BULL & FEMALE SALE

RED ANGUS & CHARLOLAIS

SATURDAY 1:00 PM

APRIL **16**
2011

WHITEWOOD LIVESTOCK
WHITEWOOD, SK

WRAZ RED ANGUS

BRIMNER CATTLE CO

Welcome to the
Cornerstone Bull Sale-
Two Breeds-Two Breeders
& an excellent set of bulls

The demand for feeder calves has increased over the past six months. All indications are that we will see this for many years to come. The combination of two breeds on offer today likely is as good a cross as you will find at any auction mart. The demand for the buckskin calf is second to none.

The WRAZ program is dedicated to an easy fleshing, highly maternal program that gives mothering ability, structure, low birth and performance. Just have a look at Phil's cows. In addition we offer six fancy heifer calves right from the heart of the WRAZ cow herd. These females either can fit as 4-H prospect or down the road as a front yard matron. You can be assured the quality of a red female.

Brimner Cattle Co. offer a set of bulls that are bred and developed for calving ease, structure, performance and a product that works extremely well in the feedlot.

We also are offering a group of top cut commercial Red Angus base breeding heifers.

So if you are looking for your next purebred herd sire or a great bull for a cow/calf operation, you'll find him in the offering today. If I or any one of the sale staff can be of assistance please feel free to give us a call.

All the best with your purchases!
Doug

SEMEN TESTING: By sale day your bull will have had a Bull Breeding Soundness Evaluation completed by a licensed veterinarian.

BOARD: We will keep your bull after sale day at the farm at no charge until June 1st. We ask that all bulls returning to the farm be insured.

DELIVERY: We will provide delivery (up to 150 kms) free of charge. Bring your trailer sale day and receive a \$50 credit.

INSURANCE: Stockman's Insurance will be available sale day. All bulls returning to the farm must be insured.

2010 BREED AVERAGE EPD's:

Charolais: BW: 2.0 WW: 41.0 YW: 78.0 M: 20.6 TM: 41.0

Angus: BW: 0.5 WW: 25.0 YW: 49.0 M: 15.0 TM: 27.0

EPD's cannot be compared between breeds, as each breed has its own base.

WRAZ RED ANGUS

Welcome to the Annual CORNERSTONE More Bang for Your Buck Bull and Female Sale!

First of all a very heartfelt THANK YOU to all who have shown interest in our program here at WRAZ. Whether you stopped by the farm, the stall or attended our open house or various sales throughout the year, we would like you to know that your time to consider this program is very much appreciated!

An extra special THANK YOU to our past customers! There is nothing more satisfying than a previous customer coming back to purchase again! We raise these bulls and females with great pride and expectations for them to go out and do a good job in any program. I would also like you to know that although we do our very best to ensure satisfaction with your investment, accidents and circumstances do occasionally arise. HONESTY and INTEGRITY are right at the top of our list of goals! Invest in WRAZ genetics today and I assure you will have a good quality bull to breed your females this season! We hold back some very good quality bulls as two year olds to ensure we have a quality replacement on hand should the need arise.

Structurally correct, good footed, athletic cattle with adequate performance and calving ease are of the utmost importance here at WRAZ! The bulls have had plenty of exercise to ensure they are athletic and physically fit. They are bedded in the bush pasture half a mile south of the yard and walk to the yard for water from December to mid February when we are forced to bring them up to the yard for pictures and viewing. With this in mind we put this 2011 pen of bulls together to represent the WRAZ herd today and into the future! Careful selection and ruthless culling ensures our customers a quality product. The GOAL is to breed quality bulls and females that meet your needs well so that you will be back as a repeat customer!!

WRAZ works closely with Kevin Wadham (JM Beef) to ensure our rations are balanced. The ration is silage based with as much forage/roughage as possible, high in vitamins/minerals, with protein and energy levels that ensure longevity and do not compromise the feet and liver of your next investment. Whole herd health is in place under the supervision of

Dr. Henry McCarthy of Wawota Vet Service. Semen evaluation is done by Dr. Henry McCarthy. All bulls in the sale will have passed a semen evaluation and have very good testicle development or they will not be in the sale!

Congratulations to all of the cattlemen and women who hung on and persevered this last decade of uncertainty in this cattle industry! The hardships and stresses endured to maintain a quality herd of cattle at a time when income does not cover expenses is not easy or well understood by many. Looking to the future got you to this point and that will serve you well into the future! Cattle prices are at a level not realized for some time (maybe ever). Now is the time to reap the rewards of that good quality inventory of females you have maintained. Please remember the quality of the herd sire you purchase this year will affect your female inventory as well as your ability to extract top dollar out of this market. Good quality calves with good hair coats, adequate frame and a decent top in them are always in good demand. Replacement quality females are in high demand at a premium and will be into the foreseeable future. Invest wisely in your next herd sire; he may just give you the best return on investment ever realized from your herd! We would love to help you select your next herd sire!

Please do not hesitate to give myself (Phil) or Gordon (Chop) a call or stop by and check out the bull pen and cow herd. OPEN HOUSE Sat. April 2, at the farm. We know this herd as good as anyone and with a little information from you, we can help you select the right bull for you. Please join us for lunch before the sale!

All the best,
Phil Birnie

Smooth made Karweik son in a moderate package. Dark red and structurally correct. Maybe the best part about 20X is his dam 19T. She has that very feminine head and front with tremendous eye appeal. She was competitive in the First Lady Classic at Agribition 08 and returned in 09 for the Futurity with calf at foot. They stood second in class to the winning pair! The pair was also selected by Bryan Mackenzie for Red Round Up 2009. Half interest no possession in 19T sold to M & B Angus for \$5500. M & B also purchased 2/3 interest full possession in her first bull calf that day at \$5200 making him high selling bull calf at Round Up 2009! Suitable for larger frame heifers.

 This big boy was on display at Ag Days in Brandon in January. He does have some birth weight but he better have out of an 1800 lb mother. Any decent cow better be able to calve unassisted at 7% of her mature body weight! Do the math, this guy is well below that. He will sire good growthy calves that really push the scale down. That is the ultimate goal of this industry isn't it? Last time I sat at the auction calves were still selling by the pound. Don't let the BW scare you away from this good bull.

A bigger frame Dimler Indeed son. If you are looking for a more moderate BW but need to add some frame to your next set of calves then have a look at this guy. The youngest of this sire group but you would never know it when he steps on the scale. He will sire good solid growth and useful daughters.

BRIMNER CATTLE CO.

Welcome to our 3rd Annual Cornerstone Bull Sale

What a difference a year can make! Prices are higher than we have seen in a long time and **WELL OVER-DUE!** We would like to thank our past customers who have shown the confidence in our program.

We are really proud to offer you this strong set of bulls. The feet and legs on these bulls are second to none and by limit pail feeding these bulls will ensure they will go out, breed and not melt away. This is probably the most even set of bulls we have had to offer and there is a bull I am sure will fit your needs.

If you can't make it to the sale or our open house please call myself, Phil or any of our our sales staff to help you. I guarantee this sale is worth waiting for

Hope to See You There

I really like this guy, starting from his really nice polled head, long
spined, smooth made with hair. This Serio son is flat out good.

 148X is a real soggy, hairy Serio son. This kind of bull will sire those char-x calves that bring a premium.

 This young end of March bull will catch your eye with his length and straight top. Encore has really done a nice job for us, producing bulls with calving ease, great structure and gainability.

Terms and Conditions

Terms: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle are released. The Auctioneer has the right to refuse bids from anyone who has a previous record of default in payment or who has not made credit clearance prior to the sale with the owner or Sales Manager. All monies are in Canadian fund. Sale is not complete until final payment is received.

Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision is final.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Errors discovered in the catalogue will be corrected by the announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

Delivery: Assistance will be given in making shipments after the sale, but no risk is assumed by the Sale Management or Seller. Purchasers are requested to furnish shipping arrangements when making settlement. Purchasers can purchase insurance sale day. Although delivery is offered, extra costs such as export fees are the account of the buyer.

Breeder's Guarantee: All breeding guarantees fall under the rules and regulations outlined by the Canadian Charolais and Angus Associations.

Exception Guarantee: In case where the animal is subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void.

Settlement: Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expense such as feed, care, AI, signing fees, interest, veterinary charges etc. will be charged by either party when making settlement. If the seller is successful improving the animal in question a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to so prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement FOB ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal the Sale Management will appoint a mediator.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer nor sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

Doug Howe is Agent Only: Doug Howe is only acting as a medium between the buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations or for the truth of any warranties or representation, express or implied. Neither does Doug Howe assume any financial obligations to collect or enforce collection of any monies between parties. Doug Howe assumes no responsibility for any credit extended by the seller to the buyer. Any legal action that may in exceptional cases be taken must be between the buyer and the seller. The buyer must look to the seller for fulfillment of guarantees and representations.

Mail and Telephone Bids: Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Rights & Obligations: The above terms and conditions for the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.
