email: angus@hamiltonfarms.ca

The beef industry has been waiting a long time for a turnaround economically and things are 'looking good'! The optimism and strong cattle market which we are experiencing is much needed and lots believe that we will enjoy this up-swing for a number of years. I think there will be a huge advantage monetarily for the cattlemen that were able to 'stick it out' over these past years and we look forward to riding this new wave together with old and new customers alike.

The change we have made in our bull sale date was not done without a lot of thought and hesitation. We have enjoyed 15 very successful sales in December but we thought we could do better in terms of providing service to our loyal customers. First thing...our last three bull sales have endured -30 degree weather and although there are no guarantees in April, we hope our chances are better for more desirable weather to view the bulls. Second, having more age on the bulls will obviously be a benefit to the buyers in picking the type of bulls they want, and third, most producers will know more of what their exact needs are in terms of bull power for the up coming season. We would again like to thank all who have made the past fifteen plus years a success and we hope this change will help and benefit our customers in selecting their bulls for the next fifteen years.

Our bulls on offer provide something that isn't always available in volume and that is calving ease, combined with exceptional performance. Many of the bulls in the sale will provide these traits...you can expect shorter gestation and it sure seems to us that when you get lower birthweights because of the short gestation, it doesn't rob the performance out of the calves. You will also notice the docility and hair coat throughout the bull pens and I also believe that this has a direct correlation to feed efficiency and gainability. The bulls have been developed on a high roughage ration and their future and longevity is a high priority for us. Our calves are not creep fed and when they are weaned in September, they are run on grass for the first ten days to two weeks before being sorted into pens, at which time they go onto a 15%TMR which they will stay on til they are delivered in the spring. We hope you agree that these bulls will be offered for sale in fresh condition, not too fat, and ready to go to work.

We look forward to seeing everyone on April 4th and if you have any questions or would like to preview the bulls anytime just give Gail or I a call and we'll be happy to help out. If you are unable to attend our sale, we would be happy to help you select the right bulls and we will also have the sale on-line with DLMS.

We will be hosting an open house on Sunday, April 3rd so join if you can for bull viewing and hospitality.
Hope to see you sale day

Sincerely,
Robert and Gail

Expected Progeny Differences...

Statistics generated for individual cattle through national genetic evaluations
 EPDs:

- allow breeders to estimate a young animal's breeding value - that animal's value as a parent
- allow a fair comparison of breeding value by removing environmental bias such as climate, fed and special management
- are the best tool available to compare animals between herds, countries and year of birth
- help breeders make informed decisions regarding breeding stock selection by evaluating numerous traits such as growth-related traits, carcass traits and reproductivity
- Estimate the group performance of one parent compared to the group performance of another parent, assuming similar mates

EPDs Evaluate Group Averages and Offspring's Performance.
 They can not Predict Individual Performance or Weights

To evaluate seedstock, use EPDs, pedigree and visual assessment. With EPDs the concept of "intermediate optimums" works best. Selection for one trait or for extremes generally results in unexpected consequences due to genetic corrections - for example, intense selection for high yearling weight will also increase birth weight. Successful cattle breeding requires a thoughtful and balanced approach to optimize fertility, growth and carcass merit while improving profitability and efficiency.

AVERAGE EPDS FOR 2010 BORN BLACK ANGUS CALVES

EPDS	BW	WW	YW	MILK	TM	SC	CE	MCE
	+3.1	+41	+72	+17	+37	+0.96	+6.0	+7.0

EPDs are from the Canadian Angus Association
 EPDs are generated from whole-herd reporting.

2011 HEALTH MANAGEMENT & MARKETING INITIATIVE

Cow/Calf Health & Management Overview for Hamilton Farms

Hamilton Farms have their entire cow herd on an integrated and comprehensive health and production management program. This program is based on the detailed collection of data on each individual animal at all key health and production points. This information is kept in a secure web-enabled database called TraceBack™ and is continually monitored and audited by the managing veterinarians at Cow/Calf Health and Management Services (CCHMS).

CCHMS is proud to work with Hamilton Farms and if required will provide documentation and verification of all animal health processes and treatments.

If there are any questions with respect to the health and production management program at Hamilton Farms, please contact myself at the phone number or address listed below.

Yours truly,
Troy Drake

Troy H. Drake BSc.Ag., D.V.M.

Cow/Calf Health Management Services, Box 77, Kathryn, AB, T0M 1E0, Ph: 1-855-935-4855, Email: troy@cowcalfhealth.com

Hamilton's Alternative Marketing Initiative

The HAMI project

Use
**Hamilton Farms
Bulls and increase
your marketing
options.**

Wouldn't it be good to know how your calves perform from weaning to harvest? Every year you invest thousands of dollars on herd bulls...

Hamilton Farms wants to help you maximize the return on your calf crop and provide you with REAL CARCASS information that will keep you up to date with in-herd production.

We will buy all your calves sired by *Hamilton Farms Bulls!

Call us for details on how you can take advantage of marketing your finished steers or heifers on a value-based grid. NO up front fee, retained ownership... NO problem. Sell 100%, 75%, down to 25%...you decide what percentage of your weaned calf crop you would like to market, and we'll take care of the rest!

*If required, HF will subsidize the utilization of DNA to confirm parentage of calf to sire.

Kodiak has established himself as one of the leading sires in the Angus industry today...He is a proven herd sire that consistently produces the cow mans kind and does so without sacrificing good looks and eye appeal. Kodiak sold through the 2005 Masterpiece Sale and went to Soo Line Cattle Co. and Geis Angus for \$45,000.00 for 1/2 interest. His progeny have consistently topped sales held by Soo Line Cattle, Geis Angus, and Hamilton Farms and he is far from being out of date. Many sons have sold with hi-lites being HF Tiger 5T, high selling bull at the 07 Hamilton Farms sale for \$52,000.00 for 1/2 interest to Ring Creek Farm, HF El Tigre 28U, high selling bull through the 08 Masterpiece Sale for \$82,500.00 for 1/2 interest to Ring Creek Farm, HF Erica 26T, high selling female at the 07 Hamilton Farms sale for \$20,000.00 going to Continental Angus, Dr. Gordon Atkins, and Walkerbrae Farms. Kodiak's first 40 calves to sell at auction averaged over \$7000.00, his progeny still demand a premium, and this year marks his 4th calf crop to hit the ground. Kodiak's progeny have done well in the show ring as well as the pasture...At the 2009 World Angus Forum, Kodiak was awarded "Premier Sire" of the Show. His son HF Tiger 5T was the Grand Champion Bull, HF El Tigre 28U was Junior Champion Bull, and HF Erica 26T was Champion 2year old cow/calf pair. The latest accomplishment was with Soo Line Cattle Co. winning Grand Champion Pen of Bulls at the National Western Stock Show in Denver with Kodiak sired bulls. Never before has a Canadian breeder won this prestigious event let alone a Canadian bred bull being the sire.

Note his impressive EPD's for birth, performance and milk! Cows bred to Kodiak typically calve 5 to 10 days early, have low birth weights and wean heavy. His daughters have awesome udders with tight attachment, small teats, and longevity to burn. There is a reason Kodiak is so popular today...he breeds true and he is the cow mans kind. HF Kodiak 5R sold 2/3 interest along with 500 straws of semen to Sky Lynn of Oregon; ZWT Angus of Tennessee; Silveira Brothers of California; Finley Brothers of Oklahoma; Eby Ranches of Kansas; Malson Angus of Idaho, and Lynn Ewald of Minnesota for \$150,000.00

Tiger is one of our feature herd sires that sold in our 2007 bull sale for a record breaking \$52,000.00 for one half interest, going to Ring Creek Farm, Pat and Len Friedel, Fairview, Alberta. This bull represents all the qualities that we are looking for in Angus cattle. First of all he was born unassisted from a 2 year old female with just a 76 pound birth weight. He then performed all summer and weaned off his mom on August 30th with a weight of 830 pounds. He has been admired by many astute cattlemen for his correct structure, appealing muscle shape, and proud character. His dam, HF Echo 84R, is a hard working Freedom daughter from the Echo cow family which has contributed so much to our cow herd. In 2008 she again did us proud by weaning her second calf at 880 pounds, a bull calf named HF El Tigre 28U who is a carbon copy of Tiger. El Tigre 28U sold at the CWA Masterpiece Sale 2008 to Ring Creek Farm for \$82,000.00 for 1/2 interest. El Tigre also posted outstanding birth to yearling numbers: BW - 85, 205 Adj Wt - 795 lbs and 365 Adj Wt - 1425 lbs.

Tiger is sired by HF Kodiak 5R who has done an impressive job of breeding in our herd as well as Soo Line Cattle Co. and Geis Angus herds. We feel that the value of Kodiak and Tiger's progeny will be appreciated for their early gestation and calving ease, true and reasonable performance, and correct structure. HF Tiger 5T has been an important part of Hamilton Farms and Ring Creek Farms program's and will continue on into the future. All indications in his first two calf crops is that Tiger will breed true and very similar to Kodiak.

In 2007 Tiger was named Reserve Senior Bull Calf Champion at the Olds Gold Show, Senior Bull Calf Champion at Farmfair, and Supreme Champion Bull in the 'Legends of the Fall' all breeds show at Farmfair, and won Senior Bull Calf Champion at Agribition. In 2008 Tiger was Grand Champion Bull at Spruce Meadows and Year II Angus Futurity in Olds, Reserve Grand Champion Bull at Farmfair and Grand Champion Bull at Saskatoon Fall Fair as well as Supreme Champion Bull over all breeds. Then to top it all off in 2009, Tiger was undefeated being named Grand Champion Bull at the World Angus Forum 2009 at Spruce Meadows in Calgary, AB, Grand Champion and Supreme Champions bull at Farmfair International, Grand Champion and Supreme Champion Bull at the Canadian Western Agribition. Tiger was also part of the Champion Breeders Herd at Spruce Meadows as well as having a number of his progeny win their classes and go on to be Division Champions. A true sign of his value is when he can breed the type of cattle that he has in his first two calf crops. sold in Hamilton Farms Feature Female Sale

for \$11,000.00 to Isla Bank and Lock Farms

A full brother to Tiger 5T, El Tigre 28U was the high selling bull out of the 2008 Masterpiece Sale going to Ring Creek Farm (Pat, Karen & Len Friedel) of Fairview, AB. Ringing the bell two years in a row with her outstanding production is HF Echo 84R, first as a 2 yr old with Tiger 5T and again as a 3 yr old with El Tigre 28U. She weaned off her first calf (Tiger) at 830 lbs, bred back to calve exactly the same time, and came in on Sept 5th with El Tigre weighing 880 lbs. All of this was accomplished with no special attention and no creep. Quite a feat for this hard working Freedom daughter. El Tigre has a low birth weight (85 lbs) that is bred in by his sire, has a dam that is fertile, feminine, beautifully uddered and structurally correct, he has performance that will run with the best of the best, he has EPD's that couldn't read any better and best of all...he looks like he does. His sire HF Kodiak 5R was named Premier Sire at the WAF 2009, which was a great accomplishment. More details on Kodiak are mentioned in previous pages, please refer back.

El Tigre was Bull Calf Champion at Farmfair 2009 and the finalist in the Angus Division of Legends of the Fall. He went on to be Senior Yearling Champion to the World Angus Forum 2009 at Spruce Meadows. He has attracted a lot of attention by some very keen cattlemen with semen sales to numerous countries overseas such as England, Scotland, Ireland, Norway, Sweden, Finland, Denmark, Australia and some European countries.

We purchased Southland Exclusive 62U for \$17,000.00 in the Southland Bull Sale this spring in Swift Current, SK. We waived on the pedigree only due to the fact that we already had a shot of "Freedom" in many of our pedigrees, but how could we argue the outstanding job Freedom has done for us. Exclusive had so much of what we look for in a bull; he is moderate framed, has a well balanced muscle pattern, very wide topped from front to back, great bone, a nice big foot, large testicles and he truly looks like a BULL...and as Shane described him as a "Super thick, powerful Free Ride son out of a "Straight Canadian cow", and that he is! His full sister sold to LA Land & Cattle for \$7500.00 and a number of maternal sisters have remained in the Southland herd.

Co-owned with Wilbar Farms, Dundurn, Sask.
 Exclusive progeny were an attraction in Hamilton Farms Feature Female Sale 2010. A large group of Exclusive bulls are featured in this sale.

Here's a thick made, wide based son of 'Movin Up' that provides a new pedigree from an outstanding cow family. You'll love the shape of this guy and take note he is from a first calf heifer.

Selling 2/3 Interest, Full Possession.

Terms & Conditions

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

ALL CATTLE ARE SOLD: Subject to such tests as required for export under regulations of health of animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

BREEDING GUARANTEE: All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Angus Association shall apply.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available on sale day, from the sale management at any time.

TERMS OF SALE: Are cash or cheque ar par, payable to Clerks of the sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

ALL PERSONS: who attend the sale do so at their own risk, and the owners, and sale staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by the announcements from the auction stand at sale time and such corrections will take precedence over the printed material in the catalogue.

2011 2009 SALE DAY - THANKS TO OUR BUYERS

We're so busy watching out for what's just ahead of us that we don't take time to enjoy where we are."
