

You are invited to the
MAR MAC FARMS
&
Guests Bull Sale

March 9, 2011
1:30 p.m. at Mar Mac Farms
Brandon, Manitoba

WELCOME to the 2011 edition of the **Mar Mac & Guests Bull sale.**

Mar Mac Farms is a 4th generation family farm where we make our living with our cattle. We dedicate our time year round to producing top quality genetics and have learned the importance of customer service and honest relations with our valued friends in the livestock business. This industry has introduced us to some of the best people we have ever worked with or had the opportunity to learn from. When we meet someone new and they ask what we do, we are proud to say that we are Beef Producers.

Our guest consignors this year are Perkin Land and Cattle (Darryl and Tanya Perkin) and Downhill Simmentals (Everett Olsen).

As always our bulls have been raised without creep feed, their weaning weights are produced by their mother's milk. These bulls have been developed on a ration that will enhance longevity. You may find fatter bulls at other sales, but these bulls are fed to last. They have been selected for ease of fleshing, temperament and structural correctness. They are culled heavily, if we could not feel comfortable using any of these bulls ourselves we would not be comfortable selling them to you. Any of the bulls that we cull we castrate and feed to finish at home. This certainly is the best teacher of the right type of cattle that work for our customers.

The mothers of these bulls are sound practical cows. Our cows have to maintain their condition on swath grazing and a roughage ration, they do not get any grain. They also have to calve and nurse with no assistance, and then rebreed or they do not stay here.

Please feel free to come and see the bulls at any time prior to the sale, we would be honoured to have you inspect the bulls and their mothers. If you cannot attend our sale but are interested in our program we would be happy to help you select a sire for your operation through our sight unseen purchase program or talk to any of the sale staff and they would be happy assist you. This year you will also be able to bid on the internet by going to Liveauctions.tv. We offer this service as we know many of you are able to take a whole day away from home at calving time.

We look forward to meeting with you on sale day. Although we can't visit with everyone on sale day we would like to say a heartfelt thank you for attending and let you know that your attendance is appreciated.

Sincerely Blair, Lois Brett and Melissa

PS: our sale barn is heated but the bulls are on display outside, so dress accordingly

VALUES WE BELIEVE IN...

• Commitment

...We are committed to producing a top quality product with the traits you demand. These bulls are selected for calving ease, fertility, easy fleshing, thickness and milk. These traits will command premiums for your calves in the auction barns or on the rail.

• Quality

...**Only the top end of our bulls sell.** We would use any of the bulls in our own program. We have been very strict on our culling this year, so you get only the best.

At MAR MAC & GUESTS our 50 + years of experience as family run operations means CUSTOMER SERVICE is AN IMPORTANT PART OF OUR BUSINESS.

We guarantee our bulls 100%, sight unseen purchase satisfaction, wintering program, personal contact after the sale of the bull and the coffee is always on for you to come and view our program.

BUYER SELECTION PROGRAMS...

• **Give Blair, Lois or any of the consignors a call anytime...** Call us a few days in advance of the sale with your bull needs and we will compile a list of bulls that we feel will work for you. As we are with the bulls everyday, we know the qualities in each bull. If we buy a bull for you sight unseen and you do not like him, you do not own him - no problem!

• Can't Get Away

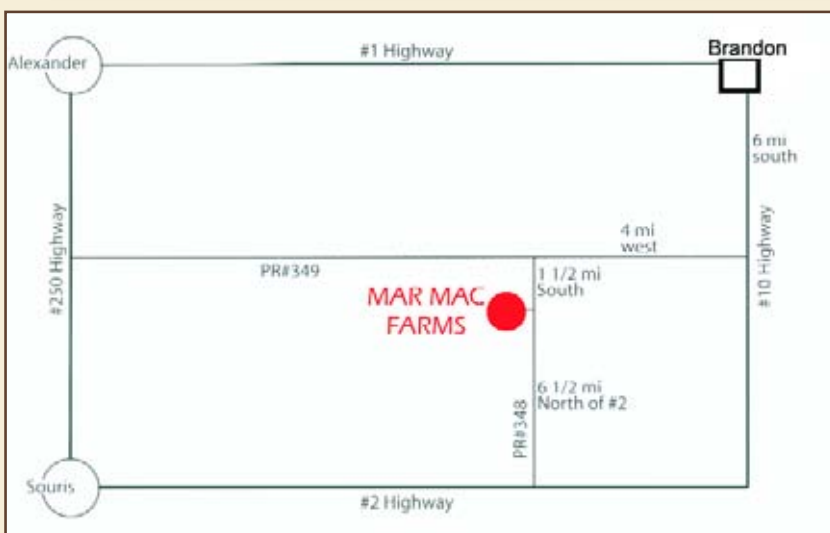

...We know it is harder to get away from home with cows calving, barley to deliver or whatever your busy schedule entails. We are trying to help you out by offering on-line bidding with Live Auctions. Please go online a few days ahead to register. We encourage you to come to the farm ahead of time and check out which bull(s) you are interested in and then bid online if you desire. If you can attend the sale we would love to have you here in person. Any questions please give us a call!

LIVE ON THE INTERNET. LIVE AUDIO. VIDEO. BIDDING.
LiveAuctions.TV

• On Line Viewing and Bidding Available...

We invite those of you who are unable to attend to be part of the action! We would never want to give someone an excuse not to attend this event, but if the situation arises, we have you covered. With the help of LiveAuctions.tv, we are now able to

give you a live connection to the auction. Real-time bidding will be available via the internet for this sale. Live audio and live video will allow buyers to bid on animals as if they were present at the sale. Buyers must create an account at least 2 days prior to the sale. Please visit <http://LiveAuctions.tv> to walk you through the set up process. Contact Jill Mader at (403) 990-9187 for assistance.

We are now
Registered Verified Beef Producers

WE CAN SUPPLY YOU WITH QUALITY BULLS AND CUSTOMER SERVICE!

• BULL GUARANTEE

...All bulls have completed a breeding soundness evaluation by Davis Rairdan Vets. If your bull fails to be a satisfactory breeder, we will replace him with a bull of equal value or give you your money back. We guarantee you will have a sound bull to service your cows. We will not provide a replacement if your bull has been mismanaged. At no time shall the liability exceed the purchase price of your bull. Bulls under 1 year of age on Semen Test Day will be tested after their birthday, before you need them.

• The Cost of Fuel

...is atrocious, so drive your car! We offer to board your bull free until April 15, after that at cost until you need him.

As well, we will deliver your bull free to central points in Western Canada or the US border. We will make every effort to get the bull to your farm. Delivery will be as close to the date that you request your bull, but will be at our convenience. If you want to pick up your bull at the farm, you can save \$50 off the purchase price.

A package of our customers calves. At Mar Mac we care about how our customers cattle sell.

• Peace of Mind

...Your new bull is a valuable asset and we recommend insuring your bull for infertility coverage and all risk mortality. If you are taking advantage of our wintering program, your new bull must be insured so both you and us have peace of mind. Insurance will be available from Stockman's Agencies (A division of Livestock Insurance Managers).

• Accidents

... Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales staff, auctioneer or consignors assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

• Terms

...The terms of the sale are cash or cheque payable in Canadian Funds. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released.

In 2009, we set out to find our new Red Angus herdsire, with a few major selection criteria in mind. We were looking for an easy fleshing, thick, deep Quartered Red Angus bull with good feet, a good mother were just a few of the criteria. Well we think we found it in Ribeye 346U. We were impressed with his mother and grandmother at Cockburns, deep bodied, structurally correct, good footed females. Well our first set of calves arrived in 2010 and boy are we happy with the results. As you will see sale day the hip and top that Ribeye has put in this set of bulls.

Well behind every great bull is a strong cow family and 21X is no exception. The Reba cow family made their mark this fall with Reba Lee being Reserve Grand Champion Female at Agribition and a Class Winner at the National Show in Denver Colorado. A Ribeye- Reba female was Reserve Grand Champion at MLE 2010. This is one of the top bulls ever produced at Mar Mac. The genetic package and the length of body, depth and hip in this bull will make him a prime candidate for any operation.

- CE** **Calving Ease** - percentage of unassisted births with the more positive number indicating greater calving ease.
- BW** **Birth Weight** - the birth weight of a bulls progeny when compared to the breed average, in pounds.
- WW** **Weaning Weight** - the adjusted weaning weights of a bulls progeny when compared to the breed average, in pounds.
- YW** **Yearling Weight** - the adjusted yearling weight of a bulls progeny when compared to the breed average, in pounds.
- M** **Milk** - a measure of amount of pre-weaning performance gained by calves which can be attributed to the milking ability of a bulls daughters. The EPD is expressed in pounds of calf.
- TM** **Total Maternal** - each of these terms measures a sires ability to transmit milk production and growth rate through his daughters. It predicts the weaning weight of sires daughters calves. It is equal to the milk EPD plus 1/2 of his weaning weight EPD.

Time flies when you are having fun, I cannot believe that this is our 6th sale with the Mar mac'sers. At PLCC, we really enjoy the people we meet in the cattle business, whether commercial or purebred breeders and hats off to those of you who were hearty enough to stick it out; you have just seen the start of your rewards, this business is about to boom. We strive to produce functional cattle for the beef business that possess high maternal qualities along with the desirable muscle and pounds that set Simmental apart. We have 100 breeding

females, sell all of our bulls here with McRae's and have a female sale in Killarney the first Saturday in December. I invite everyone to visit our farm to come and see our herd of cows or the bulls that are fed here all winter. We really enjoy the visit and a chance to discuss your breeding needs. We are located 7 miles west of Minto or 4 miles East of Elgin on Highway 23, then 2 1/4 miles South. Give us a call or drop in!

Dolls natural calf this year and another home run with the Nugget breeding. This is one of the most impressive bulls in the pen. He is wide topped, hairy, big ribbed and has lots of testicle. Almost a March bull that weighs right up there with the oldest bulls in the pen, having a WPDA of well over 4 lbs. since birth. Nugget's performance combined with Doll's maternal strength and calving ease will make this bull have EPDs that will be hard to find anywhere else. Buy this bull!

WFL Miss 21F Doll 20P, dam of Lots 60 - 64

WFL Doll - It's no accident that this cow is a productive flush cow - she comes from the cornerstone cow of Westway Farms "Red Doll 21F". Doll has produced very well for us with 3 sons averaging \$4500 to Cottenwood Cattle Co., Art & Jackie Jonasson and W. Charles Stewart & Sons. We also have 2 daughters in production in our herd and 6 beautiful heifer calves who are flush mates to these bulls, and another 7 calves on the ground this year. She adds style, correctness and calving ease to every bull we breed her to. Analyse her, I don't know how we would change her. Get yourself one of these 5 good sons.

Probably one of the most complete bulls in the pen. 112X is full ribbed right up through the heart with plenty of butt and bone yet still stylish. His dam is a big bodied, good uddered Powerline daughter that we really admire - her cow family runs deep in our herd. This bull should really be analyzed to admire his shape and balance. Don't miss this one.

Power Drive has certainly made his mark on the industry. When we bought these embryo's we were looking for the females and they are awesome, so this bull is a bonus for you. Keep the daughters from this guy for your own herd. A really hairy bull with a little extra size, he should cross well with British type cows. Check him out!

This calf has had an interesting start. His mother was bought as one of the high selling calves in Kentucky. Before bringing her to Canada, she was bred to Club King (who was not available here yet) to try something new and boy, did it work! He is as deep sided and flaked as we have seen. I'm sure you will see many more calves from his mother as she is currently being flushed. We think he will be the only Club King to sell in Canada this year and will be worth the drive to see in person. **Co-owned with Handford Simmentals, Snowflake.**

Wow! Early maturity and masculinity sum up this bull. He has walked the walk from day one. Long spined, big footed and powerful, another 4 lbs WPDA since birth. If you are in the beef business, this is your bull. Full brothers have sold to Harry Kraun of Killarney in 2006 and Rick Senecal of Elie in 2009 and we have 1 powerful full sister and 2 maternal sisters also producing for us. This combination with Midas is proven and it works.

This bull will be the first of the Dr. Phil calves to sell. Dr. Phil has proven to calve really easy, he is a frame moderator and adds a touch of style to his progeny, especially the heifers. 190X has a tremendous hip which we admire in the Phil's. A good looking calf out of one of the top young Midas cows in the herd, she is a full sister to our high selling bull 2 years ago that went to Albert Tranq. With such a strong cow family behind him, this bull has a bright future ahead of him.

*WLB Mr Nugget 132N
 sire of Lots 60, 78, 79, 80, 81 & 82*

Notes:

REBA LEE

A class winner at National Red Angus Show 2011
Denver Colorado now owned by Wildcat Creek, Kansas
Bred by Mar Mac

CANADIAN WESTERN AGRIBITION AWARD

Mar Mac receives a 40 year plaque at Canadian Western
Agribition. Lois's family Kinnaber Cattle Co. exhibited at the 1st
show & Mar Mac again in 2010.

Mar Mac is a family run operation and during the year we require some added help while at shows and events. We could not achieve our goals without the help of our families, very good friends and neighbours in and around the South Brandon - Roseland Community.

Special thanks to Dalysse Robertson who spends hours on our website and catalogues, Carter Ferguson and Rick Potter are great help when needed.

Thank you to our bidders and buyers who attended and supported Mar Mac Farms and Guests Volume 7. Your support to our breeding program is much appreciated.

*Thanks to the past supporters of our bull sales and
thanks for attending our sale 2011.*

See you down the road!
