SALE DAY PHONE: 403-644-2165 (house) or 403-934-7597 (Dallas's Cell)

Viewing The Sale Offering: All animals carry permanent identity tags corresponding to Sale Lot Numbers and are available at the Crowfoot Ranch for inspection prior to the sale. To make arrangements call:

Dallas's cell (403) 934-7597 or Chris's cell: (403) 901-5045

Phone Bids:

Arrangements can be made with an independent buyer or any of the Sales Staff or Buyers Reps (listed on page 2).

Release: We have the staff and facilities to allow you to load your purchases any time during or after the sale, however no animals will be released until payment has been made unless prior arrangements have been made with Crowfoot Cattle Co. Each animal becomes the risk of the purchaser as soon as sold.

Insurance:

The animal does become the responsibility of the purchaser after it is sold. Livestock coverage will be available at the clerk's desk from the appointed representatives on Sale Day.

Be Our Guests:

Join us early both days for Breakfast and Presale Cattle Viewing before the sale. Complimentary lunch will be available during the day.

C WELCOME TO THE CROWFOOT CATTLE CO. HERD DISPERSAL C

FRIDAY & SATURDAY – NOVEMBER 29 & 30TH @ THE CROWFOOT RANCH

BOTH DAYS - SALE STARTS AT 11:00 A.M. (MDT) SHARP!

Words from the Marketing Consultant –

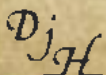

November 29 and 30 will mark a solid gold opportunity to select top bloodstock from one of the great Red Angus and Black Angus seed stock nurseries ever. The cattle selling represent a huge breeding potential – the Crowfoot program is again at a pinnacle of production. This is one of Canada's most unique breeding herds, never have so many outcross genetics been offered in one event.

The purchases from this event will allow you to stand on the shoulders of the great breeding program developed at Crowfoot. The uniqueness of the Crowfoot program has never been duplicated and you can take advantage of the time, effort and investment that has produced the kind of cattle the industry is searching for.

This sale offering will make an impact on the herds that are fortunate enough to obtain them. The dedication and effort that Dallas, Chris and Jackie have put into this breeding program has been immense and the breeders who invest in this great herd of cattle at its prime will be paid huge rewards over the following years.

If Dallas, Chris, any of the sale crew or myself can be of assistance in anyway regarding this historical Angus Dispersion, please give us a call. Hope to see you at the sale.

Yours truly,

 Doug Henderson
Douglas J Henderson & Assoc. Ltd.

Heading to the Sale - See You There!

Words from the Crowfoot Cattle Co. –

C Welcome to our final sale in the Angus purebred business! This was a difficult decision. We are restructuring our family farming operation. Sandy and I want to spend more time with our family – they are getting their own homes and I would like to enjoy more time on reno work. Mom and Dad are 99 and Dad doesn't like to drive in Calgary so we want to spend more time helping them with appointments. As my brother Jackie starts taking his retirement more seriously, Chris and Jen are taking over the farming operation as well as having a very busy schedule with three active kids.

On one hand we are looking forward to retirement but on the other we are giving up something that has been our life. For 33 years we have been keenly interested in improving our cowherd, always looking forward to the next calving season to see how those breeding decisions would turn out. We are not sure how life will be without our cows – but one thing we know for sure is that nothing can take away the enjoyment that we had or the thrill we felt when things turned out better than we expected! Our greatest treasure though is the lifelong friends that we have gained over the years.

A good strong cowherd can be a tremendous asset. It can give you a deep sense of security. More than once our cowherd was able to save us from financial disaster. We firmly believe that our cows could help do the same for you. We are really pleased with the calves from our senior herd sires and excited about the results from our junior herd sires that we added in 2012. We bred a lot of cows and heifers the same way again this year and also A.I.'ed a fair number, individually mating them to ensure the best possible outcome for your benefit.

We would like to thank all of our family – Mom and Dad who at 98 & 99 are still going strong and are a great encouragement, my brother and his wife (Chris's Mom and Dad). Jackie and Janice for always supporting us and helping us get through some tough times, and all of our very close friends who helped us more than we ever deserved. And most of all, to our Lord Jesus Christ who created all things and gives us life abundantly - forever.

See you soon!
Dallas & Sandy
Chris & Jen

"For everything there is a season, and a time for every matter under heaven:....." Ecclesiastes 3:1

— PLEASE NOTE —

DNA TESTING: Buyer is responsible for DNA testing of resulting calves when service dates from more than one sire are too close to determine a definite sire or when the Canadian Angus office requires DNA before registration is issued

	RED BAR-X GOLDETTE 47G

A son of CBR Rumbler 8586, 1404Y was a real stand out in our 2010 bull pen. We used him as a yearling to breed cows. Rumbler daughters are very productive and we liked the style 1404Y expressed.

We sold 1404Y to Helland Land & Cattle as a 2 year old, they can always find the best ones.

His dam is CFCC 6314S who sells as Lot #67 in the sale.

4Aces 2193Z was purchased at our 2013 Bull Sale by the Longshores at Bar-E-L Angus for \$30,000 dollars. 4Aces is the next generation in modern day Red Angus – he displays outstanding muscle definition and style, has a great mother and he sported 41 cm nicely shaped testicles at one year of age. We froze semen on him just prior to breeding season and put 40 straws into Red and Black/Red Carrier cows.

His dam, Miss Strtch, sells open and ready to flush as Lot #16 in this sale. We missed her in the A.I. pasture and moved her to the ranch in Saskatchewan at an inopportune time.

We bought 862Y from Bill Creech early this year because we needed a good bull to breed heifers. 862Y is sired by 5L Blazin Grand, a sire we were familiar with.

A couple shots of OCC Emblazon and Sitz Alliance have proven to be a good thing. 862Z is low birth and good growth.

We always really admired Macho for his ability to settle a large number of cows. He was good footed and could move quickly and breed efficiently. His sire, OCC Magnum 749M, was the same way. We thought we should put some of him back in the mix because we know that those who end up with his progeny will be well pleased.

Three Macho daughters sell as Lots #388, #390 and #391.

We selected XO Joker from our 1998 calf crop because he displayed strength in some traits that we liked to see – exceptional fleshing ability, good stature and foot structure, large testicles with high quality semen, and a mother that is the ideal cow. She is a granddaughter of Shoeshine PP 7105.

We were never so impressed with a sire group of heifers calving as we were with the 8814U daughters .

In partners with WJ Ranch we bought Reich 61X from Harold Reich's 2012 Bull Sale. Reich is the kind of bull that can be used heavily from early May until September in two herds and still looked like he could do some more.

He is a son of Duff Movin Up who is double bred OCC Emblazon 854E.

HF ERICA 61F

We have always admired the Hamilton Farms program and finally we got the opportunity to use one of the best when the Longshores at Bar-E-L Angus were gracious enough to let us use Smokin' Aces semen.

He was the Reserve Grand Champion at the 2012 Agribition and, best of all, he is out of one of the most powerful and prolific cows in the HF herd, HF Erica 26T.

105Y is proving to be a calving ease bull with high performance.

C H BLACKBIRD 9717

Crowfoot Honesty 2074Z was purchased by Fairview Angus Ranch at Big Timber, Montana, for use in their all forage raised program.

We are thinking that 2074Z might prove be the best Angus bull that we have ever raised here. He has outstanding muscle definition and style. His dam is a very easy fleshing and powerful cow – she sells as Lot #464

We are selling Canadian semen rights and 150 units of owners use semen (see page 112). More semen can be drawn in Billings with the cooperation of Fairview Angus Ranch

Moonshine's EPD's are in the top 1 % of the breed for Weaning and Yearling Weights, the top 15% for Birth Weight and top 4 % for REA and Carcass Weights. There have been 391 calves born to Moonshine in Canada with Weaning and Yearling Ratios both at 104. You will see a number of his young daughters in the sale.

Moonshine as a Yearling

Moonshine 8081U - Reference & Service Sire - HE SELLS!

Moonshine has been a great influence here being the sire of our XO Crowfoot 0102X, the \$20,000 Red Crowfoot Shine 253Z to Howe Red Angus, the \$15,000 Red XO Crowfoot 03X to Stuart Cattle Station and several other herd sires in various herds.

8081U has not been widely used in the industry but most breeders who have used him once buy more semen. Semen sales have been steady in the US with approx 200 units per year. We expect next year to be increased sales because of the number of first time buyers last year. There are 300 units of semen stored at Hawkeye West in Billings, MT, and 800 units at Alta Genetics in Balzac, Alberta.

***GREAT OPPORTUNITY TO TAKE OVER THE
INTEREST IN THIS PROMISING HERD SIRE!!***

Moonshine 8081U as a Three Year Old

**For a variety of reasons these
Red Angus Bull Calves sell as single
lots as their dams are not in the sale.**

**This has been a very healthy group of calves
that has exhibited good growth on “mama’s
milk” and grass this summer and we are
confident in their ability to grow into very
worthwhile additions to your herd sire battery!**

SELLING POSSESSION AND 100% SEMEN INTEREST

Sire of -

- \$30,000 RED CROWFOOT 4 ACES 2193Z to Bar E-L Angus
- \$20,000 RED CROWFOOT REBEL 2422Z to Circle G Angus

A very correct and well balanced herd sire that stamps his progeny, 0102X, is a son of Red Crowfoot Moonshine 8081U and grandson of Crowfoot Equation 5793R - both exceptional bulls with superb foot structure.

0102X was the service sire to a large number of cows in this sale and when you see him, we think you'll like him!

Fall '13 EPD's BW: +3.8 WW: +38 YW: +83 Milk: +30 TM: +49

Selling Possession, 1/3 Semen Interest & 120 Units Of Semen

Equation is the sire of Crowfoot 9052W and 54 bred females in this sale. His daughters are impressive to see and do an awesome job.

Even though Equation is going to be 9 years old in the spring he still has that youthful look, he's athletic and good footed. We have had bulls here that naturally bred cows at 12 years of age and my guess is he will be another one to do it, plus the semen is really worth owning!

Crowfoot 9052W - Reference & Service Sire - HE SELLS!

Fall '13 EPD's BW: +2.1 WW: +39 YW: +74 Milk: +25 TM: +45

Crowfoot 9052W is a son of Crowfoot Equation and out of a an Elite/Premier Dam, Crowfoot Kelton 4790P (6 calves Avg Ratio 105). 9052W is the sire of several of the high selling bulls in our sales including the \$23,000 XO Crowfoot Honesty 1490Y to WJ Ranch.

We really like the daughters of 9052W – they are the right size, the right structure, and are good mothers with nice udders.

— Crowfoot Black Angus Reference / Service Sires - "The Cole Creek Brothers" - THEY SELL!! —

We decided to add some Cole Creek genetics to our herd because we admired the doability, the fertility, the correctness, and purity in Greg Golden's herd. We bought four of the five high selling bulls in the Cole Creek 2012 Bull Sale. All four are very similar but which one of these is best we are not sure yet, we will tell you after the dispersal.

When you check out the progeny from these bulls you will surely agree that this move definitely has merit.

All four of these bulls have very correct feet, good scrotal development, athletic movement and are very aggressive breeders. They have worked hard from early May to late August in two herds.

The pictures you see here were taken at the tail end of breeding season.

The Cole Creek herd of cows is run tougher than you will ever see any purebred herd operation on this continent. The fertility of the Cole Creek herd is really impressive — almost all the cows had cycled a couple times before breeding season on a very meagre diet.
