Dear Angus Enthusiasts,

On Friday October 23, Nagib Krameddine and Burt Shantz will definitely be putting their best foot forward with this wonderful offering of cattle. They have selected this most impressive offering from a cow herd numbering 350 females.

K-Deen has been breeding top quality Angus cows for 21 years and this terrific offering reflects their serious and progressive style and Burt Shantz a lifetime of dedication to the Angus breed.

The bull calves and heifer calves are phenomenal, the bred heifers and cows exceptional, a wonderful opportunity to acquire top quality breeding stock.

K-Deen, Shandeen and Needmore are offering a 10% discount for 4-H and Junior Angus members who are going to show their heifers. Just send a photo and they will pay you a 10% rebate.

Please join Nagib, Liala, their family and guest consignor Burt & Jo Shantz for Angus hospitality and a BBQ steak dinner and the opportunity to select the best of Angus bloodlines, Friday, October 23.

If Nagib, Burt, any of the sale crew or Linda or myself can be of assistance in any way concerning this sale please let us know.

Doug Henderson

6R is a superb young Angus cow. 6R has been busy raising bull calves while her flush sister and stall mate produced Soo Line Black Nance 7008 who was the OAA Show Female of the Year. Their dam, Terrlene Black Nance 41A was flushed and she produced 42 #1 embryos. She ended her show career in the Supreme Show at Agribition.

6R has a splendid conformation, excellent udder and easy to handle and work with. Consider this young cow as a foundation female or new line of breeding in your herd.

12W the feature bull calf of the sale, sired by Bismarck and having the great Black Nance of Shandeem 6R for his mom makes him extra special. 12W is well muscled, has excellent leg and foot structure and will make a top notch sire prospect. 12W is nice to handle and a pleasure to work with. 12W has a moderate birth weight of 82 lbs. and should be an excellent heifer bull. We are selling full interest, but would be glad to retain an interest in this young fellow.

12W is a direct cousin of OAA Show Female of the Year 2008 in Ontario. This is a good calf.

2W is probably the best calf born at Needmore Angus for years. His sire, SAV Bismarck 5682 is doing a tremendous job on both bull and heifer calves. Bonnie Pride of Needmore 4R is a hard working young cow sired by Powerful Sam, a Riverbend Powerline son. This calf is well balanced, thick through his top and carries well down in his quarter. He has the look of a future herd sire for some Angus herd. This calf has style, correctness, muscling and breed character. He is the cream of the Needmore crop.

EXPECTED PROGENY DIFFERENCES (EPDs)

EPDs:

- Estimate the genetic potential of an animal based on its own performance/pedigree records and those of its parents, offspring and other relatives in comparison to other animals. They measure the value of the animal as a parent for a particular trait.
- The most accurate way to rank animals on genetic merit for various traits.
- are the best tool available to compare animals between herds, countries and year of birth
- help breeders make informed decisions regarding breeding stock selection by evaluating numerous traits such as growth-related traits, carcass traits and reproductivity
- estimate the group performance of one parent compared to the group performance of another parent, assuming similar mates

EPDS EVALUATE GROUP AVERAGES AND OFFSPRING'S PERFORMANCE. THEY CAN NOT PREDICT INDIVIDUAL PERFORMANCE OR WEIGHTS.

To evaluate seedstock, use EPDs, pedigree and visual assessment. With EPDs the concept of "intermediate optimums" works best. Selection for one trait or for extremes generally results in unexpected consequences due to genetic correlations - for example, intense selection for high yearling weight will also increase birth weight. Successful cattle breeding requires a thoughtful and balanced approach to optimize fertility, growth and carcass merit while improving profitability and efficiency.

EPD Averages for all calves born in 2008

A well bred son of Special Design who is a maternal brother to the great EXT whose dam is one of the breeds most important females, N Bar Primrose 2424.

Note the dam is Terrlene Black Nance 41A, a very important cow in the Shandeen program and an own daughter of the mighty Northern Samurai.

TERMS & CONDITIONS

CATTLE INSPECTION: All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

ALL CATTLE ARE SOLD: Subject to such tests as required for export under regulations of the Health of Animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

BREEDING GUARANTEE: All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

PREGNANCY: Examinations shall have been conducted prior to sale on all serviced females.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

HOLDING AND SHIPMENTS: Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint export shipping

arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

MAIL BIDS: May be entrusted in complete confidence to any of the Sale Staff listed or to Douglas J. Henderson & Associates Ltd.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on sale day, also from the sale management at any time.

TERMS OF SALE: Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

EVERY ANIMAL sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

ALL PERSONS who attend the Sale do so at their own risk, and the Owners, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
