TERMS & CONDITIONS

WELCOME TO OUR FARM MACHINERY SALE & OUR BLACK ANGUS HERD DISPERSAL

After the dispersal of our charolais herd on Oct 20/07, we decided to follow a path we had thought about often, & thus began to build a small, select quality filled herd, of black angus females from the ground up. In doing so we have maintained high standards purchasing only the highest calibre heifer calves available & breeding them accordingly.

However with Marg's job and my shoulder surgeries we are finding the days to be more of a burden than the enjoyable experience from good cattle we crave.

So we have made the decision to retire, hopefully leaving a great opportunity for you the buyer to capitalize on our endeavours.

Thank-you!

Garry Olsen / Margaret McKenzie
GMC CATTLE CO.
