## Welcome from Lazy E Bar Ranching

Welcome to the 3rd Annual Working Man's Bull and Commercial Heifer Sale.

We would like to thank all of our return buyers as well as those of you who are choosing to attend our sale for the first time. We hope you are as happy with the direction our program is heading and the cattle we are offering as we are.

We feel that we have a very strong package of bulls to be proud of this year. We have seen some great calves out of our walking herd bulls as well as from the AI sires that we used to compliment our replacement heifer program. We are especially excited with our calves from Coldstream Scotty 174X. These bulls have received a lot of attention from those who have already seen them this winter.

The bull calves were vaccinated in late May then re-vaccinated and given Ivomec late October. They were weaned early November and fed a nutritionally balanced silage and grain ration, ensuring good development and growth without sacrificing the longevity of the feet and legs.

We are once again happy to offer the mystery heifer lot. Your choice of our 2012 born heifer calves from our replacement pen, to be chosen by the buyer, any time before the 10th of May 2013.

We were fortunate last spring to have been offered the opportunity to purchase a majority of the Sparling Angus herd out of Carstairs. Many thanks to Paul and Mary Ann, their years of development and hard work have produced a structurally correct, good performing herd of cattle that we are excited to be adding to our herd, furthering the depth of genetics in our program.

As we have decided to discontinue our Commercial cow herd, the groups of heifers that are being sold at the sale will be strictly from our guest consignors. They will still be of the same great quality that our buyers have come to know.

Please feel free to stop in at the farm anytime to view the cattle prior to April 24th when they will be hauled to Stettler for sale day.

Hope to see you sale day!

Dr. Murray Jacobson Dr. Clayton West

The Ponoka Veterinary Clinic has had the pleasure of working with Jim Bleakley and Family at Lazy E Bar for many years.

Jim's commitment to maintaining optimal health and production in his herd has allowed us to work with him to develop a comprehensive vaccination program to meet his goals. This vaccination program provides health protection to calves from conception to weaning and beyond.

The first priority is good herd immunity using Modified Live Virus vaccines, given to the cows prior to breeding. Cows are annually vaccinated for IBR, BVD, BRSV + PI3 as well as Vibrio, Lepto and 8-way.

Immunity begins in the cow but continues in the calves. Calves are vaccinated at 2-3 months of age initially, to provide spring/summer pneumonia protection, and booster vaccines are given at weaning to enhance protection during the stressful period at weaning.

## NUTRITIONIST'S COMMENTS

As a consulting nutritionist for the last decade, I have had the pleasure to work with cattlemen across Alberta, British Columbia and Saskatchewan. None have shown the dedication to improving feet that I have seen at the Bleakley's. Nutrition programs for

the herd revolve around performance for the ranchman, easy keeping low energy diets and a major focus on maintaining a healthy foot for animals to travel on. Healthy feet means longevity in the herd, improved re-breeding in the cows, easier maintenance as cows can get to feed and water, and bulls that can cross pastures to get cows bred. Sand cracks will cost more than just thin limping cows, milk production will also diminish resulting in lower weaning weights.

Mark Schwengler, Nutritionist

### BRIMACOMBE FARMS

Welcome from Brimacombe Farms and thank you again to Lazy E Bar Ranching for allowing us the opportunity to consign 40 of our top replacement heifers at their 3rd Annual Bull Sale! These home raised heifers will be palpated prior to sale day and are currently on the Pfizer FP5 8-way and Somnu-Star Programs. These heifers have also had a FP5 Booster in January. We take great pride in what we produce and won't except anything less! With that, we hope the pride flows from our operation to yours. If we can be of any assistance, please call (403) 323-2355. Hope to see you on sale day.

## 8 COMMERCIAL BLACK ANGUS HEIFERS

---

### JACK & KATHLEEN LYLE

Once again we would like to thank the Bleakleys for giving us the opportunity to participate in the 3rd annual sale. This year we have on offer 8 home raised commercial heifers. They were born in April and weaned early December. Our herd health program included covexin-8 in the spring as well as Express 5 PHM, Ultrabac-7 and Ivomec in the fall. They have been on the ration of free choice hay and eight pounds of rolled oats daily. Please feel free to stop by the farm located 6 miles east of Bashaw at the Pelican Point corner to have a look at the cattle and have a coffee.

## 10 RED ANGUS HEIFERS

---

### PURSER FARMS

We would like to thank the Bleakleys once again for giving us the opportunity to take part in their sale. We have selected 10 heifers this year to sell and they should make a really good set of cows. They are age verified and were given 8 way vaccinations in the spring as well as an IBR, 18 Way and Ivomec after weaning in December. We made the choice to have our heifers fed at Lazy E Bar Ranching this winter to have them on the same feed and nutrition program as the heifers from Bleamac Enterprises.

## GENERAL INFORMATION

**TERMS OF SALE:** The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in case of disputes, the auctioneer's decision will be final. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

**BREEDING GUARANTEE:** All purebred cattle are sound and right and sell with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association, shall apply. The consignors will not, however, provide replacement or adjustment for physical injury or mismanagement. We therefore stress the importance of insurance on bulls. At no time shall the seller's liability exceed the purchase price of any animal.

**CATTLE INSPECTION:** All carry identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to the sale.

**ANNOUNCEMENTS:** Errors discovered in the catalogue will be corrected from the auction stand at sale time and will take precedence over the printed matter in the catalogue.

**SIGHT UNSEEN BIDS:** May be entrusted in complete confidence to any of the consignors, sale staff listed or to Douglas J. Henderson & Associates Ltd.

**INSURANCE:** Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerks desk from representatives on Sale Day, also from the Sales Management.

**ALL PERSONS** who attend the Sale do so at their own risk, and the owners, Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
