Welcome from Atlasta

It is my pleasure to welcome you to our 11th Annual Atlasta Angus Bull Sale & Seriously Black Select Female Sale.

The bull calves were weaned the last day of September and weighed October 1st, BW to WW day per gains were very good and the weaning weights were very similar to last year, which was the best we've had.

This year's sale offering includes 70 yearling bulls, born in January and February. The coming two-year-old bull roster has 15 bulls sired by seven different herd sires. We have also selected 10 pairs of our very best bred heifers. Final Answer, EXAR Upshot, Zorzal, Jindra Double Vision, Resource, Remitall Rage and Tour of Duty are all represented very well in both the bulls and heifers. Our herd sires, Hamilton Consensus 235Y, Remitall Upward 642, Lewis Final Answer 809U and Brookmore Bismarck 19A, all had outstanding WW groups and their heifers all will become darn good cows!

We are very proud to have our friends at Remitall West, Bryan and Annette Latimer contribute a select group of bred heifers along with Glen and Michelle Motycka, Grand Slam Angus who will bring four top end spring calvers.

I always push myself to maintain and upgrade our cattle and service to both the commercial and purebred customers. I think our bulls this year maybe the best we've ever offered.

Special thank you to Megan Bond and her mother, Lillian for a great job of clipping.

Feel free to call at anytime or stop by the farm prior to sale day to check out the sale offering, the cowherd or herd sires.

Join us Friday, December 9th, for viewing and hospitality and sale day, Saturday, December 10th for Judy's special smoked turkey dinner. The sale starts at 1:00 P.M.

Look forward to seeing you then!

Brian

*Brian & Judy with Jack,

Atlasta Angus

11th Annual Bull Sale

DJH

Welcome

To the 11th Annual Atlasta Bull Sale & Seriously Black Select Female Sale. What a great set of bulls and females that is on offer December 10, 2016. This breeding program is really firing on all cylinders, a sure sign of progress.

Atlasta strives to supply the highest quality Angus genetics, emphasizing on weaning and yearling performance, udder quality, foot structure, moderate birth weights with high performance. A large group of calving ease bulls; these bulls are backed by strong maternal and performance genetics from the Angus Breed's leading sires.

Brian will winter the yearling bulls until February 15, 2017. 50% payable sale day and 50% February 15, 2017. The two-year old bulls are to be picked up after the sale along with the females and need to be paid for sale day.

It is a pleasure to work with such dedicated breeders that work hard at producing the best seed stock available.

Come early look over the bulls and females Friday afternoon, enjoy the great hospitality Friday evening and take in the sale Saturday. Enjoy Judy's famous pre-Christmas smoked turkey and enjoy the Atlasta hospitality and fellowship.

You can buy with confidence at Atlasta knowing that Brian personally stands behind each and every bull.

If Brian, Judy, the Seriously Black Consignors, Brian and Annette Latimer, Glen and Michelle Motycka, any of the sale staff or Linda and myself can be of assistance in any way please give us a call.

Hope to see you at this excellent and fun filled Angus event.

ONLINE BIDDING

Can't make the sale?

Take advantage of

- Live streaming • Live audio
- Live video • Real time bidding

Vold Jones Vold is proud to offer live real time bidding for the Atlasta & Seriously Black Sales. Real time, live video and audio.

All you need to do is **pre register** prior to sale day, log in and bid away.

To **register** visit our web site www.vjvauction.com and click the "Purebred Sales" tab on the VJV Ponoka page.

For any questions concerning online bidding

Call Craig Jacklin (403) 783-1453

Brian and Judy continue to devote time, energy and passion to their life's goal of producing offspring from their herd that will fill the requirements for all commercial producers and purebred breed enhancement.

We are currently doing a lot of exclusive runs on the production floor for the China market. Our prices in the whole cattle chain have dropped from cow calf to finishing. But I don't know how long this will last because there are still times when finished cattle have a limited availability for harvesting. Local Alberta packing houses would run 6 days a week if they had the supply. The profit line has to be shared equally among all sectors to make the business of beef work. Meat prices are like gas prices - they are fast to go up when there is a shortage but slow to come down in the stores when cattle get cheaper, although producers, feeders and packing plants are feeling the pinch.

Commercial cow-calf producers can come to this sale and find a bull that will increase or decrease your frame score depending upon your needs in the genetic pool. We always want to increase your marbling level no matter if we are grading out at 50% or 75% AAA with Prime at 2% or some groups that grade Prime at 12%.

You can support the Canadian Beef Industry in all sectors by starting right here with great genetics.

EPD Definitions

BW: Birth Weight - expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WW: Weaning Weight - expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires. WW is an indicator of growth from birth to weaning (205 days). The calf's growth during this period is influenced by its own ability to grow plus its mother's maternal abilities.

YW: Yearling Weight - expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

MILK: Milk - is an indicator of milking ability in daughters. It represents the differences in weaning weight of calves due to the amount of milk produced by their mothers. It is expressed in pounds of calf weaned.

TM: Total Maternal - is a combination of the weaning weight and milk EPDs. It is calculated as: 1/2 WW EPD + Milk EPD = TM. This EPD represents the differences in weaning weights between calves due to mothering and milking ability of their dams.

CE: Calving Ease Direct - the average difference in ease with which a sire's calves will be born when he is bred to first calf heifers. The higher the number the more probability that his calves will be born unassisted.

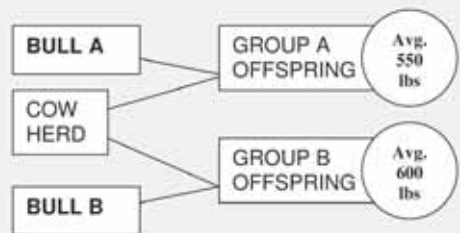

MCE: Maternal Calving Ease - is expressed as a difference in percentage of unassisted births with a higher value indicating greater probability of unassisted births in first-calf daughters. It predicts the average ease with which a sire's daughters will calve as first-calf heifers when compared to daughters of other sires.

EPDs are an indication of how an animal's calves will perform on average compared to another animal's calves.

For example, if Bull A (weaning weight EPD of +10) and Bull B (WW of +60) were randomly mated with ten similar cows, we would expect the group average weaning weight of Bull A's offspring to be 50 lbs lighter than that of Bull B's (60-10=50).

Calf	A	B
1	500	400
2	510	450
3	520	500
4	530	550
5	540	600
6	560	600
7	570	650
8	580	700
9	590	750
10	600	800
Avg.	550	600

Note that not all calves from Bull B have a higher weaning weight, but the average is 50 lbs higher.

Average Black EPDs for all calves born in 2015

Remitall West

BRYAN, ANNETTE, EMILY, ISAAC & ZACHARY LATIMER

Box 16, Site 2, RR 4, Olds, AB T4H 1T8 - Bryan's Cell: 403-556-0301 Annette's Cell: 403-556-0607

The Latimer Family at Remitall West

It is exciting to once again be a part of the Seriously Black Select Female portion of the Atlanta Sale. A special thank you to Brian & Judy Sutter for making this opportunity possible.

For the first time Remitall West will bring bred heifers to the offering. These bred's are some of the best we have produced and represent the latest genetics of our program. The heifers are exceptionally sound footed, easy doing, highly maternal and quiet. Once again all Remitall West females will be tie broke for future handling convenience. All the females are preg tested safe to our leading junior herd sire Remitall West Breakout 63C a son of the \$120,000 SAV Revere 1180 and out of the renowned Blossom cow family.

We look forward to seeing you at the sale.

The Latimers
Bryan, Annette, Emily, Isaac, Zachary

We are excited to be a part of the Atlasta Bull and Seriously Black Female Sale. A special thank you to Brian and Judy Sutter for inviting us to be a part of this event.

We bring to this sale a top group of bred heifers sired by our leading maternal bull KFC Legacy 0152X who is direct from OCC Legacy 839L.

The dams of these heifers come from a long-line of productive, sound females still producing today. We fully expect these bred heifers to make excellent herd building females.

We look forward to meeting with you at the sale.

The Motycka Family
Glen, Michelle, Austin & Dylon

56C is due early to mid May

Four outstanding progeny from the "Cow Making" Herd sire KFC Legacy 0152X. Legacy daughters are powerfully maternal, consistently feminine, beautifully, moderate framed with good feet and longevity. These Legacy daughters are from some of our most outstanding power packed pedigree cows. Heifer 10C is out of a dam that reaches back to Remitall and Cudlobe favorites. The momma of 26C comes to us carrying two of the best cow families with Final Answer and Annie K lines. Heifers 53C and 56C both have exceptional dams, sired by Sitz Alliance and SAV Net Gain. Four solid heifers with endless potential.

Bred back to performance bull Diamond T Harvester 1540 who is sired by the all time record selling bull SAV Harvester 0338 and our upcoming young herd-sire Grand Slam Windmill 59B who is filling the full package with great old genetics, low birth weight, rapid growth and fleshiness. This bull goes back to the famous sire Rachis 21R a former Canadian National Champion Bull. Again top end maternal genetics in these attractive females.

10C Exposed to Diamond T Harvester 1540 July 14 to September 17, 2016.

26C, 53C & 56C were all exposed to Grand Slam Windmill 59B July 14 to September 17, 2016.

All were ultrasounded and safe in calf to due date.

Seriously **BLACK** Select Females

Atlasta Angus

Brian has picked two heifers from each herd sire; both heifers enter the ring at once.

The final bidder has the option to select his choice of the two heifers or he can take both at twice the money.

If the final bidder takes just one heifer then the runner up bidder has the choice of taking the other heifer at the same money. If he does not select the other heifer, she will go back into the Atlasta herd.

Two good looking, clean fronted heifers with extra depth of body sired by SAV Final Answer, a breed leader known for powerful female progeny. Top maternal genetics in Net Worth, Sitz Traveler 8180 and Rockn D Ambush 1531, along with two picture perfect Angus momma's, give these two ladies a head start to a bright future!

44C bred AI to RB Tour of Duty 117 -1829420-. Exposed to KBJ Smart One 219B -1776887- April 14 to June 29, 2016. Exposed to BAR-E-L Celebrity 60C -1864855- June 29 to August 15, 2016. Due late January 2017.

75C exposed to KBJ Smart One 219B March 26 to June 29, 2016. Exposed to BAR-E-L Celebrity June 29 to August 15, 2016. Due late February 2017.

Good females like these are hard to part with. Both have front pasture potential, are moderately framed with extra depth and volume. LFE 809U consistently produces these attractive females. Both heifers and bull calves have topped the WW scales at our sales the last five years. Easy fleshing cattle with tons of performance. 8C's dam, 188A is a good uddered Remington Right Time 124R daughter and JBS 105T is the top producing dam of 128C.

Both exposed to Atlasta RRT 166B -1819894- March 26 to May 24, 2016. Both exposed to Atlasta Stockman 365-49Y -1620389- May 24 to August 15, 2016.

8C Due Early January 2017.
 128C Due Late January 2017.

A pair of our best bred heifers from two of our best cow families. 78C's dam, Wendy 25U is a picture perfect Angus cow with an excellent udder and feet. Her grandam, Wendy 1D is one of the best matrons to ever walk at Atlasta. 88C's dam, Barnett Erica 876P consistently gives us one of the best males or females. Two attractive breds that will stand at the front of any program.

78C bred AI to RB Tour of Duty 117 -1829420- March 24, 2016. Exposed to KBJ Smart One 219B April 14 to June 29, 2016. Exposed to BAR-E-L Celebrity 60C June 29 to August 15, 2016. Due early January 2017.

Two classy attractive daughters who are progeny of our powerful herd sire Remitall Uptown 64Z. Both heifers come from easy fleshing cow families, who consistently bring in top weaning weight calves. Uptown 64Z has also some of the very best bulls in the 2016 sale offering.

Both were exposed to KBJ Body Builder 295B -1776970- March 26 to August 15, 2016.

167C due mid February.
 153C due mid January.

Two very good breds, who are clean fronted with extra length and body. Both dams are solid, young cows, two of our best. HF Consensus has left us with two outstanding, top end bull crops and his daughters are awesome! I can't say enough about this sire's offspring. Have a look at these two heifers with a bright future.

Both exposed to KBJ Body Builder 295B -1776970- March 26 to August 15, 2016.

117C due early January.
 130C due early February.

Two strong, top end bred sired by a son of Bismarck from Jack and Barb Hart. Their dams are good uddered, attractive solid young cows sired by Atlasta Forever Russ 40Y, who consistently leaves us top end females with excellent dispositions. Both heifers are smooth fronted with extra length and body. You can't go wrong with either one.

Both exposed March 26 to May 24, 2016 to Atlasta RRT 166B -1819894-. Both exposed May 24 to August 15, 2016 to Atlasta Stockman 365-49Y -1620389-.

83C due late February.
 89C due mid January.

A pair of my favourites! Both are clean fronted longer framed and deep bodied females whose dams are solid producers at Atlasta. Their sire was a top selling bull to Dale Bushfield. Two very good cows who always give us top end bulls and heifers.

Both exposed to KBJ Body Builder 295B -1776970- March 26 to August 15, 2016.

Both due late January.

Two clean fronted offspring sired by WAF Zorzal. 23C's dam is a solid constant GT Maximum daughter and 27C's dam is a big framed young cow from LLB. Zorzal improves every cow he breeds which gives these two a solid foundation and future.

25C exposed to KBJ Smart One 219B -1776887- March 26 to June 29, 2016. Exposed to BAR-E-L Celebrity 60C -1864855-. June 29 to August 15, 2016. Due mid January.

27C bred AI to Jindra Double Vision -1764385- March 28, 2016. Exposed to KBJ Smart One 219B -1776887-. Exposed to BAR-E-L Celebrity 60C -1864855- June 29 to August 15, 2016. Due mid January.

A pair of moderate framed, eye appealing heifers with some top end, old time pedigrees. 134's dam, Blackcap 9P has EXT in her direct pedigree and 145C's dam Erica 25P is an own daughter of GT Maximum. The heifers sire is a CONNEALY Dateline son out of Barbara Perfection 12N, who could be the best cow at Atlasta. Lots of proven elite status genetics here.

Both exposed to KBJ Body Builder 295B -1776970- March 26 to August 15, 2016.

134C due early February.
145C due early March.

Atlasta Angus Service Sires

Mystery Lot

**Pick of the 2017
Atlasta Heifer Calves**

EVERY ONE BORN AVAILABLE

**Selection must be made
by August 1/17**

PAST MYSTERY LOT SELECTIONS

2016 - Justamere, Ken Ayr & Still Meadows Farm

2015 - Remittal West

2014 - Dale Bushfield

2013 - French River Cattle Co.

2012 - Dyce and David Bolduc

2011 - Jack and Barb Hart

*A big thank you all these purchasers
and to the runner up bidders!*

Terms & Conditions

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

ALL CATTLE ARE SOLD: Subject to such tests as required for export under regulations of the Health of Animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

BREEDING GUARANTEE: All cattle are sound and sold with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

HOLDING AND SHIPMENTS: Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint export shipping arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

MAIL BIDS: May be entrusted in complete confidence to any of the Sale Staff listed or to Douglas J. Henderson & Associates Ltd.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on sale day, also from the sale management at any time.

TERMS OF SALE: Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

ALL PERSONS who attend the Sale do so at their own risk, and the Owners, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

*A sincere Thank You
for your interest*

*Safe Travels &
Best of the Holidays
