Group Name: SSS/Lazy MC

\$116.99/night OCT. 14 release date

45 minutes from Calgary International Airport

Video Sale

All females will be video'd ahead of the sale. Video clips of the sale lots can be viewed on line at www.sssredangus.ca or www.lazymcangus.com. We can alternatively send you a DVD if your internet connection is incapable. The auction will be conducted using large screen video. All females will be penned near by for ease of viewing. Video production by Morton Molyneux, Lethbridge, AB - 403.327.2612 - www.k2com.com.

Directions to Sale Barn

Sale to be held at the SSS Red Angus' North Sale Facility

From Cochrane: Head South on Hwy 22 approx. 10 miles where #22 and #1 (Trans Canada) meet. Take the #1 West towards Banff - go approx. 10 miles to Sibbald Creek Trail Exit, take a right then right again on the gravel road and follow the signs.

Terms

Payment due at time of purchase. All cattle sell under the standard terms and conditions of the Canadian Angus Association. EPD's in this catalog are the most recent available at press time. Any announcements made sale day supersede information printed in this catalog.

Welcome

On behalf of the Lazy MC and SSS crews we would like to invite you on Saturday, October 29 to attend the "Cow Girls" Sale.

We have an outstanding set of Red Angus cattle for sale. Heifer calves that represent some of the newest exciting

genetics available. Bred heifers from the top of our programs backed by years of foundation cow families, carrying service to breed leading calving ease sires; cows and donors that have earned their way to the top of our herds backed by unequaled production.

At Lazy MC and SSS, our primary focus has been on herd improvement for the commercial cattleman, who produce cattle for the real world. We have achieved this by using all the available technologies within the industry to evaluate the genetic value of our cattle. We are proud to offer these genetics to our fellow seed stock producers.

Presently we are enjoying truly exciting times in the cattle industry. Prices received by ranchers have risen this fall with all the indicators predicting that trend to continue through the next few years. Record low cattle numbers coupled with the increased foreign demand have affected the industry's ability to retain replacement heifers. Owning young genetically advanced cattle will be the best way not only to advance your seed stock program, but to guarantee the ability to capitalize on the positive market trends.

Lazy MC/SSS would like to extend a special invitation to our Junior Angus Breeders. We are offering a 10% discount on any heifer calf purchased from our sale. Details can be found in the back of the catalogue. We are excited to support the Junior Breeder through this program; our juniors are the key to the breeds' future success.

If you have any questions please feel free to give us a call. We would be happy to discuss the sale offering with you. Thank you in advance for your support and interest in our programs.

Regards,
The Sibbald & Morasch Families

We are very pleased with the consistency and quality of the Cowboy Cut offspring! The sons in our 2011 bull sale avg'd \$5250, and they also topped the Bar-E-L spring bull sale! His first daughters sold very well last fall for a \$4000 average and his limited semen averaged \$200 per straw! They offer a little more performance with great dispositions and phenotype. He has had a very rewarding show career and the semen sales have been amazing.

Owned by Lazy MC, Mile High, Bar-E-L and Solution Genetics

5L GRAND ALLIANCE 101-5226 SSS GOLD EDGE 11M
5L QUEEN ESTON 101 RED SSS GOLDEDGE 450E

Twitch is proving his worth with every calf crop. Besides offering a new twist on pedigree he is siring females with the depth, capacity and phenotype we are looking for. His progeny is averaging WI 101 YI 103 on 30 calves to date. Behind every herd bull there should be an even better mother. 11M is one of the most recognized females at SSS. Her enormous depth of rib is the first thing visitors notice. She is a maternal sister to Big Sky 430K a herd bull at Towaw. Two bred heifers and one heifer calf sell in this sale. Semen available.

'Game On' has the foundation you can build on. His foot and leg structure would rank with the best in the industry. He is a free moving, athletic sire that is smooth shouldered, long bodied with beautiful neck extension. He has the extra top and hip shape the breed needs. We are very impressed with his first calves, they are born easy and grow. His phenotype is complimented by his balanced EPD's ranking him in the top 25% or better, on 9 of 11 traits monitored by the RAAA. He is a paternal brother to 'Code Red', the \$54,000 high selling bull at Piepers' 2010 spring bull sale. His donor dam at Piepers' has a MPPA of 103 with average ratios of 97 for birth, 104 WW, 104 YW, 108 IMF, 100 for REA. Be sure to check out his 3 fancy heifer calves in the sale offering.

Co-Owned with Pieper Red Angus , Nebraska

Lookout was our top selling bull in 2011 at \$16,200 to CK Farms, Angelton, TX for half interest. He is an exciting out-cross sire with excellent calving ease and performance. His sire, 37U, is a maternal brother to Red Lazy MC Cowboy Cut 26U and dam, 84U, is our top Direct Design daughter and donor, with featured embryos selling today. This is the first semen to sell on this young sire and by sale time there should be sexed semen available!

This herdsire has done a great job in the Howe Red Angus program and has had a great average on sons sold in both of our bull sales. His dam, 70R, was a top selling cow in Red Roundup at \$8700 to Corner Creek Red Angus and has been a very successful donor in their program. 18T was lost prematurely, so his semen is limited. This package is a great opportunity to access his powerful genetic merit.

This sound, dark red young female with extra depth and thickness was admired by many at last years Red Roundup. Kent McCune was so impressed with this young female that he added her dam, 37R, to a package of donor females he put together for Wildcat Creek last winter. Soldier's first calf crop is exceptional, his calving ease combined with the muscle definition and easy fleshing of his offspring, make them very salable. Just imagine how impressive this mating could be. Owned by: 3-Jay Farms, Cochrane, AB

These embryos match two very exciting individuals, outcross genetics at their best! Sparkle 2U was at side of her dam, Red Lazy MC Bess 12S when they were named RBC Supreme Champion at Agribition 2008. She has continued in her mother's footsteps, and was 2011 Summer Synergy and Provincial 4-H Supreme Champion female this past summer for Laurie. Just take a look at the fabulous, well balanced epds that this mating contains, as well as the phenotype, performance, and strong Black Angus genetics. We are very proud to offer these embryos!

RED SSS ROSE 634P

This powerful daughter of Pursue earned her "Elite Dam" status in 2010. Her record on 5 calves Avg WI 105 Ave YI 105. Her daughter, 84U, was our consignment to the 2009 Red Roundup and was purchased by Scott Knaub in Montana. Two other daughters have been retained in herd. Both of her bull calves have sold through our spring bull sale, one to Marvin Bedry and the other to Whiskey Creek. Unfortunately her calf this year died in the spring so we decided to flush her once, then breed her back.

The sire of this mating is Red SSS Trapper 683X out of Ambush. He sold in our 2011 Spring bull sale for \$24,000 to Pieper Red Angus in Nebraska. His performance with an added 16.78 REA 113 ratio 3.66 IMF 113 ratio make him a worthy mate. These will be the only embryos ever offered from this mating.

BB TRADESMAN 0002

Tradesman 0002 is our newest herd sire from Barentsen/Bullinger Red Angus in Powers Lake, ND. He is an exciting son of the top 5L Tradesman herd bull. He did a very good job of breeding, and held his condition well, which is what we like to see in our genetics.

84U is the dam to Red Lazy MC Lookout 153X our high selling bull in 2011 to CK Farms, TX and his service and semen packages are featured in this sale. Great cow family, interesting out cross genetics and a first time offering out of this young donor.

50

RED LAZY MC SMASH 41N X RED LAZY MC DIONA 97N

One package of 3 exportable embryos
Guaranteed one pregnancy

Red Lazy MC Diona 97N has been a stellar producer. She is the dam to Lot 32 selling today, as well as our 2010 Red Roundup entry, selling to A1 Land & Cattle, TX. Two full sib herd bulls to this mating have sold in our 'Signature Series' bull sale for a \$6200 average. The Smash sons and daughters are consistent producers with excellent structure, hair coats and disposition. Calving ease with extra muscle and eye appeal, make these embryos a solid choice.
