Cooke Livestock

Welcome to the 2010 Cooke Livestock and Guests Bull Sale. We thank our friends & customers for their interest in our breeding program. Our goal is simple: we strive to breed bulls and cows with superior genetics that will enable the commercial cattleman to produce profitable cattle.

This year we are pleased to offer a selection of new genetics to complement our existing lineup of proven bulls. Brookmore Special Design 178S & Remington Total 306S are thick, deep bodied, good footed young bulls who are bred to pass on desirable performance and maternal traits. We think you'll be impressed by the consistency of their 2009 bull calves.

The 2010 sale includes a selection of 30 fancy yearling heifers. These heifers are thick, easy fleshing and sound with EPDs to back them up. They will make great breeding cows for the future.

Chico Ranches has brought a great set of breeding bulls for your consideration. They offer proven genetics - check out their performance data.

There is no doubt that the cattle industry has been challenging. The good news is that The Angus influence has consistently added value to the producer's bottom line. Now is the time to invest in proven genetics to build for the future.

If you would like a video of the Sale cattle please give us a call. You are welcome to drop in anytime to look over the Bulls & Heifers.

Cooke Livestock & Guests invite you to the Sale, at 1:00 pm, Wednesday, April 14th. Plan to come early to view the bulls and have lunch. If you have any questions please give Grant, Krista, John or Doug a call. We look forward to seeing you sale day!

Regards,
Grant & Sharon
Krista

GRANT & SHARON COOKE

*Bull viewing & refreshments
Tuesday afternoon, April 13th
at Cooke Livestock*

Directions

Cooke Livestock is located near Blackie, Alberta
5 1/2 miles south of Hwy. #23 on 264 Street. Signs will be posted.

Video Auction Sale

The sale at the ranch makes things easier on both the cattle and ourselves. Rather than physically moving the bulls and heifers through the ring we will be showing video footage of each lot selling on a large screen in our indoor, heated sale facility.

The live lots will be on display close to the sale barn for your inspection. We would be happy to show you the bulls or heifers anytime prior to the sale. **VIDEO AVAILABLE BY REQUEST.**

Buyer's Draw

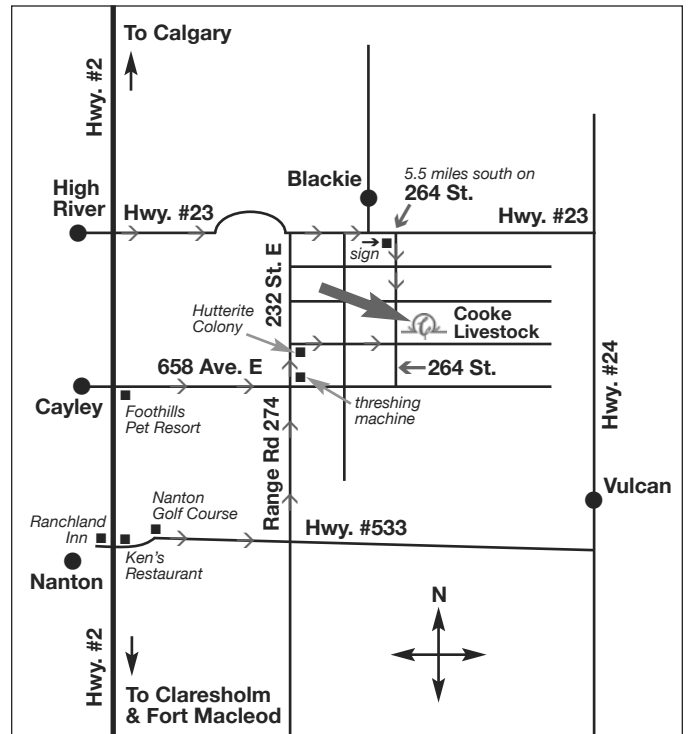

Signed & numbered print of our cover painting "Evening Rounds" by Gena Lacoste commissioned for the 2009 World Angus Forum. Cooke Livestock now owns the original.

Cooke Livestock & Guests are enrolled in Canadian Angus Performance Program whole herd reporting.

Cooke Livestock is registered with the National Verified Beef Production Program.

DjH

It's a real pleasure to again be associated with the Cooke's and Guests Bull Sale; this is always one of the fun events of the season. And each year the bulls get more and more impressive, again in 2010 the quality is very deep, whether you are looking for performance with maternal strength, calving ease with performance and maternal traits, this great group of young sires requires your inspection.

One of the real advantages this powerful group of future sires has is the strength of the cowherd they are out of. Owe it to yourself to view the impressive cowherd the Cooke's have put together and bred.

Chico Ranches, John and Jan Lee have an excellent consignment as well, they are the top of the production of their quality Angus herd.

This year there are also thirty heifers from the heart of the Cooke herd as well as four two-year-old bulls. This is a great offering backed by serious cattlemen and cattlegwomen.

Cooke livestock is the place to be April 14th, come to appraise this terrific set of Angus bulls and females and enjoy the great hospitality.

If Grant, Sharon, Krista, John, Jan any of the sale crew or myself can be of assistance in anyway concerning this fun event please give us a call.

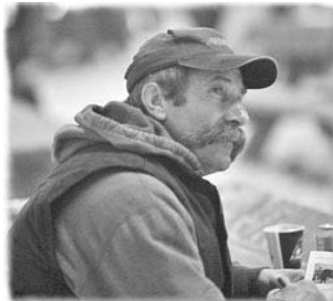

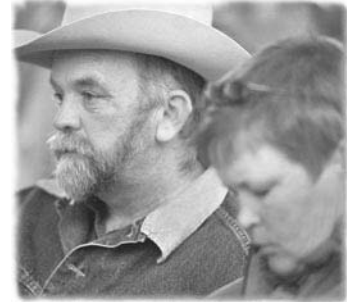

Yours truly,

Doug Henderson

Brookmore Special Design 178S is an own son of WCC Special Design, a bull that sires attractive cattle that are extremely sound and add maternal strength and growth and that is exactly what one of his best sons Brookmore Special Design 178S is doing.

You will note in his pedigree one of the most famous cows in the breed N Bar Primrose 2424. Brookmore Bella 119H has consistently been a top producer for Jack and Barb Hart.

You will like the thickness, hair and performance of the powerful group of sons and daughters sired by this breed improver.

An outstanding son of the legendary Right Time who is doing a great job at Cooke Livestock, his sons and daughters are superb. The sons are long bodied and have moderate birth weights; the daughters are making great young cows.

Remington Right Time 156R's dam was one of the top donor cows at Remington, she is an own daughter of the incomparable 2060.

Both sons and daughters will add maternal strength and performance to your herd.

Another calving ease Final Answer from a two year old. His 2 year old dam did exceptionally well with a 205 day weight of 805 lbs. with no creep in a dry summer we would like to forget about. We look for a great future for this calf and his young dam.

Low BW, great performance, super hair and flawless structure make this calf a true improver. Out of the dam of Chico Source 2100 51S and her last year's calf was our top seller to Circle J Ranches. Whether you're looking for a bull for a purebred or commercial herd, don't miss this one.

Our only Chico Source 2100 51S son in the sale. Last year a real good son sold to Rogars Ranch and another went to Manitoba. Again from our Erica Kay cow family. Note the weaning weight.

The Chico sale bulls have been fed with Cooke's since Dec. 20. It took a while to adjust to a silage diet but we are happy with their progress and development. These are ALL the bulls kept after culling hard last fall. They fit the mold of our program developed over the past 40 years. They are correct, balanced, easy-doing bulls with a good muscle pattern, performance and great hair.

Purebred Heifers

BROOKMORE SPECIAL DESIGN 178S

LOT 68 - CCL ELINE 52W

The 2009 heifers that we selected for this sale are ones that come from the heart of our breeding herd. They are an impressive group of thick, well balanced, fancy heifers who have strong maternal traits and EPDs to back them up. We are offering a variety of genetics and believe you will be impressed by the consistent quality of these heifers.

Understanding EPDs

EPDs:

- Expected Progeny Differences are values that predict how the future progeny of an animal will perform relative to the progeny of other animals in the same breed.
- Are expressed in the units measured of that particular trait. For example, weaning weight is measured in pounds thus the weaning weight EPD is also expressed in pounds.
- Allow a fair comparison of breeding value by removing environmental bias such as climate, feed and special management.
- Are the best tool available to compare animals between herds, countries and year of birth.

BW EPD - WHAT DOES IT MEAN?

The average birth weight EPD for all evaluated Canadian Angus born in 2009 is +3.0.

Example: Bull A has a BW EPD of +1.5
Bull B has a BW EPD of +4.5

When mated to groups of similar cows, the average birth weight of Bull A's progeny should be 3 lbs. LESS than the average BW of progeny from Bull B.

Average Black EPDs for all Black calves born in 2009

BW: +3.0 WW: +40 YW: +71 Milk: +17 TM: +37 YG: +31

EPDs evaluate group averages and offspring's performance. They can not predict individual performance or weights.

For example, if Bull A (weaning weight EPD of +10) and Bull B (WW of +60) were randomly mated with ten similar cows, we would expect the group average weaning weight of Bull A's offspring to be 50 lbs lighter than that of Bull B's (60-10=50).

Calf	A	B
1	500	400
2	510	450
3	520	500
4	530	550
5	540	600
6	560	600
7	570	650
8	580	700
9	590	750
10	600	800
Avg.	550	600

Note that not all calves from Bull B have a higher weaning weight, but the average is 50 lbs higher.

Terms & Conditions

TERMS OF SALE: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in case of disputes, the auctioneer's decision will be final. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

BREEDING GUARANTEE: All purebred cattle are sound and right and sell with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association, shall apply. The consignors will not, however, provide replacement or adjustment for physical injury or mismanagement. We therefore stress the importance of insurance on bulls. At no time shall the seller's liability exceed the purchase price of any animal.

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to the sale.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

SIGHT UNSEEN BIDS: May be entrusted in complete confidence to any of the consignors, sale staff listed or to Douglas J. Henderson & Associates Ltd.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerks desk from representatives on Sale Day, also from the Sales Management.

ALL PERSONS who attend the Sale do so at their own risk, and the owners, Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
