Working Man's Angus Bull Sale

- Angus Two Year Old & Yearling Bulls
- Angus Commercial Heifers
- Ranch Horses

1 pm April 26, 2012 Stettler Auction Market, Stettler, Alberta

DjH

Welcome to the Second Annual Lazy E Bar Ranching Bull and Female Sale

The Working Man's Angus Bull Sale will again feature a great set of two-year-old Angus bulls and a bigger group of super yearling bulls. This is definitely a no nonsense operation presenting fault free, functional bulls ready to go to work, these bulls are not over fed.

Again there will be an excellent group of replacement heifers from Lazy E Bar Ranches outstanding commercial herd and again there will be heifers from guest consignors, Brimacombe Farms, Purser Farms, Don, Neil & Lois Purser, Jack & Kathy Lyle, Bleamac Enterprises, Dwaine and Lana Bleakley and top horses from Roger Suteau and Knoblick Ranches.

Jim and Wade's program is based on common sense with emphasis on nutrition and top genetics; they are producing what the industry is demanding.

If Jim, Karyl, Wade, Laura and of the sale crew or Linda and myself can be of assistance regarding this functional offering please give us a call.

Yours truly,
Doug Henderson

NUTRITIONIST'S COMMENTS

When ever asked about bull rations I tell my clients the same thing, consistency is the key. Bulls have to have a certain amount of fiber and protein in order to properly grow and develop, and these nutrients must be delivered in such a manner as to avoid problems normally associated with poor performance. I could go into detail about fat deposition relative to protein accretion and fatty liver syndrome development, but I will simplify this by saying a balanced TMR was fed to Lazy E Bar bulls. This ration was delivered in a very consistent way ensuring each bite was the same as the bite before to maintain hoof health and avoid potential sand-cracks and other hoof disorders. Low grain rations were balanced to allow the bulls to adapt to their new homes making the transition from bull sale to breeding as smooth as possible. These rations were monitored and adjusted to the bull's growth rates as yearlings and two year olds for proper muscle development to avoid fat bull problems, and melt down post breeding.

Welcome from Lazy E Bar Ranching

Welcome to the 2nd annual Working Man's Bull and Commercial Heifer Sale. This year the cattle industry has found more strength than most of us thought possible and it's great to see this much optimism looking forward.

Once again we feel that we have a package of bulls that we are very proud to offer for sale. We have seen some very good calves out of our DBR 43S, YHB 253U, BTR 64W and RCC 72W herd bulls as well a strong set of 2 year olds, that are receiving a lot of attention from those who have already seen them.

The yearling bulls were re-vaccinated in the third week of October and were weaned early November. They have been fed a nutritionally balanced silage and grain ration to ensure good development without sacrificing the quality or longevity of the bulls.

Included in the sale this year, are a package of bulls we are selling on shares with a business partner. They are slightly older than our own bulls and we feel their added age and maturity will be a great asset to those of you who want a yearling bull for an earlier breeding season. They were weaned earlier, but have been fed the same ration as our own bulls all winter and are a strong set of calves.

Our commercial heifers were re-vaccinated and weaned slightly earlier than the bulls and have been fed the same ration as our own replacement heifers to ensure proper development.

This year we are also pleased to offer a mystery heifer lot. A choice from the 2011 born, home raised, pure bred heifer calves in our replacement pen to be chosen, by the buyer, any time before the 10th of May.

We would like to take this opportunity to thank all of our previous buyers for their support as well as our guest consignors for their contributions to the sale.

Feel free to stop in anytime to view the cattle prior to April 25th, when they will be hauled to Stettler for sale day. Please come by for lunch and to view the cattle prior to the sale.

The Ponoka Veterinary Clinic has had the pleasure of working with Jim Bleakley and Family at Lazy E Bar for many years.

Jim's commitment to maintaining optimal health and production in his herd has allowed us to work with him to develop a comprehensive vaccination program to meet his goals. This vaccination program provides health protection to calves from conception to weaning and beyond.

The first priority is good herd immunity using Modified Live Virus vaccines, given to the cows prior to breeding. Cows are annually vaccinated for IBR, BVD, BRSV + PI3 as well as Vibrio, Lepto and 8-way.

Immunity begins in the cow but continues in the calves. Calves are vaccinated at 2-3 months of age initially, to provide spring/summer pneumonia protection, and booster vaccines are given at weaning to enhance protection during the stressful period at weaning.

LAZY E BAR RANCHING

We wish to thank you for your interest in not only the bulls we are proudly selling but our heifers as well. We are offering 40 Angus cross, April/early May home raised replacement quality heifers. They are all age verified, have been selected for structural correctness and are fed a 7% grain silage and canola meal.

They have all been vaccinated with Express-5, Covexin-8, and Somustar in the spring as well as Ivomec and the Express-5 and Covexin-8 booster in the fall. Feel free to contact us anytime with any questions.

20 BLACK HEIFERS

BRIMACOMBE FARMS

Welcome from Brimacombe Farms to the Lazy E Bar Ranching Bull Sale. We have been given the opportunity and the pleasure to offer 20 black open replacement heifers. These home raised April/early May heifers have been selected from our replacement heifer group.

Keeping longevity in mind, these heifers have been fed a nice growing ration of 10% barley/Chopped straw/silage. Our entire herd is on a vaccination program with Pfizer which means they have all had the Gold FP5 8-way, Somustar and the FP5 Booster.

If I can be of any assistance to you, please call (403) 323-2355. Hope to see you sale day.

8 RED ANGUS HEIFERS

PURSER FARMS

We are located southwest of Lloydminster in Paradise Valley, Alberta running 150 Simmental/Angus cross cattle.

We are selling 8 Red Angus heifers that are guaranteed open and come from great family lines to make good mothers. They are all age verified and have received 8 way vaccinations in early summer and Ivomec late fall.

We'd like to thank the Bleakley's for inviting us back again this year to their sale.

10 COMMERCIAL BLACK ANGUS HEIFERS

JACK & KATHLEEN LYLE

We would like to thank the Lazy E Bar ranch, the Bleakleys for giving us the opportunity to participate in their 2nd annual bull sale. This year we are offering ten commercial Black Angus heifers, which we feel would be an asset to anyone's herd. These heifers were born in April and weaned the first week of December. They are on a herd health program consisting of Covexin-8 in the spring, Express 5-PHM, Ultraboc-7 and Ivomec in the fall. They have been on a ration of free choice mixed hay and eight pounds of rolled oats daily. You are welcome to stop by our farm, located 10 km east of Bashaw on highway 53 at Pelican Point corner for a coffee and to view these heifers. Thank you for your interest.

BLEAMAC ENTERPRISES LIMITED

It is with great pleasure and pride that we offer these 6 heifers at the Working Man's Bull Sale.

These heifers were raised on our third generation Bleakley Ranch, south and west of Lloydminster in the Paradise Valley area.

These females come from some of our top producing cows.

After being in the cattle industry for over 40 years we look forward with great optimism and believe that these heifers will prove to be good sound mothers.

We would like to thank brother Jim and family for inviting us to participate in their sale.

GENERAL INFORMATION

TERMS OF SALE: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in case of disputes, the auctioneer's decision will be final. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

BREEDING GUARANTEE: All purebred cattle are sound and right and sell with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association, shall apply. The consignors will not, however, provide replacement or adjustment for physical injury or mismanagement. We therefore stress the importance of insurance on bulls. At no time shall the seller's liability exceed the purchase price of any animal.

CATTLE INSPECTION: All carry identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to the sale.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected from the auction stand at sale time and will take precedence over the printed matter in the catalogue.

SIGHT UNSEEN BIDS: May be entrusted in complete confidence to any of the consignors, sale staff listed or to Douglas J. Henderson & Associates Ltd.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerks desk from representatives on Sale Day, also from the Sales Management.

ALL PERSONS who attend the Sale do so at their own risk, and the owners, Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
