This is great opportunity to get a hold of a real stylish, long bodied heifer and to support our Junior members at the same time. 64Y's sire, SAV Prodigy 8101 is the reigning Canadian National Champion Bull and Agribition Supreme Top Ten Finalist who is siring real muscular, deep bodied, easy doing offspring that our industry is looking for. Her dam is a massive bodied New Design 1407 daughter that out produces herself every year. Last year she weaned off a full sister to 64Y with an actual weaning weight of 910 lbs and indexing 111. She also sold through the Black Magic Sale and has developed into a great show heifer for Emily Gibson of Ontario.

**Take advantage of this opportunity.
 Get a sensational heifer, but even better
 support our Junior members!**

DONATION HEIFER :: REMITALL F ERICA KAY 64Y

REMITALL ♦ LORENZ ♦ BELVIN ♦ CHICO

Welcome to the Black Magic Sale from all of us here at Remitall Farms. We are very excited about being part of this prestigious sale that has always been committed to selling only the best from each of its contributors. We are in some very promising times in the cattle industry. The bull sales this past year averaged more than they have in some time plus with the amount of grass and feed that we have in many areas, cattle prices this fall will be at a premium.

We are very enthused with the cattle we have on offer. The bred heifers are right off the top of our replacement group, sired by champion bulls such as SAV Prodigy 8101, LLB Free Wheeler 268S, Remitall Rachis 21R and SAV Masterpiece 5289 with early matings to some very exciting young herd bulls. We also have a select group of outstanding show heifer prospects that will not only make great junior projects, but have the proven genetics to make great young breeding females.

Our feature lots include a dynamic young cow that we truly believe is an outstanding individual, and one of our young herdsires, Remitall F Jet 30X, who has a very bright future ahead of him. Both of these animals will be a major force in our show strings this fall.

Be sure to check out our donation heifer sired by National Champion Bull, SAV Prodigy 8101. Support our juniors and walk away with a great young female!

Join us on September 30th, 2011 for an exciting sale and some great hospitality. Be sure to stay and take in the Alberta Gold Show in conjunction with The Olds Fall Classic Show the following day.

Look forward to seeing you,
Gary and Jacci, Richard and Kelly

Jet 30X is one of the most exciting herd sires to sell this fall! He is naturally thick, deep bodied, long, eye appealing with a very correct sound structure. Jet 30X has a low 83 lb birth weight, having been raised on a beautiful SAV Net Worth 4200 two year old dam that weaned him off with an Adj. 205 day weight of 869, gaining 3.85 lbs/day. Along with a great set of balanced EPDs, Jet 30X truly has the genetics, phenotype and documents and will be great herd sire. The sire of Jet 30X, SAV Pioneer 7301, was also the sire of some of the most exciting, popular and top sellers at the record setting Schaff Angus Valley Sale in 2011.

Jet 30X saw service duties here at Remitall, running with yearling heifers as well as cows. We can't wait for the arrival of his first calf crop next spring. Jet 30X will continue to be a big part of the future here at Remitall Farms and will be a major force in our fall show string.

Karama 100T is truly a dynamic female and an absolute favorite among visitors here at Remitall Farms. She is a real thick, deep bodied, easy doing female that still has a sharp angular front end. With as much mass and volume she possesses she still looks fresh and youthful for being a mature cow.

Karama 100T has never missed. Her first calf is now a two year old cow sired by SAV Final Answer and will definitely be a future donor cow here at Remitall. Her second calf, Remitall F Odyssey 67X who is sired by LLB Free Wheeler 268S, is seeing herd sire duties here at Remitall and is also a major service sire to many of the bred heifers in our sale offering. Her third calf is a real special heifer sired by HF Tiger 5T and has a very bright future ahead of her. Her best calf is yet to come - bred to our most recent herd sire purchase Soo Line Yellowstone 0194, one of the top sellers in their 2011 sale and was also a member in their pen of three bulls at the National Western Stock Show in Denver. His full brother was the 2008 Agribition Supreme Champion and a flush sister won her division at Agribition in 2010. With the maternal strength of the SAV Density's combined with the maternal strength Yellowstone 0194 has in his pedigree, this could be an unbelievable mating of some of the top maternal cattle in the industry today.

Bred April 20 to Soo Line Yellowstone 0194 (safe)

A real sale feature! A direct daughter to the two time Agribition Reserve Champion Female and all-time high selling female in the Black Magic Sale at \$30,000, Belvin Lady Blossom 28'02 has become a prolific producer of herd sires and herd building females that are not often put up for sale. 83X's sire, SAV Prodigy 810, is the current Canadian National Champion Bull and is producing easy fleshing, deep, muscular bodied offspring. Not very often will you have a chance to own a heifer with the genetic potential that this heifer possesses.

A real sweet, stylish, long bodied heifer that will surely catch your eye. 101X is a granddaughter to the great producer, Belvin Lady Blossom 28'02, the high seller and many times champion. Raised on a beautiful uddered two year old Remitall Shotgun Willie 575S daughter that weaned 101X (lot 4) off with a weaning index of 103. With the Neonias which appear on top and bottom of her pedigree, combined with the Lady Blossoms, this heifer will surely develop into a super producing female.

Pasture exposed May 16-June 28 to Remitall F Odyssey 67X. Observed Bred May 31 (safe).

Eline 13X is a real special heifer. A beautiful patterned heifer in a moderate sized frame that is sired by the 2008 Agribition Reserve Champion Bull and World Forum Champion Mature Bull LLB Free Wheeler 268S. He is certainly making his mark in the industry producing many top sellers across the country. Her beautiful uddered SAV Density dam is one of our top producing females. 13X (lot 8) has an early service date to SAV Brand Name 9115 that has the genetic potential to be very exciting.

Bred April 17 to SAV Brand Name 9115 (safe)

A real sweet heart of a heifer. Her docile temperament would make her a great junior show heifer candidate. Her sire, Remitall F Mastermind 25W is a combination of the prolific producer and two time Agribition Reserve Champion, Belvin Lady Blossom 28'02 and the many times champion SAV Masterpiece 5289. Her dam is also a combination of two show champions, Justamere Cash 665P who was 2005 Farm Fair Supreme Champion Bull, and Remitall Neonia 179M was the 2003 First Lady Classic Supreme Champion.

Dear Black Magic Group, James Arnott and Doug Munton:

On behalf of the Canadian Angus Foundation I would like to thank you for your support of the Dick Turner Scholarship. As we all know, Dick worked tirelessly to promote the Angus breed and encourage new breeders to take an interest. This was done in a time when Angus was not the largest beef breed in Canada which makes his effort all the more significant. It is very fitting that a scholarship was established in his name shortly after his passing in 2010. It is through the support of individuals like yourselves that we will be able to carry on in Dick's name and provide opportunities for our youth.

Regards,
 Michael Latimer
 Assistant General Manager,
 Canadian Angus Association

Thanks for your support!

WHERE DID THE PROCEEDS GO?

At the 11th Black Magic Sale . . .

- \$2,000 to the Alberta Junior Angus Association (Donation heifer purchased by Remitall Farms)
- \$1,000 to the Dick Turner Scholarship & \$1,000 to the Alberta Angus Association (Art printed donated by James Arnott & purchased by Doug Munton)
- \$800 to STARS (Toonie Bar)

REMITALL FARMS ♦ REMITALL FARMS ♦ REMITALL FARMS

LORENZ ANGUS

We are very excited to be part of the Black Magic sale once again. In our offering we have Kodiak granddaughters and a Stockade daughter again as well as a bred and two calves by a Paradigm son that we raised who has been a tremendous producer for us, also the first Wanderlei ever to sell.

The yearlings were bred naturally to FV Pioneer 83X; we bought him out of Fertile Valley's bull sale this spring, he was their feature bull and the high selling yearling and second high selling bull of the sale. He has exceptional numbers, the combination of his 63 lb. birth weight, performance and fleshing ability make for an exciting package and we are looking forward to seeing the calves sired by this bull.

Please feel free to give us a call, we would be happy to show the cattle to anyone interested.

See you all on September 30 at Black Magic 2011.

Welcome to the 2011 version of the Black Magic Sale. In the last year we have seen a lot of optimism and strong prices in the cattle industry. With a decreased supply of cows across the country, and with strong demand for Angus beef and Angus genetics, our industry and our breed are in a positive position moving forward.

This year we are offering a uniform group of 15 bred heifers, and 5 fancy heifer calves. They are a nice representation of the different cow families and sires in our operation. The service sires are two exciting yearling bulls, one of which represents unique Argentine Angus genetics. We are also offering embryos from some of our leading donor cows.

We would like to invite everyone, including our past customers and supporters, to Olds on September 30th. Also remember that the Alberta Angus Association Gold Show will take place the next morning, part of the Olds Fall Classic cattle show. We look forward to seeing you then.

The Hamiltons

GAVIN, COLTON, QUINN & MABEL

A feature heifer with a powerful pedigree, Belvin Georgina 17'10 is sired by the 2009 World Angus Forum, Farmfair and Agribition Supreme Champion, HF Tiger 5T. She is a maternal sister to herdsires Belvin Rebel 33'05 and Belvin Spitfire 109'06, who was a \$13,000 high seller to Kenbert Acres in 2007. Her mother, Georgina 81'03, has been one of our most prominent donor cows the past few years, and Georgina 17'10 will be her first daughter to sell. A full brother to 17'10 was the \$12,000 second high selling bull at the 2011 Calgary Bull Sale, where he sold to Kody Traxel and Jared Roth. The service sire is an exciting Argentine bred bull, coming from the Tres Marias Ranch, his different pedigree adds a unique twist to an impressive female.

Terms to be announced.

Bred April 9 to Belvin Tres Marias Catriel 205, preg checked safe.

Exposed to Duralta 56S Yellowstone 136X, May 4 to May 31.

Belvin Duchess 69'10 is sired by the Geis Kodiak 12T bull, whose daughters are making excellent females. A maternal sister to 69'10 sold to the Crowe Bros. from Manitoba in last year's Black Magic Sale. She was a feature bred, just like 69'10 is this year. The mother of 69'10 is a typical Belvin Panther daughter, moderate framed with lots of rib and a beautiful udder. There is lots of maternal strength behind this heifer.

Preg checked 75+ days pregnant on August 4, 2011.

Exposed to Duralta 56S Yellowstone 136X, May 4 to May 31.

Exposed to Belvin Heavy Hitter 203'10, June 4 to July 10.

STARS 25 YEARS OF CARE IN THE AIR
Alberta Shock Trauma Air Rescue Service Foundation

BELVIN REBEL 33'05

BW: -0.5 WW: +32 YW: +87 Milk: +21 TM: +37
Sire of Lots 30, 42, 43, 45, 46, 47, 48 & Lot 49B Embryos

Dear Mrs. Hamilton,

I am writing to express my personal gratitude and that of the Board of Directors for Black Magic's contribution of \$800.00 to STARS. Your support of our lifesaving mission is tremendously appreciated and makes a difference in the lives of those in need of critical care and rapid transport.

In 2009, our Calgary, Edmonton and Grande Prairie bases carried out 1,368 missions. This brings STARS' mission total since its inception in 1985 to nearly 19,000. The commitment on the part of the community, together with our relationship with the health regions, makes it possible for STARS to provide this vital service.

In providing excellence in patient care and transport, the STARS program focuses on four key components

- Service - saving lives through specialized care and rapid transport;
- Communication - locating the patient and identifying the level of medical care required through the STARS Emergency Link Centre;
- Education and Research - enhancing the training of rural and urban medical care providers and measuring patient and system outcomes;
- Community - nurturing our ongoing relationship of philanthropy and mutual support.

Into the future, there will be further challenges as the need for critical care air medical transport continues to increase. In addition, a growing and aging population will put tremendous pressure on our health care system as a whole.

STARS will strive to meet this challenge and continue to provide a high level of excellence in our patient care and transport program. With your help, we will be able to accomplish this goal.

On behalf of STARS' crew, volunteers, staff, management and directors, thank you. Through your support, you help ensure we'll be there - well prepared and well equipped.

Sincerely,
Pamela Ison Reilander
Resource Development Manager
STARS Foundation

Belvin Lady Blossom 62'06 was the 2006 Black Magic Donation Heifer. She sold for \$10,000 to Gordon and Karen Pritchard, who were very generous in their support of the junior program. Lady Blossom 62'06 was the Intermediate Champion Heifer Calf at Farmfair in 2006, and turned into a massive ribbed female. Her mother is a maternal sibling to Belvin Nighthawk 32'05. These embryos combine one of our top producing lines of the Lady Blossom cow family with all the positive attributes of S A V Pioneer 7301.

BELVIN ANGUS

BELVIN ANGUS

BELVIN ANGUS

Chico
Ranches Ltd.

We have spent almost 40 years developing a herd that consistently produces Angus cattle that positively contribute to our breed - AND will work in your herd, under your conditions and management.

The disposition, hair coat, fertility and femininity of each one of these lots is very good - and that is by selection, not by chance. They are bred to be problem free.

It is always a good time to be in the Angus business but right now is also a great time to be in the cattle business. Yes, numbers and herd size means something but, especially in a smaller herd like ours, it is important to own the ones that work for you. We are confident these females will do just that in any sized herd.

The male herd mates to these heifers enjoyed a very strong demand and sale prices this past spring. These females are designed to produce offspring that will excel, male or female.

Thank you to all our past customers and hope to see you on sale day.

John, Jan, Dallas & T.J.

Exposed April 30 to July 21 to MVF Upward 208X, purchased from the record MVF Dispersal. Ultrasounded July 29 at 90 days.

Two paternal sisters by Nichols Quiet Lad T9 that truly will contribute to any top herd - they are knockouts. Both are strong heifers with awesome EPDs, calving ease, great performance and exceptional dispositions.

5X is a member of our strong Erica Kay cow family. A maternal sister sold in last year's Black Magic to Cal Campbell, Delta, BC. 11X's dam is a daughter of EXAR Manna 2466 from the Express program with her dam from Justamere's good Andee cow family. Note Quiet Lad's EPDs are in the top 1% for WW, YW & TM with high accuracy and top 10% for Milk.

We did not purposely select these 3 Erica Kay's because they were daughters & granddaughters of 6N - that's just how it happened!

They are a true representation of how good cow families can be the backbone of a breeding program. Lots 52, 54, 55 & 56 all go back to Chico Erica Kay 31G.

Note the Junior Donation Heifer is also from the Erica Kay family!

17Y may be as good a heifer calf as we have had come along. Whether you are looking for a show heifer, a future foundation cow or both rolled into one, you need to take a good look at this calf. Her dam's pedigree represents the best of both our Erica Kay and Bellemere cow families.

Canadian Rascal has EPDs in the top 1% for Milk, TM & Scrotal and top 20% for YW. Remember it was a Rascal daughter that was Canadian Showdown 2008 Champion Yearling and then went on to be Champion Two-Year-Old with her bull calf at side at the WAF '09 Young Guns Show for Cole Giles.

BLACK MAGIC TERMS & CONDITIONS ::

CATTLE INSPECTION: All carry identity tags that correspond to the sale lot numbers. All cattle have CCIA RFID buttons.

PREGNANCY: Examinations have been conducted on all serviced females.

BREEDING GUARANTEE: All cattle are sound and sold with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

HOLDING AND SHIPMENTS: Cattle may be held until the Olds Fall Classic is complete - please instruct the clerks at settlement time. Joint shipping arrangements to attain minimum shipping cost will gladly be made by the consignors if instructions to that effect are provided when settlement is made. Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care.

ALL CATTLE ARE SOLD: Subject to tests required for export by the Canadian Food Inspection Agency, Health of Animals Act and Regulations.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representative on sale day

TERMS OF SALE: Are cash or cheque at par, payable to clerks of the sale on sale day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from shipment for whom payments have not been received prior to departure times.

ALL PERSONS who attend the Sale do so at their own risk, and the owners, sale staff and Olds Agricultural Society assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

ANGUS-X PROSPECT STEERS ::

LOTS 62-73

Back for Black Magic 2011 is an offering of 12 top show steer prospects from Fairland Cattle Co. with guest consignor Miller Ranching Ltd.

A special thanks to all Buyers of our 2010 sale offering and the excellent results achieved by those Exhibitors.

Six champions/Reserve Champions by five separate steers to date this show season.

Please Note the 2011 Steer offering is eligible for the Calgary Stampede Jr. Steer Class which has a projected Pay Out of \$10 000.00 + in prize money and scholarships with an added Bonus of \$2100.00 for steers purchased from select breeders, Fairland Cattle Co. and Miller Ranching being two of these. This is an excellent opportunity for Jr. steer enthusiasts.

These steers will be offered at various weights and sizes to accommodate all end target dates for 4-H and open show possibilities.
