CUT KNIFE
SASKATCHEWAN, CANADA

Welcome to our 6th annual Moving On Bull Sale!

When we started this sale 6 years ago the cattle market was in a deep slump. It is hard to imagine how much it has changed especially in the last 12 months. To those producers who have hung on through it all I salute you. May your resilliance be rewarded with several great years. Never has it been more important to use the best bulls possible.

To those of you who have been to past sales - Thank you. Whether you purchased or not, Thank you for coming. Randy is cooking his famous prime rib again. Don't miss it.

Congratulations to Rick & Ruby Flicek for their great success showing at Lloydminster & Agribition this fall. They have once again consigned a super set of Black Angus bulls. They will treat you right.

Robin & Randy Flicek have also brought 3 Hereford bulls they have raised. They well be quiet, fed right & will last a long time.

Carl & Dalynn, Marilyn & I have a nice uniform set of bulls this year. They are ran on grass all summer, put on a light ration until the sale. We trim no feet before sale day; these bulls are as natural as possible. We stand behind our bulls, if you have a problem please don't hesitate to phone us. If you cannot make it to the sale we will be live on DLMS for watching & buying. Any questions please feel free to call. If you need help selecting a bull we will do our best to assist. Enjoy your day; the cattle business is going to have great years ahead.

Cal - One of my favorites. Solid marked thick from front to back. We showed a sister of his in Edmonton this fall & she won her class. Keep every daughter they well be good. Look at his birth date. Probably the best WDA bull in the sale.

-- Commercial Heifers --

We are selling 45 top bred heifers. These are one iron heifers, except the ones we purchased from Robin & Randy Flicek. Bred to the same heifer bulls we have used for the past 3 years with next to no problems.

They were exposed to calve April 1st - May 31st. These heifers are Hereford, Red Baldies & Red Brockle faced. They well be sold in groups of 3 - 5. Buy with confidence.

Randy, the kids & I are thankful to be joining our families in another bull sale. Selling our bulls along side both of our parents, our brothers & their beautiful families make us truly appreciate the family oriented industry that we have chosen! We have both CR bar bulls & RnRFlicek Angus bulls in our bull pen working very hard for us.

We sincerely appreciate the cattlemen and women who have come to look, bought or bid on our cattle. We have been excited to hear so much positivity & optimism about the cattle markets this year and are greatfull to be a part of it. We are pleased with all of the positive reports from past sale bulls.

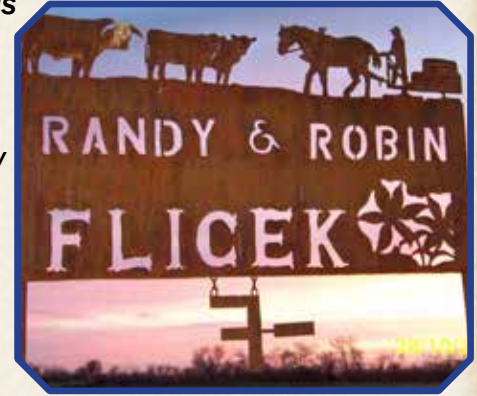

We stand behind our cattle and aim for satisfied customers. This group of bulls quiet and easy to handle. We are confident that they will work for you.

We would like to invite anyone to come to the farm to tour our cattle and have coffee of course!

We also have a very exciting yearling bull pen offering both horned and polled genetics! We would love to see you on sale day.

Sincerely,
Randy, Robin,
Ramsay, Rawley, & Layla-Ruth Flicek

We purchased 65W with Carlrams Ranching Ltd. His Dam is a beautiful Little Red Deer sired cow who is a favorite of ours in Dads herd. His sire is Stuart & Cathy Crone's stout made Royal Amigo 174S, who has added thickness to the herd. We love the attractive, uniformed calves that he sires. He works very hard for us and keeps his condition; 65W is very sound & structurally correct.

Welcome to the 6th annual Moving on Bull Sale!

We had a great spring with another great set of calves hitting the ground & an even better fall with the great calf prices & success at the cattle shows. Our new herd sire RNR ERIC 159A was Grand Champion Black Angus Bull at the Lloydminster Stockade Roundup & a Top Ten finalist at Regina Agribitions RBC Beef Supreme Challenge. We greatly appreciated everyones help at the shows!

This year we have on offer a strong set of bulls; some bigger framed with performance & some moderate framed with calving ease. The two year olds will be semen tested prior to the sale. Bulls can be wintered free of charge until April 1st when we will start to deliver.

All bulls returning to the farm must be insured.

Please stop by the farm anytime for coffee & a tour. We always look forward to a visit! Thank you to all of our bidders, buyers, friends & family for all the continued help & support! We look forward to seeing everyone sale day. Come enjoy some great prime rib!
