Welcome to our annual bull sale, this will be our 19th year selling bulls. We would like to thank all of the producers who have supported our sale and made it such a success. We are pleased to offer yearlings and two year olds from AI sires and walking bulls. Many of the genetic packages we have on offer, we have working in our herd and we hope that you will find them to compliment your cowherd.

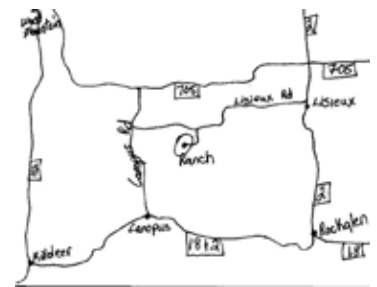

We once again have guest consignors Dry Fork Cattle Co., Riley, Mark and Dianne Keller, offering 5 Angus yearlings, D & B Faucher Farms, Dave and Brenda Faucher, offering open replacement heifers.

Please bring suitable footwear to wear when viewing the bulls prior to the sale in the pens they have been wintered in. The bulls will not be clipped prior to the sale because we feel it is important you see them in their working clothes. The pictures will be displayed on a Power Point Presentation during the sale. Videos will be posted online prior to the sale. Please keep in mind that our facility is not heated, so dress appropriately for Saskatchewan spring weather. If you are not able to attend the sale, we would be happy to assist you in any way we can to make sure you get a chance to bid.

We retain 1/3 interest and the right to draw semen on any of the Borderland Cattle Company bulls at our expense and your convenience. We will provide whatever assistance we can for delivery within the province of Saskatchewan. Bulls sold outside of our provincial borders, cost will be shared with the purchaser. We will keep the bulls until May 1 at no charge. There will be a boarding cost after May 1.

**If you have any questions, please do not hesitate to contact us.
See you March 25,

Big Rig is a powerhouse of a bull. He is from our biggest cow that packs a punch in every calf. He has a bigger birth weight but he will add pounds to your calves in the fall. At birth he was extremely long and I wouldn't be afraid to use him on cows.
