Everyone knows you need a strong Frontline to be successful. Whether it be our beloved Roughriders or your cowherd. This becomes the heartbeat of the operation. Should you be starting your Registered Black or Red Angus herd or making some timely additions you need them to be a valuable member of the herd. Best way to succeed in this is to source yourself with genetics from long standing, committed breeders. This is where the Frontline Female breeders will catch your attention. This group of breeders carries years of invaluable experience in breeding cattle and been successful doing so. Not only are these cattle accustomed to the weather that Saskatchewan offers in being brutally cold in the winter but an excess of heat in the summer is typical and this years case extremely wet. Like what all expect from these cattle is that they all have continued to jump through the hoops that Mother Nature throws out there.

This is the fall we have waited for oh so eagerly, record prices are here and it's no longer talk. This leaves the buyer in an extremely enviable position to attain quality genetics with the calves being born out of the offering to continue to rise in value. We haven't even hit the expansion phase yet. The best is yet to come!!

Treat yourself to a night away after harvest is over and the calves are weaned and be our guest for some great Angus fellowship Friday evening and Saturday AM. This is a people business as well and spending a little time to relax and visit with some Angus influence will be time well spent. Should you be unable to attend but would like to learn more of the offering feel welcome to contact any of our consignors or the sales staff and we would be more than happy to go over the sale cattle with you.

See you sale day!
Shane Castle

Here is a deep bodied , moderate framed , daughter of the very popular Express Angus Ranch sire, EXAR Upshot 0562. His daughters sold for record breaking prices at EXAR in August.

The Dam is A Game Day daughter, purchased from the Mountain View Farms Dispersal. This girl has EPDs to back her up top 10% Milk, Yearling Weight and REA.

This is a heifer that will make a good cow! Her pedigree goes back to some very strong Angus Breeders, Soo Line Angus (Motive), Hamilton Farms (Kodiak 5R) on the top side and Peak Dot Ranch on the bottom side.

A feminine March calf built on a moderate frame.

We only had 2 Upward heifer calves this year so parting with this one is difficult. Probably the fanciest offering in our calf entries and one that would make an excellent show prospect for a junior Angus enthusiast -note the influence of Hamilton's Duralta 14C Echo 32E cow who ruled the ring a few years back. This calf has it all in terms of pedigree, EPDs and eye catching conformation -a real sale feature here.

A tough decision for Megan but we really wanted to bring some frontline females this year and this little sweetheart will fit right in anywhere. A Bismarck daughter out of her Freightliner cow that will make an excellent foundation prospect. Very moderate framed as you would expect with this type of pedigree with lots of maternal and calving ease strength.

The dam of this calf was purchased out of the Masterpiece Sale as a calf. Her sire Brooking Ransom 228 was purchased for the notorious Beauty 6R, hoping to get some females. We are not disappointed as his first calf crop was this spring and they are flashy, long spined and well put together. This heifer has a clean front and deep body with a moderate frame. She has been a favorite in the pasture. Take a good look at her!

Lulu 56B is a deep bodied, good haired, square hipped heifer. Her dam Lucy 84U is a heavy milking cow that traces back to the Deer Range Lucy cow family. Her sire, Fully Loaded 88X is the most consistent bull I have ever used. This year, 14 out of 14 bull calves have the potential to be in the bull pen and 2 heifers will be taken to sales (Red Roundup and Frontline). The rest of the heifers will be kept as replacements. Fully Loaded 88X is a combination of Fully Loaded 540R, Smash 41N and Gold Bar King. We have 88X daughters in the herd milking and doing an excellent job. Check out Lulu 56B on sale day, she will make an excellent cow.

This stylish red heifer is a complete package and is out of Tami-Lynn and Steven's herd. 3B is very feminine looking, with width she carries through her whole body. She is flat topped, deep bodied, well-muscled and has lots of spring of rib. She is also an extremely quiet calf with lots of hair. All of this combined makes her a wonderful 4-H prospect. Her dam was shown by Tami-Lynn through 4-H for many years and she has made an excellent cow to base their small Red Angus herd on.

This is a heifer with a little different pedigree, the 4612. I think I was the only one to use him in Canada. 4612 is a 112 son and that goes back to 616 and the great cow GAR Precision 2536. On the bottom is BT Ultravox, probably one of the best AI sires we used. The 412P goes back to Elban Entense 0245 a bull we bought from Fairview Ranch in Montana. Dig a little deeper and you will see 39E again. All these heifers have 0245 and 39E in the them and all are very quiet.

Hi Low Lady Ann 86X is a broody, easy doing 4 year old. She weaned one of the heaviest bull calves as a first calver. Her 2013 heifer calf was exported to Kazakstan. We had the misfortune of losing her 2014 bull calf due to a malpresentation. Hi Low Lady Ann is in her prime and should have many years ahead. Her grandam, Hi Low Lady Ann 9J is still sound and active here at 15 years of age.

Exposed after April 11th to Hi Low Tiger 1X and observed bred April 11th.

Here is a large framed heifer with lots of style and class. This heifer, with her combined femininity, larger frame, ease of movement and genetics will add size, stature, and calving ease to her calves, as well as be able to walk the pastures for many years to come. Her sire was purchased from Michelson Land and Cattle and he has brought power and performance into our herd, which shows in this powerful, broody heifer. Pasture exposed from May 12 - July 3 to a home raised bull, MFCC Panic Switch Apollo 3A (TJF 3A). He is a son of Belvin Panic Switch 2'11 and 3A's dam is a granddaughter to Elliot Patricia 13L who was purchased from Elliot Angus. On September 2 she was confirmed 80-90 days pregnant making her due to calve in March of 2015.

Here is a moderate framed heifer that is extremely well put together and will make a fabulous cow. This heifer is very thick throughout and has a great set of feet and legs. With her average birth weight, deep heart girth, spring and length of rib she should be able to carry a calf very well and we expect her to have no issues calving. Her sire, Blair's Prism 609X is a Duff New Generation son, who has passed on his width and depth of body in this heifer.

Hand bred on May 14 to our home raised bull MFCC Panic Switch Apollo 3A (TJF 3A), a son of Belvin Panic Switch 2'11.

Pasture exposed from May 12 - July 3 to the same bull.

Confirmed pregnant on September 2, favourable to the May 14th breeding.

If calving ease followed by rapid growth is a priority in your program you will want to have a close look at Pride 6A. She started with a 64 lb. birth weight and developed into a deep bodied, easy fleshing female with a great set of numbers. Our Cedar Ridge calves have low birth weights and lots of muscle shape. Outstanding maternal genetics here.

Exposed June 5 - July 31 to Isla Bank Bismarck 1302.

Blackbird 11A is an own daughter of the great Final Answer. We used him for 6 years for his calving ease and his daughters are proving his real worth as they become some of the top cows in the WWF herd. This good heifer descends from Blackbird 100R, the dam of our Upper Cut 44Y bull who has seen heavy service in the Windy Willows herd. Exposed June 5 - July 31 to Isla Bank Bismarck 1302.

Ambush daughters are the cornerstone of our herd and so we decided to offer one in this inaugural Frontline Sale. Ambush daughters have produced several of our high selling bulls including the Upper Cut bull that was purchased by Dennis Johnston and Fertile Valley and has now returned to Windy Willows for service duties. The grandam, TipTop 554R, was our pick from one of the KBJ Celebration Sales. Exposed June 5 - July 31 to Isla Bank Bismarck 1302.

Upward has done a bang up job of siring high growth, eye appealing cattle for us and his daughters are very productive females. Pride 181P is one of our top Ambush daughters with 4 sons selling through our bull sale. Pride 61A is a smooth made, long and feminine heifer that should make a very productive cow. Exposed June 5 - July 31 to Isla Bank Bismarck 1302.

Atalanta 69A is one of my personal favorites. She is a deep and broody Upward daughter that is sure to make a beautiful cow. She was 3rd out of 48 heifers at weaning and 4th out of 40 as a yearling with indexes of 114 and 117. Her mother, 2W, came in dam from the KBJ cowherd dispersal and she is double bred to the great breeding Rogue II 203H bull.

Exposed June 5 - July 31 to Isla Bank Bismarck 1302.

Right Time 78N never ceases to amaze us with his ability to sire exceptional females. It shouldn't be surprising however with EXT, Right Time, Daquantae and 6807, all outstanding female sires, close up in his pedigree. Bride 71T is a typical Iron Man daughter, feminine and broody with a perfect udder and small teats. Bride 117T is long, deep sided and very attractive.

Blackwood 131A is a very appealing daughter of Blackwood 95R who was chosen with her bull calf, Windy Willows Upload 47B, as one of the 4 pairs we displayed at the Speedy Creek Angus Tour this summer. This Blackwood family has been tightly held at Windy Willows. They originated with Blackwood 18E who was a Traveler daughter out of a Traveler daughter and a high selling female at The Fall Finale sale.

Exposed June 5 - July 31 to Isla Bank Bismarck 1302.

Queen 201A is the youngest heifer in our offering and the only heifer we are offering carrying the service of our new sire, KG Focal Point 2013. A maternal brother was purchased by Aitken Acres Angus. Her sire, Above Standard 78X, was purchased from KBJ as the high selling bull in their 2011 bull sale. Queen is a fancy, broody and feminine heifer with a unique pedigree and a unique service.

Focal Point 2013 is a grandson of Mytty In Focus and is owned with KG Ranch at Three Forks Montana. He was the lead off bull in their sale last December when we acquired him for \$17,000. He had a BW of 56 lbs. and currently shows EPDs of BW -1.7, WW +62, YW +109, and Milk +24 after 50K update.

Bred AI on May 30 to KG Focal Point 2013.

Exposed June 15 to July 31 to Isla Bank Bismarck 1302.

Examined by ultrasound on September 2 safe to AI service.

Isla Bank Bismarck 1302

Service Sire to the Windy Willow Farms Heifers

Bismarck 1302 was the high selling bull when we purchased him from Isla Bank at their 2014 Bull Sale. He is a son of SAV Bismarck 5682 out of a HF Tiger 5T dam with second dam by TC Freedom 104. He is an ET calf with a birth weight of 85 lbs. and he shows a BW EPD of +0.7 placing him in the top 10% of the breed for low birth weight.

EPDs BW: +0.7 WW: +54 YW: +95 Milk: +25 TM: +51

- Please bring this catalog with you to the sale -

Terms & Conditions

1. Terms: The terms of the sale are cash or cheque at par. No releases will be given until satisfactory settlement has been made. All monies are in Canadian Funds, other funds will be accepted at the current rate or exchange.
2. Bids: Every animal entering the ring will be sold to the highest bidder.
3. Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matter will be final.
4. Announcements: Any changes from information in this catalogue will be announced from the auction block, such changes will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to any such announcements.
5. Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold.
6. Certificate of Registration: Each animal in the sale will carry registration papers issued by the Canadian Angus Association. A certificate duly transferred will be furnished to the buyer for each animal after full total payment has been made.
7. Accidents: Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer, or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.
8. Liability: All persons attending the sale do so at their own risk; sellers and/or sales management and/or any of the sales staff assume no liability legal or otherwise for any accidents occurring in, on, or about the premises.
9. Insurance: Livestock insurance and/or transit insurance will be available.
10. Export testing: In the case of animals purchased for export, the necessary custom, health, and export certificates will be supplied and expenses will be at half cost, other half will be responsibility of buyer.

Mail or Phone Bids: May be entrusted in complete confidence to any of the sale staff or representatives listed.
