castlerockmarketing.com

It's time for the 2nd Annual Frontline Sale again. In the pages ahead you are going to come across a very good set of Angus cattle ... Red and Black. There is literally something here for everyone!

Looking for a show heifer to take down the road, how about a heifer calf that would stand competition in any pasture and become a great brood cow? The bred heifers that are coming to town are out of this world good, coupled with services that will make the reality of paying for themselves with their first calf extremely likely. We have gathered it all, come to town on October 31st and see for yourself that this is no trick or treat. The consignors all groaned a little bit when I was out selecting this summer, that is music to my ears as then I know we've got something that means a lot to their herd. High quality cattle are in demand and they pay for themselves years down the road.

If you are unable to make the sale but have some questions regarding the offering feel welcome to contact the consignors, sales staff or any of us at Castlerock Marketing. We will make sure your questions are answered.

See you sale day!
Shane Castle

This Long Distance heifer will catch your eye right away. Very fancy made, deep bodied heifer with a very interesting pedigree. The first calf off of an embryo transfer, Bismarck cow who is also extremely deep ribbed with lots of top and a picture perfect udder. This might be our strongest offering in the sale and would make a great junior project. Will be halter broke at sale time.

Our first crop of calves out of our choice of Rito 9969 sons from Lewis Farms and we are extremely happy with the set of calves he has left us. With that we opened up the whole crop of heifer calves for the sale and here is the best heifer born at the farm this year and maybe for a long time. She's a rip, powerful in her makeup yet carries the femininity that is important. Check this power heifer out. Weighed 823 lbs. on Sept. 22nd.

BLACK EPDs ▶ BW: -0.1 WW: +45 YW: +80 Milk: +29 TM: +52

This is a moderately designed female who is very correct in her lines. She is smooth through the front end with plenty of capacity. Her dam is a very hard working Camaro daughter with a terrific udder and very sound feet and legs. Cedar Ridge has proven himself to calve easy and leave daughters that are productive and fancy, this explains this heifer to a tee. Both 504C and her dam have a quiet disposition.

In this business you strive to breed that really good one.
501C is one of those, a fancy thick son of HF Tiger 5T. A bull that has won everything.

Where it gets a little different is on the bottom side, 501C'S mother is a CC&7 daughter (J.D. Pride 123Y).
Her mother is J.D. Pride 730, 730's father is Elban Entense 0245, & Royal Pride 39E is 730's mother.

We bought 0245 from Fairview Ranch for \$35,000. 39E was one of the first cows I bought.
She weighted 2300 lbs. in her prime She never misses, her daughters are the same way.

Capitaine has herd sire written all over him.

Sept. 20th: weighed 860 lbs. - 12.84" REA - 3.79 IMF

This powerful heifer is sure to be a calving ease specialist. Sired by Special Focus with SAV Final Answer as her maternal grand sire, she ranks in the top 1% Calving Ease and top 4% Maternal Calving Ease EPDs for the Angus breed. Birth Weight, Milk and Total Maternal EPD's all rank in the top 10%. Impressive numbers are only part of this broody females allure. She is deep, long bodied, square hipped and will put lots of class into her calves.

Exposed April 11 to our SAV Brilliance son, HRA 14B.

Pasture exposed May 16 to GTA 93A, our Sitz Upward 307R son.

Favorable to HRA 14B.

Blackbird 44B is a deep bodied, square made female with loads of capacity. She has always been a standout in her calf crop and she comes from a strong maternal heritage. Her dam is a maternal sister to Windy Willows Krugerrand 44P, a herd sire for Garth Hollinger at Hollbrook Farm who selected him for his outstanding foot quality. Another maternal sister was selected by Ernie Gibson at Everblack Angus from a Grasslands Sale where she produced a never-miss calving ease sire for him. The grandam, Blackbird E 21L, was an Elite Dam. This heifer was responsibly developed on grass and has outstanding brood cow potential.

Service: Bred AI on May 14 to S Tittlest 1145 and exposed from June 1 to July 11 to Isla Bank Bismarck 1302.

This April heifer is an eye appealing member of our Sally cow family. Her dam is a striking, long, and good-uddered Ambush daughter that really catches your eye. Maternal sisters to the dam produced successfully for Southland Angus and Johnson Livestock. Sally 153B's sire is the very impressive Upper Cut 44Y bull that is seeing heavy service at Windy Willows. He has attracted the attention of some well respected cattlemen and more will be heard from him in the future. Sally 153B offers a very pleasing profile with a proven pedigree from the heart of our cowherd.

Exposed June 1-July 11 to Isla Bank Bismarck 1302.
July 21-Aug 31 to KG Focal Point 2013 (lead off bull in 2014 KG Ranch Bull Sale).

An embryo transfer heifer out of our Cudlobe Rainmaker flush cow. A very quiet heifer with an outstanding maternal pedigree and some nice performance EDPs coming from the Upward mating. AI bred April 25 and preg checked safe to this date to KG Solution, one of the new Genex calving ease bulls with a rock solid pedigree and a nice set of performance numbers as well.

Pasture exposed to Nu Horizon Ribeye May 15 - June 6 and Lodge Front Range June 6 - July 31. Due Jan. 31, 2016

Lot 37 along with Lot 27 are the last of our JL Jock females as he has moved on to work for Doetzels's at Nu Horizon. This bull worked very well for us and delivered the calving ease we needed plus added muscle expression which is often a hard combination to find. This heifer is out of another long bodied maternal powerhouse with both Image Maker and Cudlobe Rainmaker on the bottomside. This heifer will make an outstanding mother cow.

Observed bred June 7 to Lodge Front Range 22B and preg checked safe to this date. Due March 16, 2016.

Exposed to Z Bar Eric 42B June 3rd-Aug 27th.

Old Post 827W has done a tremendous job and 230A is a true testament to his breeding ability as this first calver is stout made, attractive and has done a darn good job on her first try at motherhood. His daughters can be found at Flicek Farms and Movin On Farms and they are extremely happy with them. Exposed to a son of the \$37,000 Sealin Creek Eric 5Y bull we purchased, we are building a great group of daughters out of him. Her heifer calf will grow into be a replica of 230A. As well expect the Renovator females to be excellent, they always are.

Terms & Conditions ▶

1. Terms: The terms of the sale are cash or cheque at par. No releases will be given until satisfactory settlement has been made. All monies are in Canadian Funds, other funds will be accepted at the current rate or exchange.
2. Bids: Every animal entering the ring will be sold to the highest bidder.
3. Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matter will be final.
4. Announcements: Any changes from information in this catalogue will be announced from the auction block, such changes will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to any such announcements.
5. Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold.
6. Certificate of Registration: Each animal in the sale will carry registration papers issued by the Canadian Angus Association. A certificate duly transferred will be furnished to the buyer for each animal after full total payment has been made.
7. Accidents: Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer, or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.
8. Liability: All persons attending the sale do so at their own risk; sellers and/or sales management and/or any of the sales staff assume no liability legal or otherwise for any accidents occurring in, on, or about the premises.
9. Insurance: Livestock insurance and/or transit insurance will be available.
10. Export testing: In the case of animals purchased for export, the necessary custom, health, and export certificates will be supplied and expenses will be at half cost, other half will be responsibility of buyer.

Mail or Phone Bids: May be entrusted in complete confidence to any of the sale staff or representatives listed.
