Fellow Angus Breeders & Friends –

It was 1991 and the calf letter of the year was “A” when Hazel Bluff Red Angus had its beginning with 31 females. Now 22 years later the letter again is “A” and a lot of things have happened in between – kids grow up, herds are growing and there are times to refocus.

This spring, including Martin’s cows and heifers and our commercial Red Angus x Gelbvieh herd, we are breeding 240 head. After a lot of thought and soul searching we have decided to disperse our herd this coming December. We will be selling our cows and bred heifers with two notable exceptions:

1. We are happy that our son Martin (we gave him one purebred heifer calf back in 1991 which became the backbone of his now about 40 cows plus bred heifers herd) wants to keep his herd, and
2. Meggie and I, not quite ready to retire, will keep our letter “Y” females. Martin wants to farm and continue the operation, so in a sense it is a first step in a generational change as well.

The other cows sell along with their purebred calves at foot. Following the purebred part of the sale, we will sell our commercial cows. There will also be some of our herdsires on offer.

It has been a very exciting, rewarding time making lots of new friends along the way. We started out with the purchase of a group of cows, heifers and heifer calves out of the Sanrose Red Angus herd (Rod and Sandy Rosevaer in Sundre) and a group of mostly Maybridge Red Angus females out of the Roy Munroe dispersal. Our first herdsire, Red Bar –V- Casino 82A, a Wheel of Fortune son, left a big imprint in the herd for a long time. He was followed by herdsires from Towaw Cattle Co., Diamond D Angus, SSS Red Angus, KBJ Angus, Bar E-L Angus, DWAJO Angus, Cinder Angus, Glesbar Cattle Co. to name a few.

Currently our main herdbulls are from Brylor Ranch, Symens Cattle Co., Geis Angus and Towaw Cattle Co. A.I. breeding has played a big role in our breeding program from the beginning. Many big name sires have been used like High Mark, New Trend, Monu 2X and Monu 4X, Mulberry, Dakota Copper, and Makin Hay to name just a few.

We are confident that you will find some very productive and interesting genetics in our offering that will enhance your breeding program.

On the female side, except for a few private sales and consignments to the Red Round Up, etc., we built our herd by the “1/3 Rule” – the bottom third of the calf crop went to market and was frequently purchased for commercial replacement, the middle third was sold either privately or by auction (pen of 10 replacement heifer sales etc.) and the top third went back into the herd, year after year. We purchased a few females at the Red Round Up and at dispersal sales here and there to add to the genetics.

A number of years ago we added some black genetics, mostly to broaden our genetic base with some females from KBJ Angus, DWAJO Angus, Brandl Cattle Co. and Geis Angus.

Over the years we have built a very functional herd, paying particular attention to maternal strength, udders, feet along with performance and a very good temperament.

We use the same standards on our commercial herd, the same selection and management as we do for our purebred cows. Our commercial herd consists of mostly Red Angus x Gelbvieh cows and heifers, there are a few black ones.

We have worked hard to find Gelbvieh sires, both A.I. and natural, that will give us the balance between maternal strength and performance along with a good temperament. We also look to find a balance between the Red Angus and Gelbvieh breeds, the majority of the cows is between 50% and 75% Gelbvieh. Along with the cows we will offer you a select pen of five bred heifers and a pen of five 2013 heifer calves along with one service sire.

The commercial cows are bred back to Gelbvieh bulls while the heifers are bred to a Red Angus bull. They are bred to start calving in February.

Please feel welcome to visit or call us any time prior to the sale to have a look at the cattle at the farm. Join us on Sunday afternoon, Dec. 8th, at the Sekura / Triple J Livestock Mart in Westlock to view the cattle and for some hospitality. If you need any help with finding accommodations or travel arrangements please let us know in advance and we will do what we can to assist you.

Please call us for more information on our breeding program. For pictures and regular updates, please visit our website:

A Few Words from MACKENZIE SALES MANAGEMENT...

Although Mackenzie Sales Management is gearing down and doing fewer and fewer sales in the fall, I just had to take on this one! When Erich and Meggie approached me last fall to do their Dispersal, I wasn't hesitant in the least to say "Yes" to them!

I have always been intrigued with their approach to breeding cattle, especially with their love of the A.I. method of breeding cows and wide array of genetics. They are one of the Alberta's best kept "hidden secret" herds!! These cows are ripe and ready to go to work when they are scattered far and wide to the treasure seekers out there. Granted... the Hazel Bluff name is not as well known as some prefixes in the breed are... until December 9th in Westlock, Alberta, at Sekura / Triple J Livestock Auction! For anyone who wants huge "R.O.I." potential and carefully planned and well thought out matings for generations (one whole time through the alphabet to be exact!), be here with us on Sale Day.

There's some cows in this deal that will blow you away! There's awesome services both to A.I. bulls (what a line up on pages 2 & 4) and great natural service sires (some selling, some staying behind for Martin).

There's outcross Red calves by the Tiger son in Lot #2, there's two feature bull calves and a whole pen full of very good bred heifers!

The commercial cows sell too... and what a set they are (Red Angus x Gelbvieh cross)!

Any bull calf buyers can take advantage of the Hazel Bluff calf wintering program for \$500 to stay until spring (insurance required - Heather Barr will be on site Sale Day).

Come to Westlock on December 8th and 9th and see what the secret is all about because after this dispersal is over, everyone will know!

We invite you to join us on Sunday, December 8th at the Auction Market for cattle viewing and hospitality and also on December 9th for Pre-Sale Lunch at 11:30 a.m. and after the sale for post-sale refreshments and some Christmas cheer!

Please feel free to call Brent, Dennis, Nathan or myself if you have any questions or if we can be of assistance in any way.

*See you December 8th & 9th
Bryan & Sherry Mackenzie*

Ref Sire A - "Mulberry"

A

RED FINE LINE MULBERRY 26P

The word is out now that Mulberry is gone... and his progeny continued to dominate and shined brightly at the recent "Mulberry Mayhem" event where his semen brought \$300/straw and at the "Tradition With A Vision" Sale where a daughter - a heifer calf - topped that group of females at \$19,250! Several daughters sell in this Hazel Bluff Dispersal and several cows A.I.'ed to Mulberry sell, as well, for a big time bonus for you in the 2014 calving season!

Mulberry is in the top 1% of the breed for five categories including Weaning Weight and Yearling Weight.

After making Iceman 1Z the \$29,500 half interest high seller at Brylor's 42nd Annual Bull Sale, it's been decided to prove out this bull in Westlock! A 3/4 brother to 1Z, Iceman 8Z, also made a bid of \$29,500 at that same sale this spring to Red Rock

Iceman will be the main herd bull at the new program for Martin when he takes over after this sale. Calving ease, hair outcross blood – all in a very eye appealing body structure. Weighing in right at 1600 lbs. in mid-September after servicing all the heifers in today's offering, 1Z will be a household name before long at the rate he is coming along.

See him on display at the sale and decide for yourself what role this bull will play in your herd when you get some of the first services to him!

Clausens purchased this herd bull in Red Round-up 2011 as a long yearling bull. After buying him at Red Round-up, Smash went onto be the Reserve Junior Champion Bull at Agribition that fall. Clausens are now just receiving the benefits of ownership with his first calf crop being superb out of the first calf "Y" heifers.

He is breeding and calving very true to form as he was an 81 lbs. birth weight bull and his first calves have averaged 81 lbs. on the bulls and 80 lbs. on the heifers. They also averaged 102 on their Weaning Weight Indexes on 34 of them!

Now look at his very noteworthy pedigree – Boomer, Youngblood, TC Stockman 365 and Leachman Right Time! Westlock may be a good place to start your herd bull shopping on December 9th!

A Black/Red Carrier Tiger son and he is for real! Again the creativity and thought of the Clausens' program is coming to light here once you see his calves on December 9th at the Hazel Bluff Dispersal. He has an own birth weight of 81 lbs. and averages of 85 lbs. on his sons and 78 lbs. on the daughters and these are out of the cowherd!

11X's sire is Tiger, one of the most famous bulls in Canada and son of maybe the best breeding black bull of all time in our country, Kodiak 5R. Tiger was the Grand Champion Bull at the World Angus Forum Show, Farmfair and Agribition in '09. Kodiak was the "Premiere Sire Award" winner for the Blacks at the World Angus Forum.

Now.... if that ain't all enough... get a load of 11X's dam's picture below!

Everyone everywhere always and forever are constantly on the lookout for the next up and coming herd bulls. On December 9th at Westlock, Alberta, at JJJ Auction Market, it could be a very shrewd move on one's part to load up on your next one as 8A is a **HERD BULL PROSPECT** through and through! He has a sensational pedigree that is well accepted and has the performance to go along with it!

Just look at his 756 lb. Adjusted 205D Weight from a beauty of a two year old Damby Epic daughter that has a shot of the old Fargo bull in her as well (see the Feature Cow, 81P, today in Lot #19)

8A was exhibited at Red Round-up 2013 and was admired for his blood red color and solid pattern & structure.

FEATURE BULL CALF!

HERD BULL PROSPECT!! The last time Mackenzie Sales Management sold a direct son of the "Grandfather of the Red Angus Breed", Choctaw Chief 373, was a son at the 2002 "Manitoba Magic" Sale that sold for \$9500 to L83 Ranch & Lodoen Cattle Company in North Dakota!

The majority of the cattle in the Red breed stem back to this sire of voluminous proportions. A paternal brother to 46A was the Red MEM Prince 208H bull at Mountain View for Ted, Ed and Randy Mackenzie.

Besides being a 373 son, you gotta see this calf's dam! 93S is a cow of donor quality for the young and upcoming herd of Martin Clausen. She will be on display Sale Day.

A member of one of Canada's most recognizable cow families, the Tibbie's. What a pedigree she's got too! 150L, her sire is a maternal brother to Sam's Prospector and 133X, dam of Presidio.

Her dam, 8E, is deep in Red Roundup heritage – Sawyer Brown was Reserve Grand at the Red Round-up Bull Futurity in 1990 and Tibbie 21C came from the 1993 sale as a heifer calf! Imagine a Black/Red carrier Mulberry calf next spring from 910N... or better yet ... A Red one!!

Lot #19 - Red Hazel Bluff Ms Fargo 9M 8I

FEATURE COW and maternal sister to 84N in Lot #11. She's got a 104 Average Weaning Index on 8 calves and has one of the Feature Yearling Heifers in the sale in Lot #93.

On the Field Day this summer at Clausen's, this cow rose directly to the top. She was on everyone's list and with Christmas coming soon after this dispersal ... what a **present** to give to someone in your family!

A.I. bred to Beckton Epic for a little something different, it should work well with the Fargo blood in her.

The Clausen family always supported the Red Round-up very well ... especially the Red Round-up Semen Auction part! They also always had a membership in the Club Red - Kokanee 45L was Club Red Champion in 2001.

Pay particular attention to her A.I. service and also to her studly Black/Red Carrier bull calf at side next. Great numbers on her as well!

FEATURE COW and no wonder this cow is as good as she is ... same cow family a Feature Cow 81P in Lot #19. 35S is truly a breed leader and changer for the new buyer. If we had voted this summer at the Field Day, she would easily have won the "Favorite Pair" at Hazel Bluff with her great heifer calf seen in Lot #22A at side.

Next spring will be very rewarding for the new owner of 35S coupled up with the numbers and power of her Service Sire, Golden Boy. Make some room at home for the good ones like this cow!

-	-	Apr 25 - Aug 1	Smash 15X	7	105	no

A **FEATURE COW** and an "Elite Dam" is a member of the largest cow family at Clausen's, the Lolita line. She is an own daughter of the \$20,000 Chicory bull that went to Lazy S and I remember the day he sold and what a bidding war that was on him from several parties. He was a meat and muscle bull all the way!

Calve her out in 2014, be very happy with her natural calf and then get to flushing this cow ... I do believe she deserves the title of Donor Cow!

I wish I could've had a look at this Matador bull that was used so well in the Hazel Bluff program! To me, he has left a set of daughters to be very proud of.

Look at 139U's EPD spread of BW +3.5 to YI +101 and a +21 for milk ... that doesn't happen all the time!

"Predictable as hell" is what I had wrote in my notes from this summer and fall! Her dam, 59W, sells as Lot #50 and look at her incredible number range, -3.8 Birth to +101 Yearling.

She's a granddaughter of Makn Hay 9913 and her sire, 2W, had a 76 lb. birthweight, himself, and a 111 WI and 108 YI and now 28 of his calves average 103 at weaning too!

10Y is bred back to Smash for her next calf, but check out her incredible feature calf, 10A, in Lot #71A **SELLING NEXT!!**

WESTLOCK VETERINARY CENTER

As each of you read through the Hazel Bluff Angus Dispersal catalogue, whether as past, present or future purchasers of their cattle, you can agree on the excellent quality of animals present here. We have always enjoyed a great working relationship with Erich, Meggie & Martin as both clients and friends.

They have followed a strong herd health program using our recommended vaccination protocols and a sound breeding program. We are very confident in the quality and soundness of their cattle and we hope you appreciate the quality of their cattle as well.

We look forward to seeing you at the sale.

– TERMS & CONDITIONS OF THIS DISPERSAL –

- TERMS:** The terms of the sale are cash or cheque at par. No releases will be given until satisfactory settlement has been made. All monies are in Canadian Funds, other funds will be accepted at the current rate or exchange.
- BIDS:** Every animal entering the ring will be sold to the highest bidder.
- DISPUTES:** In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matter will be final.
- ANNOUNCEMENTS:** Any changes from information in this catalogue will be announced from the auction block, such changes will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to any such announcements.
- PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as sold.
- CERTIFICATE OF REGISTRATION:** Each animal in the sale will carry registration papers issued by the Canadian Angus Association. A certificate duly transferred will be furnished to the buyer for each animal after full total payment has been made.
- THIS IS A DISPERSAL:**
 - Cattle sell as is.
 - Preg checking will be done prior to sale and any additional information will be provided on a supplemental sheet on Sale Day
 - All females will have been A.I.'ed by a qualified A.I. technician
 - All known blemishes will be announced from the Auction Block on Sale Day.
 - Herdsmen are, of course, guaranteed breeders at sale day but bull calves cannot really be guaranteed as breeders because of their age and they are no longer under our management.
 - No other guarantee, expressed or implied, shall apply.
- ACCIDENTS:** Every precaution will be exercised to protect the safety and comfort of those attending the sale. Neither the owners, auctioneer, or any sale staff assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

- LIABILITY:** All persons attending the sale do so at their own risk; sellers and/or sales management and/or any of the sales staff assume no liability legal or otherwise for any accidents occurring in, on, or about the premises.
- INSURANCE:** Livestock and/or transit insurance will be available.
- EXPORT TESTING:** In the case of animals purchased for export, the necessary custom, health, and export certificates will be supplied.

General Information

SALE LOCATION: Sekura / Triple J Livestock Auction Market - Westlock, Alberta

HEALTH: All cattle will be supplied with proper health papers for shipment anywhere in Canada or for export to the USA. Cattle requiring Brucellosis and TB tests (U.S. purchases) will be tested following the sale and will be ready for shipment in approximately one week.

NOTE - All U.S. buyers should be aware of the Brucellosis vaccination requirements of their own state.

INSURANCE: There will be an insurance representative present sale day.

MAIL BIDS: May be entrusted in complete confidence to any of the sale staff or representatives listed or to Mackenzie Sales Management.

DISCLAIMER: As responsible Angus breeders, we have done everything possible to insure these cattle are free from genetic defects at the present time. This in no way guarantees they will be free from future genetic defects that may be discovered by any association, party, or persons.
