2014 is an exciting year in the cattle business, we've talked for a long time and we are finally seeing the major upswing on not only the steers but also the females. This has been eagerly anticipated by all those involved in the cattle industry. Meanwhile at the farm, the Laycocks of RSL Red Angus and Grays of Spittalburn Red Angus have continuously worked diligently in honing their herd's skills that continue to deliver calving ease bulls, fast growing ranch bulls

that sire calves that are sought after not only in the tough market but in the hot market as well. Two herds who boast similar ideals in their expectations from their respective herds. The bulls are developed in a common sense manner to ensure long lasting investments in your genetics influencing your bottom line, this isn't a concept that is taken lightly.

The bull pen offers a wide selection of outcross genetics of Redman, Game On, Cripps as well as the long lasting excellent breeding Stockman bull. On offer are Two Year Old, Fall Born and Yearling Red Angus bulls that will be semen tested and guaranteed for you come Friday April 4th. Should you have any questions be more than comfortable to contact either the Laycocks or the Grays and they would welcome any questions or feel free to contact Dean or myself at Castlerock Marketing.

See you sale day!

Shane Castle - Castlerock Marketing

WELCOME to the 24th Annual NORTHERN PROGRESS BULL SALE

We would sincerely like to thank all of our bull buyers new and old.

We believe that the cattle industry is heading into a very positive era. With feed grain prices low as well as beef cow numbers low in North America we should be looking at some very good prices for our market livestock.

We are very excited about our 2014 bull sale offering. There will be 8 two year old Red Angus, 16 fall long yearling Red Angus (20 months old) and 46 yearling Angus bulls (34 Red Angus, 12 Black Angus) at the sale. These bulls have been fed a ration that will show their potential without hurting their longevity. A Co-op 15% bull pellet has been hand fed daily so these bulls are quiet and easy to handle. They are also fed free choice hay and a chopped hay silage mixture to round out their diet.

We are willing to take the bulls back home and deliver them to the new owners at an agreed upon time. The bulls returning to our farm need to be insured and Larry Toner will be in attendance to meet your insurance needs.

Bulls can be viewed at RSL Red Angus any time (306-937-2880 or cell 306-441-5010) or at Saskatoon Livestock Sales, April 2nd, 3rd and 4th.

RSL (Robert & Sharon Laycock) are very proud that our kids - Ashley Anne, Robyn, Spencer and Courtney will all have bulls in the 24th Northern Progress Bull Sale. They have built up herds and are planning to bring bulls to the sale for years to come. These bulls have been raised all together and will be completely guaranteed the same as all other sale bulls.

If you are not able to attend the sale, please give us a call to discuss your needs and one of us or our very good sales staff can either bid on your behalf or you can bid over the phone. All sales 100% satisfaction guaranteed.

Have a great calving season and we hope to see you at the 24th Annual Northern Progress Bull Sale. Remember to attend Friday April 4th for beef-on-a-bun, a very exciting lineup of bulls and some true Western hospitality after the sale. No need to bring your trailer, just bring the family or a friend in the car.

Good Health, Safe Travels

Sincerely

Robert & Sharon Laycock and family

RMJ Redman 1T was a very exceptional Red Angus sire. Never before have I ever seen such consistent low birth weight and calving ease followed by such explosive growth and extreme muscling in a herd bull. His sons and daughters are second to none in the whole Red Angus industry. Sadly we lost him in the 2012 breeding season, but will be using AI to continue his legacy in the future.

"Game On" displays extra top and a square hip, his phenotype is complimented by his balanced EPDs ranking him in the top 25% or better, on 9 of 11 traits from the RAAA. He has really stamped his calves the way we had hoped. His set of bull calves in this sale will definitely get your attention.

His mother Gray 518R is also the dam of Gray 704T who has produced multiple Provincial, Canadian and American Champions. Kylah took Skywalker to the Perdue fair this year where he was Grand Champion British Bull. We are very pleased with all of our Game On calves.
