Harvey

Dear Friends,

Welcome to our 18th Annual Bull Sale. Hopefully this note finds everyone well.

For me this marks 40 years a commercial cattleman, 35 years a seed stock producer.

Being a commercial man at heart has led me down a lifetime path of learning what it takes to produce a seed stock herd, of efficient, productive mother cows. Our cows are wide based, deep, broody yet attractive, they calve unassisted wean a 650 lb. calf at 200 days every year and have for many years with a low level of management.

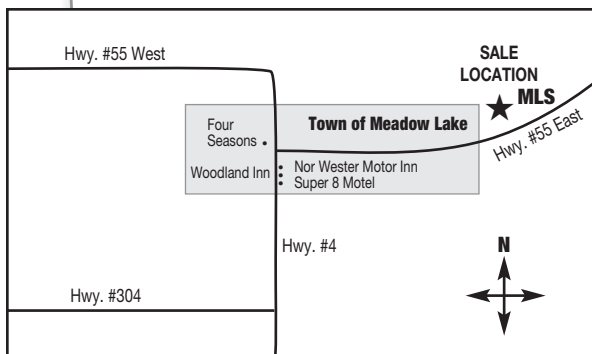

The herd sires in our reference section are all owned by us and have walked our pastures, many of them longer than 10 years. I feel this fact is very important to assess their genetic worth. Sires merits are proven only by his sons and daughters.

The seed stock we offer in this sale is the best of our production, and none have been sold prior. They reflect generations of intense selection for a balance of performance, maternal ability and phenotypically sound cattle in uniformity. Cattle that do well on only forage will also excel on high-energy rations. Therefore, through selection of breeding stock you can produce very superior females, but also feeder steers that gain fast efficiently and marble well to produce a very high quality beef product for our ultimate customer, the consumer. The total program conception to consumer.

Call or stop by anytime.

Sincerely,
Harvey Bowerman

P.S. Roast Beef lunch will be on at 12:00

BLACK ANGUS BULL SALE

NESSET LAKE ANGUS

Ivan, Julie, Jenna & Lacey Demmans
Box 225, Meadow Lake, SK S9X 1Y2
PH: 306-236-6058 Cell: 306-236-8086
Sheldon Cell: 306-240-5011

We are pleased to be hosting our 9th Annual Black Angus Bull Sale at Meadow Lake Livestock Sales. We would like to welcome Blair Brooks of Wishbone Cattle Company to our sale. We are excited to bring you our top bull selections and two heifers from the heart of our replacements. The positive outlook in the agriculture industry is one we have not seen for a number of years. Many of us do not remember 600 pound steers bringing over \$1100 and replacement quality heifers nearing \$1000. With the national cow herd numbers being at an all time low I don't see these prices changing any time soon. It will be exciting to be a part of this upswing in the industry for the next number of years!

The bulls have been fed a ration of 14% range pellets and free choice hay. We feel that these top end bulls in the sale have excelled at a high rate of gain on this ration. The bulls have been vaccinated spring and pre-weaning with express vaccine. The AI sires we have selected have a balance of calving ease, fleshing ability and strong maternal traits.

Our cows swath graze until mid-December so we select for low maintenance cattle. We run a family operation so temperament is also an important trait in our herd.

We are very pleased with the progeny from our new herd sire HF Sequel 40Y from Hamilton Farms, which we paid \$22,000. HF Sequel is a Kodiak 5R son and is also a full brother to HF Prowler 43U who was purchased by Boss Premier Cattle in Nebraska. We are offering 14 Sequel yearling bulls and 2 Sequel yearling heifers – we feel they will be a positive addition to anyone's herd! We also had the opportunity to send 8 heifers to Russia in September. It is exciting to have breeding stock exported and hopefully this opens doors for the future.

Jenna and Chris continue to live in Smiley and keep active with their two little girls, Madison and Jordynn. They come as often as work allows, helping us with branding, hauling cows, cleaning corrals and baling. We always have many odd jobs to catch up on. Lacey is attending her 3rd year at the University of Alberta taking Animal Health. She worked as an intern this past summer for Dr. Janzen at the University of Calgary Vet School doing research and case studies. This summer she will be working for Livestock Gentec in Edmonton. Sheldon and Lori and their four girls welcomed a new baby boy to their family on January 3, 2014 – Beckson Carter. He won't lack for attention with four older sisters, who will teach him all the aspects of hunting, fishing and 4-H. Their oldest daughter, Jade, is in her 1st year at U of S, Kira is in Grade 11, Cassidy in Grade 9 and Emery starts Kindergarten in the fall – a busy household!

We hope that Mother Nature cooperates for the sale this year as 2013 saw a major blizzard! We are thankful for modern technology of telephone and internet that allowed us to have a successful sale, and also our great local customer base. We would like to take this opportunity to thank all of our past buyers and look forward to seeing you again this year. We invite anyone interested in viewing the bulls or heifer pens to stop by for a visit, and the coffee is always on. We are looking forward to meeting and visiting with you on sale day.

We purchased Sequel because we felt he was phenotypically correct and would breed true like his great sire Kodiak 5R. With his dam HF Rosebud 98P's track record, he should produce daughters with great dispositions, have awesome udders, and wean heavy calves.

This bull is a full flush brother to our Final Answer 22X bull. Flush brothers also sold to Don Grigo, Marcel Cheze and Kaiser Farms in our 2011 Sale. His dam always maintains her condition and brings in one of the top calves every year. This bull is long bodied and has ample thickness. The 22X bull has done a great job here at Nessel Lake and his calves will add dollars to anyone's bottom line.

It was a very difficult decision to part with any of these Sequel daughters because Sequel's dam seems to click with anything she is bred to. I believe this consistency will pass on to his females, along with his awesome disposition.

Notes

EPDs:

- Expected Progeny Differences are values that predict how the future progeny of an animal will perform relative to the progeny of other animals in the same breed.
- Are expressed in the units measured of that particular trait. For example, weaning weight is measured in pounds thus the weaning weight EPD is also expressed in pounds.
- Allow a fair comparison of breeding value by removing environmental bias such as climate, feed and special management.
- Are the best tool available to compare animals between herds, countries and year of birth.

Terms & Conditions

CONDITIONS AND GUARANTEE: All entries sell with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute whatever, regular TERMS AND CONDITIONS recognized with Sales Management shall apply, and in accordance with the Canadian Aberdeen Angus Association Code of Ethics.

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

EVERY ANIMAL: Sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

RELEASE: No cattle will be released until the conclusion of the sale. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the Clerk's desk from the appointed representatives on sale day.

TERMS OF SALE: Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received.

ALL PERSONS: Who attend the Sale do so at their own risk, and the Owners, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
