## ALBERTA JUNIOR ANGUS BLACK MAGIC DONATION HEIFER ::

Black Magic is once again pleased to be working with the Alberta Junior Angus Association in our 5th year of donating a heifer as their main fund raiser

The Juniors may market the heifer as they wish and this year they have chosen to sell her during our sale. Watch for and encourage the Juniors at Black Magic working in our Apprentice Program, learning sale preparation and marketing skills while gaining valuable work experience.

**\$25,000+**  
raised from  
**BLACK  
Magic**  
heifers to date!

This is a very unique calf with a pedigree to match. The dam's side goes back to the cattle from the One Four research station herd, which were very sought after by those who paid attention to the very low maintenance type of cattle they were trying to raise. We were fortunate enough to purchase 15 head from their dispersal sale with 101D arguably being the best producer of them all, and 43N being one of the top cows in the herd today.

101D actually raised the second high selling bull in our last year's Amigos Bull Sale at 14 years old. 43N raised a heifer that was selected by Justamere Farms in the Black Magic Sale a few years back, she also has 2 bulls working in commercial herds and 2 other daughters in herd.

I'm not going to say too much about Net Worth other than I believe he and SAV Heavy Hitter to be the most powerful and structurally sound AI sires in use today. We use 7 sons as both purebred and commercial herdsires to prove that point.

I had a tough time selecting the donation heifer this year because we have been very supportive of the juniors in years past and I think we have continued to do that with this top quality calf.

- Dan Pahl

# PAHL LIVESTOCK LTD.

HORNED HEREFORDS & BLACK ANGUS

Welcome back to our Black Magic Female Production Sale.

After a two year hiatus it's time to get back to business. The break has been good for us, we really have had a good chance to increase and improve our herd with some fresh productive genetics.

The cattle we are offering are right from the heart of our replacement heifers. They are bred and raised for production and longevity, and are from structurally sound no nonsense herdsires that work in our environment. They represent such sires as Net Worth, Bennett Total and Right Time. The cattle are synchronized and bred to HF Tiger 5T, who I think is the hottest bull in Canada right now. These genetic crosses should really work well. If your choice happens to be bred by the South Shadow Bull, he is a bull that is a real herd changer as well. He has a negative 3.4 birth EPD and a huge spread on feed with a 365 index of 121. The dam comes from a cow family that has been very productive for years.

The heifer calves are right off the top and are females that everyone can use, especially the donation and ET calves. The donation heifer is out of one of our top cow families, and the ET calf is from a flush that every calf has worked very well. The third is from a first calf heifer with some new genetics that really show some promise.

Our customers have found over the years that our cattle really can make you money. In fact our cattle purchased from this sale have raised class winners at the Calgary Bull Sale and have been at the front end of some very recent big number dispersal sales. Thanks to all that have shown confidence in our cattle in the past and to those who believe in the future of our program.

Dan Pahl

SSA 4R New Elixir 18W was the lead off and high selling bull at the South Shadow Bull Sale this spring. Elixir has a -3.4 BW EPD and had a 365 index of 121. He was the longest spine bull I've seen in a long time, he has a sharp angle to his foot, lots of thickness and the numbers to be a real herd changer.

## PAHL BRED HEIFER SERVICE ::

All Pahl heifers were synchronized and bred  
 June 20 and 21 to HF Tiger 5T.  
 All heifers were then exposed to SSA 4R New Elixir 18W  
 from June 25 to July 31.  
 Bred either way these heifers will have a great calf.

Here is a neat little heifer calf from a first calf heifer. I wanted to try to find an AI sire that was unique, had some calving ease and was good enough to use. After talking to Ryan Dorran about the Lookout calves at Limestone decided to use him with nice results. The calves are moderate framed with lots of thickness and decent length of spine.

I can't say enough about the Premium cattle. Both Crossfire and Greenstone both have an awesome set of daughters, tight little udders and all milk their hearts out.

This is a calf you will want to take a look at. I flushed this old GT Max cow to Net Worth after a tremendously successful career and have not had a bad calf yet. We have 4 daughters in herd 2 bulls breeding commercial cows and we are using 1 as a purebred herdsire, PAHL Dare 2 Dream 172T. This calf has a lot of promise and deserves a second look.

You are really going to want to take a look at these Dark Shadow daughters. His dam coming Crowfoot is about as good as they get, and with Right Time and Stevenson Bruno in her pedigree you can't go wrong. The dam of 110W is another Crossfire daughter that has lots of natural thickness and depth of rib. The 111H cow raised a bull calf in 2009 that will be in the top end of the Amigos Sale and has another rip at side right now at 13 years old. She also has 2 other bulls working and 5 daughters in herd.

This is going to be a big brood cow. The Total bull is one that Justamere and I selected from Remington's sale. I really liked him because of the Duchess 31P cow, she is in the donor pen and is flat good. The 6R cow came out the Black Magic Sale from John and Jan, she has a bull working at Bar Diamond and a daughter in herd as well as a nice heifer calf at side.

This heifer would be our feature, she should be easy to find. I really think Net Worth is the best AI sire in use today. We use him AI as well as Dare 2 Dream and the new Belvin Heavy Hitter bull who is a full brother. We also use 5 sons on the commercial cows with great results. So our herd will really have a big Net Worth influence for the next few years. The dam again goes back to the One Four cows, this one just happens to go back to Rito 2100 and Miss Traveler 58 a really neat pedigree. She has 2 daughters in herd and 4 sons working commercial as well as one at Leeuwenburghs.

 This heifer goes back to 101D on the bottom side as well. She really left a big influence on our herd. The sire Dark Shadow 208T like I said before is showing great promise, you can really pick out his daughters and the sons are really being noticed in the bull pen. He has a nice calving ease EPD and the cattle really seem to explode on not a lot of feed, that's where I think we need to be in the cattle business.

**WORLD ANGUS FORUM TOUR AT PAHL LIVESTOCK**

# Remitall Farms

Welcome to the Black Magic Sale from all of us here at Remitall Farms. We've been through a lot of changes over the last few years but are still committed to raising top quality Angus cattle just as we have over the last 30 some years.

The Black Magic Sale has always been one of the elite sales in Canada and has a reputation for selling only the best from each of the contributors. Remitall Farms has four excellent show heifer calves

that will make great junior projects as well as a group of bred heifers that you could build a herd around. Our special lot is our 2 year old female with heifer calf that we are offering to you at choice.

In our offering, we have services and progeny by SAV Prodigy 8101, our feature herdsire. We are extremely excited about his first calf crop. We also have services and progeny by proven bulls like Remitall H Rachis 21R and SAV Final Answer 0035.

The Latimer families at Remitall Farms, feel very fortunate to be part of this elite sale and are excited about our sale offering. So join us on October 1st for some great hospitality and take in the Fall Classic/Autumn Angus Legacy Show on October 2nd.

What a sensational 2 year old female! Correct in every way. Beautiful udder and loads of eye appeal to make a competitive show female as well as a brood cow. Sired by the 2007 Farm Fair Supreme Champion Bull Remitall H Rachis 21R. The Rachis progeny are excelling in every way possible. The Tibbie cow family she descends from is one of the most prominent cow families in Canada. 516U's grandmother, HF Tibbie 118J, has been a prolific producer and donor cow producing numerous top females and herdsires such as Remitall Mercedes 146M and Remitall Power Drive 275P. 516U has been flushed successfully this spring giving 11 grade A embryos.

Bred April 28 and May 22 to SAV Prodigy 8101. Preg checked safe to May 22 breeding.

Truly a dynamic female to lead off our bred heifers. Lots of power and performance in a very nice complete package. Sired by Remitall H Rachis 21R, the 2006 Canadian Reserve National Champion and 2007 Farm Fair Supreme Champion Bull. The Rachis females have brood cow power, lots of body, hip and excellent udder structure. Her dam is a beautiful uddered granddaughter of OGL Battle Cry 427 128. Tip Top 16W is destined to be a great one!

Bred May 3 to SAV Final Answer 0035, preg checked safe.

Juniors take a look!!! What a sensational show heifer prospect! Very fancy, smooth shouldered with lots of hip and natural muscle. Her sire, LLB Free Wheeler 268S, was a 2008 Agribition Reserve Champion Bull and Mature Champion Bull at the World Angus Forum. Combining Free Wheeler 268S with the SAV Density daughters has yielded great results here at Remitall.

The Prodigy 8101 calves here at Remitall are pretty exciting and Marlene 50X is no exception. With loads of eye appeal and so complete in her makeup, she has all the makings of a great show heifer with a bright future. The dam is a super milking cow sired by the many times champion, EXAR Master 253. Remitall has a maternal yearling sister to Marlene 50X retained in our herd that is truly going to make an outstanding cow.

# LORENZ ANGUS

With great excitement, we would like to thank the Black Magic group for inviting us to be part of the sale.

It was in 1979 that we purchased our first Angus females, being the Caroline and Fairlass cow families. Since then we have built our cow herd primarily around these two families which is very evident in this year's sale offering. We used AI sires extensively in the beginning, but in the more recent years we have used some top herd sires naturally, we feel we have gained more uniformity and consistency by doing this.

In our early years we sold a handful of females through consignment sales, but for a number of years now we have kept the top females to improve our own herd. We are very excited to have these eight quality females on offer in the 11th Black Magic Sale. We look forward to seeing all fellow breeders in Olds on October 1st.

Richard, Joyce, Chad & Brandon

**SPECIAL ART LOT**

**THE BLACK ANGUS**

SIGNED ART PRINT BY SCOTTISH ARTIST ANGELA DAVIDSON

Many of you will remember this dramatic print as one of the presentation highlights at the 2009 World Angus Forum in Canada. The limited print edition is now sold out and this last remaining gem has been donated by James Arnott, Coul Angus, Scotland (who owns the original painting and the bull "Figo") as a fund raiser. This unframed print will sell by auction to the highest bidder during the Black Magic Sale.

ALL proceeds will go to the: • Dick Turner Memorial Scholarship Fund  
 • Alberta Angus Association

Our thanks to James for his generous donation and support of Canadian and Alberta Angus activities. Special thanks and congratulations to whomever the lucky purchaser may be!

**WWW.BLACKMAGICSALE.COM**

**LORENZ ANGUS ♦ LORENZ ANGUS ♦ LORENZ ANGUS**

**GAVIN, COLTON, QUINN & MABEL**

Welcome to the return of the Black Magic Sale, at a new time of year and a new location. We would also like to welcome our new members Remital Farms and Lorenz Angus to the Black Magic group.

This year we are offering the choice on a powerful two year old cow and her showy heifer calf, as well as a uniform group of bred heifers, most of which are sired by Belvin Rebel 33'05. The four heifer calves we are selling are all out of first calf heifers, and represent the type of production we expect out of the bred females in the offering.

After a two year break, we are excited about the changes to the sale. We would like to invite everyone, including our past customers and supporters, to Olds on October 1st for the sale, and remember that the Alberta Angus Gold Show will take place the next day, at the inaugural Olds Fall Classic Show. We hope to see you then.

The Hamiltons

BELVIN GEORGINA 52'95

This pair is definitely a sale feature. The cow, Georgina 18'08, is a powerful, deep ribbed female sired by Panther, which gives the influence of Lady Blossom 47'97, one of the most influential females at Belvin over the last decade. The dam, Georgina 60'00, is a GDAR Rolls Royce 203 daughter who is a maternal sibling to Belvin Kingpin, the 2002 Farmfair Supreme Champion Bull. The fancy heifer calf is sired by S A V Pioneer 7301, one of the exciting sons of S A V Final Answer 0035, who continues to establish himself as one of the breed's leading calving ease and performance sires. The service sire, Geis Kodiak 12T, is a son of the legend Kodiak 5R. He was selected out of the Geis Angus Bull sale in 2008 as one of the leading Kodiak sons. True to his Kodiak lineage, 12T combines short gestation and powerful growth.

Belvin Georgina 18'08 was bred May 12 to Geis Kodiak 12'07, preg checked safe.

The sire of Belvin Lady Blossom 33'10, Belvin Utah 11'08, is a calving ease bull with a -0.2 BW EPD, who was retained for use on heifers before being sold to East & West Ranching at Medicine Hat. He is sired by Rebel, and out of a Belvin Nighthawk daughter. The dam of this heifer calf, Lady Blossom 70'08 is a maternal sister to Belvin Rio Grande 53'05, the 2006 Calgary Bull Sale Champion. A maternal sister to 70'08 sold through the Black Magic in 2005 and went on to be a donor cow at Remitall.

**Chico**  
*Ranches Ltd.*

Welcome to the 11th Black Magic. Chico along with Belvin & Pahl welcome our new partners Lorenz Angus & Remital Farms and the all new steer contingent. After a two year break to strengthen the top end of our herd we are confident we have as good a group as ever. This break was good for us - note the three 'T' mothers that otherwise would have sold through Black Magic carrying service that produced Lots 50, 51 and 55.

We are proud of the yearlings in our offering which include some of the best we have ever raised. Their genetics and service to Right Answer, Quiet Lad and Game Day should make a positive impact in any herd.

After 37 years breeding Angus, we feel that our three heifer calves are what it is all about: Angus that can be competitive anywhere and then go on to become superior producing cows. If the old bones didn't creak quite so much these three calves and a couple of the yearlings would definitely be on the show road.

We know it is a busy time of year but we hope you can join us for the sale on October 1 and then take in the new Olds Fall Classic Angus show.

John, Jan, Dallas & T.J.

This is the first of three Final Answer females in our offering and their brothers met with great demand in our bull sale this year - a very smooth topped, thick and consistent group. Note the grandam, Erica Kay 31G, is also the grandam of the Lots 58 and 59 standout heifer calves. This family has really worked both for us and our buyers, including Lot 21 from Remitall.

Her three year old dam is raising whale of a Quiet Lad calf this year, so expect great things from 2W's similar service. Just take a look at Lot 57 and you'll know why we like the Quiet Lad offspring so much.

Bred A.I. May 11, 2010 to Nichols Quiet Lad T9. Exposed May 31 to July 20 to Justamere 158R Eddy 321U. Ultrasounded Aug. 3 to the AI service.

An outstanding genetic package with great performance and as structurally correct as they come. A few years back our entire show string was made up of members of this Bellemere family and there are four lots from the top of our herd in this sale. The 5W - Right Answer combination should produce something exciting whether she has a bull or heifer calf.

MVF Net Worth 113T is siring some powerful offspring at both Chico and Mountain View Farms in Manitoba and this heifer is one of the very best.

Bred A.I. May 11 to Connealy Right Answer 746. Exposed May 31 to July 20 to Justamere 158R Eddy 321U. Ultrasounded Aug. 3 to the A.I. service.

The Rito 2100 - Battle Cry combination from the Erica Kay family should make this heifer excel in maternal ability. Chico Source 2100 51S left us a wonderful set of daughters.

We were one of the very few herds in Canada to use Quiet Lad last year and we like his calves so much we used him again. He combines calving ease (BW -.6) with good size and explosive growth (YW +113). His calves live up to the "Quiet" name and have a great temperament to boot.

Bred A.I. May 6, 2010 to Nichols Quiet Lad T9. Exposed May 22 to July 20 to Justamere 158R Eddy 321U. Ultrasounded Aug. 3 to the AI service.

Another impressive Rascal x Bellemere with well-balanced EPDs. The many times champion maternal grandam 65H is still going strong at 12 years of age. Remember it was a Rascal daughter that was Champion 2-Year-Old at the WAF Young Guns Show as well as Champion Yearling at Showdown a year earlier. Rascal has also sired commercial heifer and steer show winners.

T.J. rarely comments on anything to do with cows, but he does have a knack for picking the good ones. His comment here is "maybe a little big, but I really like her." That being the case, her breeding to Right Answer should produce a powerhouse with built in calving ease.

Bred A.I. May 29 to Connealy Right Answer 746. Exposed June 13 to July 20 to Justamere 158R Eddy 321U. Ultrasounded Aug. 3 to the A.I. service.

The first and most likely the only Nichols Quiet Lad to sell in all of Canada this year. Note the exceptional EPDs and unbelievably great hair. The Quiet Lads are certainly living up to their sire's name - 9X has a very sweet disposition. She'll impress in the show ring and then she'll make a great cow as her dam and grandam are proving in our herd.

Juniors be sure to take a good look here.

*These three heifer calves are from the very top of our 2010 calf crop. They were pictured after only their second trip through the chute - one time to trim them up some and the next day to clean 'em up and snap these shots. They and their mothers were brought home from our rough hill pasture on July 26 and still hadn't had any grain on picture day. We are very pleased with the job their mothers are doing, their easy-doing genetics and the exceptional quality of each of these young females. Think what they will look like fitted for the show ring!*

An eye-catching, powerful Final Answer daughter with exceptional depth and thickness. Note the 70 lb. BW but it sure didn't take her long to catch up and surpass calves born weighing more.

A very strong topped heifer that will develop into a great brood cow. Her show career could be a long one if you wish with the Erica Kay cow family to back her up. Take a look at Lots 50 and 58 if you want a sneak peak into her future.

LOT 59 :: CHICO ERICA KAY 41X

## BLACK MAGIC JUNIOR INCENTIVE PROGRAM ::

A rebate of 10% will be sent to Junior members of the Canadian Angus Association who purchase and show a heifer calf purchased from Black Magic.

Just send a photo of the Junior exhibiting the calf to the contributor from whom the heifer was purchased and the rebate will be forwarded to you.

Please include your full address, name the shows attended and placing of your animal.

This offer is valid for up to 1 year from the date of purchase.

You don't have to win, but photos are MANDATORY.

Fall 2010 NCE Average EPDs:

BW: +2.9 WW: +39 YW: +70 Milk: +16 TM: +36 YG: +31

EPD Accuracy: P = Parental Averages

## BLACK MAGIC TERMS & CONDITIONS ::

**CATTLE INSPECTION:** All carry identity tags that correspond to the sale lot numbers. All cattle have CCIA RFID buttons.

**PREGNANCY:** Examinations have been conducted on all serviced females.

**BREEDING GUARANTEE:** All cattle are sound and sold with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

**HOLDING AND SHIPMENTS:** Cattle may be held until the Olds Fall Classic is complete - please instruct the clerks at settlement time. Joint shipping arrangements to attain minimum shipping cost will gladly be made by the consignors if instructions to that effect are provided when settlement is made. Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care.

**ALL CATTLE ARE SOLD:** Subject to tests required for export by the Canadian Food Inspection Agency, Health of Animals Act and Regulations.

**INSURANCE:** Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representative on sale day

**TERMS OF SALE:** Are cash or cheque at par, payable to clerks of the sale on sale day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from shipment for whom payments have not been received prior to departure times.

**ALL PERSONS** who attend the Sale do so at their own risk, and the owners, sale staff and Olds Agricultural Society assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
