**CURRENT WEIGHT AND SCROTAL SHEETS  
WILL BE AVAILABLE SALE DAY.**

**Insurance will be available sale day.**

Standard Terms and Conditions located at back  
of catalogue.

#### Semen Test & Scrotal Measurements

*All bulls in the sale have passed a semen test and breeding soundness evaluation by a licensed veterinarian and have been issued a Semen Evaluation Certificate. Scrotal Measurement information will be available sale day.*

#### Board and Pick up Program:

*We will keep your bulls and look after them for you up to a maximum of 30 days at no cost to you. You will be responsible for picking up the bull(s) any time prior to, but no later than May 1, 2012. Insurance protection is mandatory for this option. After May 1, a feed charge of \$2.00/day will apply.*

#### Delivery:

*Free delivery will be provided up to 200 miles on purchases totalling \$2500.00 or more. Purchases less than \$2500.00 will be delivered at cost. We will deduct \$50.00 from the purchase price if you trailer them directly from the sale.*

#### Gate Guarantee:

*If you are not able to attend our sale but are interested in our bulls, we can facilitate your order. Call to discuss your cow herd, your program and your specifications. We will select a bull that meets your requirements/specifications. The bull delivered to your gate is "satisfaction guaranteed" or we take him home - no hassle. You may also rely upon the sale representatives to bid and act on your behalf in a confidential manner.*

# COCKBURN RED ANGUS & SIMMENTAL

We would like to welcome you to the Cockburn Red Angus and Simmental bull sale along with our partners Merit Cattle Co. We would also like to thank all of our buyers and bidders in the past sales, your support is greatly appreciated. The future of the beef industry has never looked brighter, we are experiencing all time high prices and with beef cattle numbers at a low, things are looking very positive for prices to remain strong for many years, selecting a high quality sire will be very important in moving your cow herd in the right direction and getting top dollar out of your calves.

Our bulls are developed with longevity in mind. They are fed to meet their potential to emphasize on muscle development, not to over fatten and jeopardize their longevity and fertility. The bulls will all be fertility tested and guaranteed breeders. We are very proud of the group of bulls we have to offer this year and we strongly believe there is a bull to meet everyone's needs. Cow bulls with lots of performance and easy calving heifer bulls to let you sleep easy.

We make our living solely from our cattle. We have built around strong cow families emphasizing on sound feet and legs, thick easy doing cattle with good udders, and herd sires with muscle, performance and doability as well as calving ease. Our purebred cows are run on native grass along side our commercial cows with no special pampering or creep feed. We believe our cattle should work harder than we do and we cull strictly to ensure we stay on track.

We invite you to join us on March 31st at Johnstone Auction Mart in Moose Jaw, come pre-sale for lunch, refreshments and to view the bulls. For any questions or to tour the bull pen or cow herd feel free to call. I look forward to visiting with you.

Alcatraz 394A is a bull who's future we're very excited about, he has an extremely thick top, deep body, big hip, great feet and legs and the presence that will grab your attention. This will be the first bull on offer sired by Breakout114Y who was the high seller in SSS's 2012 sale, we are extremely happy on the job he has done on his first set of calves. His dam 271T is a direct daughter of the great Boomer 803B. She is a great cow that is big ribbed and has a beautiful udder. She has 3 daughters working in our herd, this is her first son on offer. Retaining 1/3 semen interest.

3367A and 369A are a pair of full flush brothers out of the Firefly 150L cow and Ribeye 308U. They have amazing hair, huge rib and a big hip. Their full brother Xcaliber 529X sold for 30,000 for 2/3 interest in our 2011 bull sale. Their dam Firefly 150L is a donor cow for us and Wild Cat, and she is probably the best cow we have ever owned. She is phenotypically flawless and her track record speaks for itself. We have 6 daughters in our herd, one already being a feature donor cow; one sold through Red Round Up to Redrich Farms and one sold this past fall in the Power and Perfection sale to Perry Hart.

**COCKBURN**  
RED ANGUS

370A and 371A are full flush brothers out of Cora 443P and Red Lazy MC CC Detour 2W. These two calves are peas in a pod, they are both long spined, chisel fronted with awesome hair. They both should make excelent heifer bull prospects with their moderate birth weights and being sired by the calving ease bull, Detour.

**COCKBURN**  
RED ANGUS

# *Cockburn Red Angus* & SIMMENTAL

MERIT CATTLE CO

Our 2014 bull sale marks another milestone year at Merit Cattle Co. After 20 bull sales and 30 years in the Angus business we are very excited to be partnering with Ward Cockburn for the inaugural Cockburn – Merit Bull Sale. As time and man power become a bigger challenge, we felt a need to make some adjustments to our marketing efforts. The Cockburn's run a reputation outfit with a very similar breeding and management philosophy. Look to them with confidence to fill your need for red genetics.

The fall of 2013 marked the return to Agribition after a 13 year hiatus. The kids junior project heifers were extremely well received and met with great interest. They were also successful in the show ring being named Senior and Res. Senior Champion yearlings of the show. We take great pride in the fact that not only did Macy and Carson show them but also that both heifers were sired by outcross bulls bred and raised at Merit.

We are grateful and blessed to be able to do what we love for a living. Thank you to our customers for their continued support in our program!

Our focus continues to be serving your needs with sound and predictable herdbulls. We pride ourselves in the fact that we do not chase trends or fads. We just try to raise solid, functional cattle that suit our environment and that of our customers. Our aim is to provide herdbulls that will help advance your program.

Each year the bull pen gets deeper and more uniform. The bulls have been developed in a 20 acre paddock with plenty of exercise. As always you can expect to find sound footed, eye appealing bulls with lots of hair and good dispositions. The Merit bull pen has something for everyone, whether you are looking for a no hassle calving ease bull for your heifers, a power bull for added payweight or a maternal bull to raise those awesome Angus range cows. The bulls, sires and dams are all selected to be maternally sound with a history of quality udders, good feet, fertility and lots of capacity. We invite you to inspect the cowherd anytime.

We strongly encourage you to ask us questions about the offering so we can help you find what you are looking for. Our highly competent sales staff knows our program and management and will assist you in every way possible.

**We are here for you, that is our commitment.**

Best Regards,

**Trent, Janelle, Macy, Garrett and Carson**

We had high expectations for Iron Will when we purchased him as the \$31,000 high seller at Bar- EL. Since then he has continued to impress us with his exceptionally consistent progeny. They are high performing, deep sided, hairy and sound... traits that we strive to produce for our bull customers. None of this comes as a surprise as his dam is one of the most powerful and consistent producers in the Longshore herd. We expect the females from this line to be as equally impressive. Unfortunately this will be the only large offering of Iron Will sons as he was lost to a broken stifle last winter. Our semen bank was very limited. Take advantage now if you are needing uniform power bulls in volume!

77X was purchased by Right Cross Ranch and Ringstead Ranch in our 2011 bull sale. There were so many things 77X had to offer to suit our program that we just couldn't find anywhere else, so we used our in herd right to semen on him. 77X is a soft made, deep bodied performance bull with a great foot. He displays true herd-bull character and moves like a stud. His Socialite dam has been a great producer for us. We felt that his greatest potential would lie in his daughters and boy we are right. They are beautiful females, well balanced tidy udders with small teats. They are angular, moderate and soft sided. We are excited for the impact the 77's will be making in our program for years to come. His first daughters sold in the Harvest Classic this past October and were well received. Both the bred heifer and heifer calf were high sellers going to Sheideghan Angus and Blairs.Ag.

Visa sons are hard muscled and smooth made with superior hoof structure. The Visa progeny are very uniform which true testament to a great breeding bull. Visa progeny are well balanced, eye appealing and functional with great dispositions! We have never used and Angus bull that has put this much real shape and muscle in his sons, yet the daughters are feminine and moderate with small teats and well balanced udders.

Maverick is the herdbull that puts all the essentials together. His eye appeal and character set him apart. His sire 6323 "Viking, combines some highly predictable maternal and growth genetics. His dam, Countess 6087, is a proven producer that has earned Elite Dam status, she is also the dam of Merit 8808, herdsire for Early Sunset Ranch Angus.

More on our program & online catalogue at  
[www.meritcattleco.com](http://www.meritcattleco.com)

## Terms & Conditions

**Terms:** The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

**Bidding:** Each animal is to be sold to the highest bidder. No by-bidding will be permitted. A reasonable price base may be set.

**Disputes:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

**Purchaser's Risk:** Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**Announcements:** Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

**Certificate of registry:** Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

**Breeders Guarantee, bulls:** Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

In no event shall the seller be responsible for more than the purchase price.

The seller is not responsible for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time.

**Exception guarantee:** In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

**Settlement:** Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

**Accidents:** Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

**Mail or telephone bids:** Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

**Rights and obligations:** The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both.

**Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.**
