WELCOME TO OUR **ON THE FARM** *angus*
FOURTH BULL SALE

MONDAY APRIL 4, 2011 • 1:00 PM • AT THE FARM, WAWOTA, SK

Guest Consignor: Rockin Ox Ranch

We welcome you to our 4th "On the Farm Bull & Female Sale."

We are very proud of our offering this year and believe it has never been as deep in quality in both the bulls and females as it is this year. We have put a lot of faith in two cows, GDAR Forever Lady 9136, a cow we own and HA Belletta 0219, a cow of which we own two sons! As you look through our offering these two cows are definitely helping our program perform at a better level and if we are performing at a higher level our customers will too.

We strongly believe in the Angus cow and believe the performance of our cattle must be generated by the strengths and abilities of the mother cow with a lot less reliance on the feed bucket to achieve that performance.

We hand feed our bulls a 14% pelleted ration with chelated mineral and vitamin package and free choice processed hay. We target their gain at 3 lbs per day to insure the proper health for a breeding bull. Our bulls have never seen a creep feeder at any time in their lives.

We remind you our sale is a video sale and a little more homework may have to go into selecting your bull, which is not a bad thing we believe. You should score more bulls to ease your mind at the sale ring. And if we can assist you with that homework we sure can and would love to do that. Give us a call and request a pre sale DVD or if you get a chance stop by the farm before the sale so we can spend more time with you than we can on sale day!

Once again we welcome Clint & Shelli and their young family of Rocking Ox Ranch into our sale with their small but very strong offering. Clint will help you out as well.

We hope you can join us on April 4th. Come early and join us for lunch and stay after for some cow talk. For a change it is very exciting to talk about the business we are in!

If you have any questions at all please give us a call or anyone of our staff as Rob, Bob, Shane, Tyler & Chris have all been through the bulls and heifers and can answer your questions as well.

Yours Sincerely,
Dale, Shelly & Erika

P.S. Our sale barn will have heat but the bulls are penned outside, so please dress accordingly.

ERIKA BEING PRESENTED THE 2010 ROBERT C. MCHAFFIE JUNIOR AMBASSADOR AWARD IN HALIFAX, NS. CONGRATULATIONS TO ERIKA AND CONTINUE THE GREAT WORK DOWN THE ROAD.

Dale, Shelly & Erika Easton

Box 410, Wawota, SK S0G 5A0 • Ph. (306) 739-2805 • Cell: (306) 577-7456 • email: eastondale.angus@sasktel.net

OBI Welcome

Welcome to the exciting Eastondale 4th Annual Bull & Female Sale, hosted by Dale & Shelley Easton along with the Canadian Junior Ambassador, Erika Easton & Rockin Ox ranch, Clint & Shelli Oxtoby and Family.

What a special sale offering with cow families being the backbone of the Eastondale program. GDAR Forever Lady 9136 has once again risen to the top with sons and grandsons leading the way. A well documented production record behind Forever Lady 9136 as well as the entire Forever Lady clan throughout the industry. Her SAV Pioneer son heads up the Bull Sale. What a special HERDSIRE PROSPECT! The line up of bulls are developed sensibly with their performance differences being expressed – yet the bulls are free moving, heavy haired and full of character. He open heifers are exciting; with style, hair and moderate conditions – special brood cow prospects in the making.

An Angus family whose heart & soul are worn on their sleeves, ambassadors for not only the Angus breed but as well for everyone in this great progressive breed. These folks make their living in the Angus industry; showing, exhibiting, participating and most certainly supporting the CJAA through being leaders in the industry. Erika has surfaced as one of the special young Angus Alumni by becoming the Canadian Junior Angus Ambassador, the most coveted award in the CJAA.

The Eastondale & Rockin Ox Ranch offering reflects the generations of Angus being sourced, sorted and selected. The consistency of the offering and depth of the offering should suggest that you consider this sale as one of your Angus seedstock shopping stops. Remember – Performance Tested, Carcass Evaluated, Semen Tested and backed by Eastondale service, this is certainly the reason that the Easton's enjoy a large customer base.

Please plan to join us in beautiful SE area, one of the most picturesque in all of Sask. If you are unable to attend, then please do not hesitate to call – your next herdbull could be here April 4.

Rob Holowaychuk, OBI

Eastondale

WELCOME TO OUR **FOURTH** BULL SALE *Angus* ON THE FARM

MONDAY, APRIL 4, 2011 • 1:00 PM • AT THE FARM, WAWOTA, SK
 Complimentary Lunch at 11:30 am • Stay after the Sale for Refreshments!

Graduate is a bull that has been hanging around our place waiting for his day in the sun and it now may have come. We have used him on a package of commercial cows the past two years but realize he maybe needs better use in a registered or progressive commercial herd. He made his presence first known in Weyburn at the first year of the World Forum Futurity Show where he won his class as a 3 month old calf. But we never took him further than that. He is of course a natural son of Forever Lady 9136 and a maternal brother to Dryland Iceberg, Break Away, All The Way, Exhale and Money Maker, all working in registered herds. We never used him a lot as we were using his sire extensively as you can see by our offering. But he does have two sons joining him in the sales ring and they themselves are not to be passed over. We can tell you he sired a package of 10 steers born in March and sold last September averaging 520 lbs and selling for \$1.42/lb. They topped the market that day and were the talk of the sale barn.

We acquired some semen from the Johnsons at Peebles to use on our heifers last spring. Traveller 5658 is an ET brother to the highly promoted SAV Mandan bull. This sire group look very good for a group that was solely raised by heifers. It shows again the performance we are getting out of our females.

This bull continues to impress us; he carries a great set of EPD's with him that can match any of the bulls in the glossy semen catalogue! His calves have been very good in both the male and female sides. We calved out his second set of daughters this year and his daughter's udders will give you a definite WOW impression. We displayed Duration last fall at Agribition and he had lots of admirers. He still displays free and easy movement for a heavy massive bull and has a super foot underneath him. We have been Al'ing some of our heifers to Duration, as he continues to show light birth and calving ease! Duration is another good herd bull we are so glad to own a piece of.

Max 533 has maybe been a little under rated in the past but he is sure changing that status! He puts a definite stamp on every calf he sires. His sire group can easily be picked out in both the bull and heifer pens. The sons are consistently deep sided, above average in performance and very good in testicular development. His daughters are very feminine through the front end, yet carry depth throughout the middle and rear flank. We calved his second larger set of daughters this spring, the udders are very nice and they themselves seem to staying in adequate flesh. Study the Max sire group in both the male and female division of our offering; they have a lot to offer a cattleman who may want efficiency in their cattle.

Rockin Ox Ranch

Box 442 Whitewood, SK S0G 5C0
Ph: (306) 434-7207

Welcome to the 4th annual Eastondale on the farm angus bull sale! As we write this summary we are excited to announce the arrival of our newest Rockin Ox family member Ruby Rose Oxtoby, and we look forward to introducing her to everyone that can take the time to attend the sale this year. We would like to thank our past buyers as well as those of you who are considering our genetics this year, as your support is greatly appreciated. We would also like to thank the Eastons for once again giving us the opportunity to be apart of their bull sale. It is always a pleasure to work with them.

We are coming into this breeding season following some of the highest calf prices we have seen in years, and with this comes increased optimism throughout the beef industry. Those producers who have chosen to stay in the game are finally seeing some reward for our efforts. Even with this increased market we are bringin only the best bulls we can offer from our small herd. Raising cattle that can work for you in the good times and through the trying ones, is something that we choose to mold our program around. We look forward to helping you select bulls that will help in getting a greater return for your calves when the time comes to market them. Choosing bulls that will put more pounds on the scale at weaning time, and produce females, who can take care of themselves over the years, may make a noticeable difference in a producer's pocket book now more than ever. We strive to build our program around cattle that are easy fleshing, self sufficient, and full of natural meat and muscle. If you have any questions about any of the sale bulls or a request for a DVD please feel free to contact us at any time. We look forward to seeing you on sale day for a good visit, great meal and a refreshment or two.

Clint, Shelli, Georgia & Ruby Oxtoby

A complete, uniform individual full of red meat and a tremendous muscle shape. His dam Duchess 3801 is a cow that we purchased out of the Forsyth Ranch Dispersal in the fall of 2009. She is what the Angus breed is all about, a female that is broody, easy fleshing with a picture perfect udder. His sire is an OCC Glory son that had a tremendous muscle pattern, great feet and a large scrotal. XRATED is a bull with a quiet disposition, that is low maintenance and will put some meat and muscle in your program.

An ET son out of the performance sire RP3Rd Bushwacker and an own daughter of Rito 2100. A flush mate sold in last year's sale to Pipestone Grazing, thanks again to Hugh. Errolline 53A was a foundation female that simply never missed, and was the kind that a guy wished he had a whole herd of. Headliner was shown at CWA this fall, where he placed 2nd in class. 74X is a bull that displays an adequate amount of depth, muscle, shape and eye appeal. Backed with a strong maternal background and performance from his sire, Headliner should go on to produce offspring that are made for today's market. Headliner is definitely a bull worth taking a look at on sale day.

The Henrietta cow family has been very good for Erika. A few years back Erika sold a Henrietta female to Johnson Livestock for \$5,000 and she has gone on to gain Elite dam status and be a solid producer for them. Just this past fall Erika sold a female out of this same family in the Touch of Class Female Sale to Nessel Lake Angus of Meadow Lake. You will not just be making a donation here but you will also be acquiring a good breeding piece.

TERMS OF SALE: THE HIGHEST BIDDER OF THIS HEIFER WILL BE LUCKY OWNER OF EASTONDALE HENRIETTA 99'10. THE FUNDS WILL GO DIRECTLY TO THE CANADIAN ANGUS FOUNDATION & KIDS WITH CANCER SOCIETY.

Specializing in Agricultural Video Production

We would like to take this opportunity to thank the people who help us throughout the year. The family and neighbors who helped do our chores through the various shows and sales we attended and all the kids who worked for us at the shows and sales we participate in. Also thank you to all those that help make our sale possible. We don't dare list any names, you guys know who you are!

THANKS AGAIN!!!!
THANKS to the bidders and buyers who have supported the Eastondale program and made our success possible!

BULL WARRANTY

We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.
