What a great time to be in the cattle business! Never has there been more optimism, opportunity and enthusiasm. The phone rings daily with calls from ranchers looking for replacement heifers and searching for superior bulls. It's been a challenging but a great year. Today is February 25th, the temperature is -22 with a high wind chill and the mature cows are still out swath grazing. We have 7000 bales of hay and straw that were hard to harvest and still not all hauled home. The great news is there finally is a surplus of feed.

You will have the final decision but we believe this is our best bull lineup ever. Several more deserve pictures and footnotes but space is limiting and the notes become redundant. Many of the bulls are out of heifers and because we don't start calving until mid March some of the actual weights are not as large as other January born calves.

These bulls originate from a genuine cowboy program that has been in business since 1954. Our only business is cows and they have delivered for our customers and us. We are blessed to earn a good living doing exactly what we want to do.

Three men manage 500 cows so this is not a high input herd. All grain and supplements are purchased so the cows have to pay the bills.

Join the progressive group of ranchers who have invested in the Johnston/Fertile Valley program. The volume of repeat buyers is testimony that the JFV program delivers.

Be assured that we appreciate your consideration and business. Welcome and please join us for a roast beef lunch.

Dennis & David Johnston

DjH

Welcome Fellow Cattlemen,

Come expecting to see an exceptional group of bulls, the 2011 Edition of the Johnston/Fertile Valley Bull Sale may have the best group of bulls ever produced at this seedstock nursery which has been in operation for over half a century.

A big part of the success is the strength of the 500 head cow herd and an A.I. program that uses the best bulls in the business. Johnston's no nonsense approach and low maintenance cowherd, produce rugged, athletic calving ease herd builders. This herd takes advantage of complete performance and carcass information since 1989.

As a feature this year there are ten exceptional two year bulls.

Remember the Deferred Payment Plan, 60% down sale day, 40% December 1, 2011 with no interest also remember the sight unseen Purchase Program with Buyer Satisfaction Guaranteed. Join the long list of satisfied customers and attend this sale of dependable genetics backed by full time, lifetime stockmen.

If David, Dennis, Mike Fleury any of the sale staff or myself can be of assistance in anyway regarding this great group of bulls please give us a call.

Yours truly,
Doug Henderson

CASEY - 2004-2011

The best partner and friend a rancher could wish for. Not a day goes by we don't remember your expertise and wish you were still here.

Thanks is not enough for your dedication.
Rest Well.

JILL

"Big shoes to fill"

JOHNSTON/ FERTILE VALLEY

Deferred Payment Plan

- For Canadian buyers only •
- For bulls selling at \$2,000 and over •

Johnston/Fertile Valley offers a special financing plan for buyers at the spring 2011 sale. A down payment of 60 percent is necessary at the time of purchase, with balance due on November 30, of current year. This finance plan is only available on bulls selling at \$2,000 and over (Example: 60% of \$2,000 equals \$1,200 down payment with balance of \$800 due November 30, 2010). Interest is waived until November 30 of current year as well. For more detailed information please contact Johnston/Fertile Valley.

N. B. - A post-dated cheque is required on sale day for remaining balance.

Below is a sample of purchase agreement

**JOHNSTON/FERTILE VALLEY
DEFERRED PAYMENT PLAN**

This agreement, made in triplicate, _____ this the _____ day of _____, A.D. _____, by and between JOHNSTON/FERTILE VALLEY BULL SALE, Reg No. 178518, herein called the "Seller", and _____ of _____ hereinafter called the "Purchaser", it is mutually agreed upon between the parties as follows:

1.) The "Purchaser" agrees to pay 60% of the purchase price of animals bought at the JOHNSTON/FERTILE VALLEY BULL SALE on _____ day of _____, A.D. _____.

2.) The "Purchaser" agrees to pay the remaining 40% of the purchase price on or before the _____ day of _____, A.D. _____.

3.) The "Seller" agrees that no interest will be charged on the remaining 40% of purchase price until the _____ day of _____, A.D. _____.

4.) The "Purchaser" agrees that 24% (2% per month) interest will be paid to the "Seller" on all outstanding money owed after the _____ day of _____, A.D. _____.

5.) The "Purchaser" agrees that the animals with tattoo numbers _____ have been purchased from the "Seller", and that these animals will be used as collateral for the purposes of this agreement.

THANK YOU - Honesty is very prominent in our industry. Where a man's word is still good. Since the implementation of our credit plan to help our customers, payment has been 100%. Hats off!

The H-1 designation means the bull can be used on almost any heifer.

The H-2 designation means the bull should be used on larger, more grown out heifers.

FERTILE VALLEY FARMS AND JOHNSTON ANGUS

Welcome to David and Dennis' bull sale. I have been managing this herd's health program for many years and can assure you that David and Dennis follow their vaccination protocol to the letter. They also pay particular attention to nutrition and trace mineral evaluation.

These bulls are not here on a solid health program and good looks alone. They have all passed a tough semen evaluation; the tape measurement was snug and 75% normal semen is my cutoff point. There are NO deferred bulls in this sale. David and Dennis are not interested in bulls that belong in the cull pen.

Even though most of these bulls are barely 12 months old at the time of testing, they do not get second chances.

Regards,
Dr J.E. de Moissac

LOT 1-1 - F V PIONEER 83X

S A V PIONEER 7301 10 SONS SELL

Pioneer 7301 was the top selling bull in the 2008 SAV Sale. He had a 205 day wt of 965 lbs for a weaning ratio of 117 and scanned 365 day REA of 17.7 inches with a yearling scrotal of 42 cm.

Pioneer stamps his progeny, they combine modest birth weight with exception length performance and balance with great disposition. Pioneer's dam and grandam are two of the truly great cows in the Schaff herd.

This young bull has an outstanding dam. Her first calf was one of the feature In Focus bulls in last year's sale. His birth weight was 70 lbs and he sold for \$4250. 83X should have lots of calving ease but still is a powerhouse. He combines Pioneer, King, Triple Threat and Nugget into an amazing 63 lb birth weight and negative 1.1 birth EPD. King daughters are becoming some of the top producing cows in the Angus breed and calves like 83X are the reason why.

14 SONS SELL

SAV Final Answer 0035 a proven and reliable calving ease sire. At eleven years of age his popularity remains steadfast.

Final Answer's progeny have consistent modest birth weights and perform well at weaning and yearling.

The progeny excel in soundness, fertility and function. They are very popular with the cowboys.

27 SONS SELL**

SAV Net Worth may be the most dominate sire of muscle and thickness in Angus history. His progeny carry his consistent stamp of muscle, dimension, capacity, fleshing ability and pounds of pure beef.

Net Worth was the high selling bull in the 2005 SAV Sale. He had a 205 day weight of 995 lbs and scanned a 365 day REAQ of 17.2 inches, while earning an IMF ratio of 139. The sons are definitely power bulls.

**F V 20K KING 308M
13 SONS SELL**

*Owned by Johnston/Fertile Valley
Basin Angus Ranch
Schaff Angus Valley*

King (deceased) was a powerful, total outcross, versatile SAV herdsire that runs with the best. He transmits length, thickness and soundness to his high performance offspring who have a superb disposition and exceptional fertility with added scrotal size.

His first progeny were appraised with strong commercial and purebred demand in the 2009 SAV Sale and continue to exceed high expectations. King sired the heaviest 205 day weight bull in the 2009 SAV Sale.

He has already established a favorable EPD profile in the U.S. system, starting at baseline zero because of his Canadian origin.

Lots of thickness and capacity and stands on a good foot. He has that wonderful King disposition. His dam, 85G and grandam 29Y are two of the most attractive cows in the Angus breed. Their longevity is amazing, 85G is still in the herd and 29Y stayed in production until she was 19. 29Y was another of those original 12U daughters from Ozzie Dodge.

One of the highlights of the sale. He has an outcross pedigree and excellent performance numbers and EPDs. This great young bull has lots of thickness, length and top. He stands solid on a good foot. His dam is a member of the famous Annie K cow family. She is a beautiful King daughter with her 12U dam. A full brother to 64X was a feature in last year's sale.

Great outcross pedigree.

TWO-YEAR-OLD BULLS

A genuine opportunity. These are bulls originally intended for our own use. The intent was to do the usual A.I. round and then turn out a group of King sons and a group of Net Worth sons with the large cow groups on summer range. With the extra rain, A.I. pastures lasted twice as long and cleanup bulls were not used. These guys are as good as can be found! Enjoy!

Good feet and testicles. His mother and grandmother are outstanding cows and descend from one of our best N-Bar lines.

955W 1-83 -JOHNSTON KING 690W

For years the JFV theme has been bulls raised by ranchers for ranchers. This picture of 330 mature cows swath grazing triticale was taken February 22, 2011, the temperature was -22 C with a wind chill. The snow is 18 inches deep with at least a two layers of ice. Visual testimony that the mothers of the sale bulls are cost efficient, unpampered ranch cows. Not many Western Canadian cows are still out grazing the end of February!

JOHNSTON/FERTILE VALLEY

2011 Terms & Conditions

CATTLE INSPECTION - All sale cattle will carry identity tags corresponding to sale lot and/or tag numbers shown in the catalogue, and will be available for inspection at sale facility commencing April 7, 2011.

ALL CATTLE SELL - Every animal entering the sales ring will be sold to the highest bidder, subject to such health tests as may be required under regulations of Agriculture Canada.

ANNOUNCEMENTS - Errors discovered in the catalogue will be corrected by announcements from the auction block at sale time, and such corrections shall take precedence over the printed matter in this catalogue.

BREEDING GUARANTEE - All cattle are sold as sound and right and sell with a responsible breeders guarantee of satisfaction. In the unlikely event of a dispute, the regular Breeder's Guarantee, standard with the Canadian Angus Association, shall apply.

DNA TESTING - The Canadian Angus Association now requires that any sire of a calf to be registered with the CAA must be DNA tested. Johnston / Fertile Valley sale bulls have not been DNA tested. Therefore, it is the buyer's responsibility to make certain that any bull used on registered females, from which the offspring are to be registered, is DNA tested before going into service.

DELIVERY - Bulls will be delivered to central points within a three hundred mile radius on a \$2500.00 purchase or more. We are again asking our customers to please bring their trailers and help us. It's not that we will not deliver but it's physically impossible to get these bulls out in the short time frame we have to work with .

SEMEN - Johnston/Fertile Valley reserves the right to collect 100 units of semen at Johnston/Fertile Valley expense and buyers convenience (including A.I. certificates) on any bull in the sale. Such semen for within herd use only.

MAIL BIDS - Orders for the purchase of sale cattle may be entrusted in complete confidence to any of the sale staff.

RISK - Ownership risk to the purchaser commences when the auctioneer's hammer falls. Insurance is recommended. Hartford Insurance will be applied for delivery purposes.

BULL WARRANTY - We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.

TERMS OF SALE - Terms are cash or cheque. No sale entries will be released until satisfactory settlement has been made. Animals for export may not be released unless payment has been received prior to departure. Registration papers will be supplied upon completion of sale transaction, including payment in full.

ACCIDENTS - ALTHOUGH ALL REASONABLE PRECAUTIONS WILL BE TAKEN TO PROTECT SAFETY AND COMFORT OF PEOPLE ATTENDING THE SALE, ALL PERSONS ATTENDING THE SALE DO SO AT THEIR OWN RISK, AND THE OWNERS, MANAGEMENT AND SALES STAFF ASSUME NO LIABILITY, LEGAL OR OTHERWISE, FOR PERSONAL OR PROPERTY LOSS OR LOSSES FROM ANY ACCIDENT OR OTHER OCCURRENCE WHICH MAY OCCUR.

SIGHT UNSEEN BUYERS PLAN

If you are unable to attend the sale, we have a "Sight Unseen Buyers Plan", that is Satisfaction Guaranteed!

Please contact Doug Henderson of DjH, Mike Fleury, Saskatoon Livestock Sales, or Dennis & David Johnston.

We would be glad to discuss the bulls and your needs to try and find a bull or bulls that fit your program. If we deliver a bull that you do not like - you will not own him.
