Welcome to our Second Annual Bull Sale

Velon, Leah, Hunter, Halle, Hayla & Hinton Herback

Laurie and Larry Nielson, Jaxsen, Brendon & Jenna Ehrhardt

Bob and Monette Palmer

On behalf of everyone at Palmer Charolais and Nielson Land & Cattle Co. we would like to invite you to their 2nd Annual Sale. Last year those that attended were very impressed with the quality and this year the numbers are up and so is the quality.

Both of these operations are committed to agriculture with sizeable grain operations and commercial cowherds complimenting their purebred operations. They know what works at the commercial level and produce bulls to fill that need for cattle producers out there. There are bulls for everyone including some top end herdbulls that would fit the most discriminating breeders in each breed.

Palmer Charolais have been in the Charolais business for over 35 years and the quality of the cowherd has continually improved with Velon purchasing the best herdbulls he can, plus adding some quality females every fall. He weaned his bull calves in October and gave them all their shots. The bulls are then fed a growing not fattening ration that ensures they will last for you the customer. After the sale he would like to keep your yearling bulls and provide free board and delivery up to 300 km when you need them. But the bulls staying need to be insured or understood that they are at the buyer's risk. The two-year old bulls need to go as soon as possible after the sale as a pen of them can be a real problem in the spring.

The Nielson operation has been growing in numbers and quality the last few years with the addition of some great females and some breed leading herdbulls. There are calving ease bulls, strong maternal bulls and some power bulls depending what you are looking for. The herd health is as good as it gets as well with the cattle vaccinated for everything they need. The sale cattle are fed a high roughage TMR ration so they are not hurt in any way and will last in the real world. Again the heifers offered are good quality replacement females that will go out and work for you. Larry will keep the bulls and provide free delivery up to 300 km as well.

You can buy with confidence at this sale knowing the cattle are sound and functional and these breeders will stand behind what they produce. Feel free to stop by the operations anytime to view the offering with all the bulls and heifers ready for viewing at Palmer Charolais two days before the sale. Please come early and join us for lunch on sale day and to view the bulls.

If you require any additional information or have any questions just give any of us a call. Whether you need an Angus bull to make a great cowherd or a Charolais bull to make the market topping buckskin or silver feeder calves, come and have a look. We know you won't be disappointed.

Sincerely,
Helge & Candace By

Wheeler is a very moderate type of bull. He is very strong topped, wide hipped and very stylish. We started using Wheeler for clean-up on late calving cows in pasture, but after seeing the look and performance of his first bull calves, and his stylish females with picture perfect udders, he has become a strong herdsire that we plan to use for years to come.
