Brandl Cattle Co.

**Black Angus & Red Angus
Bull Sale**

March 5th, 2011

Live Video Auction - 3:00 PM

At the Farm - Jarvie, AB

**Planning for
the Future**

Welcome

Once again it is our pleasure to welcome you to the Brandl Cattle Co. Bull Sale. This is our 9th annual sale and our 35th year of raising Angus cattle. This year is exceptionally exciting for us as we will be hosting the sale in our new sale barn right in the yard.

Please note the change in format. This years sale will be a live auction. The sale will start at 3:00 PM and the bulls will be broadcast on video for the sale. Internet bidding will also be available. We have found that as we continue to sell more bulls each year it is necessary to make some changes in our efficiency. As always it will remain an event that you will not want to miss!

This years offering of bulls is as strong as ever and genetically unique. Bulls designed to influence the future of your cowherd and improve your bottom line with less inputs. We have a great selection of yearlings born in January and February, so these bulls will all be 17 – 18 months old when most of you are breeding. We also have a selection of older bulls as well.

It will be our honor and pleasure to have you appraise our cattle on March 5th. It promises to be a day of fellowship with cattlemen, good times, good cattle, plenty of food and fun as the sale will be followed by a roast beef supper and entertainment by musician and comedian “Ben Crane”

If you have any questions please feel free to contact us or any of our competent sales staff. Remember bulls have the greatest economic impact on your breeding program.

We look forward to seeing you March 5th,

Byron & Gwen

New!! Live Auction Video Sale

We are changing our sale format for this year's sale. We are going to hosting a live video auction sale in our new sale facility on the farm.

With this new format we will have a live auctioneer and a starting sale time of 3:00 pm. with supper and entertainment to follow.

During the sale video clips of the bulls will play on the big screen, and the bulls will be displayed just outside the barn in their regular pens.

This sale format is very successfully and we feel that is the best way to keep stress low on the cattle. If you have any questions please call BCC.

**Video Clips for Sale lot
available at: www.cattlevids.ca**

Sight Unseen Purchase Plan

We would like you to attend our sale, but if you can not you can have Byron personally handle your purchase. Call him with your specification and discuss the offering, preferably a week before the sale. Byron will gladly assist you with your sale selections and represent you on sale day. We guarantee full satisfaction upon delivery or you don't own them.

Bull Delivery Options

Option 1 - Immediate Pick Up

Buyer takes immediate possession and transports own bulls within 3 days of sale and receives a \$50/bull discount on the purchase price.

Option 2 - BCC Delivery

Brandl Cattle Co. will deliver bulls free of charge at our convenience following the sale with in 500 KM of Jarvie, further will be at cost.

Option 3 - BCC Development

Yearling bulls can be left at Brandl Cattle Co. at the buyers risk at a charge of \$2.00/day until buyer wishes to transport own bulls. Insurance recommended.

Note: All bulls two years and older must be in buyers possession by April 1, 2011.

Volume Buyers Discount

2011 Volume Discount - 3 bulls 3%, 4 bulls 4%, 5 or more bulls 5%

Footrot Vaccine

All Brandl Cattle Co bulls selling in the 2011 sale have received 2 shots of hoofrot vaccine, this is to help keep the bulls working for you our customers.

Freeze Brand Number

All bulls carry the 5 point star brand on the left shoulder - BCC Brand of Quality and an individual freeze brand with their own number....no more reading tattoos when the bulls loose their ear tags!

Semen Testing

All of the bulls selling will have satisfactorily passed a semen test by Roy Lewis, DVM - Westlock, AB prior to sale.

Lets start this off with a bang! Premium Edition is a 3 year old herdsire in his prime. We have used him the last two years and he has proven to offer exceptional calving ease and phenominal performance. To date his male calves have averaged 81 lbs at birth, 753 at 205 days and 1255 at 365 days with a weaning index of 117 and a yearling index of 105. We have used Limited Edition, Special Edition and Premium Edition quite heavily and only because we've retained many daughters from each will we part with this great young bull. His dam 88J is an ELITE female with 10 calves having a 107 weaning ratio.

A rare opportunity indeed! No semen was ever sold on the 2009 Agribition Grand Champion Fort Rock. Only through our good friendship with Bryan Mackenzie who owns part of the bull were we able to breed our donor cow Lynn 31'97 to him. Lynn was one of the most fertile milk machines to ever walk Brandl pastures and is now a donor cow for Blairs.Ag in Lanigan, Sask. Note that she is not only the dam of these two ET calves, but the grand dam of Premium Edition as well.

Southolm Accutron was a popular bull in the early 1990's. He has proven himself as a calving ease sire that will improve udders and feet. Many of his daughters are ELITE females and have lasted into their teenage years. 15X descends from Georgina 96M who produced until she was 19. Georgina 15K was an ELITE female headed in the same direction until a snow loaded cattle shed fell on her this Winter.

Simmental / Angus Hybrid Bull

In 2009 our kids pooled their resources and purchased a Black Simmental bull from Barclay Smith. We showed against him as a calf and in fact he was the Supreme Champion Bull at Mayerthorpe Fair. They bought him to breed their commercial cows but I couldn't resist trying to raise a few good hybrid bulls as well. I think this 56 is pretty darn good. If you have kids in 4-H I think they'd be better showing this guys sons than showing against them!

Just Like the black section, let's start the red section with some power too. How about this proven herd sire consigned by Keith & Sue Anderson from Carnwood Red Angus, Drayton Valley. They purchased this bull in our 2009 sale for \$4600. With their herd being smaller and them retaining daughters from 98T they have decided to move him while he is in his prime. Sons of 98T have averaged 72 lbs at birth and an excellent 723 at 205 days. This bull is stout, easy fleshing and made right. Sired by the 2004 Farmfair Supreme Champion Bull and from an ELITE dam. Maternal brothers include a \$4500 bull to Abraham land & Cattle, \$4600 to Blaine Dunlop, \$3000 to L4L Ranches and another to Ben & Hendria Hoppers.

Jan 3 Wt.	1735

We selected this bull out of the Shoderee dispersal to use on our heifers. He is sired by the high selling bull at the Signature Series Bull Sale in 2008. These cattle are moderate framed with excellent feet, hair and temperament. 38W had a yearling index of 118. This is a calving ease sire with the ability to produce high maternal, easy fleshing cattle that can grow.

You don't make them any deeper, thicker and smoother without them being fatter. This is a well muscled trim fronted bull with a proud herdsire look to him. We used Emperor ourselves last year. He had a weaning index of 108, yearling 109 and an ADG of 3.8 lb/day. To the new owner – if location and breeding seasons co-operate we may be interested in purchasing back an interest in Emperor.

Terms & Conditions

CATTLE INSPECTION: All carry tags corresponding to the sale lot numbers. All bulls will be available for viewing prior to the sale.

BREEDING GUARANTEE: All bulls are sound and right and sell with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Angus Association shall apply.

TERMS OF SALE: 50% cash or cheque payable to Brandl Cattle Co. on sale day and a post dated cheque for the remaining 50% dated April 1, 2010 or pay the full amount at time of sale. No release will be given until satisfactory settlement has been made.

VOLUME DISCOUNT: 3 bulls 3%, 4 bulls 4%, 5 or more bulls 5% on total Purchases.

INSURANCE: Ownership risk to purchaser commences immediately. Livestock insurance will be available sale day.

LIABILITY: All persons attending this function do so at their own risk, and the owners and sale staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

ANNOUNCEMENTS: Errors discovered in this catalogue will be corrected by announcements at the time of the sale and such corrections will take place over all printed material.

DELIVERY: Three options for Delivery **OPTION 1:** Buyer takes immediate possession and transports own bulls within 3 days of sale and receives a \$50/bull discount on the purchase price. **OPTION 2:** Brandl Cattle Co. will deliver bulls free of charge at our convenience with in 500 KM of Jarvie, further will be at cost. **OPTION 3:** Yearling bulls can be left at Brandl Cattle Co. at the buyers risk at a charge of \$2.00/day until buyer wishes to transport own bulls. Insurance recommended. **Note: All bulls two years and older must be in buyers possession by April 1, 2011.**

- All bulls will have passed a semen test prior to the sale. Roy Lewis, DVM - Westlock, AB prior to delivery.
- Sound cattle with good feet, legs and fertility. Cattle bred for reality, not purebred fads.
- All Brandl Cattle Co bulls selling in the 2011 sale have received 2 shots of hoofrot vaccine, this is to help keep the bulls working for you our customers
- Quality before quantity - No steers with nuts. All of our \$1500 bulls are steers!
- Uniformity - starting with a predictable cowherd, our bulls are bred similarly. Many 1/2 and 3/4 brothers.
- We plan on staying in the business for a long time. Satisfied customers will keep it that way.
