# Terms & Conditions

**Terms** – The terms of the sale are cash or cheque payable at par to Balog Auction Services Ltd. at Lethbridge, AB, on Sale Day. The right of property shall not pass until settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released.

**Bids** – Every animal entering the ring will be sold to the highest bidder.

**Disputes** – In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**Announcements** – Errors discovered in the catalogue will be corrected by announcements from the Auction Stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

**Certificate Of Registry** – A certificate of registry duly transferred will be furnished to the buyer for each animal after settlement is made.

**Health** – All animals in the sale have met all necessary health requirements. All will be guaranteed eligible for US Export.

**Semen Interest** - We as breeders reserve the right to draw in herd semen use on any bulls sold in this sale at our expense and buyers convenience.

**Breeder's Guarantee** – Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association and Canadian Hereford Association with regard to health,

freedom from defects and from both reproductive and specific genetic unsoundness. All Long Yearling Bulls will have been Semen Tested prior to the sale.

**Accidents** – Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer nor any owner assumes any responsibility in this matter and disclaims any liability, legal or otherwise, in the event of accident or loss of property.

**Liability** – Balog Auction is acting as agent only and assumes no responsibility for representations made by seller. Purchaser must look to the seller for fulfillment of all guarantees and representations made hereunder.

**Wintering, Export, Delivery or Sale Day Pick Up**

– All bulls can go back to the consignors for wintering with delivery starting March 1st. If the purchaser takes his bulls home from Balog's on sale day there will be a \$200.00 per head discount. Assistance will be given loading these purchases out after the sale is over. If you can take delivery of your bulls within a couple weeks following the sale there will be a \$50.00 per head discount. Delivery is free in Canada up to 300 miles, at cost after that. Bulls exported to the US will be taken back to the contributors for testing and delivered to the Sweetgrass Port of Entry. Any additional expenses including duty, brokerage fees, testing, transport from the Port of Entry, etc. are the responsibility of the buyer. Purchasers are requested to furnish shipping, wintering and delivery instructions when making settlement.

**Insurance** – We recommend insuring all of the Bulls purchased. All bulls being wintered by a contributor must be insured.

We would like to welcome everyone to the 2nd annual British Connection Bull Sale! Jody and I along with our two boys Cody and Logan would like to thank everyone that attended our sale last year! It meant a lot to us to see so many faces, new and old! We enjoy raising cattle that have great performance and lots of muscle, while maintaining a sound functional mother cow that will last for many years! I hope you take the time to come and analyze this outstanding group of performance bulls, along with a great group of heifer bulls! All bulls will come back to our place to be wintered gently, and be delivered to you in breeding shape after they have passed their semen tests! Feel free to call or come to the ranch at any time to view the bulls along with the mother cows and herd bulls! We look forward to visiting with you and seeing you at the sale Dec.2!

This guy has turned a lot of heads all summer alongside his dam! He is super stout, has a ton of length and depth, while moving like a cat for a calf of his size and power! He is the heaviest calf ever weaned at BJ Cattle Co. at 1060 lbs.. His dam is a powerful cow that has nice size and power while maintaining a great udder. He has a weaning index of 120, and is a great way to start off the Bulldozer sire group!

BJ's BULLDOZER 418 as a 2 year old

Different twist here! We love what this guy brings to the table for the Hereford industry! Moderate BW, great pigment, length, balance, and truly backed by some of the best role model cows! There udder attachment, and milk flow are among the best. Sired by the 1098Y bull that sold in Holden's sale in 2012 for \$102,000! 1098Y is a powerful curve bending bull that consistently produces outstanding pigment, length, volume and style! 1D's dam is the best female we own and feel she is just getting started. Her 15Z heifer calf this year is the kind that looks like it could compete in the show ring or be the next cornerstone female! This guy will inject some pigment, length, meat, balance and you will want to retain every female he gives you!

We would sincerely like to thank ALL those who attended and participated in any way with our first sale last year! We feel privileged to count you among our friends. It surpassed our highest expectations. We look forward to seeing you and many new faces again this year. We also thank our Sale Partners for making this venture a success. For over 60 years our Ranch philosophy has been the same. Raise sound, practical, low maintenance, profitable cattle that work in a wide variety of environments. We've never chased fads, we cull hard, use common sense, total performance data and ultrasound to build our herd. Approximately 250 Registered Females are being bred annually. Approximately 25 bulls are being kept annually. That means ONLY about 25% OF THE BULL CALVES BORN MAKE IT AS BULLS and ALL of them will offered in the British Connection Sales. We invite you to come inspect the cowherd anytime and we look forward to seeing you all December 2!

High Selling Van Newkirk bull that we bought the Canadian Semen Rights on. His EPD profile is Elite in the Breed. All his Performance, Milk, Maternal and Feedlot Merit EPD's are in the top 1% of the entire breed. 3077 has bred beyond our expectations. His daughters are the best group of Bred Heifers we have ever had on the ranch, his sons are standouts in the offering for performance, eye appeal and markings. We used two of his sons in our own program this past year. No matter what part of the program you would like to strengthen these cattle can do it. **9 Sons Sell.**

A real red bull with that great Birth Weight to Weaning and Yearling Weight spread. His Birth Weight EPD is well below breed average and all his Performance, Milk, Maternal and FMI EPD's are all well above Breed Average. His own performance combines a 80lb Birth Weight with a 109 Weaning Index and 115 Yearling Index. The dam has a daughter in the herd and another good bull calf. **Pigment RE 100% LE 100%**

Dam of 84D

A Feature Bull that I used on some top cows this year, he bred hard and held condition very well. He is a little more moderate in frame, but is number 1 in the group for performance for both Weaning and Yearling with a 122 Weaning Index and 124 Yearling Index. He has a terrific set of balanced EPD's, lot's of eye appeal, good hair, wide top and hind quarter. The dam's other two calves are both replacement heifers.

A Feature Bull that some visitors say may be the best in the group. He combines top end individual performance with breed leading EPD's. Weaning Index 118 Yearling Index 121. He is very easy to look at with extra length, great muscle shape and straight lines. The best part may be the dam. Her first calf was one of the High Selling Feature Bulls last year to Clinton and Darryl Brost, this is her second and her third is a top calf for next year's sale. Her full sister produced the 2017 Calgary high selling bull for Hirsche's.

Welcome to the second annual British Connection Bull Sale. Our family has raised registered Herefords since 1944. We have always managed our place much like most commercial ranches - the performance of these cattle is very attainable in most operations. We are excited to be offering the first sons from 2 bulls we bought at the 2015 Calgary Bull Sale. Our entire group of coming two year olds are offered here in the British Connection Bull Sale. They are summered on grass and brought along with their future in mind. We look forward to seeing you on December 2! If you need more information please feel free to contact us or stop in at the ranch!

Welcome to the 2nd British Connection sale. We are excited to partner with our friends to bring you another outstanding set of bulls. It was a bit of a challenge for these calves climate wise, born into -20's and summered with many days over +35. None the less we are pleased with the set that we are bringing to town for your appraisal. As always we are looking forward to visiting with our friends and neighbors sale day or for a visit at the ranch before.

37W is a moderate cow that never fails to bring in a top calf. This year is no exception. This calf is extremely smooth and stylish.

Nice solid calf. These younger calves can get passed over sale day, but take a look, they will only get better looking every day you own them.

This is the youngest calf in the sale. But you would never be able to guess that by looking at him. This is a high performing, early maturing guy.
