2016 has been a very good year for our family at RSL Red Angus. We have welcomed two new grandchildren to our family. Ashley and Randy had Sadie Katherine Anne on July 31 and two weeks later on August 13, Courtney and Jarett had Brinlyn Anne Marie. These two new additions, along with our 4 year old granddaughter, Carmen have definitely been a bright light in our lives and have made a positive change at our farm.

Moonshine Man 647A is the excellent result of an embryo package Six Mile bought at Red Round Up. When I saw Moonshine Man at Six Mile's 2014 bull sale I knew I wanted him as a big part of my breeding program. Very low to moderate BW, excellent style and muscling and consistent dark cherry red colour have been passed on to his offspring, making them very appealing.

This great, dark red herd bull was purchased by RSL Red Angus at the KBJ Round Farms Dispersal Sale at Clyde, AB on December 15, 2016.

His dam is a moderate, great footed cow, with a special udder. She stems back to the great Miss Pathy 62A cow that has no less than 61 progeny registered. She was the lead producing cow for Stewart Cattle Co., Sebastien Stewart.

Red Bieber Rollin Deep Y118 was used in both the U.S. and Canada. Semen was limited with only a couple of semen packages being sold in Canada.

Red TR Little Deep 285B is one of the most talked about bulls in the Red Angus breed. His performance and EPDs make him one great breeding unit. Top 4% WW, 1% YW, 1% Milk, 1% TM, 4% CW, 1% Marb and 6% REA. Wow, few bulls can match this! As well his progeny have average 80 lb BW.

There will be limited semen packages available for sale from RSL Red Angus.
