Welcome to our first LLB Autumn Opportunity Sale. We have been preparing our selves for a fall female sale for awhile. Our vision was to host an annual sale with around 100 females, a chance to offer select females in a relaxed atmosphere - we'd have some fun.

Well mother nature has away of changing things! We knew by the first of July some cows were going to have to go, there was no hay and the prospects to buy feed were grim. Thus our small relaxed female sale has grown to a significant offering of 400 head.

The cows in this sale offering are from the heart of our herd of nearly 1000 breeding females. These are functional Angus cows mated to the top sires in the industry - they have raised our sale bulls year after year. We have not been much for fads. We believe in raising sound cattle, with good feet that will add performance and maternal traits for both our bull customers and our pure bred customers. This seems to have worked for us, we sell over 300 bulls every year and we have been fortunate to have raised many animals that have gone on to be show winners for their new owners. As you go through the catalogue you will see some of the foundation LLB cow families, we have a twinge of sadness in seeing them leave but also a sense of excitement in anticipation of what they will do in their new herds.

We've been in the Angus business for over 40 years and are very fortunate to have the support of our many customers. It is our customers, our sales staff, our friends, and our family who make this production meaningful and rewarding. Our thanks go out to the great crew we have year round making our operation work, with out you this event wouldn't happen.

If you are unable to attend this sale in person, we again are offering our Sight Unseen Purchase Plan. This system has worked well for us and our customers. We have included as much information as possible about the cattle selling in the form of footnotes, EPDs, and photographs. Pre-sale viewing of cattle is welcome and we would be happy to assist with sale selections prior to sale day as we know best the potential of the animals selling. Feel free to contact us or any of our capable sales representatives to discuss your needs.

On a personal note, we are pleased to welcome Trish's new husband Tim Henderson into our family. They were married in June. Tim is also very interested in the cattle as his family also have a pure bred Angus herd.

Please join us Friday evening for our traditional pre sale get together, we look forward to visting with you - it is the fellowship of the Angus breed that makes our business so enjoyable!

Lee, Laura, Jackie, Trish & Tim

The photos on the opposite page are of the UK delegation that visited us before the World Angus Forum in July. It was terrific to visit with old friends and a great opportunity to meet new ones from across Canada and from around the world.

Grand Design 2S was the \$12,500 top selling bull out of Mountview's 2007 sale. His sire, **Grand Design**, is a featured Genex AI bull and is a son of the carcass leading New Design 1407. Three maternal sisters of **Grand Design 2S** are retained at Mountview. The first progeny of this great young herd sire were the top selling sire group at our spring sale and included the \$70,000 LLB 2S **Grand Design 113U** and \$24,000 LLB 2S **Grand Design 273U**. He has sired some really impressive heifers in this sale offering, check them out sale day.

Mature weight - 3100 lbs at 7 years of age. **Tex 56A** is LLB's straight Canadian bred, long serving herd sire - infact this marks the 15th consecutive year his progeny have been featured in LLB sales. He is proven to sire moderate birth weight calves that are highly productive, easy fleshing, fast growing and structurally correct. **Tex 56A** has out lasted many different fads in the Angus industry and he is maybe more influential and popular now than ever before. Most of the females in this sale offering have some influence of **Tex 56A**, either in their pedigree or their service. The **Tex 56A** bull calves in this offering are maybe his best sons we have ever offered for sale.

One of the newest member of LLBs prestigious herd sire battery is Tom Boy 509R. Tommy was the buzz at Agribition 2007 where an interest in this exciting straight Canadian bred bull sold for \$60,000. Not pampered, Tommy has bred over 200 females naturally in the past three years while maintaining his structural soundness and body condition. All at LLB are impressed with the arrival of his first progeny, they have moderate birth weights and they are good individuals to be featured in this sale offering.

We are very excited to partner with Remington Cattle Co on this great herd sire. He is a powerful individual with extra body mass and excellent feet and legs. Genex has just recently leased Old Post to bolster their straight Canadian, total out cross semen inventory. The females in this sale offering bred to Old Post are among the first available by auction.

Owned with Remington Cattle Co. When LLB purchased 1/2 interest in this great young straight Canadian bred bull, he was in fact the top selling Angus bull at their first production sale. He has incredible performance statistics and carcass data and is from a great, uniquely bred dam. Spartan daughters are some of the best bred heifers in this sale offering.

 Now deceased, Free Wheeler has sired top selling progeny groups at both LLB and Hamilton Farms for several years. A daughter, LLB Miss Burgess 447S was the 2007 Royal Supreme Champion and Preview Grand Champion. The top selling heifers in 2006 were his daughters, 1/2 interest in two of them for \$11,500 and for \$11,500, another for \$7500. The 2008 Agribition Reserve Champion Bull is a son, LLB Free Wheeler 268S, a bull that recently was name Mature Bull Champion at the World Angus Forum. Besides great production records, progeny of Free Wheeler have the greatest disposition and hair coat. His influence is readily apparent in this sale offering.

 LLB Marshall 126R was selected to carry on the Marshall lineage at LLB. He has extra muscle and thickness, reporting the top weaning weight and third top yearling weight gains of the 2005 LLB bull calf crop. Most importantly, he is passing on these traits to both his sons and daughters. Miss Bonnie 40B was Trish's first 4H project and was in production until 14 years of age. Bonnie Pride 125F is a "never miss cow" that has also produced a herd sire for Argwen Angus. Marshall 126R daughters are among the best young females in this sale.

Calloway 15R has been the most influential red herd sire used at LLB to date. We hate to part with this outstanding individual but over 150 head of his progeny have been born at LLB and we feel 15R will continue being an outstanding herd sire for his new owners. His pedigree is second to none, as his paternal brother, Fully Loaded, has been a many time Supreme Champion Bull and was a Red Roundup top seller when 1/2 interest sold for \$70,000. Sons and daughters of Calloway 15R were among the top selling individuals in our 2009 Spring Bull & Female sale - ten of his sons sold for over \$3000. Two of his daughters were among the top selling females and numerous other daughters are offered in this sale, particularly take note of the very good Lots 216, 240 and 246 young cows.

Owned with Remington Cattle Co. Double bred Krugerand, the progeny of 77P are an excellent, calving ease group of both heifers and bulls. At Remington Bull Sales other sons of Barbara 03M have sold for \$5200 to KBJ Angus and \$7500 to Soo Line Angus. A 77P daughter, LLB Black Angel 77T, sold in last year to Locust Grove Angus in Ontario where she has been a class winner at the Ontario Preview, Barrie Fair and Royal Winter Fair. The black and black baldie commercial heifers at the 2007 and 2008 Remington sale were all AI'ed to calving ease specialist Krugerand 77P. Daughters of this great sire are very valuable assets at LLB.

Frontier 5'05 was the top selling bull at Norseman's first bull sale and saw heavy service after arriving at LLB. Both the sire and dam of Frontier 5'05 were among the top selling individuals when selected by Norseman in our 2004 sale, where Nellie Pride 334M has become an Elite Dam. Note a maternal sister to Nellie Pride 334M is the Lot 189 female. Daughters of Frontier 5'05 are producing really well, we think you'll like them sale day.

This is another good young AI sire from Schaffs, he has also sired a really nice group of bull and heifer calves at LLB this year.

Lot 1

LLB EXQUISITE LADIES

Volumes could be written about the Exquisite Lady family!! The twenty five females from this family at LLB are among the most productive females in our herd. The Lots 1 through 6 animals all trace back to LLB Exquisite Lady 461R, the dam of LLB Gambler 22W. Gambler is the record high selling Canadian bull when 1/2 interest was sold to Whitestone Krebs in our Spring Spectacular Sale for \$129,000. Gambler went on to be the first Canadian owned Denver Champion Bull and sired the Reserve Champion Carload of Bulls at the same show. This sale presents the largest group of the Exquisite family ever offered by LLB.

What a great pedigree combination, a Free Wheeler daughter from an Exquisite Lady dam. LLB 106R is one of Lee's favourite females, her mother is everyone's favourite. A maternal sister was a \$10,000 sale heifer and four other sisters remain at LLB, while four brothers have been sale bulls. LLB 22X was a tremendous daughter of Farmfair Bull Calf Champion Rambo 55U, her maternal brother was Denver Champion LLB Gambler and she also raised a herd sire used at Loma Lanes. Everyone knows how well Free Wheeler has worked. He has sired numerous Champions, like the World Angus Forum Mature Bull Champion, LLB Free Wheeler 268s and the Royal Winter Fair Supreme Champion LLB Lady Burgess 447D. Selling along side his dam, Lot 4A is worth finding sale day.

Exposed after January 30 to Remington Traveler 451T

A CAA ELITE DAM with a straight Canadian pedigree, Spartan 20R also shows on the top side of LLB and Remington herd sire Spartan 93R. Pride 88D has only raised two heifers at LLB, a \$4500 sale heifer last spring to Justamere and the feature Lot 208 female. Her bull calves have been amazing. They are herd sires for Tullamore Angus in Ontario and Bear Hills Angus in Saskatchewan and two more sale bulls that sold for \$3500 and \$3800.

The Lot 209 and Lot 210 Spartan 74A daughters are powerful females! They are extremely youthful for their age and are absolutely DONOR COW potential.

Selling 2/3 interest

Calloway 15R has been the most influential red herd sire used at LLB to date. We hate to part with this outstanding individual but over 150 head of his progeny have been born at LLB and we feel 15R will continue being an outstanding herd sire for his new owners. His pedigree is second to none, as his paternal brother, Fully Loaded, has been a many time Supreme Champion Bull and was a Red Roundup top seller when 1/2 interest sold for \$70,000. Sons and daughters of Calloway 15R were among the top selling individuals in our 2009 Spring Bull & Female sale - ten of his sons sold for over \$3000. Two of his daughters were among the top selling females and numerous other daughters are offered in this sale, particularly take note of the very good Lots 216, 240 and 246 young cows.
