Year in and year out this sale proves to be a place where you can source bulls that offer cutting edge genetics from your local producers. There is tremendous value in shopping locally as your supplier can service and take care of you and their products in a timely fashion should you get in a bind, If you are unable to make it to the sale the Sight Unseen option is available for you with your trust and satisfaction guaranteed. Should you have any questions regarding the offering please feel welcome to contact any of the consignors, Sales staff or myself and we would be more than happy to answer any questions.

SENIOR HERD SIRE RED COCKBURN RIBEYE 411W

We purchased Ribeye for his depth and leg structure. His sire 103R has produced some outstanding herd sires. One of which is the bull sold to Soo Line, which was later sold in Roger's dispersal for \$60,000. Another 3/4 brother sold to McCrae's at Brandon. This is the first calf crop that Ribeye was used extensively and he has produced. When we were done culling, all but three bull calves are from Ribeye. Wow, up against sires such as Net Worth, Full Throttle and Toast.

Equinox group guarantees to sell you a bull that is structurally sound, a bull that has passed a semen test and a breeding soundness evaluation by a licensed veterinarian. Should any Equinox bull fail to be a satisfactory breeder - unable to physically service a cow or heifer - he will be replaced with a bull of equal value. Should this not be possible, an adjustment will be made to reflect the value of the bull in question, or a credit will be given towards the purchase of another bull.

We guarantee to provide you with a sound, breeding bull.

We, however, will not provide a replacement or adjustment for physical injury or mismanagement. Bearing this in mind, we stress the importance of insurance on your bull. At no time shall the seller's liability exceed the purchase price of the bull.

TERMS & CONDITIONS OF SALE

TERMS: The terms of the sale are cash or cheque payable at par. Settlement to be made immediately after the completion of the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerk of the sale before any cattle will be released. All monies are Canadian funds.

PURCHASERS RISK: Each animal becomes the risk of the purchaser as soon as sold.

CERTIFICATE OF REGISTRATION: Each animal will carry a Registration Certificate issued by the Canadian Angus Association. A certificate of registry, duly transferred, will be furnished to the buyer after payment has been made.

LIABILITIES: All persons attending the sale do so at their own risk and sellers assume no liability, legal or otherwise, for any accidents occurring in or about the premises.

The Equinox Bull Sale Contributors reserve the right to collect semen on any bull sold through this sale. Semen collection will be at the bull sale contributor's expense and the buyer's convenience. Any semen collected will be for the Equinox Bull Sale contributors "in herd" use only.
