Masterfeeds INC.

Masterfeeds and Double 'F' Cattle Co. & Parkvista Herefords, are proud partners in this years Nutritional Management Program, and have once again developed a feed program designed to develop these bulls muscularly without too much extra condition. We understand the cattlemen's need for these bulls to have to go out and work, without melting or breaking down.

This year the bull calves were started on th 13% Backgrounding/Creep Program prior to weaning; this is a ration that is geared towards muscle development without getting these calves fat. Creeping for awhile before weaning ensures easy transition onto the Bull Development Nutritional Program.

The bull calves then graduated onto the Pro-Pell-Bull Development Ration. This pelleted bull ration contains a pea/lentil base to ensure enough protein and also a cooked soya protein that provides easily digested by-pass protein, it also contains beet pulp, and yeasts for optimal gut health. The Pro-Pell, with its high level of protein and limited energy content and is designed with growth in mind allowing the bulls to grow, rather than getting them fat. This pellet also contains the Chelated trace minerals which enhance the bulls scrotal development, as Cu, Zn, Mg are important for fertility development.

These bulls to come to you with performance and soundness without burnout. We are confident that you will be happy with the results. Wishing you a successful breeding season in 2013.

(please feel free to call either of us if you have any questions regarding our feed program)

We purchased BREAK AWAY from the Eastondale Angus Bull Sale, Wawota, SK where he was the high seller. BREAK AWAY has developed into one of the top bulls in the breed. BREAK AWAY combines style with extreme muscle and thickness. One of the most exciting things about BREAK AWAY is his dam, GDAR Forever Lady 9136, one of the most prominent cows in the Angus breed today.

In 2009 we took BREAK AWAY to the World Angus Forum, where he was crowned Reserve World Futurity Champion as well as Reserve World Angus Champion Bull. It was truly an honor! At the Masterpiece Sale we sold 1/3 interest in BREAK AWAY for \$25,000 to Nielson Land & Cattle Ltd., Craik, SK. BREAK AWAY's progeny have excelled at all the major shows and topped many sales.

Shut Out 40Z

THIS IS THE ONE!!!!

Lot 1

As breeders, we all strive to get that one exceptional calf. We believe that we have accomplished this with SHUT OUT!! 40Z has been a stand out since day one. SHUT OUT exhibits everything that a herd bull requires muscle, rib, shape, top, testicle, hair, feet and smoothness. SHUT OUT was Bull Calf Champion at Olds Fall Classic, Saskatoon Fair and Intermediate Bull Calf Champion at CWA this fall. His sire, HEMI, who was a top 10 finalist in the RBC Supreme Challenge at CWA, has delivered many great calves as you will see by the sale offering. 40Z's mother is a moderate cow with an udder second to none. She is one of our top cows that brings in a good one every year. Last year she had a top seller in our sale that sold to MJT CATTLE CO. of Edgerton AB. SHUT OUT, with his power, characteristics and unique genetics, has a bright future in the Angus breed!! If every cattle man was a goalie he would deserve a SHUT OUT!!!

SOUTH PARK CATTLE CO.

Hi Everyone,

I have been farming in the Parkside area for 20 years. My son, Brandon, and I have been raising purebred Angus for 13 years under the South Park Cattle Co. name. Last spring I started working for Double 'F'. Kelly and Angie generously offered me the chance to sell these bulls through their sale. These bulls have been at Double 'F' since the end of September and developed along side with all the other sale bulls. These bulls are very good quality and will be an asset to any herd.

See you at the sale,
Randy

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Each animal will carry papers issued by the applicable breed association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the applicable breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Liabilities:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur.

Delivery:

Every assistance will be given in getting your purchases home. Free delivery up to 250 miles. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Wire, Mail Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

Agents will be in attendance to insure your purchases. Bulls returning to the consignor's farm must be insured.

The Right to collect Semen:

Double F¹ Cattle Co. reserves the right to collect semen on any of the bulls sold at their expense and the buyer's convenience.
