Welcome to the 2010 Johnston - Fertile Valley Bull Sale. The new decade has begun with increased optimism and the outlook and opportunity have never been better for those who are committed to superior genetics and management.

The price improvement in the last few months has been significant. Our May - June born steers netted \$760 each when sold in January. Many other bull customers are reporting similar results but the cattle have to be good. At the risk of being redundant we say again:

"The only way to sell good calves and maintain profit margins is to buy good bulls".

This set of bulls is our best ever. Several more bulls deserve footnotes but space is limiting and the good cowboys will find them anyway. They descend from over 500 cows that have been carefully evaluated and culled. With this large herd and limited labour we look for a reason to get rid of a cow. No farming is done so most feed must be bought and moderate, easy doing cattle are a necessity. Ninety percent of the herd is bred A.I. and only the very best proven sires are used. The great King bull raised here is one of the most popular outcross bulls in United States, Australia and New Zealand.

It is exciting and humbling to provide superior Angus seedstock to Western Canadian beef producers. No stone is left unturned or avenue unexplored in the quest to supply ranchers with Angus bulls that produce the best possible return per dollar invested.

Thank you for attending the 2010 Johnston-Fertile Valley Sale and thank you for choosing JFV as your seedstock source. Be sure to join us for a special beef dinner sale day.

Dennis & David Johnston

DJH

Welcome Fellow Angus Breeders,

The Johnston - Fertile Valley program just gets stronger and stronger, seed stock producers for over half a century their breeding program has really come into its own.

You will be impressed with this outstanding group of bulls and they represent some of the best genetics available today including twenty sons of SAV Final Answer, a bull that consistently sires calving ease, performance and maternal traits.

Twenty-seven sons of FV 20K King 308M, a home raised sire that has been used by many of the top breeding herds in America, a bull that transmits length, thickness and soundness to his high performance offspring.

Twenty-one sons of Net Worth, the most dominant sire of muscle and thickness in the breed, he breeds in volume, power and milk.

Six sons of Mytty in Focus, the calving ease growth sire, the Focus sons have always done well in this sale.

There are two Image Maker sons in this group of which Lot 75 - 64W is an exceptional bull.

There are also good sons by New Trend, Tex, Alliance and Bando.

The bulls will be semen tested and ultra sounded by sale time and the information will be available.

The sight unseen purchase plan with Buyer Satisfaction Guaranteed will be available. Join the long list of satisfied customers and attend this sale of dependable sires backed by full time, lifetime stockmen.

If David, Dennis, Mike Fleury, Bob Blacklock any of the sales staff or myself can be of assistance in anyway regarding this great group of bulls please give us a call.

Yours truly,

Doug Henderson

JOHNSTON/ FERTILE VALLEY

Deferred Payment Plan

- For Canadian buyers only •
- For bulls selling at \$2,000 and over •

Johnston/Fertile Valley offers a special financing plan for buyers at the spring 2010 sale. A down payment of 60 percent is necessary at the time of purchase, with balance due on November 30, of current year. This finance plan is only available on bulls selling at \$2,000 and over (Example: 60% of \$2,000 equals \$1,200 down payment with balance of \$800 due November 30, 2010). Interest is waived until November 30 of current year as well. For more detailed information please contact Johnston/Fertile Valley.

N. B. - A post-dated cheque is required on sale day for remaining balance.

Below is a sample of purchase agreement

**JOHNSTON/FERTILE VALLEY
DEFERRED PAYMENT PLAN**

This agreement, made in triplicate, this the ____ day of _____ A.D. _____ by and between JOHNSTON/FERTILE VALLEY BILL SALE, Reg. No. 178115, herein called the "Seller", and _____ of _____ hereinafter called the "Purchaser", it is mutually agreed upon between the parties as follows:

1.) The "Purchaser" agrees to pay 60% of the purchase price of animals bought at the JOHNSTON/FERTILE VALLEY BILL SALE on _____ day of _____ A.D. _____

2.) The "Purchaser" agrees to pay the remaining 40% of the purchase price on or before the _____ day of _____ A.D. _____

3.) The "Seller" agrees that no interest will be charged on the remaining 40% of purchase price until the _____ day of _____ A.D. _____

4.) The "Purchaser" agrees that 20% (2% per month) interest will be paid to the "Seller" or all outstanding money owed after the _____ day of _____ A.D. _____

5.) The "Purchaser" agrees that the animals with serial numbers _____ have been purchased from the "Seller", and that these animals will be used as collateral for the purposes of this agreement.

Name

Address

THANK YOU - Honesty is very prominent in our industry. Where a man's word is still good. Since the implementation of our credit plan to help our customers, payment has been 100%. Hats off!

The H-1 designation means the bull can be used on almost any heifer.

The H-2 designation means the bull should be used on larger, more grown out heifers.

HERD HEALTH PROGRAM: FERTILE VALLEY FARMS AND JOHNSTON ANGUS

David and Dennis have worked hard on the overall health of their herd.

This includes a rigorous vaccination schedule, careful attention to nutrition and acknowledgment of good animal handling and welfare practices.

All cows are vaccinated annually with a modified live IBR/PI3/BVD (type 1 and type2)/BRSV vaccine. They also receive an annual booster for E. coli and viral scours.

Calves are vaccinated for Hemophilus and Pasturella shortly after birth followed by a modified live viral vaccine at pasture turnout. All calves receive a comprehensive booster for bovine respiratory disease at weaning.

Nutrition is the basis of all good herd health programs and this operation pays particular attention to its importance. This past year, we randomly selected a number of animals to see where their mineral levels were at and adjusted their mineral intake accordingly.

All bulls will be semen-tested before the sale.

This health program has worked very well for David and Dennis. Treatment rates are low and the overall herd health is excellent.

Regards,
Dr J.E. de Moissac

available Sale Day***

LOT 1 - F V FINAL ANSWER 122W

S A V FINAL ANSWER 0035 20 SONS SELL

SAV Final Answer 0035 is a proven and reliable calving ease sire who covers all areas of economic importance. He is the \$15,000 co-top-selling bull from the 2001 SAV Sale and at ten years of age his popularity continues to soar, setting new records as the #1 volume semen sales bull at Genex AI Stud for the past four years running. Final Answer progeny are unique, arriving with consistency modest birth weights and performing with the best at weaning and yearling time, while maintaining moderate frame. They display the kind of true thickness, muscling, volume and fleshing ability that you rarely find in low birth weight cattle. His sons are early maturing with large scrotal size and his daughters are very complete with excellent fertility and maternal traits. A son, SAV Pioneer 7301 was the \$65,000 top selling bull in the 2008 SAV Sale and is the most popular and widely used bull of his calf crop in the Angus breed.

In February 1987 our first Angus cow was purchased at the Green Valley Dispersion in Montana. She produced a bull calf that year who later sold for \$6,600 and Fertile Valley Farms entered the Angus industry. We've never regretted that decision and we have never looked back. That original 4607 cow founded the Lass cow family and 122W's pedigree shows her as the founding cow in his 5th generation. He is as good as we have ever produced. Extremely sound, extra capacity and length with a great muscle pattern. Produced by a heifer whose dam was also a heifer. Big time performance with lots of calving ease. 122W will be part of our future and we plan to collect him before he leaves. We've produced thousands of bulls but his kind are few and far between.

Selling 1/2 Interest and Full Possession.

A maternal brother topped our 2007 sale at \$7,500. 192W has always been a favorite and comes from a leading cow family. He has extra length, dimension and bone. Lots of thickness and muscle for a lighter birth weight. Lots of hair on this good young bull. These Final Answer bulls can be started on heifers and then moved to your cow herd in a year or two. They have an amazing birth to yearling spread.

27 SONS SELL**

*Owned by Johnston/Fertile Valley
Basin Angus Ranch
Schaff Angus Valley*

King is a powerful, total outcross, versatile SAV herdsire that runs with the best. He transmits length, thickness and soundness to his high performance offspring who have a superb disposition and exceptional fertility with added scrotal size. His first progeny were appraised with strong commercial and purebred demand in the 2009 SAV Sale and continue to exceed high expectations. King sired the heaviest 205-day weight bull in the 2009 SAV Sale. He has already established a favorable EPD profile in the U.S. system, starting at baseline zero because of his Canadian origin.

King was lost last summer defending his honor in a massive bull fight, so his future progeny will be limited.

S A V NET WORTH 4200
17 SONS SELL

SAV Net Worth 4200 is universally regarded as the most dominant sire of muscle and thickness in Angus history. He is a real world performance bull who has taken the industry by storm, transmitting unprecedented thickness, muscle, volume and power to his phenomenal progeny who have gained him recognition around the globe.

Net Worth was the \$117,500 top-selling bull in the 2005 SAV sale where he was the lead-off bull of the world-record-selling sire group. He earned the heaviest 205-day weight of his calfcrop at 995 lbs. and scanned a 365-day REA of 17.2 inches, while earning an IMF ratio of 139.

Net Worth is a product of the herdsire-producing Blackcap May family that was established at SAV in 1945 and has given birth to more prominent AI stud sires in modern history than any cow family in the Angus breed. The first Net Worth daughters in production follow this maternal legacy with exceptional fertility, body volume, fleshing ability and superb udder quality.

Net Worth is the most unique and powerful Angus bull in the world and a major force in the Angus breed. His progeny and influence will dominate the entire 2010 sale season.

66W's dam originates from the "370" N-Bar cow who is a daughter of Emulation 31. "370" is the dam of Bowerman's Nugget bull and is also the dam of Dennis' "170" cow, still one of the best cows to ever graze our pastures. 66W has tremendous phenotype with a great muscle pattern. He has lots of length, good feet and lots of hair. With his flawless pedigree and superior performance, he is a top herd sire prospect.

This good bull has lots of capacity and thickness, a strong top and a good foot. His dam is one of the best Triple Threat daughters anywhere. Feminine, deep, thick and still youthful at 13 years of age. The 25Z cow stayed in production until she was 18 years old. Even at that age her feet were perfect. These are some of the most dependable cattle in the business.

This young bull is again out of a two year old heifer. Take a look thru this catalog and note how many bulls were produced by two year old heifers. 125W has good frame and is sired by In Focus. The In Focus sons have been easy calving and the daughters have been outstanding producers.

One of the highlights of the sale. He has an outcross pedigree and performance numbers and EPDs that are through the roof. This great young bull has excellent length, top, pattern and stands solid on a good foot. His dam is a member of the famous Annie K cow family. She is a beautiful King daughter with a 12U dam. These bulls are the heart of our herd.

Selling 1/2 Interest and Full Possession.

SIGHT UNSEEN BUYERS PLAN

If you are unable to attend the sale, we have a "Sight Unseen Buyers Plan", that is Satisfaction Guaranteed!

Please contact Doug Henderson of DjH, Mike Fleury, Saskatoon Livestock Sales, or Dennis & David Johnston.

We would be glad to discuss the bulls and your needs to try and find a bull or bulls that fit your program. If we deliver a bull that you do not like - you will not own him.

JOHNSTON/FERTILE VALLEY

2010 Terms & Conditions

CATTLE INSPECTION - All sale cattle will carry identity tags corresponding to sale lot and/or tag numbers shown in the catalogue, and will be available for inspection at sale facility commencing April 8, 2010.

ALL CATTLE SELL - Every animal entering the sales ring will be sold to the highest bidder, subject to such health tests as may be required under regulations of Agriculture Canada.

ANNOUNCEMENTS - Errors discovered in the catalogue will be corrected by announcements from the auction block at sale time, and such corrections shall take precedence over the printed matter in this catalogue.

BREEDING GUARANTEE - All cattle are sold as sound and right and sell with a responsible breeders guarantee of satisfaction. In the unlikely event of a dispute, the regular Breeder's Guarantee, standard with the Canadian Angus Association, shall apply.

DNA TESTING - The Canadian Angus Association now requires that any sire of a calf to be registered with the CAA must be DNA tested. Johnston / Fertile Valley sale bulls have not been DNA tested. Therefore, it is the buyer's responsibility to make certain that any bull used on registered females, from which the offspring are to be registered, is DNA tested before going into service.

DELIVERY - Bulls will be delivered to central points within a three hundred mile radius on a \$2500.00 purchase or more. We are again asking our customers to please bring their trailers and help us. It's not that we will not deliver but it's physically impossible to get these bulls out in the short time frame we have to work with .

SEMEN - Johnston/Fertile Valley reserves the right to collect 100 units of semen at Johnston/Fertile Valley expense and buyers convenience (including A.I. certificates) on any bull in the sale. Such semen for within herd use only.

MAIL BIDS - Orders for the purchase of sale cattle may be entrusted in complete confidence to any of the sale staff.

RISK - Ownership risk to the purchaser commences when the auctioneer's hammer falls. Insurance is recommended. Hartford Insurance will be applied for delivery purposes.

BULL WARRANTY - We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.

TERMS OF SALE - Terms are cash or cheque. No sale entries will be released until satisfactory settlement has been made. Animals for export may not be released unless payment has been received prior to departure. Registration papers will be supplied upon completion of sale transaction, including payment in full.

ACCIDENTS - ALTHOUGH ALL REASONABLE PRECAUTIONS WILL BE TAKEN TO PROTECT SAFETY AND COMFORT OF PEOPLE ATTENDING THE SALE, ALL PERSONS ATTENDING THE SALE DO SO AT THEIR OWN RISK, AND THE OWNERS, MANAGEMENT AND SALES STAFF ASSUME NO LIABILITY, LEGAL OR OTHERWISE, FOR PERSONAL OR PROPERTY LOSS OR LOSSES FROM ANY ACCIDENT OR OTHER OCCURRENCE WHICH MAY OCCUR.

Sponsor a Steak for a Returning Soldier & Their Loved One

To all participants in the cattle industry in Canada

Alert Agri Distributors Inc is celebrating its 25th year in business this year, having been part of the Canadian beef industry.

In celebration, Alert Agri is soliciting your financial support in sponsoring "a steak for a returning soldier and their loved one" to show our appreciation of the dedication and sacrifice these men and women have made. Their sacrifice allows Canadians the privilege to live in peace, while enjoying the freedom and benefits of a democracy.

Military Bases in Edmonton, Alberta, Shilo, Manitoba, Petawawa, Ontario, Valcartier, Quebec and Gagetown, New Brunswick host home comings when battalions from their respective bases return from overseas . In order to provide each returning serviceman or woman and their loved one a quality Canadian steak, over 12000 steaks will be required over the two year period. Canadian Rib Eyes and New York Strips will be on the menu. Alert has made a financial commitment, and will cover administration costs so 100% of your generous contribution goes to the soldiers and their loved ones. Working with the Canadian Military, any excess, in steak sponsorships contributed, will be given to one of three Benefit Funds already set up for soldiers and/or their dependents. The funds listed support both soldiers and their families while deployed and upon return.

- Wounded Warrior Fund
- Support our Troops Fund
- Military Families Fund.

In order to participate in this special event please fill out the form below and mail it along with your cheque with your contribution to the address shown. Alert will email or mail you an invoice for the appropriate pounds of steak marked paid. Thank you in advance for your contribution to these homecomings which say thank you to our military personnel and their loved ones. We all appreciate the commitment and sacrifices they have made for Canada while deployed in Afghanistan and other locations throughout the world.

Harvey & Jackie Dann
