

17th Annual GATEWAY ANGUS SALE

MONDAY, DECEMBER 2, 2013 - 1 PM
JOHNSTONE AUCTION MART, MOOSE JAW, SK

We would to extend a special invitation to join us for our 17th Annual Gateway sale on Monday, December 2, 2013 at 1:00 PM. The Sale will be held at Johnstone Auction Mart, 4 miles west of Moose Jaw, SK on Hwy #1.

The cattle being offered are a representation of the consignors featuring both Black and Red Angus genetics - many having an AI influence or sired by the backbone of every operation's genetically strong walking bulls. The lineup is diverse in type and genetics and most importantly, there are opportunities for all types of programs and budgets.

Join us at noon for lunch and a preview of the cattle followed by the sale.

If you are unable to attend, feel free to contact anyone on our professional sales team. They can assist you in a confidential manner.

See you sale day...
The Gateway Group

Terms & Conditions...

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in case of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness (exception of club calves).

Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer, consultant, or special representatives. Bids must be received in sufficient time prior to the sale.

Pregnancy Information:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used as a guideline to calving and is not a guarantee of actual service.

Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale management assume no liability legal or otherwise, for any accidents that occur. Any and all guarantees are between buyer and seller and buyer must look to seller for fulfillment of all guarantees and representations made hereunder.

Delivery:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Health:

All animals in the sale have met all necessary health requirements.

Insurance:

We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.

Welcome everyone to the 2013 Gateway Sale! We are very pleased to offer four bred heifers this year. These girls all come from top producing cowlines, and I am sure they will make excellent mother cows themselves. All heifers received annual vaccinations of Bovi-Sheild Gold VL5 and Covexin. You will find strong EPD's and pedigrees with this set of heifers. The pasture bull we used on these girls, Nu-Horizon Blk Cedar 208Z aka Cedar, was purchased as a heifer bull from Nu-Horizon Angus at the Triple A Bull Sale. Cedar has a smooth, clean head and shoulders combined with length of body. He is always very easy to work with and we look forward to his first set of calves hitting the ground in 2014. If you would like any more information or have questions feel free to call anytime. Thanks to all and we look forward to seeing you at the sale!

This Northern View Final Answer 74X daughter is deep and long bodied. Her dam is a Young Dale Bonus 82P daughter, an excellent milking cow whose calves are always some of the heaviest come weaning. This bred heifer comes right from the top of our replacement pen this year.
Al'd Soo Line Yellowstone 6344 May 16. PE Nu-Horizon Blk Cedar 208Z May 30 - August 23.

This Annie K heifer is a deep and stout, moderately framed female. Good feet and a correct leg. Both Stevenson Bruno 6371 and Connealy Lead On can be found on the dam's side. A beautiful and friendly girl, this one will be hard to see go.
Al'd Soo Line Yellowstone 6344 May 16. PE Nu-Horizon Blk Cedar 208Z May 30 - August 23.

Another Northern View Final Answer 74X daughter. A long body and smooth shoulder combined with strong hindquarters. This heifer comes from an excellent producing cow family. They are easy fleshing, clean uddered, good milking cows. She would be a nice addition to any herd.
Al'd SAV Potential May 16. PE Nu-Horizon Blk Cedar 208Z May 30 - August 23.

Our final heifer on offer is sleek and feminine. Easy fleshing with a good spring of rib. Her dam is a thick and stylish Bon View New Design 878 daughter.
Al'd Connealy Thunder May 16. PE Nu-Horizon Blk Cedar 208Z May 30 - August 23.

CSI Angus • Roger Reynolds, 17 Hogan Place, Emerald Park, SK • Cell: 306-536-6112 Email: rogerreynolds@accesscomm.ca

I am pleased to once again be a part of the Gateway Production Sale and I am proud of the group of young females that CSI Angus will be offering for sale. Three of these females bring a strong Kodiak 5R influence and the fourth is a unique bred heifer sired by Cottage Creek Rush 902W. Looking forward to seeing you on sale day!

Box 60, Oxbow, SK S0C 2B0 • 306-483-2291 Email: jfrey1@xplornet.ca

Welcome! We would like to take this opportunity to welcome you to the 17th Annual Gateway Sale. We have dug deep this year and feel we have 12 awesome bred heifers on offer. The majority of them are carrying A.I. service to the high selling bull out of our 2013 Bull Sale, Freyburn Ignitor 88Z. The heifers were ultra sounded on August 2, 2013. If we can be of any assistance, please give us a call or stop by. The coffee pot is always on.

This is a heifer with above average EPD's and excellent performance. Don't miss the opportunity on this heifer. We're so fond of her, she made the grade for our Agribition show string. Big and powerful describes her to a tee.

AI'd Freyburn Ignitor 88Z April 7. PE Merit 2105 April 20 - June 24. Favorable to PE.

Note the birth weight EPD on this female. Calving ease, maternal strength and longevity. Her grand dam is still producing for us at almost 14 years of age.

AI'd Merit Genesis 1077 April 7. PE Merit 2105 from April 20 - June 24. Favorable to AI.

Here is a Canadian pedigree for you. This heifer is out of a very sound cow family that has produced top end replacements for us year in and year out. This is a tough one to part with.

AI'd Freyburn Ignitor 88Z March 29. PE Merit 2105 April 20 - June 24. Favorable to PE.

Longevity! This heifer's dam is going on 14 and doesn't look a year over four. She has an excellent udder and her daughters all do the same.

AI'd Freyburn Ignitor 88Z April 7. PE Merit 2105 April 20 - June 24. Favorable to PE.

Here is our other selection for Agribition this fall. She is thick, well balanced and has excellent teat placement. She is a Black Magic heifer out of a good producing Georgina daughter. Check this heifer out, she's a good one.

AI'd Freyburn Ignitor 88Z April 7. PE Merit 2105 April 20 - June 24. Favorable to AI.

I would like to personally welcome everyone and thank-you for taking time to be part of our sale. As you browse through the catalog you will find a very diverse group of cattle that will certainly satisfy every level of cattleman and breeding program. Many of the females represented have a major AI influence or are carrying the service of AI. Drop by prior to the sale for a look and a coffee. Would love to show you all the cattle. Thanks...Glen

21Z is a heifer who has above average EPD's with a weaning EPD of +45 and a yearling EPD of +84. She is a product of a first calf heifer and her grand dam, Hi Low Lady McHenry 73M is a cow we sold to Glen Gabel at our 2010 Celebration Sale. 73M produced Glen's high selling bred heifer at last year's Gateway Sale to Reese Klindt. Her 2012 heifer calf was sold by Glen Gabel Angus to Blairs.Ag through the Touch of Class Sale. Hi Low Lady McHenry 21Z carries service to the high selling bull at the 2013 Blue Collar Bull Sale. Northern View Thunder 72Z was selected to breed some of our heifers. He had a 70 lb birth weight, a 205 day weight of 880 lbs and a 365 day weight of 1445 lbs. The potential for this heifer and the coupon she carries are great.

PE Northern View Thunder 72Z May 15 - September 5.

Owned by Kathie and Cliff Folk

1X is a long spined bull with a gentle disposition. We will be selling a number of bulls sired by Hi Low Tiger 1X next spring. His dam, MVF Tibbie 108U is a deep bodied cow. At the 2009 World Angus Forum she was the Intermediate Yearling Reserve Champion.

*HiLow Tiger 1X
 Sire of Lot 27*

Irving Angus would like to welcome everyone to the 2013 Gateway Sale! We are pleased to offer to you, for the first time, bred heifers from our senior herdsire Crescent Creek Ideal 105U. His daughters are thick, easy-keeping females packed with strong maternal qualities. We also offer two daughters of Isla Bank Widespread 12S - quality heifers from established cow families at Irving Angus. All of our bred heifers carry the service of Northern View Pioneer 20Z. We feel that the Pioneer genetics will add significant value to the calves produced by these females. For more information, call John at 587-7997. Be good to your pasture - Irving Angus!

Welcome to the Gateway Sale. This year has brought many changes to our lives. The next generation has decided to become farmers; this has resulted in a restructuring of the farm. We sold out our share of the dairy and bought the beef and grain side of the operation. Due to the restructuring, we are now Midnight Fire Cattle Company. Our oldest daughter and her husband welcomed a new son to their family, which gives us our first grandson to spoil. We hope that your year has been good. Please take a look at the cattle we have to offer this year. We believe that they would be an asset to any herd. Thank you to past buyers. Enjoy the sale.

We are pleased to consign another set of very strong AI influence females with heavy emphasis on maternal and calving ease traits. We have been gradually introducing more performance into our program and have tried to work with some of the top AI bloodlines available in the breed today. We hope you like what we have to offer and look forward to seeing you on sale day. We would also like to thank Nielsen Land and Cattle of Craik for their purchase of Lodge Countess 22X, high selling bred female in the 2012 Gateway Sale and Reese Klindt of Moose Jaw for their purchase of Lodge Duchess 18Z and Lodge Duchess 23Y, high selling heifer calf and second high selling bred heifer in the 2012 Gateway Sale.

An embryo transfer calf out of Megan's Countess cow which is the top female in our herd. A moderate framed Bismarck daughter with lots of depth and an excellent disposition. A great set of maternal and calving ease EPD's to go along with a star studded pedigree. A half-sister sold to Nielsen Land and Cattle Co. from Craik at the 2012 Gateway and was the high selling female in the sale. These Countess heifers have been very hard for us to part with but we have decided to let this one go and expect she will catch your eye.

Another embryo transfer calf out of a Cudlobe Rainmaker cow that we have kept the majority of the daughters. A bit more performance here with the Upward mating and just a bit too much frame size to fit in our program, hence the decision to part with her. This female line has been very good to us and we have put in another set of embryos off this same cow in 2013. A very good temperament again and a nice pedigree to compliment anyone's program.

A very feminine Jock daughter out of a Pioneer heifer that is a half sister to our first entry in the sale. Another very moderate framed calf with a bit more natural muscling from the Jock mating and another great set of maternal and calving ease numbers. Megan has decided to let this one go as she was the youngest heifer calf in our pen and she needs the money for truck payments!

A tough decision to part with this Density daughter but we are trying to keep our herd numbers in check and Shane has decided to let this one go. The dam is a heavy milking, moderate framed Image Maker daughter who produced what we feel is our top bull calf in 2013, a Sitz Upward son who will be going to the 2014 Triple A Sale in April. This heifer is carrying the influence of some of the top female makers in the breed to date and will make an excellent brood cow. Bred to our calving ease herd sire out of SAV Young Jock 6457 and an 8180 daughter that continues to work well for us on both heifers and cows.

Observed bred JL Jock 9002 May 25. Due March 3, 2014.

Welcome to the 13th annual Gateway Sale. Our herd is small but we have line bred our herd to bloodlines noted for light birth weights and good uddered females. Our offering is consistent with these qualities.
