### *Welcome from Atlasta*

It is my pleasure to welcome you to the 10th Annual Atlasta Angus Bull Sale & Seriously Black Select Female Sale.

The past two years our industry has seen commercial calf prices go to a premium, then rise even higher and now back to what we got paid twelve months ago which is the best we've ever had. Dry conditions last fall and this spring resulted in a record number of breeding cows go to town. The need for quality, functional breeding cattle with good performance and cutability is needed more than ever.

Our bull calves were weaned off a couple weeks later than past years. As a result, WW's were up but most importantly so were the day per gains. This bull calf crop looks darn good. Sitz Upward, Net Worth, SAV Final Answer and Jindra Double Vision progeny headline our sire roster but young herd bulls like Hamilton Consensus 235Y, Remitall Upmark 64Z progeny are awesome!

Approximately 70 yearling bulls, 12 younger coming 2 year olds, 30 select bred heifers and 6 heifer calves are on offer.

We are proud to have once again Bryan and Annette Latimer at Remitall West and Jack & Barb Hart at Brookmore contribute bred and top end heifer calves to the sale.

I constantly push myself to maintain and upgrade our product and serve our customers with their needs, both commercial and purebred alike.

Feel free to call at anytime or stop by the farm prior to sale day for a look. Viewing the sale entries and hospitality please join us Friday, December 11th and Judy's Christmas smoked turkey and fixings are served on sale day December 12th with the sale starting at 1:00 PM.

Look forward to seeing you then!

*Brian Sutter*

*Judy & Brian with Summer, Jack & Owen*

## **WE WILL WINTER YEARLING BULLS TO FEBRUARY 15**

*50% Down Sale Day - 50% February 15, 2016*

### **\$100 OFF YEARLING BULLS TAKEN RIGHT AFTER THE SALE**

## **COMING TWO YEAR OLD BULLS & FEMALES TO GO RIGHT AFTER THE SALE**

### *Satisfaction Guaranteed*

*with our Sight Unseen Purchase Plan - Call Brian or Doug for details*

# Atlasta Angus

## 10<sup>th</sup> Anniversary Bull Sale

DJH

### Welcome to:

The 10th Annual Atlasta Bull Sale and Seriously Black Select Female Sale and the best set of bulls and females offered to date. You will be impressed with the great set of young herd sire prospects and the exciting females that will be offered on December 12th.

Brian will winter the yearling bulls until February 15, 2016. 50% payable sale day and 50% February 15, 2016. The two-year old bulls are to be picked up after the sale along with the females and need to be paid for sale day.

It is a pleasure to work with such dedicated breeders that work hard at producing the best seed stock available.

Come early, look over the bulls and females Friday afternoon, enjoy the great hospitality Friday evening and take in the sale Saturday. Enjoy Judy's famous pre-Christmas smoked turkey and enjoy the Atlasta hospitality.

If Brian, Judy, the Seriously Black Consignors, Jack and Barb Hart and Brian and Annette Latimer, any of the sale staff or Linda and myself can be of assistance in any way please give us a call.

Hope to see you at this excellent and fun filled Angus event.

*Doug Henderson*

## ONLINE BIDDING

*Can't make the sale?*

*Take advantage of*

- Live streaming • Live audio
- Live video • Real time bidding

Vold Jones Vold is proud to offer live real time bidding for the Atlasta & Seriously Black Sales. Real time, live video and audio.

All you need to do is **pre register** prior to sale day, log in and bid away.

To **register** visit our web site **www.vjvauction.com** and click the "Purebred Sales" tab on the VJ Ponoka page.

For any questions concerning online bidding  
**Call Craig Jacklin (403) 783-1453**

2015 has the best cattle prices in our life time and the most demand for your product ever. Large meat stores are sometimes out of product from Sunday to Wednesday because of high weekend demand and product supply shortages. We are having special runs at the plants, 2-3 days per week, just for China. We thought the consumer would not pay these record high prices for food, but they are. These issues are not going away for a few years either . . . so ride the wave.

Enjoy this time. Buy the cattle that will work for you today. There's no end in sight.

Fred W. Taylor, Taylor Made Research

*Please bring this catalog with you to the sale*

### EPD Definitions:

**BW: Birth Weight** expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

**WW: Weaning Weight** expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires. WW is an indicator of growth from birth to weaning (205 days). The calf's growth during this period is influenced by its own ability to grow plus its mother's maternal abilities.

**YW: Yearling Weight** expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

**MILK: Milk** is an indicator of milking ability in daughters. It represents the differences in weaning weight of calves due to the amount of milk produced by their mothers. It is expressed in pounds of calf weaned.

**TM: Total Maternal** is a combination of the weaning weight and milk EPDs. It is calculated as:  $1/2 \text{ WW EPD} + \text{Milk EPD} = \text{TM}$ . This EPD represents the differences in weaning weights between calves due to mothering and milking ability of their dams.

**CE: Calving Ease Direct** the average difference in ease with which a sire's calves will be born when he is bred to first calf heifers. The higher the number the more probability that his calves will be born unassisted.

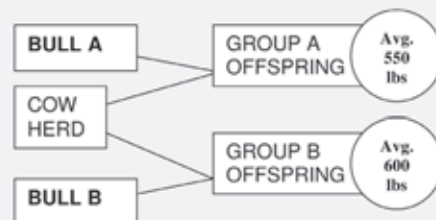

**MCE: Maternal Calving Ease** is expressed as a difference in percentage of unassisted births with a higher value indicating greater probability of unassisted births in first calf daughters. It predicts the average ease with which a sire's daughters will calve as first calf heifers when compared to daughters of other sires.

EPDs are an indication of how an animal's calves will perform on average compared to another animal's calves.

For example, if Bull A (weaning weight EPD of +10) and Bull B (WW of +60) were randomly mated with ten similar cows, we would expect the group average weaning weight of Bull A's offspring to be 50 lbs lighter than that of Bull B's (60-10=50).

| Calf | A   | B   |
|------|-----|-----|
| 1    | 500 | 400 |
| 2    | 510 | 450 |
| 3    | 520 | 500 |
| 4    | 530 | 550 |
| 5    | 540 | 600 |
| 6    | 560 | 600 |
| 7    | 570 | 650 |
| 8    | 580 | 700 |
| 9    | 590 | 750 |
| 10   | 600 | 800 |
| Avg. | 550 | 600 |

Note that not all calves from Bull B have a higher weaning weight, but the average is 50 lbs higher.

Average Black EPDs for all calves born in 2014

## JACK & BARB HART

General Delivery, Brookdale, MB ROK OGO

Ph: 204-476-2607 Cell: 204-476-6696 email: brookmoreangus@mts.net

Jack & Barb

Again Jack and Barb would like to welcome you to the Seriously Black Select Female portion of this sale. Again they are bringing eight superb females right off the top of their replacement pen, hand picked by Doug Henderson. They represent the best of A.I. breeding and are selling safe in calf to some of the top calving ease A.I. sires.

Jack and Barb are very proud of this offering, these are sisters to the bulls featured in the Cattleman's Connection Bull Sale held every spring in Brandon.

The females that have been sold in the Seriously Black Female Sale have done a great job for the breeders that have selected them.

We would again like to thank Jack and Barb for their commitment to this sale and the great Angus breed.

Brian Sutter & Doug Henderson

*The Latimer Family at Remitall West*

We are excited to again be apart of the Atlasta Bull and Seriously Black female sale. Thanks again to Brian and Judy Sutter for including us in this great Angus event. The heifers selected for this years sale are right off the top of our AI sired calves. They are super eye appealing, functional and are at the forefront of Angus genetics. As in the past the heifers are quiet and tie broke for interested Juniors looking for a show or 4-H project.

Look forward to seeing you at the sale.

The Latimers  
Bryan, Annette, Emily, Isaac, Zachary

A powerful made heifer that is big hipped and wide pinned. Her extra length of body and eye appeal make her a special heifer. Her +28 on milk ensures she will have the tools to deliver her performance genetics to her offspring. The sire Consensus 7229 is a proven industry leader in moderating BW while adding performance.

# Atlasta Angus

Brian has picked two heifers from each herd sire; both heifers enter the ring at once.

The final bidder has the option to select his choice of the two heifers or he can take both at twice the money.

If the final bidder takes just one heifer then the runner up bidder has the choice of taking the other heifer at the same money.

If he does not select the other heifer, she will go back into the Atlasta herd.

A pair of our very best, both progeny of two of our very top end producing coe families. 7B's dam, Windy 25U is a picture perfect Angus cow with an excellent udder. Her matron grandam, Wendy 1D may be the best female producer to ever walk at Atlasta. 32B's dam is a direct daughter of the breed legend Emulation EXT and continually weans off one of our best. Two attractive, deep bodied females that will stand at the front of any program.

Both A.I.'ed to SAV Final Answer 0035 -1061938- on April 10, 2015.  
Both were exposed to Justamere 1447 Thunder 617B -1805454- April 17 to May 26, 2015. Both were exposed to Atlasta Stockman 365-49Y -1620389- May 26 to August 10, 2015.

7B is due mid January 2016.

32B is due early February 2016.

Two good looking, smooth fronted heifers with some extra depth of body from two easy fleshing, top end cow families. Both are offspring of SAV Final Answer, a breed leader known for leaving attractive, front end, easy fleshing females. Top maternal genetics in Sitz Alliance, Emulation EXT and Connealy Timeline give this pair a head start to a great future.

Both A.I.'ed to RB Tour of Duty 177 -1829420- on April 10, 2015.  
Both were exposed to Justamere 1447 Thunder 617B -1805454- April 17 to May 26, 2015. Both exposed to Atlasta Stockman 365-49Y -1620389- May 26 to August 10, 2015.

10B is due mid to late January 2016.

102B is due mid January 2016.

Sitz Upward 307R progeny are attractive, clean fronted, long spined combined with eye appeal. This pair are no exception! 14B's Connealy Timeline's dam, Emma 20S is a good uddered, deep with volumed cow, who always brings home one of our best! Their grandam, Emma 287, had Pathfinder Status and at 23 years of age, still was one of the best producers. 117B's dam is a rock solid daughter of Vermilion Dateline and TC Stockman 365. Again top end maternal genetics in these good looking ladies.

14B A.I.'ed to RB Tour of Duty 177 -1829420- on April 10, 2015.  
117B A.I.'ed to LFE BA Lewis 809U -1496729- on April 10, 2015.

Herdsire DRCC 6068S consistently leaves feminine, moderately framed attractive females with good feet udders and dispositions. These two heifers are typical 6068S offspring. 156B's dam is an own daughter of trait legend Sitz Traveller 8180. 185B's dam Duchess 250T constantly has top end WW calves. Two very good cow families crossed with one of my favorite herdsires, lots of potential here!

Both were exposed to KBJ Body Builder 295B -1776970- April 2 to May 26, 2015. Both were exposed to Atlasta CD Dateline 24X -1582928- May 26 to August 10, 2015.  
156B is due late January 2016.  
185B is due mid February 2016.

Good females like these are hard to part with. All are moderately framed with extra depth and volume.

Their sire, a Final Answer son, LFE 809U consistently gave us easy fleshing females with picture perfect uddered and top end performance.

Both his heifers and bull calves have topped the weigh scales the last four years.

All four solid young dams are constant top producing cows.

Take your pick, they all have solid futures and will be front pasture matrons.

All four were A.I.'ed to RB Tour of Duty 177 on April 9, 2015.

All were exposed to Justamere 1447 Thunder 617B-1805454- April 17 to May 26, 2015.

All were exposed to Atlasta Stockman 365-49Y -1620389- May 26 to August 10, 2015.

13B is due mid January 2016.  
27B is due late January 2016.

62B is due mid January 2016.  
64B is due late February 2016.

Predominant 31W's progeny are moderate framed females with nice tight udders, good dispositions. Both dams are larger framed matrons with good udders and feet. Predominant 31W's dam, Wendy 35K is one of the best producing cows ever at Atlasta. Lots of maternal power in both top and bottom pedigrees in these fancy young females.

Both were exposed to KBJ Body Builder 295B -1776970- April 2 to May 25, 2015. Both were exposed to Atlasta CD Dateline 24X -1582928- May 25 to August 10, 2015.

8B is due late January 2106.

52B is due early February 2016.

Two fancy, long bodied heifers, whose dams are very good Remitall Superevent progeny. The Superevent daughters have it all, depth, spring of rib, good hindquarter and udders. The total female package and these cows always pass these characteristics to their offspring. Both these will become solid cows in any pasture.

Both were exposed to KBJ Smart One 219B -1776887- April 2 to May 26, 2015. Both were exposed to Atlasta CD Dateline 24X - May 26 60 August 10, 2015.

172B is due late January 16.

193B is due mid February 2016.

These two heifers are sired by Traveler 047T, a direct son of breed legend DHD Traveler 6807. Awesome looking females with nice udders, great dispositions and calving ease are the norm in these old genetics. Both cow families are well represented in other female pairs in the sale. Very consistent producers in the maternal background with generations to back it up. Two nice young females with lots of potential!

Both were exposed to KBJ Smart One 219B -1776887- April 2 to May 26, 2015. Both were exposed to Atlasta CD Dateline 24X-1582928- May 26 to August 10, 2015.

101B is due late January 2016.  
235B is due mid February 2016.

A pair of fancy, eye appealing ladies whose sire, KBJ Upmark 60Z was purchased for calving ease and performance. He did an awesome job, especially on the females. Dale Bushfield chose a daughter as the pick of the herd last year. 119B was his second choice. Both dams are well bred, moderate framed with very good udders.

Both were exposed to KBJ Smart One 219B -1776887- April 2 to May 26, 2015. Both were exposed to Atlasta CD Dateline 24X -1582928- May 26 to August 10, 2015.

119B is due mid February 2016.  
50B is due late January 2016.

# Atlasta Angus

## Mystery Lot

### Pick of the 2016 Atlasta Heifer Calves

EVERY ONE BORN AVAILABLE

Selection must be made  
by August 1/16

*A special thank you to Remitall West for  
purchasing the pick of the 2015 heifer calves.*

#### PAST MYSTERY LOT SELECTIONS

2014 - Dale Bushfield  
2013 - French River Cattle Co.  
2012 - Dyce and David Bolduc  
2011 - Jack and Barb Hart.

*A big thank you all these purchasers  
and to the runner up bidders!*
