DjH

We all know of the hundreds of bulls Double AA has bred, developed and sold and the impact these sires have made in both the commercial and purebred segments of the cattle industry. Also, the vast majority of these had the bull Bardolene of Old Post 5 in their pedigree, hence the reason for placing his image on the cover of this book.

But Bill Dillabaugh developed four lines of bulls, the first of course the Bardolene line descending from Bardolene of Old Post 5, the foundation bull at Double AA in the early 70's. His offspring and descendents wrote a lot of cattle history, in the last 37 years, from champions in the show ring to bulls that topped every test station they were entered in both Canada and the US.

The second line of herdsires is the Rito line starting with Rito 2100, a proven pathfinder sire and carcass leader. These cattle have maternal strength, performance and carcass.

The third sire line is the Blackman line that started with Essoteric 31A, these are functional fertile cattle that have worked well in Western Canada, as in Double AA's other lines these cattle have performance and longevity.

The fourth is the Bardolier line which started with a bull calf selected from David McLean which sired a bull called Double AA Bardolier 15'90, an excellent breeding bull with big, strong, exceptional daughters. Very few breeding operations have ever developed four distinct sire lines that have had as much influence on the breed.

Add these four herdsire lines to the great cow families developed at Double AA, led off by the Annie K family and you have the Double AA formula.

This sale offers a great opportunity to acquire powerful linebred genetics that have taken a life time to breed.

If Bill, Donnie any of the Double AA crew, Kim Ryan any of the crew from Saskalta, the sale crew or myself can be of help in anyway regarding this unique offering please contact us.

Yours truly,
Douglas J. Henderson

DOUGLAS J. HENDERSON & ASSOCIATES LTD.

JACKIE RESCH

BILL DILLABAUGH

LLOYD RESCH & DON DILLABAUGH

This is a letter with some of our thoughts about the past and the future for the young people just starting into the seedstock business. It would be nice if I could put my experience and thoughts down on this letter and you the reader could understand what I am trying to say, however I am not that great of a writer, so please help by reading between the lines.

I will tell our story through the cattle and bulls we have used. This will also give you an insight into the genetics in this offspring.

An Annie K cow

In 1970 Don and I had no experience in registered cattle, then in 1971 S & W Angus started a satellite herd on our farm with approximately 150 mother cows. In 1972 Don and I bought 20 cows from Boris Balinoff. This herd originated from one cow, Woodlawn Ida and they were Annie K's. We put a yellow tag in their ear and the other cows had green tags, everyone that saw these cows asked where did you get these yellow tag cows, hence their nickname.

These cows stood out in the herd.

Next highlight was owning a bull bought from Peak Dot – Bardolene of Old Post 5. This bull wrote history both in show ring and in test stations. His sons won every bull test they were put in both in Canada and USA.

Double AA Bardolene 500'74 was 26 times Champion in USA and Canada. Sired Double AA Bardolene 606 the foundation bull for the Tibbie line of cattle bred superior cows.

We didn't know what a great breeding bull Old Post was. All the thousands of dollars and maybe millions spent on sophisticated number systems, EPD and different ultra sound measurement hasn't moved the breed from these original common sense bulls. Old Post weighed 1,700 lbs as a two year old and 500'74's mature weight was 2,780 lbs. Remember when Old Post was young we didn't have the special care and feed bulls get today. He was kind of on his own.

Just a few bull direct sons and grandsons of Old Post were 500'74, 500'76, 606, 204, 646, 30, 509, 586, 527, 43. His lineage is still present in our cattle today. There were many other bulls that could be mentioned, truly a great breeding bull.

Using Old Post and Annie K cows we developed three more bull lines. We developed the Blackman line 24'93, bred the great breeding bull 252, sire of the famous Old Post Bandolier bull of today. Half interest sold to Lee Brown for \$41,000 this spring and he is pictured in our catalog. There are many great bulls out there working now from 252.

Bardolene of Old Post 5

Double AA Bardolene 500'74

Double AA Bardolene 606'78

From the Old Post and Annie K's we developed the Bardolier 15, 505, 322, a great young bull working at the Fleury Cattle Co. and many other bulls. 15 always had some of the top selling bulls in the Rancher's Choice Sales.

*Double AA Old Post Bardolier
Owned by Remington Land & Cattle
& LLB Angus*

I could go on and on, however I wanted to relay to the young breeders what you can do in your lifetime.

We didn't know how to breed cattle but you know the cattle taught us how. Double AA didn't follow fads, we bred cattle that worked on our place and also worked on neighboring ranches. At the end of our 39 years, the top selling bred heifer and the top selling bull in the last year were bred at Double AA.

If I had my life to live over again would I change it? I don't think so. If you like raising and breeding cattle it will be a rewarding and interesting life. Breed the kind of cattle you want, don't let fads take you away from common sense. Remember cows eat grass and you sell their offspring by the pound.

We have some semen on some of these great old bulls that will be offered for sale.

The bred heifers are just great, check them over, there are some great young cows in this sale offering; remember they produced this set of awesome yearlings. The heifer calves are following in the footsteps of the yearling bred heifers.

If you are serious about raising great cattle come have a look, all the ingredients are here, from females to live bulls, to great old bulls in the semen tank.

Bill & Don Dillabaugh

*The kind of
yearling bulls
the Double AA
herd produces*

Canadian Heritage Semen

A unique opportunity to acquire rare semen from foundation bulls.

RYAN ROBERTSON Cel: 306-460-8269

kimrobertson@xplornet.com

DjH

The Saskalta herd was founded 54 years ago when Tom Robertson purchased two bred Angus heifers for Kim's mother's birthday. The herd has thrived since then becoming one of the top seedstock producers to the commercial cattle breeders. Twenty six years ago Kim Robertson along with Bill Dillabaugh, Dennis and David Johnston started the Ranchers Choice Bull Sale. This sale has been responsible for getting hundreds if not thousands of high quality Angus bulls to the commercial producer.

The Saskalta philosophy is to produce seedstock for the commercial rancher that are sound, that produce above average offspring for the rancher to market, that perform above average in the feedlot and end up with a desirable carcass for the packer and consumer, as well as supplying females that are sound, fertile, functional and have longevity.

Kim and his son Ryan have a commitment to agriculture and the raising of high quality breeding stock. These females both purebred and commercial will exemplify this. This sale will present a great opportunity to acquire productive, efficient, high quality females from one of Western Canada's reputation herds.

If Kim, Ryan, any of the sale crew, Linda or myself can be of assistance in any way regarding this exceptional offering please contact us.

Yours truly,
Douglas J. Henderson

in our programs*

Terms & Conditions

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to the sale.

THIS IS A COWHERD DISPERSAL FOR DOUBLE AA ANGUS: Every animal to be offered "as they are" on Sale Day, with no further guarantee expressed or implied. Every precaution will be made to announce known blemishes from the Auction Stand.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

RELEASE: No cattle will be released until the conclusion of the sale. Each animal becomes the risk of the purchaser as soon as sold.

MAIL BIDS: May be entrusted in complete confidence to any of the Sale Staff listed or to Douglas J. Henderson & Associates Ltd.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on Sale Day, also from the Sales Management.

TERMS OF SALE: Are cash or cheque at par, payable on Sale Day. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

EVERY ANIMAL sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

ALL PERSONS who attend the Sale do so at their own risk, and the owners, Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
