Working Man's Angus Bull Sale

- Two Year Old Angus Bulls
- Commercial Angus Heifers

1 pm February 20, 2014 Stettler Auction Market, Stettler, Alberta

Welcome to the 4th Annual Working Man's Bull and Commercial Heifer Sale

We would like to thank all of our return buyers as well as those of you who are choosing to attend our sale for the first time.

2013 was a pivotal year for Lazy E Bar Ranching. Ryan was born in July bringing the total of grandchildren up to 6! We were also fortunate last fall to have been given the opportunity to have purchased Mike Earley's cow herd from Earley Bros of Ontario as well as a select load of top cows from Edmund & Shirley Kolesar Loma Lanes Angus herd. They are both herds with decades of quality breeding behind them and we feel quite thankful that we could acquire such great cows to complement our herd.

We feel we are bringing a great group of bulls to you again this year. We have been able to hold over such a strong group of bulls that we will be selling strictly 2 year olds this year. This has been a goal we have been working towards for the past few years. We are proud to bring you the culmination of our hard work in a structurally correct, good performing set of bulls.

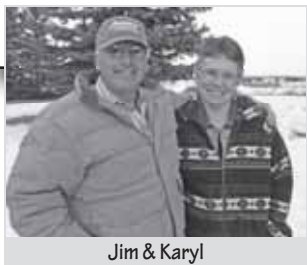

They have been fed a nutritionally balanced silage and grain ration, ensuring good development and growth without sacrificing the longevity of the feet and legs. All bulls will pass a semen test prior to sale day.

We are once again happy to offer the mystery heifer lot. Your choice of our 2013 born heifer calves from our replacement pen, to be chosen by the buyer, any time before the 10th of May 2014.

Please feel free to stop in at the farm anytime to view the cattle, prior to February 18th, when they will be hauled to Stettler for sale day.

Hope to see you sale day!

Jim and Karyl
Wade, Laura, Adilane, Matthew and Ryan

Dr. Murray Jacobson Dr. Clayton West Dr. Ashley Shannon

Ponoka Veterinary Clinic has been working with Jim Bleakley and his family at Lazy E Bar Ranching for many years. We have worked with Jim in establishing a total herd health plan, ensuring that proper vaccine and vaccine protocols are utilized on a routine basis for both the bulls and the cow herd.

We are responsible for semen testing all the bulls for the sale as well as their herd sires. These bulls are evaluated on many levels at this time to ensure they all meet sale requirements and Jim's standards.

We are pleased to be a part of his sale and look forward to continuing our partnership.

Sincerely
Dr. Murray Jacobson

Scotty caught the attention of the cattle community when he was the high selling Angus bull at the first P & H and Guest Sale at Innisfail. His calves were a real feature at the Coldstream Dispersal December 11, 2012. Scotty impressed many top cattlemen at the 2013 Camrose Bull Congress. This is a breeding bull as his sons will attest on February 20, 2014.

NUTRITIONIST'S COMMENTS

A whole load of fat bull

It has always been said by the wise that "a fat bull is no good", however this seems to go out the window on auction day where the fattest bull gets the highest price. Is this a problem? Not necessarily, it depends on how and when the bull got fat in the first place. A bull should be grown to full development, reach some level of maturity and then fatten nicely with a little trim. Like me, they should reach a little age prior to finish. So the answer must be to feed some starch and proteins in a manner that aids in the digestion of fiber so the animal can use the entire diet. Protein source, lots to be said on that point. Natural sources of protein are generally better as lower starch diets won't have the energy to convert urea to protein in the rumen. The amount is more important though. If a bull is grown with insufficient muscle mass (read protein here) he will "melt" during the breeding season. This is bound to happen anyway, right? A good looking fat bull comes home, and gets turned out to chase cows around a pasture, he is going to lose weight. The problem comes when the bull doesn't have muscle to sustain him through this period. A fat bull with no underlying muscle melts away flooding the liver with fat to convert to sugar, damaging the liver in the worst case scenario, and causing ketosis induced aggression in the best. Now you have a skinny bull, that looks like crap, and unless you have separate feeding facilities for your young bulls he will never look good again! Bulls must be fed then as calves to allow "protein accretion", good term there right! In other words we must feed the bulls relatively high protein feeds during early growth to make good two year old bulls that will stand the test of breeding time.

Mark Schwengler, Nutritionist

Working Man's Bull Sale 2014

COMMERCIAL HEIFERS

101

12 COMMERCIAL HEIFERS

RED ANGUS X SIMMENTAL

PURSER FARMS

We would like to thank the Bleakleys once again for giving us the opportunity to take part in their sale. We have selected a package of heifers this year to sell and they should make a really good set of cows. They are age verified and were given 8 way vaccinations in the spring as well as an IBR, 8 Way and Ivomec after weaning in Dec. We made the choice to have our heifers fed at Lazy E Bar Ranching this winter again to have them on the same feed and nutrition program as last year.

DON PURSER, NEIL & LOIS PURSER - 780-745-2348

18 COMMERCIAL HEIFERS

BLACK & BLACK BROCKLE FACE

BLEAMAC ENTERPRISES LIMITED

We would like to thank We would like to thank you for taking the time to have a look at the heifers in the catalog this year. Last fall we sold our cow herd so this will be the last chance to buy the very best of our home raised heifers. The cows were good to us and anyone should feel confident in adding them to their herd. We are offering for sale a group of home raised Angus Simmental Cross heifers. They have received IBR, 8 Way blackleg, Somnustar and Ivomec spring and fall and are age verified.

Thank you for all of your past support.

DWAINE AND LANA BLEAKLEY - (H) 780-745-2341 (C) 780-871-1405

103

10 COMMERCIAL HEIFERS

BLACK SIMMENTAL/ANGUS

D & B SIMMENTALS

We would like to thank the Bleakleys for the invitation to consign heifers to their annual sale. These home raised heifers were born in March and April, weaned in October put onto swath grazing and supplemented with an alfalfa silage ration. These heifers are on a full herd health program having received Pyramid 5 and 8-Way in the spring and Ivomec in December. We have selected heifers that are sound, easy temperament and will be functional in any operation.

BRIAN & TERESA RODGER & SONS - 403-546-2186

Welcome to the 4th Annual Lazy E Bar Ranching Bull and Female Sale

A great set of two-year-old Angus bulls has been developed by Jim and Wade Bleakley. These bulls are right and sound and have been developed for maximum service for you, the customer.

These are bulls that will work for the commercial cattleman, bulls from a no nonsense operation, functional bulls ready to work and not overfed, bulls from a common sense program with emphasis on nutrition and genetics.

Again there will be a great set of commercial open replacement heifers and the opportunity to have the pick of the Lazy E Bar Ranching 2013 purebred heifers.

If at any time you have questions about the sale offering or would like to come and look at the bulls prior to the sale contact Jim, Karyl, Wade or Laura Bleakley.

If any of the sale crew or myself can be of assistance regarding this functional offering please give us a call.

Yours truly,
Doug Henderson

GENERAL INFORMATION

TERMS OF SALE: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in case of disputes, the auctioneer's decision will be final. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

BREEDING GUARANTEE: All purebred cattle are sound and right and sell with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association, shall apply. The consignors will not, however, provide replacement or adjustment for physical injury or mismanagement. We therefore stress the importance of insurance on bulls. At no time shall the seller's liability exceed the purchase price of any animal.

CATTLE INSPECTION: All carry identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to the sale.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected from the auction stand at sale time and will take precedence over the printed matter in the catalogue.

SIGHT UNSEEN BIDS: May be entrusted in complete confidence to any of the consignors, sale staff listed or to Douglas J. Henderson & Associates Ltd.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerks desk from representatives on Sale Day, also from the Sales Management.

ALL PERSONS who attend the Sale do so at their own risk, and the owners, Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

THANKS TO ALL BUYERS & BIDDERS
