Welcome to the 2013 JFV Bull Sale. North American cow numbers are at a forty-year low and all the profit indicators are positive for our industry. Now is the time to be aggressive and seize the initiative. Demand is steadily increasing for high quality beef and we are in the drivers seat, if we do our job right. This is the opportunity to join a program that has demonstrated superior quality and consistency for over half a century.

This ranch has been in business since 1953 and complete performance and carcass data has been compiled since 1989. The only focus is to supply superior Black Angus seed stock to ranchers. Three people manage over 500 mother cows and the cattle must be problem free. No grain farming is done and with the price of feed the cattle must be efficient to pay the bills. Low maintenance is a priority. For the past 25 years the best A.I. sires have been used in volume.

It is gratifying that many of the most progressive cattlemen rely on this program for their seed stock, it makes all the work and planning worthwhile.

Remember the deferred payment plan and our personal service guarantee.

Join us for a special roast beef lunch sale day. We look forward to visiting with you.

David and Dennis Johnson

PS - King has just been named a Pathfinder Sire by the American Angus Association

We have seen a major reduction in the North American Beef cow population. The media claims that today's cattle numbers are equivalent to what they were in the 1940's. Our world human population continues to grow, and Canada is experiencing a tremendous amount of immigration. Consumers need to eat beef; protein is required in order to maintain a healthy diet. With the drastic decrease in the cow population and a growing human population, this trend cannot continue, without the cattle prices souring to high levels. Serious cattle producers need to position themselves for this cattle pricing boom. We are witnessing cattle producers exiting the business and I strongly believe now is not the time to get out. Now is the time for expansion, and to position your cowherd for when the mother load arrives. Agriculture commodities are experiencing larger producers, growing more volume. The grain, dairy and hog producers have developed into larger enterprises, and we have seen the feedlot industry turn into big capacity feedlots. The cow-calf producers are also following this trend, the cowherds are getting much larger, and some of the traditional ways of running these cow herds are also changing. The agriculture industry continues to face a labour shortage and we are finding cow/calf producers are forced to operate with cows that are less labour intensive, lower maintenance and continue to promote performance and profit. I believe this is where the Johnstons' Angus program shines, their Angus cattle have provided the needs for today's cattle producer, and have the right genetics that will work for the larger producer of the future. Johnston/Fertile Valley Angus have been seed stock producers since 1954, and have been providing top quality bulls for many commercial cattle producers for over one half of a century. Congratulations David and Dennis for your dedicated commitment to the industry. This amazing cowherd is absolutely flawless it represents 500 of the industry's finest registered Black Angus cattle. The Johnstons operate an intensive A.I. program breeding their entire cow herd of 500 cows to the top A.I. sires within the industry. David and Dennis are leaders in collecting ultrasound data on their bulls they pioneered this process in 1989, and have provided complete data to their bull customers every year since. The bulls in this year's sale offering are exceptional, they represent predictable genetics and you can feel confident that they will take your cow herd and steer/heifer calves to the next level. I highly recommend you select a Johnston Bull to run in your pastures, the program has been proven for years and used by many successful cattle producers throughout the land. See you at SLS on April 12th!

Welcome Fellow Cattlemen,

David and Dennis Johnston are once again preparing an outstanding group of bulls for their annual bull sale. These dedicated cattlemen calve a little later than many of the seed stock producers but the cream does come to the top and these top-gaining bulls will once again be ready for sale on April 12.

A strong A.I. program, an outstanding cow herd of five hundred head, a no nonsense philosophy produce bulls athletic, calving ease, performance rugged herd builders. These bulls have performance, carcass and scrotal data. This herd has taken advantage of complete performance and carcass information since 1989.

Remember the Deferred Payment Plan, 60% down sale day, 40% December 1, 2013 with no interest also remember the sight unseen Purchase Program with Buyer Satisfaction Guaranteed. Join the long list of satisfied customers and attend this sale of dependable genetics backed by full time lifetime stockmen.

If David, Dennis, Mike Fleury any of the sale staff or myself can be of assistance in anyway regarding this great group of bulls please give us a call.

Yours truly,

Doug Henderson, Douglas J. Henderson & Associates Ltd.

22 Sons Sell

Pioneer 7301 was the top selling bull in the 2008 SAV Sale. He had a 205 day wt of 965 lbs for a weaning ratio of 117 and scanned 365 day REA of 17.7 inches with a yearling scrotal of 42 cm.

Pioneer stamps his progeny, they combine modest birth weight with exception length performance and balance with great disposition. Pioneer's dam and grandam are two of the truly great cows in the Schaff herd.

F V 57U GLANWORTH 102Z

TRIPLE V GLANWORTH 57U

57U is a powerful and unique outcross sire, totally dominant in the breeding field, he is a massive breeding machine. An easy fleshing, big testicled, good footed bull who passes his length and muscle to his offspring. He can take a group of cows and put his stamp on every calf. The 57U sons in the sale take second place to none and the number one heifer in our entire heifer pen is a daughter.

57U's heritage caught our eye initially, a complete outcross on the top side being sired by the New Zealand bull Glanworth Waigroup 130'03 on the bottom side. 57U's dam is the result of a brother-sister mating both being sired by one of the most respected bulls in the Angus breed, Sitz Alliance 6595. Her pedigree also includes EXT to insure perfect udders. What makes 57U so unusual is when you combine his sire and dam you produce a linebred outcross. We had high hopes when we purchased and he has delivered beyond our highest expectations.

The second most used Canadian Black Angus sire in 2012. The easiest keeping bull ever at JFV. First daughters calving show worlds of potential. A model of feed efficiency. Canadian EPDs Birth +0.3 WW +25 YW +54 Milk +25 TM +38.

JOHNSTON HOOVER DAM 832Z

HOOVER DAM

16 Sons Sell

One of the most popular and most proven young sires in the breed, his progeny are thick, attractive and correct with a highly sought after combination of calving ease, muscle and docility. Hoover Dam also has a very high Rib-Eye Area score.

JOHNSTON/ FERTILE VALLEY

Deferred Payment Plan

- For Canadian buyers only •
- For bulls selling at \$2,500 and over •

Johnston/Fertile Valley offers a special financing plan for buyers at the spring 2013 sale. A down payment of 60 percent is necessary at the time of purchase, with balance due on November 30, of current year. This finance plan is only available on bulls selling at \$2,500 and over (Example: 60% of \$2,500 equals \$1,500 down payment with balance of \$1,000 due November 30, 2013). Interest is waived until November 30 of current year as well. For more detailed information please contact Johnston/Fertile Valley.

N. B. - A post-dated cheque is required on sale day for remaining balance.

Below is a sample of purchase agreement

THANK YOU - Honesty is very prominent in our industry. Where a man's word is still good. Since the implementation of our credit plan to help our customers, payment has been 100%. Hats off!

The H-1 designation means the bull can be used on almost any heifer.

The H-2 designation means the bull should be used on larger, more grown out heifers.

THIS INFORMATION ALONG WITH ULTRA SOUND DATA WILL BE AVAILABLE SALE DAY.

JOHNSTON/FERTILE VALLEY

Terms & Conditions

CATTLE INSPECTION - All sale cattle will carry identity tags corresponding to sale lot and/or tag numbers shown in the catalogue, and will be available for inspection at sale facility commencing April 7, 2011.

ALL CATTLE SELL - Every animal entering the sales ring will be sold to the highest bidder, subject to such health tests as may be required under regulations of Agriculture Canada.

ANNOUNCEMENTS - Errors discovered in the catalogue will be corrected by announcements from the auction block at sale time, and such corrections shall take precedence over the printed matter in this catalogue.

BREEDING GUARANTEE - All cattle are sold as sound and right and sell with a responsible breeders guarantee of satisfaction. In the unlikely event of a dispute, the regular Breeder's Guarantee, standard with the Canadian Angus Association, shall apply.

DNA TESTING - The Canadian Angus Association now requires that any sire of a calf to be registered with the CAA must be DNA tested. Johnston / Fertile Valley sale bulls have not been DNA tested. Therefore, it is the buyer's responsibility to make certain that any bull used on registered females, from which the offspring are to be registered, is DNA tested before going into service.

DELIVERY - Bulls will be delivered to central points within a three hundred mile radius on a \$2500.00 purchase or more. We are again asking our customers to please bring their trailers and help us. It's not that we will not deliver but it's physically impossible to get these bulls out in the short time frame we have to work with .

SEMEN - Johnston/Fertile Valley reserves the right to collect 100 units of semen at Johnston/Fertile Valley expense and buyers convenience (including A.I. certificates) on any bull in the sale. Such semen for within herd use only.

MAIL BIDS - Orders for the purchase of sale cattle may be entrusted in complete confidence to any of the sale staff.

RISK - Ownership risk to the purchaser commences when the auctioneer's hammer falls. Insurance is recommended. Hartford Insurance will be applied for delivery purposes.

BULL WARRANTY - We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.

TERMS OF SALE - Terms are cash or cheque. No sale entries will be released until satisfactory settlement has been made. Animals for export may not be released unless payment has been received prior to departure. Registration papers will be supplied upon completion of sale transaction, including payment in full.

ACCIDENTS - ALTHOUGH ALL REASONABLE PRECAUTIONS WILL BE TAKEN TO PROTECT SAFETY AND COMFORT OF PEOPLE ATTENDING THE SALE, ALL PERSONS ATTENDING THE SALE DO SO AT THEIR OWN RISK, AND THE OWNERS, MANAGEMENT AND SALES STAFF ASSUME NO LIABILITY, LEGAL OR OTHERWISE, FOR PERSONAL OR PROPERTY LOSS OR LOSSES FROM ANY ACCIDENT OR OTHER OCCURRENCE WHICH MAY OCCUR.
