18th Annual

# BULL <sup>SELECT</sup> & FEMALE Sale

Monday April 1 2013 - 1pm Hamilton Farms, Cochrane, AB

*Our Bulls Mean Business*

WELCOME TO HAMILTON FARMS 2013

*Welcome*

*Welcome  
to Hamilton Farms  
18th Annual Bull Sale*

**Hamilton**  
FARMS

Rob & Gail Hamilton, Wyatt, Wacey & Joel  
Box 11, Site 15, RR#2, Cochrane, AB T4C 1A2  
Ph: 403.932.5980 • Cell: 510.3186  
email: [angus@hamiltonfarms.ca](mailto:angus@hamiltonfarms.ca)

Eighteen years have gone by pretty fast since we held our first ranch bull sale. Although it seems like yesterday when we started building this place, reflecting back on this journey that Gail and I have made makes me smile, and makes me wonder, just how did we do it. We built up our cowherd, we built up our facilities, we raised our family, and much of this was done while both of us worked off farm during those initial years. Looking around us now, it makes me feel proud to see how our operation has progressed, and to see that hard work really does pay off. Angus cows have enabled us to enjoy what we do, they have backed us when times weren't so great, and they have allowed us a pretty good lifestyle...simply put, we owe everything to our Angus cows. We would like to again thank all of our friends, fellow breeders, customers, and supporters for doing business with us over the past 32 years. We appreciate you, and we look forward to our next visit.

As it turns out, our sale this year lands on Easter Monday, which for some of our customers is a very special day. We apologize for the inconvenience that this may cause, and we will endeavor to help anyone who is affected by this year's sale date. The bulls and females are available to view anytime you would like to see them, and as usual, we will be hosting an open house on Sunday, March 31, 2013 for anyone who can make it. We will also be hosting an additional open house for our friends who have special plans during Easter... We invite you to join us on Wednesday, March 27, 2013 to view the sale offering, and enjoy our hospitality and fellowship.

Last year we had more requests than ever before for carcass information so this year we have scanned all of the sale bulls and that information will be available prior to the sale on a supplement sheet. If you would like to see the scan results, watch our website as we will post the information there as soon as it is available. Videos of every bull and female is also available on our website, but if you would like a DVD of the sale offering, let us know and we will send you one.

*Rob and Gail Hamilton*

### Cow/Calf Health & Management Overview for Hamilton Farms

Hamilton Farms have their entire cow herd on an integrated and comprehensive health and production management program. This program is based on the detailed collection of data on each individual animal at all key health and production points. This information is kept in a secure web-enabled database called TraceBack™ and is continually monitored and audited by the managing veterinarians at Cow/Calf Health and Management Services (CCHMS).

CCHMS is proud to work with Hamilton Farms and if required will provide documentation and verification of all animal health processes and treatments.

If there are any questions with respect to the health and production management program at Hamilton Farms, please contact myself at the phone number or address listed below.

Yours truly,  
*Troy Drake*

Kodiak has established himself as one of the leading sires in the Angus industry today...He is a proven herd sire that consistently produces the cow mans kind and does so without sacrificing good looks and eye appeal.

Kodiak sold through the 2005 Masterpiece Sale and went to Soo Line Cattle Co. and Geis Angus for \$45,000.00 for 1/2 interest. His progeny have consistently topped sales held by Soo Line Cattle, Geis Angus, and Hamilton Farms and he is far from being out of date. Many sons have sold with hi-lites being HF Tiger 5T, high selling bull at the 07 Hamilton Farms sale for \$52,000.00 for 1/2 interest to Ring Creek Farm, HF El Tigre 28U, high selling bull through the 08 Masterpiece Sale for \$82,500.00 for 1/2 interest to Ring Creek Farm, HF Erica 26T, high selling female at the 07 Hamilton Farms sale for \$20,000.00 going to Continental Angus, Dr. Gordon Atkins, and Walkerbrae Farms. Kodiak's first 40 calves to sell at auction averaged over \$7000.00, his progeny still demand a premium, and this year marks his 5th calf crop to hit the ground. Kodiak's progeny have done well in the show ring as well as the pasture...At the 2009 World Angus Forum, Kodiak was awarded "Premier Sire" of the Show. His son HF Tiger 5T was the Grand Champion Bull, HF El Tigre 28U was Junior Champion Bull, and HF Erica 26T was Champion 2 year old cow/calf pair. The latest accomplishment was with Soo Line Cattle Co. winning Grand Champion Pen of Bulls at the 2010 National Western Stock Show in Denver with Kodiak sired bulls. Never before has a Canadian breeder won this prestigious event let alone a Canadian bred bull being the sire.

Note his impressive EPD's for birth, performance and milk! Cows bred to Kodiak typically calve 5 to 10 days early, have low birth weights and wean heavy. His daughters have awesome udders with tight attachment, small teats, and longevity to burn. There is a reason Kodiak is so popular today...he breeds true and he is the cow mans kind.

"Never mistake knowledge for wisdom. One helps you make a living; the other helps you make a life."

Tiger is one of our feature herd sires that sold in our 2007 bull sale for a record breaking \$52,000.00 for one half interest, going to Ring Creek Farm, Pat and Len Friedel, Fairview, Alberta. This bull represents all the qualities that we are looking for in Angus cattle. First of all he was born unassisted from a 2 year old female with just a 76 pound birth weight. He then performed all summer and weaned off his mom on August 30th with a weight of 830 pounds. He has been admired by many astute cattlemen for his correct structure, appealing muscle shape, and proud character. His dam, HF Echo 84R, is a hard working Freedom daughter from the Echo cow family which has contributed so much to our cow herd. In 2008 she again did us proud by weaning her second calf at 880 pounds, a bull calf named HF El Tigre 28U who is a carbon copy of Tiger. El Tigre 28U sold at the CWA Masterpiece Sale 2008 to Ring Creek Farm for \$82,000.00 for 1/2 interest. El Tigre also posted outstanding birth to yearling numbers: BW - 85, 205 Adj Wt - 795 lbs and 365 Adj Wt - 1425 lbs.

We feel that the value of Kodiak and Tiger's progeny will be appreciated for their early gestation and calving ease, true and reasonable performance, and correct structure. HF Tiger 5T has been an important part of Hamilton Farms and Ring Creek Farms program's and will continue on into the future. All indications in his first three calf crops is that Tiger will breed true and very similar to Kodiak.

In 2007 Tiger was named Reserve Senior Bull Calf Champion at the Olds Gold Show, Senior Bull Calf Champion at Farmfair, and Supreme Champion Bull in the 'Legends of the Fall' all breeds show at Farmfair, and won Senior Bull Calf Champion at Agribition. In 2008 Tiger was Grand Champion Bull at Spruce Meadows and Year II Angus Futurity in Olds, Reserve Grand Champion Bull at Farmfair and Grand Champion Bull at Saskatoon Fall Fair as well as Supreme Champion Bull over all breeds. Then to top it all off in 2009, Tiger was undefeated being named Grand Champion Bull at the World Angus Forum 2009 at Spruce Meadows in Calgary, AB, Grand Champion and Supreme Champions bull at Farmfair International, Grand Champion and Supreme Champion Bull at the Canadian Western Agribition. Tiger was also part of the Champion Breeders Herd at Spruce Meadows as well as having a number of his progeny win their classes and go on to be Division Champions. A true testament of Tiger's prolific ability to breed is reflected in the fact that progeny in numerous herds have gone on to top shows and sales throughout the country.

"The best sermons are lived, not preached."

Connealy Consensus 7229 has proven himself to be that next generation bull for Hamilton Farms that will provide calving ease, yet add loads of performance to your calves. He is an outcross pedigree for us and we plan to use his powerful genetics extensively over the next few years. Our calves by Consensus are docile, have lots of thickness, and look like the kind that will make great cows. Our first Consensus daughters have now calved and display superior mothering abilities with beautiful udders. Consensus is one of the leading Angus sires south of the border right now and this will be the largest offering of Consensus calves available in Canada. Our top son by Consensus last year sold to LLB Angus, at \$51,000. Another Consensus daughter sold through our 2012 sale to Continental Angus for \$7,750. Pine Creek Angus Stud, Australia, purchased a Consensus daughter through the 2012 Headliner sale for \$9,500.

"Don't be afraid to stand for what you believe in, even if that means standing alone."

A full brother to Tiger 5T, El Tigre 28U was the high selling bull out of the 2008 Masterpiece Sale going to Ring Creek Farm (Pat, Karen & Len Friedel) of Fairview, AB.

Ringing the bell two years in a row with her outstanding production is HF Echo 84R, first as a 2 yr old with Tiger 5T and again as a 3 yr old with El Tigre 28U. She weaned off her first calf (Tiger) at 830 lbs, bred back to calve exactly the same time, and came in on Sept 5th with El Tigre weighing 880 lbs. All of this was accomplished with no special attention and no creep. Quite a feat for this hard working Freedom daughter. El Tigre has a low birth weight (85 lbs) that is bred in by his sire, has a dam that is fertile, feminine, beautifully uddered and structurally correct, he has performance that will run with the best of the best, he has EPD's that couldn't read any better and best of all...he looks like he does. His sire HF Kodiak 5R was named Premier Sire at the WAF 2009, which was a great accomplishment. More details on Kodiak are mentioned in previous pages, please refer back.

El Tigre was Bull Calf Champion at Farmfair 2009 and the finalist in the Angus Division of Legends of the Fall. He went on to be Senior Yearling Champion to the World Angus Forum 2009 at Spruce Meadows. He has attracted a lot of attention by some very keen cattlemen with semen sales to numerous countries overseas such as England, Scotland, Ireland, Norway, Sweden, Finland, Denmark, Australia and some European countries.

We purchased Superman as a calf from the Denver Stock Show in 2011. He caught our attention with his thickness, eye appeal, and structure, and after analyzing his pedigree, we knew he would have a fit in our program. His dam is a beautiful uddered, powerful cow... the type of female that one can never get enough of. Leachman Saugahatchee 300C has become well known for siring highly maternal females with impeccable udders. Another outcross sire with low birth weight and good performance.

Masterfare LG Blossom 4013 - Dam

HF Hemi 176W sold in Hamilton Farms Sale 2009 to Double F Cattle Co and Larry Nielson, Parkside, SK., with Hamilton Farms retaining a semen interest. Hemi was Supreme Champion Bull in Prince Albert 2011, Reserve Champion at Olds Fall Classic 2011, Grand Champion at Lloydminster Stockade Round-Up 2011, Sr. Champion Bull at Agribition 2011, Top Ten Qualifier at RBC Supreme CWA 2011 and Reserve Show Bull of the Year for 2011, as well as breeding 45 cows naturally!! Hemi will add that extra punch to his progeny, and still calve easy with lots of muscle shape, bone and awesome hair. The cow families in the pedigree are major pillars and foundation females in the Hamilton Farms herd and their influence (Tibbie & Echo's) will run deep for many more years to come.

HF Echo 7S - Dam of HF Hemi 176W, Purchased by Poplar Meadows Angus in Feature Female Sale 2010.

MCATL Pure Product was the \$37,000 top selling bull in Musgraves 2010 sale. He is a son of Connealy Final Product and backed by a powerful Alliance 9126 dam. We used Pure Product as a calving ease/performance bull on some select heifers and the results were very positive, as you will see.

M A Esta 55-252 Dam  
 HF Tibbie 101Z Daughter

"It is better to remain silent and be thought a fool than to open one's mouth and remove all doubt."

Kodiak 250U has impressed all that have seen him while he walks the pastures at Hamilton Farms. He consistently stamps his calves in terms of phenotype and style. 250U adds muscle and his dam is highly productive. Tibbie 18R is designated as an Elite Dam in the CAA with 6 calves Ratio 106

"A mediocre person tells. A good person explains. A superior person demonstrates. A great person inspires others to see for themselves."

# 2013 *Hamilton Farms* HAMILTON FARMS SALE BULLS

These off age full sib bulls from HF Erica 25K and Consensus are sure to grab some attention. Technically, these bulls are registered as twins but in actual fact, they are embryo brothers. We flushed 25K in 2010 to Consensus and the post flush estrumate did not work and thus she calved these bulls as a result of embryo's being left in. They didn't receive the utmost in care and attention being that they were born out of sync with our program, yet they have developed into very impressive herd bulls. With their extra age, they are sure to provide great service for their new owners. A full sister sells as Lot 317Z and when you see her in person you'll gain confidence in the pedigree.

## HAMILTON FARMS SALE BULLS

Here is another power bull with a bit more age than the rest of the offering. His dam is a deep bodied, heavy cow, that has achieved CAA Elite Dam status for all the right reasons. Jungle Jim has 3 maternal sisters working in our herd and many brothers have sold through this sale as well. His impressive numbers and no-miss pedigree make him a herd sire prospect to consider.

HAMI 45X - Full Brother sold to Handhills Colony, 2011, for \$7500

### *Just a note about our feeding program...*

With the exception of the bulls which were shown last fall, **the entire bull offering has been developed on a high roughage Total Mixed Ration which has been formulated to maximize nutrition without adding excessive weight gain.** Our target for gain on our bulls is approximately 2.5 to 3 pounds/day and we like to see the bulls with moderate flesh, athletic, and ready to go to work for their new owners. We know it is very difficult to properly appraise cattle with excessive body condition and we feel it is very beneficial to you, the buyer, to view the cattle when they are fresh and with visual muscle definition. We understand, and pay attention to the fact, that we are in a performance driven business and we strive to source genetics which will help add pounds to your calves, and leave you with desirable replacement females.

"Think outside of the box, create your own path in life. "You laugh at me because I am different; I laugh because you are all the same."

This stout bull was also with us in Denver and he is the perfect representation of what Consensus on Tiger can do. His dam is beautiful uddered daughter by Tiger and was in the conversation when we were picking cow/calf pairs to show last fall. We feel this bull is going to have a strong future siring no-nonsense functional Angus cattle.

Take special note on this powerhouse. He is probably our top bull in terms of body length, shape of top, and masculinity. He will sire high-end performance calves that will be easy to market. His dam is a deep bodied, nice uddered, Right Time 24J daughter and his sire, El Tigre, has produced with consistency 2nd to none.

HF El Tigre 28U - Sire

## HAMILTON FARMS SALE BULLS

This thick rascal has some predictability bred in and he definitely lives up to his feature status. HF Revolt's full sister, HF Tibbie 233W sold through our 2010 females sale to Ring Creek Farm for \$13,500. Revolt is a practical bull that will let you sleep nights in the spring, and will add to your bottom line in the fall.

Simulator is from our Denver pen bulls and was also at his dams side when she was crowned Reserve Champion Female at CWA 2012. He is easy doing, thick, and from a mother that you would be proud to have as your herd bulls dam. With a different twist on the top side of his pedigree, look for Simulator to set new standards from birth to weaning. Simulator's mother's full sister sold through our 2010 female sale to Iain Stables and Jon Locke for \$11,000.00

This herd sire prospect will be admired by many on sale day...he is square, wide, deep, thick, and whatever else you can think of to describe a great one!! Years from now when we look back, I am sure that one of the most cherished achievements from this era will be our Tiger daughters. They are no-nonsense cows that work their hearts out and look like they will last forever. A Consensus son out of a Tiger daughter deserves some serious consideration.

Connealy Consensus 7229 - Sire

HF Tiger 5T - Maternal Grandsire

# 2013 *Hamilton Farms* HAMILTON FARMS SALE BULLS

Another Connealy Consensus son out of a Tiger daughter that does so many things right. The best way to describe this guy is 'Rugged'. When you see him move out like a cat and carry himself with pride, you too will be impressed. A maternal sister to Consensus 181Z was selected by private treaty by Kyle Geinger, Anchor 1 Angus.

## HAMILTON FARMS SALE BULLS

These flush brothers were members of our Denver pen and they have developed into real exciting young bulls. They combine thickness, stature, and eye appeal in one awesome package that is also backed by very positive EPD's. Their mother is no stranger to the show ring, the sale ring, or the front pasture... She has done it before, and I'm sure she will do it again. Consortium and Syndicate are maternal brothers to the popular HF Swagger 75W, who sold through the 2009 Masterpiece sale for \$37,500.00 for 2/3 interest going to Chute Creek Ranch, Pentiction, BC. Blackcap 27R has been a stellar cow at Hamilton Farms, being in our flush program for a number of years. Another full flush brother sells as Lot 250Z

## HAMILTON FARMS SALE BULLS

The Superman bulls in our sale are uniform in size and make up, and for us, that ability to transmit quality, consistently, is very important. As you will see with most of the Superman calves, they are multi-purpose and can be used on heifers or cows, yet you will still have a marketable product in the fall. Saugahatchee 220Z is from a proven cow family and he will warrant a close inspection.

## HAMILTON FARMS SALE BULLS

Always a bull, HF Troubadour 228Z has been a head turner from the very beginning. He has tremendous thickness and awesome spring of rib in a nicely balanced package. Troubadour's mother is a good looking cow with a beautiful udder and she is well on her way to becoming a leading female at Hamilton Farms. Going back to Right Time 24J on the bottom side and Tiger 5T on the top, Troubadour is closely related to our 2012 top selling bull HF Rebel 53Y.

## HAMILTON FARMS SALE BULLS

This bull could easily be the pick of the sale if you are looking for high maternal genetics that will improve your cow herd. Out of Tiger 5T's mother... this will be one of the last chances to get genetics from this cow as she unfortunately had to be put down last spring. Saugahatchee 238Z will be a bull to watch for and his potential is limitless. His maternal sister, HF Echo 45Y was Reserve Champion Senior Yearling Heifer at CWA, 2012.

HF Echo 45Y - Maternal Sister  
co-owned with Ben Fraser, Australia

# 2013 Hamilton Farms

## HAMILTON FARMS SELECT FEMALES

The Mistress cow family is labelled with "consistency and quality!" The dam of 4Z, Mistress 42U as a young cow has already made a name for herself producing a bull that has been retained in our herd sire pen and a full sister to 4Z that was put into the Hamilton Farms replacement pen. This female has tons of volume and mass that is needed in the great "production" cows. Mistress 6M (maternal grand dam) is an Elite Cow in the Canadian Angus Assoc. and if we gave out gold stars in our herd she would certainly be at the front of the line. Being a Tiger daughter, this young female has huge potential, take this opportunity to take home a great one!

Maternal sister 42U

Tibbie 13Z is a lovely fronted, extremely long bodied female with a lot of potential. The dam hobbled around all summer with a severe stifle and back injury which jeopardized the performance of her calf. A maternal sister is an Elite Dam in our herd and one of the top producers.....consistently!

Tibbie 43R (dam of 14Z) is designated an Elite dam with the Canadian Angus Assoc. since 2011 with six calves Average Ratio 107. Tibbie 43R is a model angus cow, with a great udder, producing females that have gone into herds like Anderson Cattle Co. and a high selling female (x Consensus) bought by Continental Angus. 43R has also produced bulls with lots of muscle shape, bone and masculinity that run in the pastures of top commercial herds like Klaudts and Cam Taylor. We can't go on enough about what Kodiak can add to the equation....the past sales and shows of Kodiak himself and his progeny are endless. A female that will always be in vogue phenotypically, with a solid pedigree to back her up.

HF Tibbie 263Y (x Consensus) purchased by Continental Angus \$7750 in HF Sale 2012

## HAMILTON FARMS SELECT FEMALES

Here is a heifer on offer where the picture of Echo 19Z, her dam Echo 163X and her grand dam Echo 187N will just knock your socks off!! And then add Kodiak to the mix. What more can you ask for as far as volume, muscle shape, great hair, and that brood cow look to complete the true, "Angus Cow" package. Echo 187N is probably the most notable cow ever taken to town by Hamilton Farms. She was Supreme Champion Female at the Calgary Stampede and Canadian Western Agribition 2005. The dam of Echo 19Z (Echo 163X) is a maternal sister to HF Thunderbird 146Y purchased in our SALE 2012 by Poplar Meadows Angus for \$30,000.00. Mark your catalogue with Lot 19Z.

The Annie K name is synonymous with some of the great cows in the angus breed. The dam, Annie K 11S is an Elite Cow in the Canadian Angus Assoc. with four calves Average Ratio 107. Two full siblings by Tiger have gone into top purebred and commercial herds with a bull to Twin Rivers Ranch and the high selling heifer calf to Blairs.Ag for \$10,000.00 in our 2012 sale, and yet another maternal sister selling to Poplar Meadows Angus. This ultra feminine female possesses so much length, style and presence with an extremely solid pedigree. And with Tiger on the top side of the pedigree you will be guaranteed a picture perfect udder that Tiger daughters have consistently calved out with.

Lucy 49Z is a maternal sister to a heifer chosen by the keen eye of Rafa Ramirez as part of a select group sent to Mexico. A very solid pedigree top and bottom.....don't miss her.

Erica 50Z is a neat and tidy and very correct package with a pedigree second to none. Again we will focus our attention on the predictability of the cow families in the pedigree and Tiger's influence only moves the bar that much higher. Erica 20X is a young matron that will make your jaw drop when you see the power, volume and overall thickness she possesses. She is a winner in the ring, with the Legends of the Fall Championship at Farmfair 2010. The maternal grand dam, Erica 26T has been admired by many who have toured our herd. Erica 26T was the high selling calf in our 2007 Sale for \$20,000.00 selected by Continental Angus, Dr Gordon Atkins and Walkerbrae Farms.

## HAMILTON FARMS SELECT FEMALES

There are certainly no weak spots both in this heifer or her pedigree. 53Z has turned heads all summer while touring some very astute cattlemen. If you are looking for a little more performance and mass, this heifer will certainly bring it to the table. Both her dam Tibbie 11T and her grand dam Tibbie 86K are designated Elite dams in the Canadian Angus Assoc.. A maternal sister to 11T is Tibbie 100M, who was crowned Supreme Champion Female at Farmfair and Agribition 2007. A maternal sister to 53Z sold through the Masterpiece Sale for \$9000.00 to Tanya Belsham. Consensus has topped numerous sales both in the USA and Canada with a Consensus sired bull selling in our Sale 2012 to LLB Angus for \$50,000.00. The potential is endless.

## HAMILTON FARMS SELECT FEMALES

When we talk about how important cow families are in this industry, we can back this statement with numerous examples but probably the family that brings this to the pinnacle is "Tibbie". Tibbie was certainly one of the most productive cows in Canada for years and now her progeny continues to sift to the top. Tibbie 214P has placed females into top herds like Boss Cattle, NE for \$11,000.00, two other maternal sisters to Dave & Lynn Longshore and Neilson Land & Cattle and a maternal brother to Foxwood Farms of Cochrane. Tibbie 71Z is an easy fleshing female with a lot of natural thickness and muscle shape, the kind of female that could certainly raise a herd bull prospect.

Whoa! Here is a powerhouse of a Tiger heifer which goes back to the favorite, Elite Dam (x Greens Premium), HF Lucy 84J. The picture of 162Z and her dam (insert) says it all! And take note of her numbers.

HF Lucy 181T - Dam

"It takes a great deal of courage to stand up to your enemies, but even more to stand up to your friends."

# 2013 *Hamilton Farms* HAMILTON FARMS SELECT FEMALES

Tibbie 171Z is a female with a lot of potential. She had a slow start due to an average recipient dam, but she is making progress and catching up to her peers. A full sibling has calved this spring with a beautiful tight udder and is doing an awesome job with her calf. Tibbie 100M and her bull calf at side (Hemi 151T) were Supreme Champion Female at Farmfair and CWA 2007, a feat that has not been repeated by anyone else to date. Consensus cattle are raising a stir both in the USA and Canada, topping sales throughout the country. They are the kind of cattle that the cowman will love. They calve easy, are very correct, easy fleshing and low maintenance kind of cattle, with the first calved females having beautiful udders.

There are three maternal sisters to 106M that are some of the top producers in our herd, bringing home the progeny that filter to the top of the stat sheets, and are also very pleasing phenotypically. The grand dam 84J, is recognized as an Elite dam since 2005 with four calves with Average Ratio 108. The El Tigre progeny possess extra volume and broodiness. El Tigre is a full brother to HF Tiger 5T and he has done a phenomenal job of breeding in the Ring Creek herd where he has been used extensively walking the pastures. Reports are very impressive from the herds in the UK where El Tigre was marketed. Arda Angus also bought an El Tigre son out of the HF Sale 2011 for \$18,000.00.

## HAMILTON FARMS SELECT FEMALES

Guess what, another Tibbie/Tiger pedigree, but from our experience, you can't get enough of this combination! 78M has had bulls delivered into some of the leaders in the commercial industry such as Douglas Lake Ranch, Kumlin's Lazy J Ranch, Clint & Glenda Giles and Kunz Farms. On the female side, a bred heifer (x Exclusive) was sold to Anchor 1 Angus and now on offer a very complete heifer sired by Tiger 21X. When you analyse this Tibbie daughter you will find that she is phenotypically very fault free, very correct, massive and yet eye catching style you can't ignore!

Tibbie 256Z is an ultra feminine, stylish heifer up front combined with so much mass, body and muscle shape..... what a combination! Tibbie 256Z has very low birth numbers both sides of the pedigree with an impressive weaning spread.

"Normal is getting dressed in clothes that you buy for work and driving through traffic in a car that you are still paying for – in order to get to the job you need to pay for the clothes and the car, and the house you leave vacant all day so you can afford to live in it."

Echo 120T has been a steady producer with bulls going to Maser Ranches and Gary Seutter, and a high selling heifer (x Done Right) purchased by Continental Angus, but unfortunately, was struck by lightning. The grand dam of 264Z is a cow that has probably been the most reputable female in our herd in recent history.....HF Echo 187N. Her picture tells the story.

Yet another... 'could have been a Sale Feature' heifer that will demand your attention! She is a solid, deep, thick heifer with a lot of muscle shape. Her dam has that true angus maternal cow look to her. Her first calf was a bull selling to Bryce Medin for \$5000.00 in Hamilton Farms Sale 2012.

The Annie K family is synonymous with the "good ones" and this holds true with 296Z. Annie K 82W has an udder that you couldn't sketch any better as does her first daughter, so I would expect great things with Annie K 296Z. Exclusive adds a little more performance to the pedigree with awesome females in our herd.

"Many people look forward to the New Year for a new start of old habits."

# Hamilton Farms 2013

## HAMILTON FARMS SELECT FEMALES

What you see is what you get with Tibbie 297Z, a well balanced, deep bodied, feminine proud female that oozes with style and performance. Your options are unlimited with Tibbie 297Z.....show heifer.....front pasture feature brood cow?? A maternal brother (x Tiger) sold to Richmond Ranch in the Hamilton Farms Sale 2012 for \$9500.00, and a maternal sister (x Free Wheeler) going to Texas for \$7000.00. The proof is in the puddin! 193U was the high selling female to Continental Angus and Robert & Sharon Ballantyne for \$10,000.00 in the Hamilton Farms sale 2008. She was Jr. Champion Female at WAF 2009, and Res. Sr. Yearling at Agribition 2009.

Erica 317Z only comes last in the catalogue due to her age, because she is as complete a heifer as any in the offering! Her two full brothers are feature lots, 355Y and 356Y in the sale and you will admire the complete package these bulls display. Her dam Erica 25K has too many accomplishments to list in my limited space, but she is no longer with us so take this opportunity to continue the bloodline.

HF Erica 25K - Dam

"We can't become what we need to be by remaining what we are."
