Blair & Brody Brooks with Grandpa Don Henderson

## WISH BONE CATTLE CO.

Welcome to the 11th Annual All Black Bull Sale! I hope everyone has wintered well. So far it has been an amazing fall and very mild winter to date as I write this.

We are very excited about the bulls on offer in the sale this year; all bulls on offer are from years and years of Harvey Bowerman's program. As my commercial numbers have grown I have used more of this breeding in our own program and seen the benefits, raising calves unassisted, weaning steer calves that perform very well and heifers calves that make terrific mother cows.

All the bulls that have been listed as heifer bulls have been used by us on our own heifers as we have confidence that they will work. All the bulls have been wintered on free choice hay and screening pellets, we have tried to develop these bulls slow so they can last and perform for years, yet meet full potential come sale day. I hope we can continue to have a beautiful winter and maybe stretch the hay out this winter as there seemed to not be a over abundance of it.

I would like to thank all of last year's bidders and buyers. We look forward to seeing everyone again this year at the sale and hopefully before, feel free to stop by and view the bulls or phone with any questions about the sale or the bulls.

Blair and Rachel Brooks

Heritage Award presented to Harvey by Saskatchewan Angus

## BOWERMAN BROS.

Hello Folks,

Hope this finds everyone well. As the days stretch out we're looking forward to another spring while I manage and run my own cowherd. Blair manages my bull calves with his weaning to sale time.

Blair is an outstanding stockman, with experience and knowledge beyond his years. I am very fortunate.

Our sale offering is the very top of our production. Please feel free to stop by or call any time.

Sincerely,  
Harvey Bowerman

Harvey

Nugget has been an outstanding sire of superior females and herd bulls. His sons are making their mark in great herds such as GBT Angus, Rinas Stock Farms, Crowfoot Cattle Co., Phil Campbell Ranch, Hill Fire Angus as well as some of the most progressive commercial herds in Western Canada.

Nugget bred natural service for 10 years. He is now deceased.

## NESSET LAKE ANGUS

Ivan & Julie Demmans & Family

We are pleased to be hosting our 11th Annual Black Angus Bull Sale at the Meadow Lake Stockyards. We are more excited than ever to bring you our top bull selections and eight heifers from the heart of our replacements. This past year has seen all time highs in the cattle market and it is exciting to be a part of this upswing in the industry!

This fall we weaned September 19th, a month earlier than other years. The bulls have been fed a Co-op Feeds Elite Breeder ration and free choice hay. This is the first year feeding this ration and we feel the bulls have excelled more than ever. The bulls have been vaccinated spring and pre-weaning with Bovi-Shield Gold One Shot vaccine. We also gave Inforce 3 in November to aid in the prevention of respiratory issues. We experienced a drought this spring and didn't have rain until mid July. The pastures turned into an oasis afterwards and we ended up being able to graze well into December. This was a blessing as our hay crops were 2/3 less than the year before. For reasons like this, we select for low maintenance cattle. We run a family operation so temperament is also an important trait in our herd.

We were very disappointed to lose our herd sire HF Sequal 40Y from Hamilton Farms due to injury this fall. We have a bank of semen on Sequal and will continue to use him as much as possible.

Ivan continues to travel on a yearly December trip to Montana bull studs and Midland Bull Test in search of new herd sires. All of the AI sires we select have a balance of calving ease, fleshing ability and strong maternal traits.

Ivan is no longer working off the farm and can now enjoy more time with the cows. Jenna and Chris live in Smiley and continue to operate CJW Trucking Ltd. hauling cattle or grain. They enjoy coming to Meadow Lake with their girls, Madison and Jordynn, to help with branding, hauling cows, weighing, clipping and blowing the bulls and heifers for pictures or sale day. Lacey completed her Animal Health Degree majoring in Food Animals at the University of Alberta in April 2015. She returned home in November to work at LaBrash Veterinary Services in Meadow Lake. She has been a big help with day to day operations around the farm and teaching us how to work our new automated weigh scale system! Until we have our new system mastered, our ADG may look erratic at times.

Thank you to all of our past buyers and we look forward to seeing you again this year. Anyone interested in viewing the bulls or heifer pens can stop by anytime for a visit - the coffee is always on. For the first time, we videoed the bulls and there will be YouTube link shown throughout the catalogue. We are looking forward to meeting and drinking green beer with you on sale day!

## ISLAND HILL ANGUS

Sheldon & Lori Shkopich

Sheldon and Lori established their pure bred business only a few years ago. Sheldon continues to work at Meadow Lake Mechanical Pulp and Lori is a Clinical Resource Nurse at the Meadow Lake Hospital. The family continues to stay active with their oldest Jade in Portage College taking the LPN course, Kira at Lakeland College enrolled in the University Transfer program for Elementary Education, and Cassidy in grade 11 and remains active with rugby and equestrian jumping. The little ones - Emery is in grade 1 and is busy with gymnastics and violin lessons. Beckson is 2 years old and loves to be out with the cows and in the tractor with his Dad.

Island Hill Angus continues to develop; Sheldon and Lori have a good group of Final Answer bull calves to offer this year. With hard work and dedication they will continue to produce top quality purebred Black Angus cattle. We look forward to seeing you all on sale day!

Sheldon, Lori, Jade, Kira, Cassidy, Emery & Beckson

## Notes

## Terms & Conditions

**CONDITIONS AND GUARANTEE:** All entries sell with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute whatever, regular TERMS AND CONDITIONS recognized with Sales Management shall apply, and in accordance with the Canadian Aberdeen Angus Association Code of Ethics. **CATTLE INSPECTION:** All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

**ANNOUNCEMENTS:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

**EVERY ANIMAL:** Sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

**RELEASE:** No cattle will be released until the conclusion of the sale. Each animal becomes the risk of the purchaser as soon as sold.

**INSURANCE:** Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the Clerk's desk from the appointed representatives on sale day.

**TERMS OF SALE:** Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received.

**ALL PERSONS:** Who attend the Sale do so at their own risk, and the Owners, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

### REMEMBER:

- Free Delivery on bulls up to 300 miles, the rest at the cost of fuel.
- All bulls will be kept until May 1, 2016 at no cost to the buyer.
- Bulls must be insured for death loss.
- \$150 credit per bull picked up on Sale Day.
- Sale weights and scrotal measurements available Sale Day.
- Practical, Predictable and Profitable - Conception to Consumer.

Please bring this catalog with you to the sale

### EPDs:

- Expected Progeny Differences are values that predict how the future progeny of an animal will perform relative to the progeny of other animals in the same breed.
- Are expressed in the units measured of that particular trait. For example, weaning weight is measured in pounds thus the weaning weight EPD is also expressed in pounds.
- Allow a fair comparison of breeding value by removing environmental bias such as climate, feed and special management.
- Are the best tool available to compare animals between herds, countries and year of birth.
