castlerockmarketing.com

The Frontline sale has again gathered an excellent set of Angus genetics that are quickly gaining attention from the past buyers as cattle that have produced and performed very well. That is what it's all about right? The customer base stretches from Central British Columbia to Southern Ontario and the adaptability of the Angus cow is certainly admirable and what makes them to be the cow of choice! The Frontline consignors operate no nonsense breeding programs that are designed to fit into the many various management practices we see across the country.

We have a new SALE DATE for this year as October is a busy month and the way this year has gone as well there is plenty of work to do. December 5th is sale day for the Frontline Sale and you're invited to join us for an exceptional set of cattle on offer. Cattle will be available for viewing starting Sunday afternoon at your leisure, a great way to go through the offering and visit with the consignors one on one to get to know the cattle and the people better. Should you be unable to attend the sale it will once again be broadcast online with Livestock Media Plus.

If you have any questions regarding the sale offering feel welcome to contact any of the consignors, sales staff or ourselves at Castlerock Marketing. We are here to help!

See you sale day!

We bought 628D's dam from the Frontline Sale two years ago from Valley Lodge. The mating of her with our South Dakota bull we purchased from Mohnen Angus has proven to be an excellent one. She is a smooth fronted, long spined heifer with a good hair coat and should bring some performance with her excellent EPDs. The South Dakota calves stand with presence in the field right from birth. The Countess family has been one of Valley Lodge's top producing cow families in their herd. When she was selected we felt it was an opportunity to show these females work sold out of the Frontline Sale.

This heifer calf was handpicked by Shane in August. The only reason we're parting with this heifer is because we have a full sister in production. Her dam is a long-bodied, broody Bennett Total female. The Lass cow family is one of the original cow families at Nessel Lake Angus. The Sequel daughters that are in production are neat-uddered and have ample milk production. They are easy fleshing and carry-on the disposition of their sire.

If you are looking for a sweet, fancy well put together heifer with a quiet disposition, look no further. This calf would make a competitive show heifer and an excellent replacement heifer. She is a very deep, wide and structurally sound calf and based on her performance so far and her pedigree we are expecting her to become a great cow. This is our only Belvin Zen Master daughter we have on offer this year and it was not an easy decision to let her go.

If you're looking for femininity, perfect feet, and long bodied, look no further. Another Duchess daughter out of a heavy milking Image Maker cow, and beefed up with performance on her topside from the very well-known Connealy Consensus, this female will grow up to be a great female. The Significant cattle have worked well for us and add a nice combination of performance while maintaining the maternal and calving ease traits that we have focused very heavily on.

This powerful heifer carries a pedigree that's rich in heritage and a pedigree that has served us very well! We showed her sire "Fool" back in 2002 and he was a stout, thick topped bull that was compared to by many as a brick s_ _thouse when we sold him at the Regina Bull Sale as a 2 yr old. The dam side of has the Pride cow family again, Blackcaps and Woodhill Foresight. Totally predictable genetics from one stout heifer!

This is a well-balanced complete heifer. She has length, style, spring of rib and tons of hair! Our Jock females are uniform and will make great cows. Her dam was purchased from HiLow Angus as a bred heifer. She has been a great cow for us as we have retained two of her calves in our herd and this one was selected for this sale. A granddaughter of hers is selling this year in the Power and Perfection Sale. The longer it took to picture this heifer the less and less we wanted to sell her. Don't miss this chance to purchase a female from this cow!

We were fortunate enough to purchase a semen package from Double F Angus from Parkside on Merit Big Dawg and after seeing the calves this spring, immediately tried to buy more semen for the 2016 breeding season but were out of luck due to an injury to the bull which prevented further collection. This will be the only heifer we will offer as we intend to put the rest of her siblings into our herd. Out of Megan's top show female, this calf's dam was a favourite in the stall at Agribition, while her sire was named Reserve Intermediate Champion Angus bull at CWA in 2014. A desirable prospective show female for sure and a limited opportunity to acquire a direct daughter of Big Dawg.

A dark red daughter out of our Colossus bull that is long, stylish, powerful and dark red! 100D carries a pedigree that is deep in quality, Finest Tradition is another herdbull that has served our herd very well leaving us with a set of daughters that are balanced, attractive and have excellent udders. Our first time to town at the Frontline sale and we opened up the pen to bring the top end to sell!

This is our first set of calves out of the Addiction bull and we are very, very excited. They are deep bodied tanks, that have lots of style and great structure. We are counting on great things in the future from this sire line. The Missie cow line which we admired a lot at Geis Angus Farm and the dam hasn't let us down on little bit. Bred to be very maternal with Superevent and Kodiak on the bottom side of this paperwork totally compliments this fancy, stout heifer.

A direct daughter of the HF Tiger 5T bull who has left his mark in a hurry on the Angus breed. Few sires have left the short gestation that he has along with very quiet females and best of all they make tremendous females. The dam's side also traces back to our Lot 9 female, Pendleton and Ultravox are also two sires that have left their footprint in their day as high performing Angus bulls.

A direct daughter of KMK Alliance, it has been a number of years since there's been a direct daughter for sale out of this bull, semen is almost non existent. Fancy, deep bodied with a great attitude is synonymous with the qualities that he left in his top end producing females. To continue this exciting pedigree we have Final Answer and Rito 616 who have both left their mark on the breed with their breed leading performance and daughters who will anchor a cow herd. Powerful pedigree.

A heifer with a very similar package to her 3/4 sister VLCC 22C (Lot 42), this female offers the power in a larger size. Deep fronted, smooth shouldered, and structurally sound. This is a thick female, extreme depth of rib and complementary femininity; keep your eyes out for this one. Note the service to KG Solution. We registered the first KG Solution calves in Canada this year and have plans to use him extensively in 2017 – a very reliable outcross calving ease bull with loads of power. Watch for 2 of his sons at the April 2017 AAA sale in Moose Jaw that we are very excited about. All bred to KG Solution 0018 April 24/2016 - due January 30/2017.

Daisy 113C is a long, clean and feminine daughter of Red Red-Rock Provincial 583Z, our senior Red herd sire and the best breeding red bull we have ever used, natural or AI. His sons have an abundance of growth and muscle with top individuals selected by Thistle Ridge Farm, Cinder Red Angus and Lone Stone Farm from our bull sales. We have retained most of his daughters, with this top heifer only the second one ever released. The dam, Daisy 225T might just be the most eye appealing cow in our Red herd. Seize the opportunity, this kind aren't often offered for sale.

Service: Bred AI on May 2 to the very popular calving ease sire, Red Lazy MC CC Detour 2W. Examined safe by ultrasound.

In the summer of 2015 Shane picked this heifer out as a calf trying to get her in a sale, a year later and he finds this heifer again and this time he wasn't going to go away without her. We are happy to buy the good ones and we love to sell the good ones as well. 101C fits this to a tee, she's long, feminine, dark red and with that wedgy look you know she will make a good cow. Grandam, 47W is a very good, powerful Ribeye 103R daughter and has produced well here!

Exposed to Red Howe Tempt 24B April 5th- July 17th. Ultrasound calls them due mid February.

A smooth made, stylish Sitz Upward descendant that goes back to the Ivanhoe program on the dam's side. Bred to Intuition 14B (SAV Brilliance x Hoover Dam), a bull we think very highly of. He was on display at the Heart of the South Angus Tour this past August and finished second place in his class. We will be showing one of his daughters at Agribition this year.

Pasture exposed to Triple H Intuition 14B on May 3. Preg checked to be 4 months along on Oct. 3.

What's not to say about this female; deep bodied, long spine, great udder, and perfect temperament to match. Out of Shane's old Quality Lass program paired with PA Fortitude bloodlines, this heifer is one to get your hands on. Half-sister to the 2016 Triple A \$14,000 high selling bull. The Fortitude bulls did very well for us this spring and this is the only Fortitude female we will be offering for sale.

Bred to our new herd sire Wilbar Foundation 771C May 19/2016 - due February 12/2017.

Blackbird 13C is a 3/4 sister to the \$13,000 high selling heifer to Colt Kornfeld in our spring Git 'R Done Bull and Female Sale. KG Focal Point 2013 was the lead off bull in the KG Ranch 2014 sale when we purchased him and what a good investment that was! His first calf crop, mostly from heifers, produced our high selling sire group of bulls in addition to an awesome set of daughters. The Focal Point progeny are deep bodied, strong topped and loaded with muscle on a very moderate frame. We lost Focal Point this year so his daughters won't be abundant. We always intended to keep this heifer as she is one of our very best, but... here she is!

Service: Bred AI on May 8 to Schiefelbein Effective 61, a calving ease sire from Genex with exceptional muscling, capacity and quality. Examined safe by ultrasound.

This heifer is a moderate framed, wide and powerful heifer with lots of rib. She is a real eye catcher that will make an excellent cow. She is a great heifer out of one of our cow families that has shown longevity and performance, also her sire is a son of Belvin Panic Switch 2'11, and he has sired many heifers that we are very proud of and have done well in our herd. With the combination of longevity, performance and calving ease she will make a great addition to your herd.

AI bred to SAV Final Answer 0035 on April 11, 2016.

Pasture exposed to Red S - Companion Ribeye 103C from April 25 - June 21, 2016.

Terms & Conditions ▶

1. **Terms:** The terms of the sale are cash or cheque at par. No releases will be given until satisfactory settlement has been made. All monies are in Canadian Funds, other funds will be accepted at the current rate or exchange.
2. **Bids:** Every animal entering the ring will be sold to the highest bidder.
3. **Disputes:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matter will be final.
4. **Announcements:** Any changes from information in this catalogue will be announced from the auction block, such changes will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to any such announcements.
5. **Purchaser's Risk:** Each animal becomes the risk of the purchaser as soon as sold.
6. **Certificate of Registration:** Each animal in the sale will carry registration papers issued by the Canadian Angus Association. A certificate duly transferred will be furnished to the buyer for each animal after full total payment has been made.
7. **Accidents:** Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer, or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.
8. **Liability:** All persons attending the sale do so at their own risk; sellers and/or sales management and/or any of the sales staff assume no liability legal or otherwise for any accidents occurring in, on, or about the premises.
9. **Insurance:** Livestock insurance and/or transit insurance will be available.
10. **Export testing:** In the case of animals purchased for export, the necessary custom, health, and export certificates will be supplied and expenses will be at half cost, other half will be responsibility of buyer.

Mail or Phone Bids: May be entrusted in complete confidence to any of the sale staff or representatives listed.
