

# FLEMING 912 TRAVELER

**Sire:** GDAR Traveler 044

**Maternal Sire:** TC Stockman 365

Fleming 912 Traveler rivals any young bull that you will set your sights on. He is a frame six and is blessed with great movement, large feet and enough hair for three bulls. This bull is very balanced with dimensional goodness; a great front end, profound depth of body and abundance of muscle. Fleming 912 Traveler comes by his excellence honestly, from his much acclaimed sire GDAR Traveler 044, who has stood the test of time and his dam Fleming 921 Jena is a rare combination of power and maternal superiority. Fleming 921 Jena is one of the most productive cows in our herd and has been in our donor program numerous times. We have recently sold a package of her embryos to Scotland. Take note, Fleming 912 Traveler has a bright future.

# Dam of Fleming 912 Traveler

**Fleming 921 Jena**

Fleming 921 Jena is a rare combination of power and maternal superiority. She is a beautiful sight in all stages of production and is one of the most productive cows in our herd. Fleming 921 Jena has been in our donor program numerous times and we have recently sold a package of her embryos to Scotland. Fleming 921 Jena is our top flush cow, as well as the mother of some of our most outstanding cattle. Jena is wide topped, square hipped, and she has lots of volume as well as exhibiting great muscle expression. She is very easy doing, structurally correct and has a very gentle disposition. A person is naturally drawn to this cow and any of her progeny would be an asset to your Angus program. Fleming 921 Jena is an 11 year old cow that is in awesome shape and has a very youthful udder. She is a long serving dam with strong maternal traits, strength and stayability.
