Complimentary Beef on a Bun

23rd Annual NORTHERN PROGRESS BULL SALE Friday, April 5, 2013 - 1:30 pm

Saskatoon Livestock Sales - 306-382-8088

RSL and Spittalburn offer to take sale bulls back to the ranch to feed and care for them until the new owner needs them and deliver the bulls to their new homes.

We will do this free of charge for all bulls selling over \$2,000 and at cost for all other bulls. Bulls returning to the ranch need to be insured against injury or loss.

You do not have to bring your trailer on sale day. Just load up the family or some friends and come to Saskatoon Livestock Sales for a complimentary lunch, an outstanding bull sale and some hospitality after the sale!

For further information phone 306-937-2880 or 306-237-4729 any time.

Insurance will be available sale day at Saskatoon Livestock Sales.

Dean McAvoy 306-612-3326

The Northern Progress Sale is an exciting and unique sale for potential buyers as it offers Fall Born Yearling and Yearling Bulls. There isn't many places where the option is there to choose from an older selection of bulls from programs that are designed to offer this service. Calving ease has been a fundamental shared by both the Laycocks of RSL Red Angus and the Gray's of Spittalburn Farms. Looking through the offering you will note that many of the bulls are designed for heifers and offer

high predictability in this specific trait. Meanwhile the bulls carry strong performance and are managed in a practical sense to have the bulls last for their new buyers.

New Sires for this year are exciting and led off with the RMJ Redman 1T calves which you will really get excited when you get a chance to see these bulls, they are excellent. These are fresh genetics for most Red Angus herds but again have been proven and time tested. Bulls will be available for viewing at RSL where they are fed together starting in the fall right up to sale time. It is a pleasure to work with both excellent cattle and excellent families that have their heart set in Agriculture and providing the best product moving your herd forward.

If Dean or myself can be of any assistance regarding the sale offering feel welcome to call on us and we would be happy to assist you in this matter!

See you sale day! Shane Castle - Castlerock Marketing

WELCOME to the 23rd Annual NORTHERN PROGRESS BULL SALE

On behalf of RSL Red Angus and Spittalburn Farms we would like to welcome you to the 23rd Annual Northern Progress Bull Sale. We would like to thank all of our customers for supporting our bull sale and breeding programs in the past and look forward to meeting and exceeding the needs of both old and new customers in the future.

The whole beef business is strong now and with reduced cow numbers in the United States as well as Canada we should have good prices for a number of years to come. No better time to retain and breed replacement heifers to keep your herd vibrant and youthful.

We have an excellent selection of 22 fall long yearling bulls and 50 very strong yearling bulls. Many of these bulls have calving ease and very good performance as well. You can find bulls for every purpose in this selection.

As always the bulls have been hand fed a 15% Masterfeed pellet to show their potential growth and muscling without hurting their fertility or longevity. These bulls are very docile and a pleasure to handle.

We are willing to take sale bulls back to our farm and keep them until the new owner needs them and deliver them at an agreed upon time. The bulls need to be insured before returning to our farm. Make sure you write down delivery instructions – phone number, date & directions – on our copy of the bill.

Another added feature in our 2013 sale is a selection of purebred heifers that will sell individually after the bulls. The heifers are sisters of the sale bulls and are top end females.

We hope to see you at the sale on April 5 for a complimentary lunch, very exciting bull and heifer sale and refreshments after the sale.

If you are not able to attend our sale but are interested in buying some of the animals offered, please contact one of us or one of the very capable sales staff to bid on your behalf. Satisfaction is guaranteed. Anyone wanting to discuss the bulls, heifers, sight unseen purchasing or look at the bulls please phone 306-937-2880 or 306-237-4729 any time.

Bulls and heifers can be viewed at RSL Red Angus any time or at SLS in Saskatoon on April 3, 4 and 5.

We greatly appreciate your interest in our sale and look forward to visiting with current customers as well as meeting new customers.

RMJ Redman 1T was a very exceptional Red Angus sire. Never before have I ever seen such consistent low birth weight and calving ease followed by such explosive growth and extreme muscling in a herd bull. His sons and daughters are second to none in the whole Red Angus industry. Sadly we lost him in the 2012 breeding season, but will be using AI to continue his legacy in the future.

This dark red calf comes from one of our foundation cow families. MS TOPPER 91G produced for us until 16 years of age. We have kept every female that traces back to her since day one. They are the quietest cows we have around. They are so quiet I actually drove over 257Z's mom once with the tractor. No kidding, call me for details. (and yes Sandi knows I did it, 2 days later I fessed up), *BW: -2.6 WW: 42 YW: 70 Milk: 22 TM: 42*

Cherokee is a bull we had great success with for producing saleable bulls as well as replacement females that have become a big part of our herd. Here is a calf patterned after his sire - moderate, thick with correct feet. There are only two Cherokees on offer this year so don't miss this opportunity. He is a twin which explains his 62 pound birth weight, but we will recommend him for heifers.

BW: 74 lbs WW - Oct 2/12: 728 lbs CE ****

Oh boy! I've been waiting a long time for this calf. A Red carrier from our never miss Stockman daughter 407P. 7 bull calves in a row from this cow, everyone of them has gone through our sale at an average of \$3900. 407 has given us low BW with top performance on a consistent basis. Matched with Rebel's ultra consistent BW and growth, we feel this is an outcross sire that can improve anyone's program. Rebel was chosen as our outcross sire because of his low BW, power, awesome foot and the strong maternal pedigree. **"Breakout" is the complete Angus package.** We would like to retain an interest in this calf, call us to discuss terms.
 BW: -3.2 WW: 40 YW: 60 Milk: 23 TM: 43

RED ANGUS – LONG YEARLINGS

We have a very good set of long yearlings for the 23rd Annual Northern Progress Bull Sale. The extra age and maturity means they can breed a lot more females without losing condition, which makes them a very good investment. All sale bulls have been vaccinated with Starvac 4+, SomnuStar PH (2x), Tasvax 8 way (2x) plus Fusoguard for Footrot (2x) and Ivomec (3x)

RSL has decided to sell some top end replacement, purebred heifers as part of our 2013 Bull Sale. These heifers are out of some of our top producing and proven cows. You can buy with confidence that these females will pay great dividends very quickly. If you have any questions or want to view them and their mothers at the farm, please phone 306-937-2880 or 306-441-5010 any time.

TERMS & CONDITIONS OF SALE

1. **BIDDING:** Each animal will be sold to the highest bidder whenever there are two or more bids.
2. **BIDDING DISPUTES:** The auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.
3. **TERMS:** The terms of the sale are cash. The right property shall not pass until after settlement is made. All settlements will be made with the clerks of the sale immediately following the conclusion of the sale and before any cattle will be released from the ranch.
4. **PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as sold. Animals will be fed, watered, and cared for at the purchaser's risk for a reasonable time.
5. **DELIVERY AT COST:** Or haul your own and save delivery costs (*See inside front cover for details*).
6. **INSURANCE:** An insurance representative of a major livestock insurance company will be present to care for insuring cattle.
7. **CERTIFICATE OF REGISTRY:** A certificate of registry and transfer will be furnished for each animal sold as a registered animal, after settlement has been made.
8. **HEALTH:** All cattle will be in excellent health.
9. **ANNOUNCEMENTS:** Changes of information contained in the catalogue relating to the animals offered for sale will be announced from the auction box and such announcements shall take precedence over the printed matter in this catalogue.
10. **BREEDER'S GUARANTEE:** All animals sold are guaranteed breeders by the owner. Any animal that has not proven itself a breeder within six months after the date of sale, if in healthy condition, may be returned to the seller at the buyer's expense. The seller reserves the privilege of trying for a period of six months to prove the animal a breeder. The seller at his option may either return the purchase price to the buyer or replace the animal with another of equal quality in full settlement of ALL claims. Yearling bulls shall be guaranteed breeders for no more than twenty-five females. All complaints regarding breeding difficulties must be reported in writing by the buyer to the seller within the specified time above, and any animal returned must be free from disease and in good health. All bulls will be scrotal measured and semen tested prior to sale and sell as guaranteed breeders. Scrotal measurements will be available sale day.
11. **IDENTIFICATION:** Each purebred animal carries a readable tattoo.
12. **LIABILITY:** Although every precaution will be taken to protect the safety and comfort of the buyer, neither owners, sale manager, clerks nor anyone connected with the sale assumes any responsibility, legal or otherwise, for damage of any kind.
13. **CONTRACT:** The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

SALE DAY PHONE NUMBER: 382-8088

Message by Janie Jensen with MASTERFEEDS

Again this year I have the privilege of working with these top notch breeders in the cattle industry, with their 'Bull Development Program.'

While I had the privilege to work with these folks last year as well, this year we have worked together on the full developmental program, and believe me, bull buyers will not be disappointed.

These bulls on offer to you have been on a nutritionally sound program that has allowed the bulls to develop muscularly without too much extra condition. We understand that cattlemen need bulls that have to go out and work without melting or breaking down.

The bulls were fed the Masterfeeds Pro-Pell Bull Development Ration; which is a pelleted ration containing Amino Plus (cooked soyameal that is extremely palatable and digestible). The Pro-Pell Ration has a high level of protein and limited energy content, designed with growth in mind allowing bulls to grow without getting them fat! The bulls were then transitioned to a Pro-Pell+ Ration, that contains a very limited amount of corn, and slightly more energy. The bull rations also contain chelated minerals to ensure scrotal development and reproductive potential. When cattlemen look at these bulls they will know what I mean, solid muscled, good testicles, sound feet, and ready to go to work! These bulls come to you with soundness and performance, without the worry of burnout. Masterfeeds is proud to have worked with these committed cattlemen, to deliver you developed bulls that we can all be proud of. We are confident that you will be happy with the results. We wish you all a very successful 2013 breeding season.

Please feel free to call any of us if you have any questions regarding our feed program.

RSL Angus, Spittalburn Angus and Janie Jensen with Masterfeeds (cell 1-306-535-0969)
