Welcome to the 2012 LLB Spring Spectacular Bull and Female sale. We have been developing our Angus herd for over 40 years and this marks the 26th edition of this sale format. We are proud of this large, diverse sale offering and truly appreciate your time and effort studying or viewing the cattle we are offering. The last 26 years have passed quickly, with great strides of progress in the Angus industry.

Our 800 head cow herd is managed in large groups, from calving until sale time. Calves are turned out with their mothers in breeding pastures as soon as grass is available, they are allowed to grow and develop without extra attention until after weaning. Our breeding philosophy is simple – acquire the best herd sires available, selecting for performance traits, growth and thickness, while maintaining structural soundness and strong maternal traits. By following this philosophy we have been able to produce large sire groups that are uniform and very functional. Every year the quality and consistency of our sale offering increases; this maybe the best offering we have had yet.

Angus is our only business, we expect and our many customers expect consistency and top productivity from our sale offering. This is a powerful group of sale bulls, consistently good from front to back in all divisions – yearlings, fall born and two year olds. These bulls offer a multitude of traits – calving ease, performance and maternal, we are confident you will be able to find a herd sire in this sale offering for any breeding program. The yearling heifers are from the heart of our cow herd, there are many show heifer prospects and all will make excellent brood cows. It is always gratifying to see our many customers have successes with LLB purchases, whether it is a winning show heifer or progeny from our bulls topping the commercial calf markets in the fall.

If you are unable to attend our sale in person, we are again offering our Sight Unseen Purchase Plan. We have tried to include as much information as possible in this catalogue. Pre-sale viewing of cattle is encouraged and Lee would be happy to assist with sale selections prior to sale day. Please feel free to contact us or any of our capable sales representatives to discuss your needs or questions.

The past 12 months have been an incredible year, every sector of the beef industry has been financially rewarded, but in particular those who invested in superior genetics over the years. We feel strongly the superior individuals in this sale offering will provide the genetics needed for the advancement of our beef production industry.

We hope to see you March 9th and March 10th!

Old Post Bandolier is a powerful individual with extra body mass and excellent feet and legs. Genex leased Old Post to bolster their straight Canadian, total out cross semen inventory. A \$7000 Old Post daughter was among the top selling heifers last fall, there is certainly show heifer prospects among his daughters in this offering that are the lead off females, Lot 1 to 12. His sons have well received as well, one being an \$8500 bull calf to Tullamore Angus in Ontario and others recorded some of the top weaning and yearling weights of our 2010 and 2011 calf crops. Old Post sons in this sale are the Lot 112 to 123 yearling bulls Lot 256 to 261 two year olds.

LLB purchased Line Blackman 8044 as one of the top selling bulls from Soo Line in 2009. Note the grand sire of this fine young herd sire, Blackman 252'96 is also the sire of Old Post. Some of the top selling heifer calves the last two falls were a \$5500 and \$4500 Blackman 8044 daughters, others are the yearling heifers Lot 13 to 18 in this sale. His sons will be the lead off group bulls, both yearlings (Lot 101-111) and two year olds (Lot 247-253).

Kodiak 9188 is a calving ease sire with excellent performance records. The outstanding grand dam of Kodiak 9188 is Eulima 104K, is an ELITE DAM whose daughter was the top selling female in our last spring sale and her son is the stout Lot 120 this year. A full brother to Kodiak 9188 was the lead off bull in Soo Line's second place pen of three bulls at Denver last year. He is proving to be one of best young herd sires in use at LLB, check out the representation of his sons and daughters sale day to see why. Daughters are Lot 28 to 38 and sons are Lot 176 to 184.

"The Answer 108U" was one of the top bulls on test at Earley Bros in Ontario in 2009 and is now owned by Riverbend Angus Farm. His sire descends from some of the most popular and proven present day Angus genetics. His calves are born easily and grow quickly. Answer 108U daughters are the top two weaning weight heifers in this offering and two sons among the top five bulls. A paternal sister to Answer 108U was the \$7000 top selling heifer last spring, another is the outstanding Lot 51 female this year. Sons are Lot 185 to 188 yearling and Lot 295 two year old bulls, daughters are Lot 52 to 55.

Gridlock is a very impressive son of Grid Topper whose progeny are among the best born at LLB over the last three years. The top selling bulls and heifers in our last four sales have been sired by Gridlock. Again this year his progeny are all stamped with extra depth of body and structural correctness. A maternal sister to Gridlock was the \$14,000 top selling female in our sale last fall to Leela Farms in Ontario. The Lot 19 to Lot 23 heifers are his daughters and sons or grandsons are the Lot 189 to 205 yearling bulls and Lot 273 to 277 two year old bulls.

LLB Free Wheeler 268S was the \$15,000 top selling bull at the 2007 LLB Spring sale when purchased by Remital Cattle Co. He was again offered at auction at the Remital Dispersal Sale when LLB along with a progressive group of breeders purchased 268S for \$23,000. In his first show appearance he was crowned Agribition Reserve Champion Bull, he placed second in class to the eventual Grand Champion at Denver and he was named Mature Champion Bull at the World Angus Forum. Note he is from the same cow family as LLB and Bandura herd sire LLB 2S Grand Design 113U. His progeny may have been the top selling sire group in our sale last fall, equally as impressive are the Lot 77 to Lot 81 heifers and Lot 156 to Lot 164 yearling bulls.

Main Street 52W was purchased from Southland Angus – he is a terrifically power young herd sire that is certainly producing up to our expectations. He was successfully showed at Denver before arriving at LLB and saw service to a significant group of females right away. Some of the most special heifers in the sale offering are his daughters Lot 70 to 73 and his sons are the powerful Lot 152 to Lot 155 yearling bulls. Be sure to check these individuals sale day.

Tommy was the buzz at Agribition 2007 where an interest in this exciting straight Canadian bred bull sold for \$60,000. Not pampered Tommy has bred a tremendous number of females naturally in the past few years while maintaining his structural soundness and body condition. His progeny have moderate birth weights and are always among our top selling bulls and heifers. Tommy is the sire of LLB Casino 333W, a \$25,000 herd sire in use at LLB and Southland whose progeny is featured in this offering. Sons are the Lot 262 to Lot 266 two year old bulls and a daughter is Lot 57.

 Mature weight - 3100 lbs at 7 years of age. Tex 56A is LLB's straight Canadian bred, long serving herd sire - in fact this marks the 21th consecutive year his progeny have been featured in LLB sales. He is proven to sire moderate birth weight calves that are highly productive, easy fleshing and fast growing and structurally correct. Tex 56A has out lasted many different fads in the Angus industry and he may be more influential and important now than ever before. A significant group of individuals in this sale offering have some influence of Tex 56A. One of the top selling bull calves in our 2009 fall sale was a Tex 56A son to Bandura Angus and again this past spring and fall his sons are daughters were among the top selling sire groups

The Answer 108U is a great son of Final Answer. He was one of the top bulls on tests a few years ago at Earley Bros in Ontario and has been used extensively since arriving at LLB. Answer 108U has been very successfully mated to heifers for three seasons, his progeny all display calving ease with good growth traits. The dam of LLB 778Y is one of our first Free Wheeler 585S daughters in production – she sure has done a great job with this her first calf.
