# **LAURON RED ANGUS & GUESTS BULL SALE**

Offering

## **60+ BULLS**

This year marks a milestone for us in the seed stock industry as we celebrate 30 years. Along the way we appreciate our family, friends, customers and the people that have made this lifestyle rewarding as we strive to produce the best we can. A huge thank you to our boys, Jared, Ryan and Travis who have their own endeavours but continue to help with the farm chores when they are able. As this winter has been a brutal Canadian weather challenge, it never ceases to amaze the vigor and adaptability our herd displays under trying conditions.

The cattle we present to you today have been pasture raised without creep, showing us the maternal qualities of their dams. The mother cows are culled vigorously for feet, udder quality, performance and disposition. The females are the back bone of our herd and we are proud to have the quality which is in turn reflected in the bulls offered to you. All the bulls have been wintered together where they have been on an oat based ration, silage, chopped hay and a bull supplement to achieve ample grow without compromising future soundness. They are on a regular herd health program and by sale day will have received a foot rot vaccine that is proving to be of great value to our customers. All bulls on offer will have also passed a semen test and updated scrotal measurements and weights will be available sale.

Once again we welcome Ric and Linda Arthurs as guest consigners. They consistently bring a tremendous set of bulls. Many thanks to the hours they contribute to our sale and also to Jack Hawkings, always a great help.

As we often have many requests for replacement females, new this year we are offering some top quality open heifers that will work well in your program as their dams have in ours. As well, Ric and Linda have a set of commercial heifers that will be sold in small packages. Buy with confidence to replenish your herd with quality.

The bulls and purebred heifers can be viewed at the farm located 5 miles east of the Didsbury overpass on Highway 582 until Thursday prior to the sale and then the Friday afternoon at the Olds Cow Palace. All bulls can be kept free of charge until May 1 and at cost of board thereafter. Buyers receive a \$50.00 discount if purchases are taken home sale day, if they return to the farm they must be insured. Delivery may be made in April, but after May 1 they must be picked up by the purchaser.

Join us for lunch sale day and some hospitality. If you can't attend the sale, please feel free to talk to any of us or the sales staff to accommodate your herd sire needs. We will be pleased to discuss and answer questions about the lots. We look forward to seeing new and old friends.

**GOOD LUCK WITH YOUR PURCHASES, OUR SUCCESS IS YOUR SUCCESS!**

In addition he is out of a 13 year old CAA ELITE black red carrier cow that is commonly referred to as "Laurie's favorite-est black cow ever." She will be flushed this spring. ### RED LAUREN SCENIC ROUTE 8Y

Scenic Route is a Detour sired bull that we raised from Jared's signature show cow, Red Running Bar Preview 1P, who at 10 years old is a model cow, perfect feet and udder qualities. As a junior/4-H project she was virtually undefeated in the show ring and was Champion Angus Female at the Olds Fair. She has since been in the donor program. A guaranteed calving ease specialist, after 2 calf crops they have averaged 67 lbs. but have more than ample growth and are extremely attractive. Semen available, also through ORigen.

LAURON BLACK JACKI 14L

If black is your preference, here is a stoutly made calving ease sire. He is a black red carrier, dam was outcross pedigree top and bottom, and is a beefy milky female destined to be around a long time if this is any indication of the quality she can produce. Recommended for heifers.

It will be nothing but fun calving out heifers bred to "Arcade!" A special mating of Scenic Route and the Ardath cow family who produced herdsires for Serviceberry Angus and Sunrise. Grandmother is a CAA PREMIER ELITE dam. You will like him for his hip shape and overall thickness in his makeup. Nice moderate birthweight combined with a super set of numbers makes him a feature.

Once again bull sale time has arrived. You , "Winter Survivors," are searching for some temperatures warmer than -25 degrees C – I'm sure !

Again, we present sale bulls that have been heavily culled. The bulls are selected for the qualities that we look for in Angus cattle producing , "Angus Beef." The bulls are fertile, easy fleshing and producers of great beef.

Ron and Laurie have done an excellent job feeding the bulls to be in excellent breeding condition. Thank you Lauron for including us once again in the sale and for a job well done!

41A is out of an excellent, moderate framed cow. SIRE x-Rated 29X sires calves with extra length and lots of thickness. 41A did well on test and should leave calves that have heavy weaning weights and go on to perform in the feed lot.

Here is high performing female boasting and 107 weaning Index and 115 yearling Index, she was in fact the heaviest heifer in the pen this spring. Her dam was purchased at the Chinook Sale from Chico Ranches and turned out to be a wild card red carrier. Her first calf was the ticket to Ryan's District Reserve and Club Champion Steer, we also used a red son last year for clean up duty. The Popeye daughters are lovely uddered and hard working, easy on the eyes and easy keepers. If you need performance, maternal qualities and outcross genetics then look no further.
