome to stop by the farm or call anytime prior to sale day. Stop by for viewing and hospitality, Friday, December 9th or we look forward to seeing you sale day.

Brian and Judy Sutter
Atlasta Angus

Brian, Owen & Saige - Judy & Summer

WE WILL WINTER YEARLING BULLS TO FEBRUARY 15

50% Down Sale Day - 50% February 15, 2012

\$2.50 per day after February 15

COMING TWO YEAR OLD BULLS & FEMALES TO GO RIGHT AFTER THE SALE

SATISFACTION GUARANTEED

with our Sight Unseen Purchase Plan - Call Brian or Doug for Details

DjH

Welcome to the 6th Annual Atlasta Bull Sale and Seriously Black Select Female Sale!

The 2011 bull crop at Atlasta may be one of the best sets of young bulls ever raised at Atlasta, the quality runs very deep and their performance is excellent and quite a number are from calving ease sires. The Atlasta program has really been on the move with Brian constantly acquiring new herd sires to add to his program. The Atlasta cowherd is one of the outstanding sets of cows in the country and nobody is more enthusiastic about their breeding program than Brian Sutter.

This group of young bulls possesses the best Angus genetics available. Check out the great weaning weights and note that this herd has lots of milk, performance and fertility. These are productive cattle that work extremely well.

Remember Brian will winter the yearling bulls until February 15, 2012, 50% down sale day, 50% February 15, 2012. The two-year-old bulls are to be picked up after the sale along with the females and need to be paid for sale day.

The Seriously Black Select Female Sale offers an outstanding group of bred heifers from Atlasta, the best they have ever offered. Remember all the top ones are in the sale, you pick one and Brian puts her mate back into the herd, thus giving you a pick of his entire replacement heifers and Jack and Barb Hart from Brookmore Angus are again bringing an excellent group of heifers all safe to their AI dates.

Come early, look over the bulls and females Friday afternoon, enjoy the great hospitality Friday evening and take in the sale Saturday, enjoy Judy's famous pre-Christmas smoked turkey and enjoy more fun and fellowship.

If Brian, Judy, the Seriously Black consignor Jack and Barb Hart, any of the sale staff or Linda and myself can be of assistance in anyway please give us a call.

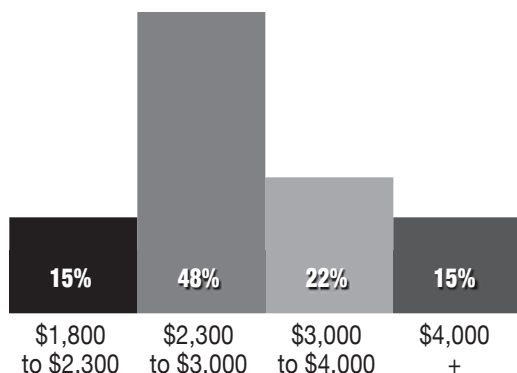

Hope to see you at this excellent fun filled Angus event.

Yours truly,
Doug Henderson

Douglas J. Henderson & Associates Ltd.

P.O. Box 5900, Lacombe, Alberta T4L 1X4 Doug & Linda Henderson Phone: (403) 782-3888 Fax: (403) 782-3849 Cel: (403) 350-8541

How the bulls have sold the last 5 years

I have followed the carcass data on Brian & Judy Sutter's herd for a number of years and their cattle continue to show incredible data. Marbling quality levels are showing highly sought after marbling traits in the AAA to Prime levels. These characteristics are passed on in their herd and are available in this sale; these heritable traits are proven to exist in Atlasta Angus bloodlines.

Today's packer buys on the grid for high cutability, yields and marbling levels – all in the right sized primal cut.

Atlasta is providing you with the genetics you need.

Fred Taylor

EPDs:

- Expected Progeny Differences are values that predict how the future progeny of an animal will perform relative to the progeny of other animals in the same breed.
- Are expressed in the units measured for each trait.
- Allow a fair comparison of breeding value by removing environmental bias such as climate, feed and special management.
- Are the best tool available to compare animals between herds, countries and year of birth.

BW: Birth Weight - expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WW: Weaning Weight - expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires. WW is an indicator of growth from birth to weaning (205 days). The calf's growth during this period is influenced by its own ability to grow plus its mother's maternal abilities.

YW: Yearling Weight - expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

MILK: Milk - is an indicator of milking ability in daughters. It represents the differences in weaning weight of calves due to the amount of milk produced by their mothers. It is expressed in pounds of calf weaned.

TM: Total Maternal - is a combination of the weaning weight and milk EPDs. It is calculated as: $1/2 \text{ WW EPD} + \text{Milk EPD} = \text{TM}$. This EPD represents the differences in weaning weights between calves due to mothering and milking ability of their dams.

MCE: Maternal Calving Ease - is expressed as a difference in percentage of unassisted births with a higher value indicating greater probability of unassisted births in first-calf daughters. It predicts the average ease with which a sire's daughters will calve as first-calf heifers when compared to daughters of other sires.

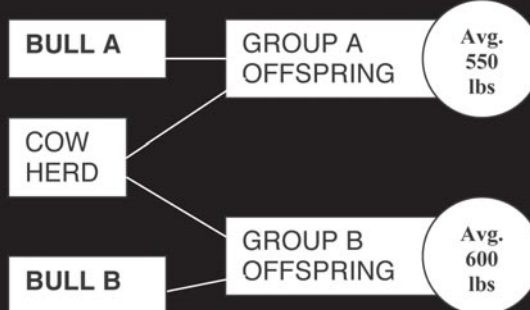

CE: Calving Ease Direct - the average difference in ease with which a sire's calves will be born when he is bred to first calf heifers. The higher the number the more probability that his calves will be born unassisted.

EPDs evaluate group averages and offspring's performance. They can not predict individual performance or weights.

For example, if Bull A (weaning weight EPD of +10) and Bull B (WW of +60) were randomly mated with ten similar cows, we would expect the group average weaning weight of Bull A's offspring to be 50 lbs lighter than that of Bull B's ($60 - 10 = 50$).

Calf	A	B
1	500	400
2	510	450
3	520	500
4	530	550
5	540	600
6	560	600
7	570	650
8	580	700
9	590	750
10	600	800
Avg.	550	600

Note that not all calves from Bull B have a higher weaning weight, but the average is 50 lbs higher.

Seriously Black Select Females

Brookmore Angus

Jack & Barb Hart

Gen. Del., Brookdale, MB R0K 0G0

Ph: 204-476-2607 Cell: 204-476-6696 email: brookmoreangus@mts.net

Welcome to the 6th Annual Seriously Black Select Female Sale. As always it is a pleasure to be working with our hosts Brian & Judy.

We are excited to offer to you a sampling of our bred heifer pen, 8 bred heifers, sired by some of the top AI sires from Genex: Density, Pendleton, Pioneer, Heritage and Net Worth. We have chosen to breed these heifers to the calving ease bulls, TC Aberdeen and Kesslers Front Range. The heifers have been vet checked and are safe in calf to their A.I. service.

We are looking forward to meeting and visiting with you on sale day. Should you need any more information about our sale offering please feel free to contact us anytime at 204-476-2607 or 204-476-6696 or email us at brookmoreangus@mts.net.

Selling Choice

A pair of the very best females from two very good dams in their prime and sired by the popular SAV Net Worth 4200 and Atlasta Forever Russ 37S. Very Similar heifers moderate framed, clean front ends with some extra volume. The Barbara 66X cow family has also produced Barbara 91X and Barbara 26X in our female pair offering. Atlasta Lady of Peak Dot 55X's dam Lady of Peak Dot 713L has an excellent heifer calf and her side this year. Both herd sires have had remarkable results at Atlasta. These are two of my favourites, take your pick, you won't go wrong with either; they have unlimited potential!

SAV Predominant gives you easy fleshing, moderate framed offspring combined with extra performance and lots of eye appeal. Both dams are well-bred, top producers with excellent udders. Not enough can be said of the Connealy Dateline daughters, just rock solid, consistent, darn good cows. Only a small handful of Sitz Traveler 8180 daughters are found in Canada. All four at Atlasta are top end producers, no matter what you breed them to, they produce top bulls and heifer calves. Top end genetics and performance give these two females a great future.

Atlasta Angus

Lot 97A - Atlasta Briar 114X

Lot 98A - Atlasta 33H Barbara 26X

Selling Choice

Maybe the best pair in our sale offering sired by a son, HAMI 57U of the champion sire, HF Kodiak 5R. Both are attractive, have lots of capacity and are first calvers off solid young cows. These Kodiak bred females at Atlasta and other offerings are the total package. Take a good look at these two; our breed needs more of these cattle.

Atlasta Forever Russ 37S consistently attractive stylish females with good udders and great dispositions. Barbara 26X's grandma, Barbara 133M, and great grandma, Barbara 33H, both have daughters, JBS 66X and JBS 91X in the sale. One of our best cow families, Stock Lady 101X descends from a six-generation cow family at Atlasta. Tremendous production on the maternal sides of both these females. Their sire, Forever Russ 37S produced the top set of weaning weight bull calves this fall. Top end performance and carcass numbers combined with style in these good 37S daughters.

Lot 99A - Atlasta 59X

Lot 100A - Atlasta 1D Wendy 122X

Selling Choice

Two stylish, feminine bred heifers whose dams are excellent young cows. JBS 69X's dam, Windy 27U's sire is Basin Max 602C who is known to have performance and superior carcass numbers, while the grandam, Wendy 37H consistently weans off top end calves. JBS 59X's dam is sired by Remitall Rachis, a Farm Fair Supreme Champion. These heifer's sire is Remington Final Answer 209T who we purchased from Remington Cattle for calving ease, performance and superior carcass numbers. He has done an excellent job of living up to these standards. Two well bred females from two very good young cows.

Selling Choice

Both JBS 122X and JBS 85X are first calvers off two very promising females, Wendy 72U and GGRR Pride 14U. Wendy 122X descends from six generations of a Atlasta cow family, combined with her sire Net Worth 4200, giving her a strong genetic background. The sire of both these bred heifers is a direct son of breed legend DHD Traveler 6807. Atlasta Traveler 6807 047T are feminine and attractive with lots of length and volume. Two very promising young females with bright futures.

the cattle business, we will miss his
unique enlightening personality.
Slick was a great friend.

Terms & Conditions

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

ALL CATTLE ARE SOLD: Subject to such tests as required for export under regulations of the Health of Animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

BREEDING GUARANTEE: All cattle are sound and sold with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

HOLDING AND SHIPMENTS: Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint export shipping arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

MAIL BIDS: May be entrusted in complete confidence to any of the Sale Staff listed or to Douglas J. Henderson & Associates Ltd.

INSURANCE: +Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on sale day, also from the sale management at any time.

TERMS OF SALE: Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

ALL PERSONS who attend the Sale do so at their own risk, and the Owners, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

*A sincere Thank You for your interest
