Mark, Scott, Aaron & Orycia

On behalf of everyone at MVF welcome to our 8th Annual Spring Bull Sale.

The bulls you will appraise on April 16th have been managed in large groups with plenty of exercise and fed a high roughage TMR ration. These bulls selling are in the proper condition to get out there and cover a lot of ground and won't have a big melt down.

They are ready to go to work and are backed by Mountain View's promise of 100% satisfaction for soundness and fertility.

If you are looking for performance bulls or bulls suitable for breeding heifers, please come to the sale on April 16th - you won't be disappointed. Arrive early and join us for lunch and refreshments at 11:30 on sale day.

For more information on any of the bulls or our Sight Unseen Purchase Plan, please feel free to call me at (204) 734-8821 or contact any of our capable sales staff.

Yours truly,  
Mountain View Farms  
Scott Anderson

## Special Offers to Buyers

### TRUCKING

We will deliver bulls at cost to central stockyard locations in Canada. Mountain View Farms will be more than willing to assist you in getting your bull delivered in a timely fashion and as affordable as possible.

### SIGHT UNSEEN PURCHASE PLAN

If you are unable to attend sale day, you may call or send bids to Mountain View Farms or any member of the sales management team. Those who are interested in this plan are urged to contact MVF before the sale date to discuss your bull requirements and determine a budget.

Every effort will be made to buy you the right bull or bulls, at the right price to make you a repeat customer. If for any reason you are not satisfied with any of the cattle you purchased on order, you are under no obligation to accept them.

*Sight  
Unseen  
Purchase  
Plan*

### MOUNTAIN VIEW FARMS BULL WARRANTY

Mountain View Farms guarantees to sell you a bull that is structurally sound, a bull that has passed a semen test and a breeding soundness evaluation by a licensed veterinarian. Should any MVF bull fail to be a satisfactory breeder - unable to physically service a cow or heifer - he will be replaced with a bull of equal value. Should this not be possible, an adjustment will be made to reflect the value of the bull in question, or a credit will be given towards the purchase of another bull.

#### **IN SHORT, WE GUARANTEE TO PROVIDE YOU WITH A SOUND, BREEDING BULL.**

We, however, will not provide replacement or adjustment for physical injury or mismanagement. Bearing this in mind, we stress the importance of insurance on your bull. At no time shall the seller's liability exceed the purchase price of the bull. Should you have a problem with your bull, call us right away. We will work with you to make sure you are satisfied with your Mountain View Farms bull.

Mountain View Farms Ltd. uses Canadian Angus Performance Program whole herd reporting.

- Dam is an easy fleshing moderate framed female
- Big powerful bull here

## EPDs:

- Expected Progeny Differences are values that predict how the future progeny of an animal will perform relative to the progeny of other animals in the same breed.
- Are expressed in the units measured for each trait.
- Allow a fair comparison of breeding value by removing environmental bias such as climate, feed and special management.
- Are the best tool available to compare animals between herds, countries and year of birth.

**BW: Birth Weight EPD** - expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

**WW: Weaning Weight EPD** - expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires. WW is an indicator of growth from birth to weaning (205 days of age). The calf's growth during this period is influenced by its own ability to grow plus its mother's maternal abilities.

**YW: Yearling Weight EPD** - expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

**MILK: Milk EPD** - is an indicator of milking ability in daughters. It represents the differences in weaning weight of calves due to the amount of milk produced by their mothers. It is expressed in pounds of calf weaned.

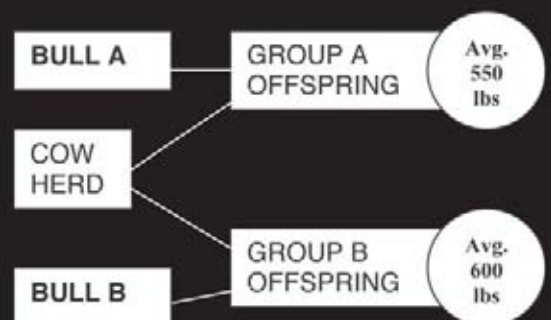

**TM: Total Maternal EPD** - is a combination of the weaning weight and milk EPDs. It is calculated as: 1/2 WW EPD + Milk EPD = TM. This EPD represents the differences in weaning weights between calves due to mothering and milking ability of their dams.

**EPDs evaluate group averages and offspring's performance. They can not predict individual performance or weights.**

For example, if Bull A (weaning weight EPD of +10) and Bull B (WW of +60) were randomly mated with ten similar cows, we would expect the group average weaning weight of Bull A's offspring to be 50 lbs lighter than that of Bull B's (60-10=50).

| Calf | A   | B   |
|------|-----|-----|
| 1    | 500 | 400 |
| 2    | 510 | 450 |
| 3    | 520 | 500 |
| 4    | 530 | 550 |
| 5    | 540 | 600 |
| 6    | 560 | 600 |
| 7    | 570 | 650 |
| 8    | 580 | 700 |
| 9    | 590 | 750 |
| 10   | 600 | 800 |
| Avg. | 550 | 600 |

Note that not all calves from Bull B have a higher weaning weight, but the average is 50 lbs higher.

| AVERAGE EPDS |     |     |      |     |

Mountain View Farms  
Production Sale

Friday, December 17, 2010  
Virden, Manitoba

## Notes

*Premier Exhibitor  
Agribition 2009*

## General Information

**CATTLE INSPECTION:** All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

**HEALTH STATUS:** The bulls offered for the sale have been vaccinated for IBR, PI-3, BRSV, 8 WAY BLACK LEG, HEAMOPHILUS, SOMNUS AND PASTEURELLA HAEMOLYTICA. All were treated for internal and external parasites.

**ALL CATTLE ARE SOLD:** Subject to such tests as required for export under regulations of the Health of Animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

**BREEDING GUARANTEE:** All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

**HOLDING AND SHIPMENTS:** Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint export shipping arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

**INTEREST:** Mountain View Farms reserves the right to retain an interest in any of the animals selling.

**INSURANCE:** Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the Clerk's desk from the appointed representatives on sale day, also from the Sales Management at any time.

**TERMS OF SALE:** Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

**ALL PERSONS** who attend the Sale do so at their own risk, and the Owners, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

*Please join us for  
lunch prior to the sale*
