Welcome Everyone

to Bar 4A Cattle Company's 2nd Annual Female Sale

Hugh and I would like to welcome you to our second annual female sale. We are very excited with the animals we have on offer, we feel they are an exceptional group of females. They are effortlessly going to blend into your herd, then turn around and really produce for you. There is a little bit of everything on offer; from the next top elite female to the working female that produces your best bull calf every year, to a few great junior projects already started. One thing that will really stand out about the cattle when you first see them will be the uniformity and the amazing sire groups. The Sires have done their jobs and done them well.

We are coming into unknown territory in the beef industry as it is hitting record lows for feed costs, the fall of the cattle market as we speak, and political unrest; but don't let this scare you. The Beef Industry is a great place to be and full of opportunities. We always come into fall feeling blessed because our feed is in our yard, bales are stacked, calves are weaned and knowing that we have enough to make it through another winter.

It is a beautiful snowy morning here as Hugh and I are writing this today. We are coming into a very early winter here in the mighty Peace Country. We are moving around feeding calves this morning as the snow keeps falling and blowing, totaling about a foot now since it has first started snowing 2 weeks ago. We were just chatting how content the cattle are, how great they look, and how much they are going to love their new homes!

We would like to thank everyone for their past support, we truly appreciate it and we always feel very honoured to be a part of this great industry. A special thanks to our dear friends, Bryan and Sherry Mackenzie. They trudge beside us all year long through the highs and the lows to help us out in unbelievable ways. Thank You for your support.

We look forward to seeing each and every one of you, and having a visit on sale day. We would love to have you at the farm prior to sale day. Please come and join us. Please feel free to call Bryan or ourselves if you have any questions, we would love to hear from you.

**Bryan's Cell:
403-627-8266**

Welcome to the 2nd Annual Bar 4A Black and Red Angus Female sale. I've been around the cattle business my whole life. Never wanting to do anything different than be involved in our industry. Never had 9-5 job nor did I ever desire any such thing! I've also been managing sales since 1998 starting with a Dispersal sale in Breton, AB. That seemed like a lifetime ago . . . My point to all this is in all my years in the cow business, whether it be as a producer or as a marketer, I'm not sure I've ever seen a situation such as this right now. Now rest assured about one thing I'm not being negative at all! In fact, just the opposite. We've all seen highs and lows in the market place so the fall of 2016 is nothing new. The

one thing I do know however, is this . . . with uncertainty comes amazing opportunity! We are on the backside or downhill slide of the greatest cattle run for 2 whole years in our country and maybe even the whole world has ever witnessed. If we have to take a 40% hit on our calves wouldn't you rather it be on \$1900 ones rather than them starting out at \$1000 (or less)? So that being said, we all know this thing will bounce back or stabilize real soon. . . it has to!! During the mid 2000's to about 2012 the buzz word was to have your inventory topped up because good times were just ahead. It happened and those that were ready benefitted in a big way . . . all the way to the bank.

So . . . on November 16th in Olds at the Cow Palace is going to be one of those moments that in 2 - 3 years time we will all think back and say "Dam . . . I shoulda pulled the trigger and re-racked" The set of bred heifers here today are a very good set. The heifer calves are an awfully strong group. And the good thing for you as a potential buyer is that both groups are here in their entirety . . . Nothing held back in either group . . . Red or Black. Circumstances dictate that this is the road that Bar 4A must take for now so our situation is for your gain.

You may be asking yourself right now 2 questions: 1. Who does this thing of selling all their bred and heifer calves? and 2. Why are they doing this? Answer is this to you . . . it doesn't matter why or who but only to seize the moment and take advantage cause if you don't someone else will, that's for sure!! Be in the game and not sitting on the sidelines.

The breeding pieces are in place here at the Bar 4A Female Sale on November 16 in Olds. Have both barrels loaded and be prepared to load up with what could be as good a group as you'll ever find on this kind of market. In all my years in this industry, I've never seen such an opportune glimpse into the window of the Angus world such as this.

See you at the Sale,
Bryan Mackenzie

Now residing at Bar 4A, this performance 'King of the Hill' has left an amazing set of calves. Last fall his daughter (a heifer calf) topped the first Bar 4A Female sale at \$10,500. A son is also in use at Bar 4A called Mariota. The best news about Opportunity though is his milk number jumped to a +19 (over double his pedigree estimated number of 9!!) He is for real! A son also topped the spring bull sale at \$15,000.

Purchased from Leuwenburghs at Lethbridge, AB for 21,000 (high seller that day). His sire was the \$50,000 Net Worth 4200 grandson a few years earlier at the MRL sale. 79B has a fantastic set of feet, has plenty of growth and an unreal profile. He will be at Farmfair, ad Agribition this fall and will be in the hunt! See him on display sale day!

Since being the \$16,500 high selling bull at Stauffer's 2015 Bull Sale he has taken over the Senior herd bull role in the black division at Bar 4A. He was the standout choice that spring and just continues to shine in the breeding pasture. His first calves are made right and come easy so he's been used heavily for 2 years now through A.I. and on the heifer pen.

A very popular A.I. bull in both the USA & in Canada this spring. He is popping up as the service sire on lots of the good ones right now in catalogues everywhere! Very good spread on his numbers from a -2.2 on birthweight to a 94 on yearling weights. He has an 80 lb actual birthweight and an 829 lb weaning weight. Anxiously awaiting his first calves and you can get in on the ground floor today with a Bar 4A heifer bred to him.

Exposed: April 23/16 - June 30/16 to Red Sunberry Expansion 18B

This feature heifer stacks two of Hugh's best bulls from the last couple of years. Champion on a Timed Perfect heifer. Last years high selling black heifer was a Champ daughter. His dam 9T produced Lloyd Cavers 3 high selling herd bulls in a row in Manitoba. If you want one thats pretty & powerful & light birthweight, she's right here!

Exposed: April 23/16 - June 30/16 to Red Sunberry Expansion 18B

Every visit up to LaGlance in this last year, this heifer has risen to the top of the pile! She is extra strong topped and very deep hipped and middled. Her dam produced the herd bull Traverse 56B. The Adrenaline 67M heifers that came with the Get-A-Long cowherd purchase were amongst the best in the breed.

Look back to Lot 13 (68C) and you'll find this heifers dam is grandam to that line. A really good cow family tracing back to a Phoenix 16K heifer. This whole tribe of cows are stout made and yet oh so feminine . . . just like this "absolutely had to be a feature" heifer in 213C!! She's good enough to be on the cover too. If Bar 4A had nominated for Red Roundup, this year, this would've been more than likely the one to go to town.

All the 'A' heifers in the group of cows that Bar 4A got from Brylor were all bred to Red Kodiak 3A or exposed to Black Kodiak 204Y. Maria 53A was the 7900 Ghost Rider heifer calf at Keystone that fall and is a great cow now! This one will have a lot of friends at the Bar 4A sale on November 16, don't be late as she could lead off the whole dam thing!

A double bred Mulberry 26P femals and does she ever come to the forefront in terms of "The Look"! You can't possibly chisel out a better front end and extra feminine head on a heifer!! She's has a dam 31W (that made the short list in OTM's pick of the herd last fall) that rocks in every category! Her dam Ramba 2F was a Donor at Brylor for years. Add in Boulevards dam 22L (she sold at 2 years of age for \$17,000 USD in 2013) This is the kind of heifer that if you get her bought on November 16th you will tell your grand kids about! 31W had a \$14,000 son to Y Coulee.

Solid as anything we have here in the book in the black division at Bar 4A. You can't make one any better in the flank, the heart girth, or one any prettier than 431C. Take her home and see what kind of cow he'll develop into. I think you'll be impressed.

The first heifer of the Bar 4A's newest herdsire Full House. He was the \$31,000 pick of all of Stauffer's Rush Lake bull calf calf pen (purchased at 2014 Agribition sale). His dam Rosebud 184T was what clinched the decision on selecting Full House over the others. As you'll see in the next several pages the influence of the very popular Rush Lake bull has on this program.

This heifer calf could have been featured in any catalogue this fall . . . but here she is as a definite heart stopper in the Bar 4A 2nd female sale in Olds!!! What an incredible female she is and this will be her 2nd trip to Olds. She was a class winner at the Fall Classic Show on October 1. Imagine what she'll progress to in another 46 days from then. Her sire is the performance powerhouse bull called Wheeler that adds incredible depth and muscle like no one else. 21D's dam, 14X is a atypical of Mulberry's daughters . . . fabulous!! Her son in the spring sold to Mark Chriss/Brylor for \$10,750.

Sometimes a person would rather be lucky then good! 24D's dam was won by Bar 4A at the Northern sale in 2014 as she was the donation heifer there from Bob Hahn. This is her first calf by Red Kodiak 3A. Hugh and family were right in on the bidding at \$55,000 on him that snowy day in High River at TWAV Darren Van Curren edged them out though at \$57,500. So Bar 4A opted for a semen package on 3A. Good move! If this is what 78B can do on her first try I'm looking forward to round 2!

Here is a favorite of all involved in this sale. She is a member of the very influential family at Brylor called Tinsel. Tinsel 7C was Agribition Heifer Calf Champion in 1993 and her daughter was also named the same in 1998 (Tinsel 48H - \$30,000 to Ireland) 8N has been a great producer, she has a daughter in the sale as Lot 7 (44C) Tinsel 10Y has a beautiful udder and is sired by the very rare Roughrider bull. (Some of his last semen will sell in Red Roundup 2016). 36D's sire High Capacity 800M has quietly been doing his job now for 14 years or so! He's known for calving ease and low birthweight heifer bulls and beauty daughters like this one. 36D is also trained for the big time and would make quite the Junior project next year.

Very hard to pick or choose or even tell them apart the 2 Rush Lake daughters Atkins were showing down in Olds in early October. Maybe talk to the show & sale cattleman Thomas about what he thinks of the two heifers 69D and 47D! Don't be late getting to Olds on November 16th because at 1:00 pm there's a really sure possibility these 2 will be in the ring for opening speeches!

Here's an in dam purchase from Blair's extremely wild female sale last fall.

- TERMS & CONDITIONS -

TERMS: The terms of the sale are cash or cheque at par, payable to the sale clerk on sale day unless otherwise previously arranged with the seller prior to the sale. No releases will be given until satisfactory settlement has been made. All monies are in Canadian Funds, other funds will be accepted at the current rate or exchange.

BIDS: Every animal entering the ring will be sold to the highest bidder.

DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matter will be final.

ANNOUNCEMENTS: Any changes from information in this catalogue will be announced from the auction block, such changes will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to any such announcements.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold.

CERTIFICATE OF REGISTRATION: Each animal in the sale will carry registration papers issued by the Canadian Angus Association. A certificate duly transferred will be furnished to the buyer for each animal after full total payment has been made.

BREEDERS GUARANTEE:

- (a) All animals sold are guaranteed breeders.
- (b) All bred females have been declared safe in calf by a qualified veterinarian and carry no further breeder guarantee.
- (c) All calendar year heifer calves are guaranteed open at time of sale.
- (d) Any animal that has not proven itself a breeder within six months after date of sale, if in healthy

condition, may be returned to seller at buyer's expense. The seller reserves the privilege of trying for a six month period to prove the animal a breeder. The seller, at his option, may either return the purchase price to the buyer or credit or replace the animal with another of equal value in full settlement and satisfaction of all claims. All complaints regarding breeding difficulties must be reported in writing by the buyer to the seller within time specified above and any animal returned must be free from disease and in good health. Any calendar year heifer calf flushed, shown or exhibited by purchaser is no longer guaranteed a breeder under this paragraph #7.

- (e) Although we do our best to accurately identify the A.I. Services, it does not, in any way, guarantee an A.I. sired calf.

SELLING ONE FUTURE FLUSH
Guarantee 6 #1 Embryos

Buyer & Seller split evenly after that.
Flush to be done at DRI. Buyer pays flush costs.
Can use any of Bar 4A herdbulls we have semen on.

Lady Lyn 955W is arguably the #1 Black cow up at Bar 4A right now. She had a feature bull this spring that sold for 4700 to Kevin Baird. She has a daughter in the sale, a feature lot 115 (47D). She also has this in herd and one at LLB and one at Blair's. I truly believe her sire Kodiak 5R is one of the best breeding black bulls in Canada of all time.

- GENERAL INFORMATION -

ACCIDENTS: Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer, or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

LIABILITY: All persons attending the sale do so at their own risk and sellers assume no liability legal or otherwise for any accidents occurring in, on, or about the premises.

INSURANCE: Livestock insurance and/or transit insurance will be available.

EXPORT TESTING: in the case of animals purchased for export, the necessary customs, health, and export certificates will be supplied.

SALE LOCATION: Sale will be held in the Calouri Building right across the street from the Cow Palace in Olds, AB.

HEALTH: All cattle will be supplied with proper health papers for shipment anywhere in Canada or for export to the USA. Cattle requiring Brucellosis and TB tests (U.S. purchases) will be tested following the sale and will be ready for shipment in approximately one week.

INSURANCE: There will be an insurance representative present sale day. Transportation: Edmonton, Red Deer and Calgary are served by major airlines. Pick-up at the airport will be available if prior arrangements have been made.

MAIL BIDS: May be entrusted in complete confidence to any of the sale staff or representatives listed or to Bryan Mackenzie.

DISCLAIMER: As responsible Angus breeders, we have done everything possible to insure these cattle are free from genetic defects at the present time. This in no way guarantees they will be free from future genetic defects that may be discovered by any association, party, or persons.

VIEWING OF SALE CATTLE

The cattle can be viewed November 14 - 16, 2016 at the sale site, in the Cow Palace in Olds. For viewing prior to November 14, please call Hugh - 780-512-3641 or Joe - 780-734-8286.
